UNIVERSITY PROFESSORSHIPS

1

TAGORE LAW PROFESSORSHIP

The Hon'ble Prosunno Coomar Tagore, C.S.I., one of the Fellows of the University, who died on the 30th August, 1868, bequeathed by his will, dated the 10th October, 1862 to the University a monthly allowance of Rs. 1,000 for the purpose of founding a Professorship of Law in connection with the University to be called the "Tagore Law Professorship." The terms of the bequest are given in the following extract from the will (4 Bengal Law Reports, O.C.J. 103, at 116) :

"I am desirous of founding a Law Professorship to be called the 'Tagore Law Professorship' and of providing an adequate remuneration for the Professor who shall fill the chair provided by me. I direct that my Trustees or Trustee do and shall, as soon as may conveniently be after my death, invest, in Government Securities, such a sum of money taken from my personality or, by degrees, from the income of my real estate at the discretion of my Trustees or Trustee, as will produce the monthly sum of Rs. 1,000, and that when such sum has been invested, the same may be assigned, transferred and made over to the University of Calcutta, to be held upon the following trusts, that is to say, in trust to pay, out of the interest accruing due therefrom, the annual sum of Rs. 10,000 * by equal monthly payments to the Tagore Law Professor, for the time being, and in trust to apply the residue of the interest in the manner hereinafter mentioned. And I desire that until such sum shall have been so invested and made over as hereinbefore directed, my said Trustees or Trustee shall either from the proceeds of my personal estate or from the rents, issues, and profits arising from my real property, pay the sum of Rs. 1,000 a month to the University of Calcutta to be applied by the University in the same manner and for the same purposes as the interest to accrue due from the funds which I have hereinbefore directed to be made over to the University. And I declare that the right of appointing a Professor to the said 'Tagore Law Professorship,' and removing or dismissing the incumbent therefrom shall be vested in the Senate of the University. And that the first appointment shall be made so as to begin to take effect not later than the end of one year from the date of death: my will is that the 'Tagore Law Professor' shall read or deliver at some place within the town of Calcutta, one complete course of Law lectures without charge, to the students and other persons who may attend such lectures. Within six months after the delivery of each course of lectures, the lectures shall be

* The present salary is Rs. 9,000 per annum.

printed and not less than 500 copies thereof shall be distributed gratuitously. I desire that the expense of such printing and distribution may be defrayed out of the residue of the annual interest of the said fund. Whatever portion of the residue may remain after defraying the expenses, I desire that it may be devoted to the printing and publication of approved works on Law of Jurisprudence. It is my will that the said 'Tagore Law Professorship' shall, save as herein provided, be as to the kind of Law which is to be taught and in all other matters and things regulated by and subject to the control of the Senate of the said University."

The Senate has adopted the following scheme for the lectures :

1. In the month of June in each year, the Faculty of Law shall select not more than three subjects upon one of which the Professor for the following year shall be required to deliver a course of at least twelve lectures.

2. Immediately after the subject or subjects shall have been thus selected, advertisements shall be published in such newspapers as the Syndicate may think proper, stating the subject or subjects so selected and inviting applications from candidates for the Professorship.

3. Candidates shall send in their applications to the Registrar on or before the 1st May following, and each candidate shall forward with his application one hundred copies of a brief synopsis of his proposed lectures and, if he so pleases, the same number of copies of his introductory lecture.

4. The copies of the introductory lectures and the brief synopses so sent shall be referred to a Committee of the Faculty of Law, consisting of five members to be chosen by the Faculty, who shall consider the same and report thereon to the Faculty, who shall recommend a candidate to the Senate for election.

5. The election of the Professor shall take place in the month of August.

5A. That if no application is received in accordance with Rule 3, or if the Faculty of Law are satisfied, upon the report of the Committee mentioned in Rule 4, that Introductory Lectures and the brief synopses submitted by the candidates do not evince sufficient merit to justify the appointment of any of them as Professor, the Faculty shall take steps to invite a suitable scholar to accept the appointment and to deliver a course of lectures on such subject as may be determined by the Faculty in consultation with the Dean. The name of the person so nominated together with the names of the original applicants shall be submitted to the Senate with a full report by the Faculty on the matter. The Senate shall then elect a Professor or give such further directions as may be deemed necessary.

6. The Professor, whether elected under Rule 5 or 5A, shall not later than the expiry of twelve months from the date of his election, forward to the Registrar a complete copy (manuscript or type-written) of the lectures which he proposes to deliver. The copy shall be forthwith referred to a Committee of the Faculty of Law, consisting of not more than three members to be chosen by the Faculty, who shall examine the same, and before the expiry of two months from the date of the submission of the copy by the Professor to the Registrar, report to the Faculty whether the work is complete and ready for the Press. If, upon such report, the Faculty are satisfied that the work is complete, the Professor shall commence to deliver his lectures within three months from the date of the resolution of the Faculty and shall complete the delivery thereof in another three months. The copy of the lectures delivered shall remain in the custody of the Registrar and shall be sent to Press as soon as practicable after delivery thereof.

7. If the Professor fails to submit the copy of the lectures as required by Rule or, if the copy submitted be found on examination to be incomplete and not ready for the Press, the matter shall be referred to the Faculty of Law upon whose recommendation the Senate may either extend the time or cancel the appointment. In the event of the appointment being cancelled, the Senate shall take fresh steps for the appointment of a professor.

8. The salary of the Professor shall be paid on the first day of the month by instalments; the first instalment to be paid on the first day of the month following that in which the first lecture is delivered.

MINTO PROFESSORSHIP OF ECONOMICS

To commemorate the Jubilee of the University of Calcutta which was celebrated in 1908, the Hon'ble the Vice-Chancellor (Mr. Justice Asutosh Mookerjee) proposed to the Government of India that a Professorship of Economics should be established. This proposal was accepted by Government

and the Senate resolved on the 11th April, 1908, that the Chair should be named after the Earl of Minto, the then Chancellor of the University.

The following rules have been adopted for the appointment and duties of the Professor :—

The appointment shall be made by the Senate.

1. The salary of the Professor will be Rs. 12,000 a year, to be paid in equal monthly instalments. The Professor will in the first instance be appointed for a term of five years only, but upon the expiry of his term, he will be eligible for reappointment.

2. The University will pay first class passage to the selected candidate from his place of residence to Calcutta.

3. The duties of the Professor will be as follows :—

(a) To devote himself to the investigation of the Science of Economics and its application to Indian Problems.

(b) To deliver (not less than once a week during six weeks every year) a course of at least six lectures upon Economics with special reference to Indian Problems and embodying, as far as possible, the result of his own researches in the subject. (Such lectures, after delivery, will be published by the University.)

(c) To hold classes in Economics not less than twice a week during at least twenty-five weeks every year, for the benefit of Post-graduate students and to promote research by them as far as practicable.

(d) To prepare a work dealing with the application of the principles of Political Economy to such Indian topics as may be agreed upon between the Senate and the Professor at the time of his appointment.

4. Applications from candidates for the Professorship must reach the Registrar of the University, not later than (to be specified).

5. Every application shall be accompanied by—

(a) a statement of the original work or investigation in Economics which may have been done by the candidate;

(b) testimonials to indicate special fitness for appointment to the Professorship of Economics;

(c) a statement of the topics on which he undertakes to prepare a work dealing with the application of economic principles to Indian conditions.

6. The Professor will be required to vacate his appointment unless a substantial portion of the manuscript of the work alluded to in para. 3 (d) above is made over to the University within three years from the date on which he first takes charge of his duties.

7. The copyright in the lectures as well as the treatise [para. 3, clauses (b) and (d)] will be in the Professor; but he will make over the University 200 copies of his lectures annually for distribution.

8. Canvassing by intending candidates for the Professorship is strictly prohibited, and if any candidate is proved to have canvassed for the appointment, directly or indirectly, he will, on that ground alone, be disqualified.

GEORGE V PROFESSORSHIP OF MENTAL AND MORAL SCIENCE

In commemoration of the visit of Their Imperial Majesties King-Emperor George V and Queen-Empress Mary to India during 1911 and 1912. His Excellency the Governor-General in Council, on the recommendation of the Syndicate and the Senate of the Calcutta University, was pleased to sanction

the foundation of a Professorship to be called the George V Professorship of Mental and Moral Science. At the Annual Convocation of the Senate in 1912 His Excellency the Chancellor made the important announcement that a recurring grant of Rs. 65,000 per annum would be made by the Government of India to the Calcutta University for the purposes of higher teaching. The Syndicate, thereupon, decided that the University should have a Professor of Mental and Moral Science of its own. No provision existed at that time for the teaching of this branch of knowledge up to the M.A. standard in any of the Colleges in Calcutta, except the Scottish Churches College where the arrangements for that purpose were likely to be unfavourably affected by the impending retirement of Professor Stephen. Although elaborate Regulations for a course in Experimental Psychology had been framed in 1906, no arrangements were made or could yet be made in any College for the teaching of this increasingly important branch of knowledge. Mental and Moral Science has always had great attraction for Indian students and important papers dealing with the topics under this head have been written by some of the graduates of this University. It was therefore expected that the establishment of a special chair in the subject would stimulate higher study and research on lines likely to prove fruitful. It was resolved that the salary of the Professor be fixed at Rs. 12,000 per annum.

HARDINGE PROFESSORSHIP OF HIGHER MATHEMATICS

To commemorate the visit of their Imperial Majesties King-Emperor George V and Queen-Empress Mary to India during 1911 and 1912 and their gracious reception of a loyal address from the Calcutta University, His Excellency the Governor-General in Council, on the recommendation of the Syndicate and the Senate, was pleased to sanction the foundation of a chair in Higher Mathematics. At the Annual Convocation of the Senate in 1912 the important announcement was made by His Excellency the Chancellor that higher teaching would receive fresh impetus from the Government of India, who had decided to make a recurring grant of Rs. 65,000 a year to the Calcutta University. The Syndicate came to the conclusion that the purposes of stimulating higher study and research would be best served by utilising a portion of the Imperial grant for making adequate arrangement for the delivery of post-graduate lectures in Higher Mathematics. Inadequate accommodation in the M.A. and M.Sc. Mathematics classes in the affiliated Colleges and the yearly increasing number of candidates for examination in the subjects, since the introduction of the new University Regulations in 1906, convinced the Syndicate of the desirability of founding a chair in Higher Mathematics. It was resolved that the Professorship be associated with the name of His Excellency the then Chancellor of the University and called the Hardinge Chair of Higher Mathematics. It was also resolved that the Chair should carry a salary of Rs. 12,000 per annum. The Senate also agreed to grant to the first Professor Rs. 3,000 a year as house allow-

CARMICHAEL PROFESSORSHIP OF ANCIENT INDIAN HISTORY
AND CULTURE

Ancient Indian History and Culture constitutes a branch of study in which research can be carried on by the advanced students with every hope of success. In 1912, the Syndicate were of opinion that the foundation of a Chair of Ancient Indian History and Culture was probably the foremost need of the Calcutta University. It was decided that the money for the Chair would be met from the sale proceeds of the Matriculation and Intermediate Sanskrit Courses and the Sanskrit Grammar published by the University. It was resolved that the Chair be designated the Carmichael Professorship of Ancient Indian History and Culture and that the salary be fixed at Rs. 12,000 per annum.

SIR TARAKNATH PALIT PROFESSORSHIPS OF CHEMISTRY
AND PHYSICS

Among the public-spirited and generous benefactors of the University, the first and foremost rank must be assigned to the late Sir Taraknath Palit whose princely gift worth about Rs. 1,500,000 in 1912 is unsurpassed in the annals of this or any other University. Out of the income derivable from the Palit endowment, two Chairs are maintained one of which is designated the Palit Professorship of Chemistry and the other, the Palit Professorship of Physics. Out of the total value of the endowment, Rs. 1,00,000 will be set apart for the founding of a Scholarship to be awarded to a distinguished graduate of high attainments and character with a view to enable him to proceed to some foreign University for the purpose of advanced study and research in some special branch of Science. It is expressly stated in the Trust Deed that the object of the founder is the promotion and diffusion of scientific and technical education and the cultivation and advancement of Science, pure and applied, among his countrymen by and through indigenous agency. The Senate has agreed, therefore, that the Chairs will always be filled by Indians (that is, persons born of Indian parents, as contra-distinguished from persons who are called Statutory Natives of India). The Professors-elect may, in the discretion of the Governing Body, be required to receive special training abroad, before they enter upon the duties of their office. It shall be the duty of the Professors (a) to carry on original research with a view to extending the bounds of knowledge, (b) to stimulate and guide research by advanced students, and as an essential preparation for the purpose, (c) to arrange for the adequate instruction of students for the Degree of Bachelor of Science with Honours, Master of Science and Doctor of Science and also of other students who may be exceptionally qualified in any of the subjects of study, although they may not be even under-graduates of any University, provided that they be recommended by the Governing Body constituted as follows :—

1. The Vice-Chancellor of the University of Calcutta, *President, Ex-officio*.
2. The Director of Public Instruction, Bengal.
3. The Dean of the Faculty of Science.
4. The Dean of the Faculty of Engineering.
5. Four Members of the University, to be annually elected by the Senate two of whom at least shall be representatives of Colleges in Calcutta under Indian Management, affiliated in Science to this University.
6. Four members to be nominated every three years by the founder and after his death by his representative or representatives in that behalf as is hereafter provided :—

The founder nominated

Mr. Lokendranath Palit, I.C.S. (since deceased).

The Right Hon'ble Lord Sinha of Raipur.*

The Hon'ble Mr. Justice B. K. Mallik, I.C.S.

The Hon'ble Sir Nilratan Sircar, Kt., M.A., M.D., LL.D., D.C.L.

to be his nominees on the said Governing Body. They are and each of them is authorized to nominate his or their successor or successors, provided always

that the Hon'ble Sir Asutosh Mookerjee * shall always be a nominee of the Founder if he has not otherwise a seat on the Governing Body.

The power of nominating a successor or successors shall be inherent in every original or derivative nominee of the Founder.

7. Two representatives of the Professorial staff to be elected by them annually from amongst themselves.

The proceedings of the said Governing Body shall be laid before the Syndicate and may be revised by it.

The following four members of the University have been elected by the Senate to the Governing Body of the Sir T. N. Palit Trusts for the year 1927-1928 :—

1927-28.

The Hon'ble Sir Devaprasad Sarvadhikary, Kt., C.I.E., C.B.E., M.A.,
L.L.D., M.L.C.

Girishchandra Bose, Esq., M.A., M.R.A.S.

Prof. P. Brühl, D.Sc., I.S.O., F.C.S., F.G.S.

Jnanranjan Banerjee, Esq., M.A., B.L.

On the recommendation of the Syndicate the following proposals made by the Governing Body of Sir Taraknath Palit Endowment, regarding the duties and tenure of appointment of Palit Professors, were adopted by the Senate on the 30th January, 1914 :—

I. That the duties of each of the Professors be specified as follows :—

(1) To devote himself to original research, in the subject in which he has been appointed, with a view to extend the bounds of knowledge.

(2) To stimulate and guide research by advanced students in his special subject in the University College of Science and generally to assist such students in Post-Graduate study and research.

(3) To superintend the formation and maintenance of the Laboratory of the College of Science in his own subject.

II. That the Professors be appointed subject to the following conditions :—

(1) (a) The salary of Sir Taraknath Palit Professor of Chemistry be Rs. 800 a month rising to Rs. 1,000 a month by annual increment of Rs. 50.

(b) The salary of Sir Taraknath Palit Professor of Physics be Rs. 800 a month rising to Rs. 1,000 a month by annual increment of Rs. 50.

(2) Each Professor shall be a whole-time officer of the University College of Science and shall not, without the special sanction of the Governing Body and of the Senate previously obtained, hold any other office to which any salary, emolument or honorarium is attached.

(3) The appointment of each Professor shall be permanent, and no Professor shall be liable to loss of, or removal from, office or to reduction of the emoluments attached thereto on any ground whatsoever, subject, however, to the following provisos :—

(a) A Professor shall vacate his office upon completion of the sixtieth year of his age, unless upon the recommendation of the Governing Body, the

* The late Sir Asutosh Mookerjee nominated his eldest son, Mr. Ramaprasad Mookerjee, M.A., B.L., as his successor.

Senate is satisfied that his services should, in the interests of research, be still retained by the University, and in such event, the Senate may, on the recommendation of the Governing Body, sanction his retention for such period as may be determined.

(b) A Professor may voluntarily resign his appointment at any time, upon not less than six months' notice given by him in writing to the Governing Body.

(c) A Professor on retirement on the ground of either attainment of age or of proved ill-health, will be entitled to receive a gratuity of one month's pay for each completed year's tenure of appointment, but such gratuity shall in no case exceed a maximum limit of eighteen months' salary.

(d) A Professor shall be liable to removal, by the Senate on the ground of misconduct or neglect of duty, if a recommendation to that effect is made by the Governing Body after full enquiry into specific charges brought against him; provided that at such enquiry the Professor concerned shall be allowed adequate opportunity to defend himself.

(e) Every Professor shall be eligible for the privilege of the regular academic vacations. In the event of a Professor requiring leave on account of duly certified ill-health or on urgent private affairs, in addition to the period of the regular academic vacations, the Senate may, on the recommendation of the Governing Body, grant leave on condition analogous to those prescribed in the Civil Service Regulations for officers in the Indian Educational Service.

PALIT PROFESSOR OF CHEMISTRY.

1916 Sir Praphullachandra Ray, Kt., C.I.E., D.Sc., Ph.D., F.C.S. F.A.S.B.*

PALIT PROFESSOR OF PHYSICS.

1917 Prof. C. V. Raman, M.A., D.Sc., F.R.S.

* Under the conditions for appointment of a Palit Professor, Prof. Praphullachandra Ray signified his intention of vacating his Chair on completion of his 60th year in September, 1922. On the recommendation of the Palit Governing Body, the Senate requested him to hold the Chair for a term of five years longer, in as much as his continuance as Palit Professor of Chemistry was necessary in the interests of research. Prof. Ray accepted the appointment but desired that his salary from September, 1922, onwards might be utilised for the furtherance of the Department of Chemistry (both general and applied) or for such other purpose as the Vice-Chancellor and the Governing Body might deem fit.

The Professor was reappointed in 1927 for a further period of 5 years.

The monthly salary of the Professor is being kept in fixed deposit with the Imperial Bank.

The Founder hereby nominates Mr. Lokendranath Palit, I.C.S., Mr. S. P. Sinha, Barrister-at-Law, the Hon'ble Mr. B. K. Mallik, I.C.S., and Dr. Nilratan Sircar to be his nominees on the said Governing Body and they are and each of them is hereby authorised to nominate his or their successor or successors provided always that the Hon'ble Justice Sir Asutosh Mookerjee shall always be a nominee of the Founder if he has not otherwise a seat on the Board of the said Governing Body.

The power of nominating a successor or successors shall be inherent in every original or derivative nominee of the Founder.

7—Two representatives of the Professorial Staff to be elected by them annually from amongst themselves.

The proceedings of the said Governing Body shall be laid before the Syndicate and may be revised by it.

(E)—That the said University shall from its own funds make such recurring and periodical grants or contributions as may be required for the following purposes namely :—

(a) For the maintenance and up-keep of the said two Professorships or Chairs in the event of the income of the said properties mentioned in the said second and third Schedules hereto proving insufficient as hereinbefore stated.

(b) For the maintenance of the said Libraries, Laboratories, Museums and Workshops in such a condition of efficiency as may be required and approved of by the said Governing Body, subject to the control of the Senate.

(c) For the maintenance and repairs of the buildings and structures to be erected as aforesaid at No. 92, Upper Circular Road.

(d) For the payment of all rates, taxes and other impositions payable in respect of the said premises No. 92, Upper Circular Road.

(F)—That it shall be the duty of the Professors (1) to carry on original research with a view to extend the bounds of knowledge, (2) to stimulate and guide research by advanced students and, as an essential preparation for this purpose, (3) to arrange for the adequate instruction of students for the Degrees of Bachelor of Science with Honours, Master of Science and Doctor of Science and also of other students who may be exceptionally qualified to any of the subjects of study though they may not be even under-graduates of any University, provided that they be recommended by the said Governing Body.

(G)—That if the income of the said endowed properties shall exceed the amount required to meet the expenses for the maintenance and up-keep of the said Professorships or Chairs such surplus income may at the discretion of the said Governing Body be applied to the payment of Scholarships or stipends to such advanced students for the degrees of Master of Science or Doctor of Science as may receive training or carry on research under the said Professors—the number and value of such scholarships to be determined by the said Governing Body and to be awarded only if it is satisfied that the awards are necessary to enable deserving students to carry on research or investigation.

(H)—That the said income of the said endowed properties shall be accumulated by the said University until the said Professorships or Chairs are founded and such accumulation shall be treated as part of the corpus of the said endowed properties specified in the second and third Schedules hereto and be held upon the Trusts and for the purposes hereinbefore declared and expressed of and concerning such properties.

(I)—That the said University shall found two Professorships or Chairs one of Chemistry and the other of Physics and apply the entire income of the said properties set out in the second and third Schedules hereto or so much thereof as they may deem necessary to and towards the maintenance of the said two Chairs and that in the event of the said entire income being found insufficient for the purpose the said University shall make such a recurring grant or contribution as will supplement such deficiency.

(II)—That the Founder's object being the promotion and diffusion of Scientific and Technical Education and the cultivation and advancement of Science Pure and Applied amongst his countrymen by and through indigenous agency such Chairs shall always be filled by Indians (that is persons born of Indian parents as contra-distinguished from persons who are called Statutory Natives of India) to be elected by the Governing Body hereinbefore as also hereinafter mentioned who may in their discretion require a Professor-elect to receive special training abroad before he enters upon the discharge of the duties of his office and who may give such Professor-elect during such period of his training abroad such allowance including travelling expenses as may in each case be determined by the said Governing Body—such allowance being considered as part of the maintenance expenses of the Chair or Chairs.

(III)—That in connection with the said two Chairs, the said University shall from its own funds provide suitable Lecture-rooms, Libraries, Museums, Laboratories, Workshops and other facilities for teaching and research and that it shall out of its own funds ear-mark and set apart a sum of two lacs and fifty thousand rupees and apply the same to and towards the construction on the site of the said premises No. 92, Upper Circular Road (described in the said first Schedule hereto) of permanent and substantial structures and their proper and adequate equipment as such Lecture-rooms, Libraries, Museums, Laboratories, Workshops, etc., as aforesaid.

(IV)—That the said Governing Body shall consist of the following persons, viz. :—

- 1.—The Vice-Chancellor of the said University, as *Ex-officio* President.
- 2.—The Director of Public Instruction, Bengal.
- 3.—The Dean of the Faculty of Science of the said University.
- 4.—The Dean of the Faculty of Engineering of the said University.
- 5.—Four members of the said University to be annually elected by the Senate two of whom at least shall be representatives of Calcutta Colleges under Indian management affiliated in Science to the said University.
- 6.—Four members to be nominated every three years by the Founder and after his death by his representative or representatives in that behalf as is hereafter provided.

The Founder hereby nominates Mr. Lokendranath Palit, I.C.S., Mr. S. P. Sinha, Barrister-at-Law, the Hon'ble Mr. B. K. Mukherjee, I.C.S., and Dr. Nilratan Sircar to be his nominees on the said Governing Body and they are and each of them is hereby authorised to nominate his or their successor or successors provided always that the said Hon'ble Justice Sir Asutosh Mukherjee shall always be a nominee of the Founder if he has not otherwise a seat on the Board of the said Governing Body.

The power of nominating a successor or successors shall be inherent in every original or derivative nominee of the Founder.

7.—Two representatives of the Professorial Staff to be elected by them annually from amongst themselves.

The Proceedings of the said Governing Body shall be laid before the Syndicate and may be revised by it.

(V)—That the said University shall from its own funds make such recurring and periodical grants or contributions as may be required for the following purposes namely :—

(a) For the maintenance and up-keep of the said two Professorships or Chairs in the event of the income of the said properties mentioned in the said second and third Schedules hereto proving insufficient as hereinbefore stated.

(b) For the maintenance of the said Libraries, Laboratories, Museums and Workshops in such a condition of efficiency as may be required and approved of by the said Governing Body subject to the control of the Senate.

(c) For the maintenance and repairs of the buildings and structures to be erected as aforesaid at No. 92, Upper Circular Road.

(x) Should the said Governing Body at any time be unable for want of suitable candidates or for any other reason to apply the moneys allotted to such scholarships the said Trustee University shall accumulate the same and apply the same for the purposes of such scholarships thereafter and all moneys recovered under the Bonds aforesaid shall be applicable to the provision of such scholarships as hereinbefore mentioned.

(c) That the said Trustee University shall out of or by means of the said Trust Estate provide and pay transfer and make over to the authorities of the Institution Registered on the thirtieth day of January one thousand nine hundred and seven under Act XXI of 1860 as the Shilpa Samiti and which has since been Registered and is known as the Sakhi Shilpa Samiti Government Securities of the three and half per cent. loan of the nominal value of Rs. 15,000 (Rupees fifteen thousand) when the same shall be required by the said Institution to be applied by it for the purposes of providing a local habitation with a view to the promotion of the welfare of Hindu widows and upon the undertaking to be given in writing by or on behalf of the said Institution to the said Trustee University that in case the said local habitation to be constructed or acquired partly by means of the said payment ceases to be utilised for the promotion of the welfare of Hindu widows the said Institution shall be bound to refund the amount of the said Government Securities and to make over the same to the said Trustee University to be held by them upon the Trusts declared in the Indenture of the fifteenth day of June one thousand nine hundred and twelve.

(d) That the said Trustee University shall out of or by means of the said Trust Estate provide and pay transfer and make over to the Institution Registered under Act XXI of 1860 and known and styled as the Albert Victor Hospital Calcutta Medical School and the College of Surgeons and Physicians Bengal, Government Securities of the three and half per cent. loan of the nominal value of Rs. 50,000 (Rupees fifty thousand) when the same shall be required by the said Institution to be utilised by it for the purpose of providing the said Institution with well-equipped Laboratories in order to qualify for the requirements of application to the University of Calcutta or in order to instruct and prepare students for any examinations which may be held by any Examining or Licensing Board which may hereafter be established by any duly constituted authority in this country and empowered to hold examinations and grant licenses and diplomas and upon the undertaking given in writing to the said Trustee University by or on behalf of the said Institution that in the event of the said Institution ceasing to exist or failing to carry out the purposes for which this grant is made then the amount of the said Government Securities shall be refunded and made over to the said Trustee University to be held and applied by the latter upon the Trusts set out in the said Indenture of the fifteenth of June one thousand nine hundred and twelve.

Provided nevertheless that the authorities of the said Sakhi Silpa Samiti and the said Albert Victor Hospital Calcutta Medical School and College of Surgeons and Physicians, Bengal, shall not be held liable to satisfy the said undertaking out of the their own private means or resources.

(e) That the said Trustee University shall out of the income of the said Trust Estate pay to Srimati Rani Palit, the daughter of Jogendranath Palit late nephew of the said settlor the sum of Rupees 15 (Rupees fifteen) per month during the term of her natural life.

(f) That the said Trustee University shall from time to time make such contribution if any as in their discretion shall or may from time to time appear desirable in order to provide for the adequate instruction of and to give every facility by allotting separate accommodation in Lecture Rooms, Laboratories, Retiring Rooms or in any other like manner to female students who may be desirous of prosecuting their studies for the Degrees of Bachelor of Science with Honours, Master of Science or Doctor of Science and also to other female students who may be exceptionally qualified in any of the relevant subjects of study though they may not be under-graduates of any University.

(g) That the said Trustee University shall apply the entire balance of the income of the said Trust Estate in aid of and for the better carrying out of the Trusts in the said Indenture of the fifteenth day of June one thousand nine hundred and twelve.

7. It is hereby also declared notwithstanding anything hereinbefore contained that if at any time hereafter the said Trustees or the said Trustee University deem it necessary and expedient to make or execute heavy and substantial repairs, additions and alterations of and to the existing buildings forming part of the said premises No. 35, Ballygunge Circular Road and to partially or entirely fill up the Jhil on the grounds of the said premises with a view to the said premises being easily let or sold and the costs thereof cannot conveniently be met out of income of the said Trust Estate then the said Trustees and the said Trustee University respectively are and is hereby authorised to pay for such costs out of the corpus of the said Trust Estate.

8. And it is hereby further declared and agreed

(a) That the said Trustees and the said Trustee University respectively may at their absolute discretion leave the said Trust Estate or any part or parts thereof or the investments thereof respectively in the same state of investment as the same are respectively at the date of these presents or as they may be when they are transferred and made over to the said Trustee University under these presents and may retain them in such state of investment respectively so long as the said Trustees or the said Trustee University shall think fit.

(b) That the said Trustees or the said Trustee University shall have full power to sell or exchange any part of the said Trust Estate on such terms and conditions and in such manner as they respectively shall think proper whenever in their judgment it shall be for the benefit of the said Trust Estate so to do and to apply the sale proceeds of any property sold in any way that they consider for the benefit of the said Trust Estate but no purchaser shall be bound to see to the application of the purchase money and the said Trustees or the said Trustee University may from time to time let and lease any part of the immovable properties belonging to the said Trust Estate from month to month or from year to year or for any term of years or in perpetuity with or without payment of premium for such leases respectively and on such terms and conditions and subject to such covenants as they respectively shall think fit and may accept surrender of leases tenancies and generally manage the said Trust Estate as they shall think fit.

(c) That any moneys liable to be invested by the said Trustees or the said Trustee University shall be invested by them respectively in their names or in the case of the said Trustees in the names of any two of them in any of the following forms of investments with liberty to vary and transpose the same from time to time namely Government Promissory Notes or other Securities of the Government of India, Calcutta Port Trust and Calcutta Municipal Debenture, Shares or Stock of Debentures of any Railway or other Company the interest and dividends accruing wherefrom shall have been guaranteed by the Secretary of State for India in Council or by the Government of India or by any of the Local Governments in India East India Railway scrips, Bank of Bengal Shares, Purchase or Mortgage of immovable properties in Calcutta or its suburbs and any other securities authorised by any rule which the Calcutta High Court may from time to time prescribe as a proper investment for Trust Funds. Provided nevertheless that during the life of the said settlor the Trustees or the Trustee for the time being shall invest the moneys liable to be invested in such forms of investment as he may approve.

(d) The said Trustees and the said Trustee University respectively may at their uncontrolled discretion instead of acting personally employ and pay any other person or persons to transact any business or to do any act of whatever nature in relation to the Trusts hereof without being liable for loss incurred thereby.

9. And it is hereby further agreed and declared that if any of the said Trustees shall die or permanently reside outside British India or shall desire to retire or refuse to act or become incapable of acting in the Trusts of these presents then and in every such case it shall be lawful for the surviving or continuing Trustees or Trustee (and for the purpose of this clause every retiring Trustee shall be considered to be a continuing Trustee) to appoint a new Trustee or new Trustees hereof in the place of the Trustee or Trustees so dead or permanently residing outside British India or desiring to be discharged or refusing to act or becoming incapable of acting as aforesaid and such new Trustees shall be appointed by a majority of votes of the continuing Trustees. During the said Settlor's life-time the Trustees of these presents, shall never be less than three in number and any vacancy in the said Trusteeship shall be filled up as soon as conveniently may be and up on every such appointment the said Trust Estate shall be vested in the new Trustees or Trustee along or jointly with the surviving or continuing Trustee or Trustees as the case may be and every such new Trustee shall have the same powers and authorities as if he had been a Trustee appointed by these presents.

10. In case there shall arise any difference of opinion among the Trustees for the time being in regard to any Trust affairs or any act matter or thing proposed to be done in relation thereto the opinion and determination of a majority of the Trustees shall be conclusive. It is the intention of these presents that the acts and proceedings of the majority of the Trustees of these presents shall for all the purpose of this indenture be and be deemed to be and be taken as the acts proceedings of the whole or entire body of the Trustees any rule of Law or Equity to the contrary notwithstanding and no Trustee acting under these presents shall be liable for any loss not attributable (a) to his own dishonesty (b) to the wilful commission by him of an act known by him to be a breach of Trust and the Trustees may reimburse themselves out of the said Trust estate all cost and expenses incurred by them in or about the execution of the Trusts of these presents.

11. It is hereby also declared that during the life-time of the said Settlor, he in conjunction with any of the Trustees shall be competent to do all the acts required to be done by the Trustees or to exercise all the powers conferred upon them and the same shall be regarded as if they had been done or executed by all the Trustees.

In witness whereof the parties hereto have set their respective hands and seals the day, month and year first above written.

Sir Rash Behary Ghose Professorship of Applied Mathematics, Physics, Chemistry, Botany, Applied Chemistry and Applied Physics.

On the 8th of August, 1913, Sir Rash Behary Ghosh, Kt., C.S.I., C.I.E., M.A., D.L., Ph.D., offered to place at the disposal of the Calcutta University the munificent sum of Ten Lakhs of Rupees for the promotion of Scientific and Technical Education and for the Cultivation and Advancement of Science, Pure and Applied, amongst his countrymen by and through indigenous agency, on the conditions, stated in the following letter :—

“ 46 THEATRE ROAD,
CALCUTTA.
The 8th August, 1913.

MY DEAR SIR ASUTOSH,

For some time past, it has been my desire to place at the disposal of my University a substantial sum for the promotion of Scientific and Technical Education and for the Cultivation and Advancement of Science, Pure and Applied, amongst my countrymen by and through indigenous agency. I have now decided to make over to the University a sum of ten lakhs of Rupees, in furtherance of the University College of Science, as projected by you with the sanction of the Senate, and my gift to the University will be made on the following conditions :—

First.—That the sum be invested in such approved securities as would produce an income, whenever practicable, of four per cent. per annum.

Second.—That four University Professorships or Chairs be established, one for each of the following subjects :—

- (a) Applied Mathematics.
- (b) Physics.
- (c) Chemistry.
- (d) Botany, with special reference to Agriculture.

Third.—That the Chairs mentioned be always filled by Indians (that is persons born of Indian parents as contra-distinguished from persons who are called Statutory Natives of India).

Fourth.—That the salary of each Professor be as nearly as possible, a sum of six thousand rupees annually, to be paid out of the income of the fund ; but that it be open to the Senate to supplement such sum from the University or other funds at their disposal from time to time.

Fifth.—That the appointments to the Chairs be made by the Senate upon the nomination of the Board to be constituted as stated hereinafter, and the power of removal of Professors by the Senate, if occasion should ever arise, be exercised only after the matter has been considered by the said Board.

Sixth.—That every person elected to one of these Chairs, whether he has been educated in this country or elsewhere, may, in the discretion of the Senate be required, before he enters upon the execution of the duties of his office, to receive special training, during a period of not less than one year and not more than two years, under specialists in Europe, America, Japan or such other place outside India as the Senate may, in each instance upon the recommendation of the Board, determine; and that during such period the Professors-elect be paid from the income of the fund, such allowance as the Senate may, upon the recommendation of the Board, determine, so as to enable him to receive a thorough theoretical and practical training in his special subject.

Seventh.—That it be the duty of each Professor :—

(a) to carry on original research in his special subject with a view to extend the bounds of knowledge and to improve by the application of his researches, the Arts, Industries, Manufactures and Agriculture of this country.

(b) to stimulate and guide research by advanced students, and generally, to assist them in Post-Graduate work, so as to foster the growth of real learning amongst our young men.

Eighth.—That eight studentships be founded, each of the annual value of nine hundred rupees, to be paid out of the income of the fund; that such studentships be annually awarded by the Syndicate, on the recommendation of the Board, to distinguished graduates who have taken the Degree of Master in the Faculty of Arts or the Faculty of Science and that two students be attached to each Professor to carry on investigation under his guidance and generally to assist him in his work of original research.

Ninth.—That a graduate who has been elected a Student for any year be eligible for re-election, if his work has been satisfactory, and the Senate may, in their discretion, supplement the stipend payable to any Student, from the University or other funds at their disposal; provided nevertheless, that a graduate elected to one of those studentships shall devote himself exclusively to research in his special subject, and shall not, so long as he holds the studentships, engage in the study of Law or any other branch of professional knowledge.

Tenth.—That subject to the general principles outlined above, the mode of appointment of Professors, the terms and conditions under which they are to hold office, and the manner in which they are to discharge their duties as also the conditions on which the studentships shall be awarded, retained and renewed, be determined by Rules to be framed by the Senate in that behalf from time to time, upon the recommendation of the Board.

Eleventh.—That the Senate do, on the recommendation of the Board, make adequate provision for Laboratories, Museums, Workshops, Appliances and all other requisites essential for the due discharge of their duties by the Professors and for original investigation by the Professors and the Students attached to them.

Twelfth.—That whatever balance may remain out of the annual income of the fund, after payment of the salaries and allowances of the Professors and the stipends of the Research Students, as provided above, be on the recommendation of the Board, applied in the equipment and maintenance of the Laboratories and Museums, in so far as such equipment and maintenance may be necessary for the accomplishment of the work undertaken by the Professors, the students attached to them, and other advanced pupils, if any.

Thirteenth.—That the Board mentioned above do consist of the following persons, namely :—

1. The Vice-Chancellor of the University as *President, Ex-officio*.
2. The Director of Public Instruction, Bengal.
3. The Dean of the Faculty of Science of the University.
4. The Dean of the Faculty of Engineering of the University.
- 5-8. The Professors of Applied Mathematics, Physics, Chemistry and Botany (appointed as provided above).
- 9-12. Four members of the University, to be annually elected by the Senate two of whom, at least, shall be representatives of Calcutta Colleges, under Indian Management, affiliated in Science to the University.
- 13-15. The nominees of the Founder, namely—

* (a) The Hon'ble Justice Sir Asutosh Mookerjee, Kt., C.S.I., M.A., D.Sc., D.L., Ph.D., F.R.A.S., F.R.S.E., F.A.S.B.

(b) Prof. Prafullachandra Ray, C.I.E., D.Sc., Ph.D., F.C.S.

† (c) The Hon'ble Babu Mahendranath Ray, C.I.E., M.A., B.L.

These nominees of the Founder are and each of them is authorised to nominate his or their successor, or successors, and the power of nominating a successor or successors shall be inherent in every original or derivative nominee of the founder.

The proceedings of the Board so constituted shall be laid before and may be revised by the Syndicate.

This is an outline of the scheme I have in my mind, and I trust you will exert yourself to the utmost so that my long-cherished ambition to promote Scientific and Technical Education amongst my countrymen may be speedily realised. As soon as you send me intimation that the Senate is willing to accept the proposed gift on the conditions mentioned, I shall send you a cheque for ten lakhs of Rupees.

Believe me,

Yours sincerely,

RASHBEHARY GHOSE."

The princely gift was gratefully accepted by the Senate at a special meeting, held on the 16th of August, 1913, on the conditions specified by the donor.

The following four members of the University were elected by the Senate to act on the Board of Management of Sir Rashbehary Ghose Endowment, for the year 1927-28 :—

Prof. Herambachandra Maitra, M.A.

Subodhchandra Mahalanobis, Esq., B.Sc., F.R.

Rai Jnanchandra Ghosh, Bahadur, M.A.

Panchanan Sinha, Esq., M.A.

* The late Sir Asutosh Mookerjee, Kt., C.S.I., nominated his second son Mr. Syamaprasad Mookerjee, M.A., B.L., as his successor.

† The late Hon'ble Mr. Mahendranath Ray, C.I.E., nominated his son Mr. Manmathanath Ray, M.A., B.L., M.L.C., as his successor.

On the recommendation of the Syndicate, the following proposals made by the Board of Management of Sir Rashbehary Ghose Endowment regarding the duties and tenure of appointment of Sir Rashbehary Ghose Professors were adopted by the Senate at the meeting held on the 30th January, 1914 :—

I. That the duties of each of the Professors be specified as follows :—

(a) To devote himself to original research in the subject in which he has been appointed, with a view to extend the bounds of knowledge.

(b) To stimulate and guide research by advanced students in his special subject in the University College of Science and generally to assist such students in Post-Graduate study and research.

(c) To superintend the formation and maintenance of the Laboratory of the College of Science in his own subject.

II. That the Professors be appointed subject to the following conditions :—

(1) The monthly salaries of the Professors shall be as follows :—

Sir Rashbehary Ghose Professor of Applied Mathematics	...	600
" " " of Chemistry	...	500
" " " of Physics	...	500
" " " of Botany	...	500

(2) Each Professor shall be a whole-time officer of the University College of Science and shall not, without the special sanction of the Board of Management and of the Senate previously obtained, hold any other office to which any salary, emolument or honorarium is attached.

(3) The appointment shall be permanent in the case of the Professor of Applied Mathematics and the Professor of Chemistry, and shall be for a term of seven years in the case of the Professor of Physics and the Professor of Botany. No Professor shall be liable to loss of or removal from office or to reduction of the emolument attached thereto on any ground whatsoever, subject, however, to the following provisos :—

(a) A Professor shall vacate his office upon completion of the sixtieth year of his age, unless, upon the recommendation of the Board of Management, the Senate is satisfied that his services should, in the interests of research, be still retained by the University and, in such event, the Senate may, on the recommendation of the Board of Management, sanction his retention for such period as may be determined.

(b) A Professor may voluntarily resign his appointment at any time upon not less than six months' notice given by him in writing to the Board of Management.

(c) A Professor, on retirement on the ground of either attainment of age or of proved ill-health, will be entitled to receive a gratuity of one month's pay for each completed year's tenure of appointment, but such gratuity shall in no case exceed a maximum limit of eighteen months' salary.

(d) A Professor shall be liable to removal by the Senate on the ground of misconduct or neglect of duty, if a recommendation to that effect made by the Board of Management after a full enquiry into specific charges brought against him; provided that, at such enquiry, the Professor concerned shall be allowed adequate opportunity to defend himself.

(e) Every Professor shall be eligible for the privilege of the regular academic vacations. In the event of a Professor requiring leave on account of duly certified ill-health or on urgent private affairs in addition to the period of the regular academic vacations, the Senate may, on the recommendation of the Board of Management, grant leave on conditions analogous to those prescribed in the Civil Service Regulations for officers in the Indian Educational Service.

On the 22nd December, 1919, Sir Rasbehari Ghose, Kt., C.S.I., C.I.E., M.A., D.L., Ph.D., offered to place at the disposal of the Calcutta University a further sum of eleven lakhs and forty-three thousands of Rupees to be applied exclusively for purposes of technological instruction and research, on the conditions, stated in the following letter :—

“ ‘SANS SOUCI,’ ”

ALIPUR, CALCUTTA.

The 22nd December, 1922.

THE HON'BLE SIR NILRATAN SIRCAR, Kt., M.A., M.D.,

Vice-Chancellor of the Calcutta University.

DEAR SIR,

About six years ago I made over to the University ten lakhs of rupees in aid of the University College of Science for the promotion of Scientific and Technical Education and for the cultivation and advancement of Science, Pure and Applied, amongst my countrymen. I understand that although that sum has enabled the University to arrange for instruction and research in Pure Science, the University has not been able from lack of funds, to make a similar advance in Applied Science. I have accordingly decided to place at the disposal of the University a further sum, namely, three and a half per cent. Government Securities for Rs. 11,43,000, which will produce an annual income of Rs. 40,000 to be applied exclusively for purposes of technological instruction and research. This sum will be held by the University as an integral part of the original gift and all the conditions mentioned in my letter of the 8th August, 1913, shall apply, subject to the following modifications :—

First.—That two new University Professorships or Chairs (in all respects subject to the same conditions as mentioned in my letter of the 8th August, 1913) be established one for each of the following subjects :—

(e) Applied Chemistry.

(f) Applied Physics.

Note.—By ‘Applied Chemistry’ I mean one of more of the following subjects as suggested in the report of the Calcutta University Commission :—

Colour chemistry, preparation of dyes, drugs and photographic chemicals, tanning, fermentation, gas and coal-tar industries and oil industry, or such other subject or subjects as may from time to time be determined by the Board of Management.

By ‘Applied Physics’ I mean one or more of the following subjects as suggested in the report of the Calcutta University Commission :—

Electrotechnology, applied thermodynamics and the standardisation of instruments,

or such other subject or subjects as may from time to time be determined by the Board of Management.

Secondly.—That four additional studentships (in all respects like those mentioned in my letter of the 8th August, 1913) be established, such students to be attached to each of the Professors mentioned above.

Thirdly.—that the balance which will remain out of the annual income of the fund, which is likely to exceed Rs 24,000, after payment of the salaries of the Professors and studentships, should be applied to the equipment and maintenance of the necessary Laboratories, Museums and Workshops, the adequate provision for which is absolutely necessary, and for which sufficient money had not been available from other funds at the disposal of the University.

Fourthly.—That the Board of Management do include the Professors of Applied Chemistry and Applied Physics in the same way as the other four Professors mentioned in my letter of the 8th August, 1913.

UNIVERSITY PROFESSORSHIPS

On receipt of intimation that the Senate has accepted my offer, I shall arrange for the transfer of the securities to the University.

Yours truly,

RASHBEHARY GHOSE.'

The princely gift was thankfully accepted by the Senate at their meeting, held on the 3rd January, 1920, on the conditions specified by the donor.

In accordance with the term of Sir Rashbehary Ghose Endowment, the Senate have appointed the following Professors :—

SIR RASHBEHARY GHOSE PROFESSORS.

Sir Rashbehary Ghose Professor of Applied Mathematics.

**Rani Bageswari and Kumar Guruprasad Singh of
Khaira Professorships.**

SCHEME FRAMED BY SIR ASUTOSH MOOKERJEE FOR THE USE OF THE KHAIRA
FUND AND ADOPTED BY THE SENATE ON THE 6TH AUGUST, 1921.

The decree of the High Court in the suit of Rani Bageswari Debi against Kumar Guru Prasad Singh of Khaira provides that the ultimate use of the Fund vested in the University is to be carried out by the University "under the direction of and according to a scheme to be framed by Sir Asutosh Mookerjee." This gift was accepted by the Senate by Resolutions, dated 3rd January, 1920, and 3rd June, 1921. In accordance with the provisions of the decree the following scheme was framed by the Hon'ble Justice Sir Asutosh Mookerjee, Kt., C.S.I.

I. That the sum be constituted into a fund to be called the "
FUND for the promotion of Post-Graduate Teaching and Research."

II. That the sum be invested in such securities as would produce an annual income whenever practicable, of not less than Rs. 30,000.

Provided that if the Senate should deem it beneficial to the purposes of the endowment as hereinafter declared, they shall be at liberty to invest the proceeds or any part thereof in any form of investment authorised by law or in the purchase or mortgage of landed property within the municipal limits of Calcutta and its suburbs.

III. That five University Professorships or Chairs be established, one for each of the following subjects :—

- (i) Indian Fine Arts.
- (ii) Phonetics.
- (iii) Physics.
- (iv) Chemistry.
- (v) Agriculture.

IV. That the Chair of Indian Fine Arts be named Bageswari Professorship of Indian Fine Arts; and that the other four Chairs be named Guruprasad Singh Professorship of Phonetics, Physics, Chemistry and Agriculture, respectively.

V. That if the state of the fund at any time should so permit, additional Professorships or Readerships, to be named after Guruprasad Singh, be established in such subject as may be determined by the Senate on the recommendation of the Board of Management to be constituted as stated hereinafter.

VI. That the salary of each Professor be, as nearly as possible, a sum of Rs. 6,000 annually, and the salary of each Reader be, as nearly as possible, a sum of Rs. 3,600 annually, to be paid out of the income of the Fund; but that it be open to the Senate to supplement such sums from the University or other funds at their disposal from time to time.

VII. That the Professorships and Readerships be always filled by Indians (that is, persons born of Indian parents as contra-distinguished from persons who are called statutory natives of India).

VIII. That the appointments to the Professorships and Readerships be made by the Senate upon the nomination of the Board of Management to be constituted as stated hereinafter, and the power of removal of Professors and Readers by the Senate, if occasion should ever arise, be exercised only after the matter has been considered by the said Board on full opportunity afforded to the person concerned to make his defence.

Provided that the first appointments to the five Chairs specified hereinbefore shall be made by the Senate on the recommendation of the Syndicate.

IX. That every person elected to one of these Chairs, whether he has been educated in this country or elsewhere may, in the discretion of the Senate, be required, before he enters upon the execution of the duties of his office, to receive special training during a period of not less than one year and not more than two years, under specialists in Europe, America, Japan or such other place outside India as the Senate may, in each instance, upon the recommendation of the Board, determine; and that during such period the Professor-elect be paid, from the income of the fund, such allowance as the Senate may, upon the recommendation of the Board, determine, so as to enable him to receive a thorough theoretical and practical training in his special subject.

X. That it be the duty of each Professor—

(a) to carry on original research in his special subject with a view to extend the bounds of knowledge;

(b) to take steps to disseminate the knowledge of his special subject with a view to foster its study and application;

(c) to stimulate and guide research by advanced students and generally to assist them in Post-Graduate work so as to secure the growth of real learning among our young men.

XI. That, subject to the general principles outlined above, the mode of appointment of Professors and Readers, the terms and conditions under which they are to hold office and the manner in which they are to discharge their duties, be determined by rule to be framed by the Senate in that behalf from time to time on the recommendation of the Board.

XII. That the Senate do, on the recommendation of the Board, make adequate provision for laboratories, museums, workshops, appliances and all other requisites essential for the due discharge of their duties by the Professors and Readers.

XIII. That the balance which may remain out of the annual income of the Fund, after payment of the salaries and allowances of the Professors and Readers as provided above, may, on the recommendation of the Board, be applied either in whole or in part in the equipment and maintenance of laboratories and museums in so far as such equipment and maintenance may be necessary for the accomplishment of their work by the Professors and Readers.

XIV. That the Professorship, and Readership, if any, in Physics, Chemistry, Agriculture and such other like subjects shall be deemed attached to the University College of Science and Technology and the Professors in such subjects shall be *Ex-officio* Members of the Governing Body of that Institution.

XV. That notwithstanding the provision hereinbefore made, the Senate shall be at liberty to pledge temporarily and for a period not exceeding two years, a sum not exceeding three lacs out of the securities of the fund to borrow money, to carry on Post-Graduate Teaching and Research.

Provided that no such pledge shall be effected without the previous written consent of Sir Asutosh Mookerjee.

Provided further that this clause shall be in operation for a term of five years, but the period may be extended from time to time by Sir Asutosh Mookerjee for such additional periods as he may consider necessary.

XVI. That the Board mentioned above do consist of the following persons, namely,

The Vice-Chancellor of the University as *President—Ex-officio*.

The Dean of the Faculty of Arts.

The Dean of the Faculty of Science.

The Professors appointed as above to the Chairs of Indian Fine Arts, Phonetics, Physics, Chemistry, Agriculture and such other subjects as may be determined from time to time.

A University Teacher nominated by the Council of Post-Graduate Teaching in Arts.

A University Teacher nominated by the Council of Post-Graduate Teaching in Science.

Two members of the Senate nominated annually by the Senate.

One representative of the Founder nominated annually by the Senate.

Dr. Rabindranath Tagore, N.L., D.Litt.

Sir Jagadishchandra Bose, Kt., C.S.I., O.I.E., M.A., D.Sc., F.R.S.

Sir Nilratan Sircar, Kt., M.A., M.D., LL.D., D.C.L.

* Sir Asutosh Mookerjee, Kt., C.S.I., M.A., D.L., D.Sc., Ph.D.

The four members of the Board of Management last named are and each of them is authorised to nominate his or their successor or successors ; and this power of nominating a successor or successors shall be inherent in every such original or derivative member.

XVII. That all matters whatsoever relating to or in any way arising out of this endowment shall, in the first instance, be considered and reported on by the Board of Management before they are considered and decided on by the Syndicate and the Senate.

The proceedings of the Board shall be laid before the Syndicate, who shall transmit them for confirmation to the Senate (with such observations, if any, as may be considered necessary).

The scheme was adopted by the Senate on the 6th August, 1921.

On the recommendation of the Board of Management of the Khaira Fund, dated the 25th March, 1922, the Chair of "Phonetics" was designated as the Chair of "Indian Linguistics and Phonetics."

Revised Rules relating to the Management of the Khaira Fund.

On the recommendation of the Board of Management of the Khaira Fund and the Syndicate, the revised rules relating to the Management of the Fund were adopted by the Senate on the 21st December, 1926, as follows :—

" I. That the duties of each of the Professors be specified as follows :—

Rules defining duties (a) To devote himself to original research in the and appointment of subject in which he has been appointed with a view to Khaira Professors. extend the bounds of knowledge.

(b) To take steps to disseminate the knowledge of his special subject with a view to foster its study and application.

(c) To stimulate and guide research by advanced studies in special subject in the University Classes and generally to assist students in Post-Graduate studies and research, subject to the approval of the Board of Management of the Khaira Trust.

(d) To superintend the formation and development of the laboratory of the College of Science in his own subject.

(e) To take part in teaching as the Board of Management of the Khaira Fund may direct.

II. That the Professors and Readers be appointed subject to the following conditions :—

(1) Each Professor or Reader shall be a whole-time officer of the University and shall not, without the special sanction of the Board of Management and of the Senate previously obtained, hold any other office to which any salary or emolument or honorarium is attached.

(2) Every Professor or Reader shall be eligible to join the University Provident Fund.

* The late Sir Asutosh Mookerjee, Kt., C.S.I., nominated his son-in-law, Mr. Pramathanath Banerjee, M.A., B.L., as his successor.

(3) Ordinarily appointments shall be made for five years. On the expiry of the first period, they may be made permanent by the Senate on the recommendation of the Board of Management. No Professor shall be liable to loss of or removal from office or to reduction of emoluments sanctioned to him, on any ground whatsoever, subject to the following provisos :—

(a) A Professor shall vacate his office upon completion of the sixtieth year of his age, unless upon the recommendation of the Board of Management, the Senate is satisfied that his services should, in the interest of research, be still retained by the University, and in such an event, the Senate may, on the recommendation of the Board of Management, sanction his retention for such period as may be determined.

(b) A Professor may voluntarily resign his appointment, at any time upon not less than six months' notice given by him in writing to the Board of Management.

(c) A Professor shall be liable to removal by Senate on the ground of misconduct or gross neglect of duty, if a recommendation to that effect is made by the Board of Management after a full enquiry into specific charges brought against him provided that, at such enquiry, the Professor concerned shall be allowed adequate opportunity to defend himself.

(d) Every Professor shall be eligible for the privilege of regular academic vacation. In the event of a Professor requiring leave on account of duly certified ill-health, or on urgent private affairs in addition to the period of the regular academic vacation, the Senate may, on the recommendation of the Board of Management, grant leave on condition analogous to those prescribed in the Civil Service Regulations for officers in the Indian Educational Service.

(e) With a view to enable the Professors to be in touch with the current progress abroad in their respective subjects, every Professor shall be eligible, on the recommendation of the Board of Management, to study-leave with full emoluments for a period generally not exceeding one year, provided that he has not taken such leave during the previous six years. In each such case the Professor shall be required to submit a report of his work abroad during his leave."

The following five members have been nominated by the Senate and the Councils of Post-Graduate Teaching in Arts and Science of the Board of Management of the Khaira Fund :—

UNIVERSITY PROFESSORSHIP OF INTERNATIONAL LAW.

(PUBLIC AND PRIVATE.)

International Law, Public and Private, occupies an important place in the scheme of advanced studies in this University. Public International Law, its history and principles, is a compulsory subject for all Post-Graduate students taking up History for the M.A. Degree Examination. Public International Law, with special reference to existing political and economic Institutions is on the other hand an alternative subject in the Political Philosophy group included in the course for the M.A. Degree Examination in Economics. Private International Law again forms a compulsory subject in the Examination for the Degree of Master of Law. Therefore on the recommendation of the Council of Post-Graduate Teaching in Arts and the Governing Body of the University Law College, the Senate submitted a proposal to the Government of India for founding a Professorship in the subject and recommended that Mr. Arthur Brown, M.A., LL.B., be appointed as the first incumbent. The proposal received the sanction of the Government of India.

1920-26 Prof. Arthur Brown, M.A., LL.B. (Resigned in 1923).

26

UNIVERSITY PROFESSORSHIP OF ZOOLOGY.

On the recommendation of the Council and the Executive Committee of the Post-Graduate Teaching in Science, the Senate, with the approval of the Government of India, have founded a Professorship of Zoology to be maintained out of the P. G. T. Fund.

PROFESSORS.

1920-22 Prof. Samarendranath Maulik, M.A., F.Z.S., F.R.M.S.
 * 1926-31 Dr. Basantakumar Das, D.Sc.

* First two years on probation.

27

UNIVERSITY PROFESSOR OF MENTAL AND MORAL
PHILOSOPHY.

On the recommendation of the Council of Post-Graduate Teaching in Arts, the Senate submitted a proposal to Government for the appointment of Dr. Hiralal Haldar, M.A., Ph.D., as University Professor of Mental and Moral Philosophy. The proposal received the sanction of Government in 1921.

In December, 1925, the Senate placed Professor Haldar in the grade of a University Professor (under Chap. V of the Report of the Post-Graduate Re-organisation Committee) with effect from the 1st January, 1926.

At a subsequent meeting the Senate fixed the term of appointment of the Professor for five years.

28

UNIVERSITY PROFESSOR OF PURE MATHEMATICS.

On the recommendation of the Council of Post-Graduate Teaching in Arts, the Senate submitted a proposal to Government for the appointment of Dr. Syamadas Mookerjee, M.A., Ph.D., as University Professor of Pure Mathematics. The proposal received sanction of Government in 1921.

In December, 1925, the Senate placed Prof. Mookerjee in the grade of a University Professor (under Chap. V of the Report of the Post-Graduate Re-organisation Committee) for a period of 5 years with effect from the 1st January, 1926.

29

UNIVERSITY PROFESSOR OF ECONOMICS.

In December, 1925, the Senate on the recommendation of the Appointments Board (Arts), appointed Mr. Satischandra Ray, M.A., a University Professor for 5 years with effect from the 1st January, 1926.

30-32

Distinction of University Professor.

Under Sec. 38, Chapter V of the Report of the Post-Graduate Re-organisation Committee, the Senate conferred the personal distinction of University Professor on the following members of the teaching staff of the Post-Graduate Department in Arts :—

UNIVERSITY LECTURESHIPS.

1

STEPHANOS NIRMALENDU GHOSH LECTURESHIP.

In August, 1919, Mr. G. C. Ghosh of 2, Simla Street, Calcutta, made over to the University $3\frac{1}{2}$ per cent. Government Promissory Notes for one lac of rupees for the institution, in memory of his son, of a course of lectures on Comparative Religion to be delivered before the University of Calcutta according to appointment made at stated intervals of not more than three years, the lecturer to be appointed after advertisement in the celebrated Universities of the world. The donor stated that his desire was that the lecturer should, in dealing with the subjects of his lectures, endeavour to show that the highest ideal for man lay in love and service to his fellowmen according to the essence of the teaching and life of Christ, and that life lived under the guidance of this ideal constituted the highest advancement of human personality, the acceptance of a particular creed or dogma being of subordinate importance.

From G. C. Ghosh, Esq., 2, Simla Street, Calcutta, to the Vice-Chancellor, Calcutta University, Calcutta, dated the 10th March, 1919.

I am desirous of making over to the University of Calcutta $3\frac{1}{2}$ per cent. G.P. Notes for one lac of rupees for the following purpose :—

The University is to appoint an eminent Savant by advertising to the celebrated Universities of the world to deliver a series of lectures in Comparative Religion quinquennially in the cold season in Calcutta, to be called Stephanos Nirmalendu Ghosh Lectures, whose remuneration will be paid from the 4 years' accumulated income from the above described Securities, after deducting from it the approximate cost of printing about 1,000 copies of his Lectures.

By a previous arrangement by the Calcutta University with the Lecturer, if he kindly so agrees and one or two other Universities in India so desire, he may deliver such lectures also in other places in India.

It is my desire that in dealing with the subjects of his Lectures it will be the aim of the Lecturer to show that the highest ideal for man is in unselfish love and service to his fellowman which is the essence of the teachings of Christ.

I shall be glad if my offer is accepted.

From G. C. Ghosh, Esq., 2, Simla Street, Calcutta, to the Vice-Chancellor, Calcutta University, Calcutta, dated the 11th March, 1919.

In continuation of my letter to you on the 10th instant regarding the foundation of lectures in Comparative Religion by me quinquennially in Calcutta, I desire to say for removal of any ambiguity that the lecture to be arranged by your University to be delivered in other places shall be after such lectures have been first delivered in Calcutta every time.

From G. C. Ghosh, Esq., 2, Simla Street, Calcutta, to the Vice-Chancellor, Calcutta University, Calcutta, dated the 28th April, 1919.

With reference to my previous correspondence regarding the Lectureship on Comparative Religion founded by me, I have the honour to request you to consider this letter as a part of the same for the future guidance of the University and the Lecturers to be appointed under the scheme.

(1) If the University thinks that quinquennial lectures would make the intervals too long for effect and that three years' income from the Endowment will be adequate for securing the service of the Lecturer, the lectures may be given quarterly and the three years' accumulated income may be availed of, instead of four years' as stated in my first letter.

(2) I think it would be well under the circumstances if Rs. 1,000 or so be spent towards the publication of the Lectures, instead of having a thousand copies of them published as suggested in my first letter, as I consider the latter measure would mean too much expense in view of the increased cost of paper and printing.

(3) As I have stated in my first letter I beg to state, in order to be more explicit that my object is to show the young men of my country that it is not meant that men's eternal welfare should depend upon any belief, the interpretation of a particular text or the acceptance of a religious creed but that he is required to love and serve his fellow beings whereby he would be able to live the life that is required of him by God. It is found that centuries of schools of thought and religious discussions have resulted only in hatred and persecution of those who have sincerely differed from the views dominant at the time instead of producing love and sacrifice which only are acceptable offerings to God.

(4) My object is not to show the superiority of a particular religion but to show that in the dealing out of man's unselfish love and service to man, i.e., in living the religion of love constitutes the highest advancement of his personality.

From G. C. Ghosh, Esq., 2, Simla Street, Calcutta, to the Registrar, Calcutta University, dated the 6th August, 1919.

I have the honour to acknowledge the receipt of your letter, dated the 2nd instant intimating to me that my offer of one lac of rupees for founding a Lectureship on Comparative Religion to be called "The Stephanos Nirmalendu Ghosh Lectures" has been accepted by your University, and that any suggestions that I might make in its connection your University would take them into consideration and that one lac of rupees in Government Promissory Notes might now be sent by me to the University.

(1) I am glad that your University is willing to let the Lectures be founded by me on the conditions stated in my first letter and I am grateful for its acceptance of the suggestions made by me in my letter of the 28th April last and that it is willing to take any further suggestions that I would like to make about them.

(2) If the University will make the Lectures quarterly as has been desired by me in my letter of the 28th April last, the Lectures for the first time will be delivered in the Winter of 1922, and the interest of the Government Promissory Notes for 1919, 1920 and 1921 will be used to meet the expenses of the same.

(3) I trust your University will be so good as to arrange for all things I have desired in connection with the Lectures before they are delivered in Calcutta and elsewhere.

(4) It is my wish the Lectures should be delivered in a central academic place where a large audience is expected to gather by previous notifications in public places and in two public prints for the information of the Mofussil people.

(5) I think it would be well if the delivery of the Lectures be inaugurated and opened every year by a distinguished gentleman.

(6) I think it would be well also if some University authority will kindly be present during the delivery of the Lectures till their end to keep order at the place.

(7) I shall be obliged if you will inform me to whom I shall endorse over and deliver the Government Promissory Notes.

(8) I shall be grateful if I be supplied with the abstracts of deliberations of the University about my endowment from time to time.

(9) In conclusion I beg to suggest for the consideration of the Lecturer that my object is (a) to help the moral and spiritual advancement of my countrymen by helping the unfoldment of the Divinity in them which is calculated to make them truly happy, (b) that the Lecturer will aim to show that excepting the fundamental truths of the Godhead and its attributes, *viz.*, Love, Wisdom, etc., which are acknowledged by all civilized men, creeds, dogmas, canons, etc., of the religions past and present which were necessary in the time of their first promulgation have no permanent value, just as in all living organisms we find elimination of the old and decayed cells is incessantly going on and newer cells are coming forth for the formation of newer bodies. So it may be proper to think that God's revelation was not closed in the past when the creeds, etc., were fixed, and so if the fountain of revelation has not dried up they should not be made to hinder the reign of an ever higher conscience in human mind, if a religion is to be taken as an institution having a norm of life within it. So the true and lasting form of religion will be based upon the inner supremacy of reason purified by revelation above any external authority, dogma, etc., which are inadequate to sustain a feeling of obligation.

Although I venture to make these my humble suggestions, I do not like to make them binding upon my Lecturer who I trust will be a Godfilled man and knowing his duties well.

The generous offer of Mr. Ghosh was thankfully accepted by the Senate at their meeting held on the 29th March, 1919.

The following rules were adopted by the Senate at their meeting held on the 27th September, 1919 :

(1) (a) That a course of lectures on Comparative Religion be delivered in English once in every three years ;

(b) that the course do consist ordinarily of eight lectures, and be delivered not more than twice a week.

(2) That the honorarium of the lecturer be Rs. 9,000.

(3) That the copyright in the lectures do vest in the University.

(4) (a) That the cost of publication of an edition (consisting ordinarily of 500 copies) be paid by the University ; (b) that of the sum required for this purpose, Rs. 1,000 be paid out of the endowment fund, and the balance, if any, be paid out of the general funds of the University, and (c) that the sale proceeds be placed to the credit of the endowment fund.

(5) That the first course of lectures be delivered during the cold weather of the session 1921-22.

(6) That applications be invited by public advertisement in the principal Indian, British, Colonial, American and Continental Universities, selected Theological Colleges not connected with Universities and selected newspapers.

(7) That the advertisement do state that applicants are expected to send a brief syllabus indicating the scope of the lectures proposed to be delivered.

(8) That on each occasion, the advertisement be issued at least two years and a half before the time fixed for the delivery of the lectures and candidates be required to submit their applications on or before a prescribed date at least one and a half years previous to such time.

(9) That a committee of five members be appointed by the Senate in each instance to report on the applications received.

(10) That it be a condition of appointment of each Lecturer that he will deliver to the University a complete copy of his lectures within one month after their delivery.

(11) That the Senate be at liberty to invite at any time an eminent scholar to accept the lectureship even though he may not have applied.

The following instructions have been given by the Donor for the guidance of Lecturers :—

From G. C. Ghosh, Esq., 2, Simla Street, Calcutta, to the Vice-Chancellor, Calcutta University, Calcutta, dated the 24th September, 1923.

In view of preventing any future misapprehension and for enabling the Stephanos Nirmalendu Ghosh Lecturer on Comparative Religion as to what is principally aimed at by me by such lectures, I request you would be so pleased as to put the following instructions in the annual University Calendars, in the advertisements for inviting the savants of the world and in the letters to them.

I think even the Lecturer whom your University would appoint for next year be advantageously furnished with a copy of the same so that he may come prepared for his task.

A General Outline of Lectures.

The Lecturer will show that every religion, truly so called, is a product of the intuition of the spirit of God within men, and so if it pleased God to reveal truth to them, in nature, it cannot but be the same to all men, though it may not be expressed to them in the same words or apprehended by them in the same manner in their minds. If this is true the fundamental bases of all religions must be identical, aiming at the same end which appears to be nothing but the unity of God and men—the consummation of their happiness. This is inculcated in diverse religions in diverse manners.

The reconciliation of God with man, if God is good, can only be achieved by man's attaining his goodness—his essential attribute. The qualities that make the being of God are innumerable, only some are capable of being perceived by man's senses, such as love, truth, wisdom, power, etc. To man the chief of the Divine attributes appears to be love. So if man would live the life of God like love, he would be acquiring and implanting in him the nature of God. Man's steady advance to the state would ultimately accomplish both God's and his end—the unity of the Creator and the created. In Christ, and Christ only this was consummated, and so he became the highest manifestation of God. So the highest conception of God in the mind of man is Christ. So if man would lift up Christ in him his spirit would enable him to live his life, expressed in loving service and sacrifice for fellow men, his highest advancement and greatest happiness would be attained in the end.

KAMALA LECTURESHIP.

In February, 1924, Sir Asutosh Mookerjee, Kt., C.S.I., M.A., D.L., D.Sc., Ph.D., F.R.A.S., F.R.S.E., F.A.S.B., offered to place at the disposal of the University, 8 p. c. Government Securities for Rs. 40,000 with a view to establish a lectureship to be called the 'Kamala Lectureship' in memory of

his beloved daughter Kamala, on the conditions mentioned in the following letter :—

77, RUSSA ROAD NORTH, BHOWANIPORE,
CALCUTTA.
9th February, 1924.

To

THE REGISTRAR,

Calcutta University.

SIR,

I desire to place at the disposal of my University Government Securities for Rupees Forty Thousand only of the 3 per cent. Loan with a view to establish a lectureship, to be called the *Kamala Lectureship* in memory of my beloved daughter Kamala (b. 18th April, 1895—d. 4th January, 1923). The Lecturer, who will be annually appointed by the Senate, will deliver a course of not less than three lectures, either in Bengali or in English, on some aspect of Indian Life and Thought, the subject to be treated from a comparative standpoint.

The following scheme shall be adopted for the lectureship :

(1) Not later than the 31st March every year, a special committee of five members shall be constituted as follows :

One member of the Faculty of Arts to be nominated by the Faculty.

One member of the Faculty of Science to be nominated by the Faculty.

One member to be nominated by the Council of the Asiatic Society of Bengal.

One member to be nominated by the Bangiya Sahitya Parisad.

One member to be nominated by the Founder or his representative.

(2) The Special Committee, after such enquiry as they may deem necessary, shall, not later than the 30th June draw up a report, recommending to the Senate, the name of a distinguished scholar. The report shall specify the subject of the proposed lectures and shall include a brief statement of their scope.

(3) The report of the Special Committee shall be forwarded to the Syndicate in order that it may be laid before the Senate for confirmation not later than the 31st July.

(4) The Senate may, for specified reasons, request the Special Committee to reconsider their decision but shall not be competent to substitute another name for the one recommended by the Committee.

(5) The Lecturer appointed by the Senate shall deliver the lectures at the Senate House not later than the month of January next following.

(6) The Syndicate shall, after the lectures are delivered in Calcutta, arrange to have them delivered in the original or in a modified form in at least one place out of Calcutta, and shall, for this purpose, pay such travelling allowance as may be necessary.

(7) The honorarium of the lecturer shall consist of a sum of Rupees One Thousand in cash and a Gold Medal of the value of Rupees Two Hundred only. The honorarium shall be paid only after the lectures have been delivered and the Lecturer has made over to the Registrar a complete copy of the lectures in a form ready for publication.

(8) The lectures shall be published by the University within six months of their delivery, and after defraying the cost of publication the surplus sale proceeds shall be paid to the Lecturer, in whom the copyright of the lectures, shall vest.

(9) No person who has once been appointed a lecturer shall be eligible for re-appointment before the lapse of five years.

Yours faithfully,

ASUTOSH MOOKERJEE.

The munificent offer was thankfully accepted by the Senate on the 23rd February, 1924.

ADHARCHANDRA MUKHERJEE LECTURESHIP.

Mr. Adharchandra Mukherjee, M.A., B.L., *Emeritus* Professor of History, Scottish Churches College, and Member of the Senate, placed in the hands of the Hon'ble Sir Asutosh Mookerjee, Kt., C.S.I., President of the Councils of Post-Graduate Teaching in Arts and Science, G. P. Notes amounting to Rs. 8,000 supplemented by a further donation of Rs. 1,000 for promotion of Post-Graduate Teaching in this University on the following conditions:—

1. That a Lectureship be instituted for the delivery of a course of two lectures annually by a distinguished scholar, on a selected subject connected with Letters or Science.

2. That the subject be so chosen as to represent these two departments alternately.

* 3. That the Lecturer and the subject be selected by the Post-Graduate Council in Arts and Science as the case may be.

* Rule 3 was subsequently modified by the Senate on the 2nd May, 1925, in accordance with the suggestions made in the following letter of the Founder :

SEA VIEW,

PURI.

21st April, 1925.

To

THE REGISTRAR,

Calcutta University.

SIR,

I am addressing this letter to you in connection with the donation of Rs. 9,000 which, at the request of the late Sir Asutosh Mookerjee, I made to the University about five years ago for the purpose of creating an annual

4. That the lectures be publicly delivered at the Senate House and be printed and published as soon as possible after delivery.

5. That the honorarium payable to the Lecturer be the income of the Fund for the year together with such supplementary sum, if any, as the Senate may from time to time direct.

6. That the names of the Lecturers and their subjects be published in the University Calendar.

The Senate at its meeting of the 23rd November, 1918, accepted the gift with thanks and the Lectureship was named "Adharchandra Mukherjee Lectureship" after the name of the Founder.

lectureship. The present mode of selecting the lecturer does not seem to be satisfactory in as much as the whole responsibility, both initiative and final, is left to a large body like the Post-Graduate Council. So long as Sir Asutosh was alive I had no doubt in my mind that the selection would be properly and regularly made. I now feel that it would be better if the following scheme be adopted instead of the present arrangement :—

The third condition mentioned by me in my original letter to the late Sir Asutosh runs thus : "That the lecturer and the subject be selected by the Post-Graduate Council in Arts or Science as the case may be." This, I suggest, should be replaced by the following :—

"3. (a) Not later than the 15th July every year a special Committee of five members shall be constituted as follows :

(i) The Vice-Chancellor;

(ii) The President of the Post-Graduate Council in Arts, when the lecturer will speak on a selected subject connected with Letters; or President of the Post-Graduate Council in Science when the lecturer will speak on a selected subject connected with Science;

(iii) One member to be nominated by the Executive Committee of the Post-Graduate Council in Arts or Science, as the case may be;

(iv) One member to be nominated by the Faculty of Arts or Science, as the case may be;

(v) One nominee of the Founder, namely, Mr.⁷ Syamaprasad Mookerjee, M.A., B.L.

Asutosh Readership.

On the 25th June, 1925, the Governing Body of the University Law College, decided to set apart from the College fund, a sum of Rs. 20,000 for the purpose of creating an endowment for the establishment of a Readership in the University, called the "Asutosh Readership" to perpetuate the memory of the late Sir Asutosh Mookerjee, Kt., C.S.I.

The following scheme governing the appointment of Readers, recommended by the Governing Body of the College, was accepted by the Senate on the 25th July, 1925 :—

1. The Governing Body of the University Law College shall, on or before the 31st day of August in each year, select a Lecturer for the ensuing year and the subject for the Lectureship.

2. The Lecturer so appointed shall, during the months of January, February and March or in one or other of such months in the year next ensuing after his selection, deliver a course of lectures in the subject so selected. The course to consist of not less than three and not more than twelve lectures.

3. The lecturers shall be delivered in the University Buildings.

4. That the sum of Rs. 20,000 set apart shall be vested in trustees, namely, the Vice-Chancellor of the Calcutta University and the Principal of the College for the time being.

5. The lectures delivered shall be printed and published on the recommendation of the Governing Body at the cost of the University.

6. The honorarium payable to the Lecturer shall be the income for one year of the investment of the said sum of Rs. 20,000.

7. The names of the Lecturers and their subjects shall be published in the University Calendar.

8. The first course of lectures shall be delivered in January, February and March of 1926 or in one or other of these months.

VII

UNIVERSITY EXTENSION LECTURES.

A series of lectures has been organised by the University known as University Extension Lectures. Eminent Scholars are invited to take part in the scheme by delivering a course of lectures on special subjects. These lectures are intended for advanced students of Colleges and members of the outside public interested in education and culture, so as to create among them a desire for original investigation or research.

UNIVERSITY TRAVELLING AND OTHER FELLOWSHIPS.

(A)

Ghose Travelling Fellowships.

The Senate adopted the following resolutions on the 30th January, 1914 :—

I. The Syndicate shall annually set apart from the Fee Fund a sum of Rs. 3,000 for the maintenance of a Travelling Fellowship.

II. A Travelling Fellowship of the value of Rs. 3,000, tenable for one year, shall be awarded in 1914 and the four following years. The Travelling Fellowship will be allocated successively to the Faculties of Arts, Science, Law, Medicine and Engineering. If in any year, there is no suitable candidate for the Travelling Fellowship in the particular Faculty concerned it may be placed at the disposal of one of the other Faculties.

III. The Fellowship shall be opened to—

(a) all persons who have been at any time admitted to a degree in the University of Calcutta;

(b) all persons who have been at any time a Fellow of the University, Honorary or Ordinary, or an Added Member of a Faculty;

(c) all persons who have at any time held the office of a Professor, Assistant Professor, Reader or Lecturer in the University.

IV. The Travelling Fellows shall be elected by the Senate on the recommendation of the Syndicate, who are empowered to invite applications and frame rules in this behalf.

V. Each candidate for a Travelling Fellowship shall satisfy the Syndicate as to his general ability to profit by a course of study abroad. He shall also submit a general scheme of the work he proposes to undertake during the tenure of his Fellowship.

VI. The Travelling Fellows shall investigate educational methods abroad in their special branches of study (such branch to be determined by the Syndicate in consultation with them)—preferably in Great Britain and in the Continental European seats of learning. They shall submit periodical accounts of their work to the Syndicate and supply such other evidence of the progress made by them as the Syndicate may from time to time require.

VII. Each Travelling Fellow on his return to India shall submit to the Syndicate a full report embodying the results of his studies and travels which shall be published and be the property of the University.

VIII. The emoluments attached to the Fellowship shall be paid in two half-yearly instalments. The Syndicate shall have power to withhold the payment of the second instalment, if the work done by a Travelling Fellow during the first half-year of the tenure of his Fellowship be deemed unsatisfactory by them.

IX. This scheme shall be in force for a term of five years from 1914.

Note.—The outbreak of the Great War made the award of these Fellowships impracticable. Meanwhile, on the suggestion of the Hon'ble Justice Sir Asutosh Mookerjee, the necessary funds were arranged for by Sir Rashbehari Ghose, Kt., C.S.I., C.I.E.

The late Sir Rashbehary Ghose, in his Will, made a bequest to the University, of a sum of Rs. 2,50,000, for the purpose of founding a few Fellowships in the University.

The following is a joint letter from the executors to the said Will on the subject of the bequest.

“CALCUTTA,

The 22nd June, 1921.

To

THE HON'BLE THE VICE-CHANCELLOR

of the Calcutta University.

SIR,

We have the honour to inform you that Sir Rashbehary Ghose, by the seventh clause of his Will, dated the 23rd day of May, 1920 (of which we have recently obtained probate from the High Court), directed us, as his Executors, to make over to the Calcutta University, out of his estate, the sum of Rs. 2,50,000 for the foundation of a few Travelling Fellowships. It is his recommendation that the University should employ the said sum by following the clauses and rules which he recorded in English in the Schedule marked “Ka” to his said Will. A copy of English translation of the seventh clause to the said Will annexed to the Probate and of the said Schedule marked “Ka” is appended hereto.

We shall feel obliged if you will place the matter before the University in due course for acceptance of the said bequest.

We have, etc.,

HIRENDRANATH DATTA.
BIPINBHARI GHOSH.
LALITMOHAN GHOSH.
RAMCHANDRA GHOSHAL.”

7th Clause of the Will.

“7. I have resolved to found a few Travelling Fellowships, under the supervision of the Calcutta University. In order to defray the annual costs of those Travelling Fellowships, it is necessary to make over Rs. 2,50,000, two and a half lacs of rupees, to the said University. Hence I hereby direct the Executors appointed by this my Will that they should as soon as they can within one year of my death make over Rs. 2,50,000, two and a half lacs of rupees out of my Estate to the said University. It is my recommendation that the Calcutta University should employ the said 2,50,000, two and a half lacs of rupees by following the clauses and rules which I have recorded in English in the Schedule marked “Ka” to the Will.”

Schedule “Ka.”

1. That the sum of 2½ lacs to be made over to the University of Calcutta be invested in approved Securities so as to produce an income, whenever practicable, of four per cent. per annum.

2. That the entire management of the said fund in all respects whatsoever and the application of its income be, subject to the general control of the Senate, vested in the Board of Management mentioned in my letter of the 8th August, 1913, to the University of Calcutta, founding four University Professorships.

3. That three Travelling Fellowships be founded, each tenable for one year, the Fellows to be remunerated from the income of the Fund.

4. That the Fellowships be open only to persons who have been at any time admitted to a Degree in the University of Calcutta.

5. That the Travelling Fellows be nominated by the Board of Management subject to confirmation by the Senate. The Board of Management shall have power to invite applications and shall satisfy themselves as to the general ability of a candidate for Fellowship to profit by a course of study abroad. Each candidate shall be required to submit a general scheme of the work he proposes to undertake during the tenure of his Fellowship.

6. It shall be the duty of each Travelling Fellow to investigate educational methods abroad (that is, outside India) in his special branch of study or to undertake research in any special branch of learning—such branch and the seats of learning where the investigation is to be carried on to be determined by the Board of Management in consultation with the candidate. The Fellows shall submit periodical accounts of their work to the Board and supply such other evidence of the progress made by them as the Board may, from time to time, require.

7. Each Travelling Fellow shall, on his return to India, submit to the Board a full report embodying the results of his studies and travels which shall be published by and be the property of the University.

8. The emoluments attached to a Fellowship shall be paid ordinarily in advance in two half-yearly instalments. The Board shall have power however to withhold the payment of the second instalment if the work done by a Travelling Fellow during the first half-year of the tenure of Fellowship be deemed unsatisfactory by them. A Travelling Fellow may be re-appointed or have his term extended at the discretion of the Board of Management.

9. Of the three Fellowships to be awarded each year, at least two shall be allotted to a Scientific subject.

10. The Senate shall have power, on the recommendation of the Board of Management, to frame supplementary rules for the efficient administration of the Fund. Such rules, however, shall in no wise, conflict with the principle laid down above, nor shall have the Senate power, under any circumstances, to spend any portion of the corpus of the Fund but, if one or more Fellowships are not awarded in any particular year on account of lack of suitable candidates or for like reason, the sum unspent may be temporarily invested by the Board and applied in the award of additional Fellowships in any subsequent year.

The bequest was thankfully accepted by the Senate on the 6th of August, 1921.

Ramtanu Lahiri Research Fellowship.

In August, 1908, Mr. S. K. Lahiri placed at the disposal of the University the copyright of his publication known as "Select Poems" and expressed a desire that part of the income from the sale proceeds of the publication might be applied to the award of two annual gold medals to the two best graduates one male and one female in Mental and Moral Philosophy, at the B.A. Examination, in memory of his father, the late Babu Ramtanu Lahiri and his deceased mother Srimati Gangamani Devi. The offer was thankfully accepted by the Syndicate and since then a considerable balance accumulated to the credit of the Fund. The net annual income, after defraying the costs of publication of the book and the medals, also amounts on an average to Rs. 5,000. In these circumstances the Syndicate, at the suggestion of the donor, and with the sanction of the Senate, have under Section 19, Chapter IV of the University Regulations, established a Research Fellowship in History of the Bengali Language and Literature to be maintained out of the income of the above Fund, supplemented by grant from the Fee fund of the University and have named the Fellowship after the late Babu Ramtanu Lahiri, the father of the donor. They had also appointed Rai Saheb Dineschandra Sen, B.A., as the first Ramtanu Lahiri Research Fellow for a term of five years on a salary of Rs. 250 a month. The duties of the Fellow have been defined as follows :—

- (1) To devote himself to the investigation of the History of Bengali Language and Literature from the earliest times.
- (2) To deliver annually a course of twelve public lectures embodying the results of his investigation; the lectures to be published by the University.
- (3) To submit to the Syndicate every six months, a report of the progress of work done by him during the preceding six months. The Fellowship to be suspended if, on the report of a competent authority, the work done be not found to be satisfactory or up to the standard expected.

FELLOW.

1913-28 Prof. Dineschandra Sen, Rai Bahadur, B.A., D.Litt.

Rai Bahadur Dr. Dineschandra Sen, B.A., D.Litt., who has been engaged in the investigation in the domain of the History of Bengali Language and Literature, as the Ramtanu Lahiri Fellow since 1913 felt that if something were not done immediately for the collection and publication of old and unwritten Bengali ballads, which were handed down from generation to generation by professional rhapsodists, they would soon be irretrievably lost to the country. These ballads, he maintained, were most important and interesting as they revealed the art, literature and traditions of the early times. At the instance of Dr. Sen, the D. P. I., Bengal, offered to help the University with a small Government grant on their furnishing Government with a scheme for enabling Dr. Sen to carry on his researches on a wider scale.

The D. P. I. also offered to help one of the assistants of the Ramtanu Lahiri Fellow with a Government Post-Graduate Scholarship.

The Syndicate at their meeting held on the 28th November, 1924, appointed a committee, consisting of Rai Bahadur Dineschandra Sen, B.A., D.Litt., and Mr. Syamaprasad Mookerjee, M.A., B.L., to draw up a scheme for submission to Government. The following report submitted by the Committee was adopted by the Syndicate on 12th December, 1924, and a copy thereof was forwarded to the D. P. I., Bengal, with a request to move the Government of Bengal for necessary funds :—

"The first essential step will be to provide facilities for the appointment of qualified persons who can undertake the arduous task of collecting ballads

from the remote and unknown corners of the province. It is clear that the nature of work to be done in this connection is such that it will not be well performed by the employment of graduates. They are, generally speaking, accustomed to the ease of town life and to studies principally conducted in libraries or at home. They are hardly capable of undergoing the hardships and privations which are involved in journeying through the rural districts and in visiting the poor peasants who dwell in mud huts, and are the custodians, so to say, of the songs and ballads of the countryside. The graduates are, again, not expected to be sufficiently intimate with the modes of living of the poor and, what is more, possessed of tactics and practical wisdom to "coax" a cautious peasant into unburdening his store of traditions and memories. The collection of ballads does not accordingly require the assistance of persons equipped with high academic qualifications.

It is thus undeniable that we must have our band of special collectors. The question is how to appoint them. We are of opinion that we should have at least three men on our staff who will be kept in charge of collecting ballads and songs. We, however, do not think that it will be desirable to appoint them on fixed salaries at the very outset. We have made enquiries and have found that there are some persons, about eight in number, who are competent to work in this field and are willing to place their services at the disposal of the University. Almost all of them have sent us specimens of their collections which, though promising, are not adequate for testing their capacity for work. We should encourage such persons to send in specimens of their collections and should appoint those three amongst them, who will satisfy us that they have the highest aptitude for work in this field.

This was exactly what was done in the case of Babu Chandrakumar De who had at first sent us a few instalments of ballads for which he was paid remuneration from the University and was subsequently appointed in the Department of Old Bengali MSS. on a fixed monthly salary. The University now pays him at the rate of Rs. 60 per month which includes his travelling and other incidental expenses. In consideration of his special merits and high and approved qualities of his work we recommend that his salary be increased to Rs. 85 per month.

We are of opinion that it will be necessary to provide for a fixed annual grant which will enable the University to purchase ballads and songs which may be collected by independent workers other than the three persons who will be employed by us. A sum of Rs. 250 will, we consider, be adequate for this purpose.

For the smooth working of this department it will be necessary to place at the disposal of the Fellow the services of a competent clerk who will perform such duties as correspondence and making fair copies of texts, commentaries, translations, introductions and notes.

In our opinion such an Assistant should be in receipt of a monthly salary of Rs. 60. At present the University provides for the appointment of a temporary Assistant every year for the performance of such duties as enumerated above. We strongly feel that this arrangement should be made permanent.

We also consider it desirable that definite provision should be made for a typewriter and certain contingent expenses which will include such items as paper, stamps, etc.

It will be necessary furthermore to arrange for the printing and publishing of a volume of about 500 pages embodying the work that will be done by the Fellow in course of every year. We are of opinion that the University should undertake to arrange for the regular publication of the work.

We may at this stage usefully summarise the actual financial effect of the scheme which we have outlined above. We propose to classify the items of expenditure under two heads, one concerning those for which the University should apply to Government for help, the other dealing with those for which the University itself should be responsible.

Government.

1. Proposed increase of salary to Babu Chaudrakumar	
Do	300 per annum
2. Pay of three persons to be appointed for the purpose of collecting materials, at the rate of Rs. 50 a month each and a fixed travelling allowance for Rs. 20 a month each	2,520 per annum
3. Purchasing materials from different independent sources	250 per annum
	<hr/>
TOTAL ...	3,070 per year

University.

1. Cost of printing and publishing a volume of about 500 pages	2,000
2. Contingencies	100
3. A clerk on Rs. 60 per month	720

Non-recurring Expenditure : A Typewriter	350
	<hr/>

We have carefully considered the possibility of arranging for the association with the Fellow of a competent M.A., trained in the approved methods of systematic and scientific study of Indian Vernaculars in the University, who might be awarded one of the scholarships at the disposal of the Director of Public Instruction. Such an arrangement will materially help the cause we are advocating, for it will ensure continuance of an organised school of researchers in this field. There are at present three Research Assistants working under the Ramtanu Fellow and we are of opinion that the nature of the work in which they are engaged is such as will not permit them to devote their energies to other directions just now. * * * * The first has taken up for research on "The Sahajia Cult of the Vaisnavas," the second is engaged in collecting materials for social history of Bengal and the third is working in the field of philological research regarding the Birbhum dialect.

They have not only to carry on research by constantly consulting the old Bengali manuscripts in the libraries of the University and the Sahitya-Pari-shad, but have also to devote considerable time to tracing other materials from original sources. They have to submit quarterly reports embodying the results of their work. In spare hours they have also to take up teaching work in the Post-Graduate Classes, so far as their own special subjects are concerned. It will, therefore, be not possible for any of them to work exclusively on the ballads along with the Fellow. We strongly recommend that the Director of Public Instruction should be requested to keep apart one of the scholarships at his disposal, to be awarded to a qualified graduate who will work in this field under the direction of the Fellow.

In conclusion, we recommend a Standing Committee be appointed by the Syndicate to supervise generally the work of this department. Such a committee need not and should not be large in composition. The Ramtanu Lahiri Fellow will of course be on it and we propose he should have as his colleagues two more members, one to be nominated by the Syndicate and the other by the Board of Higher Studies in Indian Vernaculars."

The scheme as outlined in the above report was approved by the Government of Bengal, who sanctioned a non-recurring grant of Rs. 3,070 to this University for one year for the purpose. The question of renewing the grant for a further period of three years and a half is under consideration of the Government.

Steps have already been taken by the Syndicate to give effect to the recommendations of the Committee and the following Standing Committee has since been appointed :—

Prof. Dineschandra Sen, Rai Bahadur, B.A., D.Litt.

Prof. Sunitikumar Chatterjee, M.A., D.Lit. (London). (Nominated by the Syndicate.)

Sailendranath Mitra, Esq., M.A. (Representative of the Board of Higher Studies in Indian Vernaculars.)

Sreegopal Basu Mallik Fellowship

The following scheme for the Fellowship was adopted by the Syndicate and the Trustees of the donor :—

1. In the first instance, a Fellow shall be appointed for a term of three years, whose duty it shall be—

(a) to give tutorial assistance to students of Sanskrit generally and students of Vedanta Philosophy in particular,

(b) to deliver a course of lectures on Vedanta Philosophy,

(c) to carry on research in Vedanta Philosophy with a view to enable him to discharge his duties under heads (a) and (b) satisfactorily.

2. With a view to give effect to the object mentioned in 1 (a), the Fellow shall hold classes not less than three times a week during at least thirty-six weeks in the year. To such class only such students will be admitted as may have satisfied the Fellow either by submitting to a test to be imposed by him or otherwise that they are qualified by previous training and attainments to profit by his teaching. The name of any student may be removed by reason of irregularity in attendance. The course of tutorial instruction shall include not only the Vedanta Philosophy but also such preliminary branches of study as may be determined by the Fellow from time to time in consultation with the Syndicate. Twelve of those students will be entitled to a monthly stipend of Rs. 10 (Rupees ten) to be paid during good conduct and upon satisfactory progress made in their studies. An annual examination shall be held, upon the result of which the best student will be awarded a gold medal of the value of one hundred rupees and also a prize of Rs. 500. The annual examination shall be open to graduates and to holders of certificates at the Sanskrit Title examination of such standing as the Syndicate may approve.

3. With a view to give effect to the object mentioned in 1 (b), the Fellow shall annually deliver a course of public lectures on Hindu Philosophy in general and Vedanta Philosophy in particular. These lectures must not be less than twelve in number to be delivered not more than once a week. The substance of these lectures, as also the result of any original research or investigation made by the Fellow under 1 (c) above shall be published in a volume at the close of every year.

4. The remuneration of the Fellow shall be as follows :—

(a) A stipend of Rs. 125 a month.

(b) A lump sum payment of Rs. 1,400 at the end of the year out of which the expenses of printing 500 copies of the lectures shall be met, 400 of which shall be placed at the disposal of the University and 100 at the disposal of the Founder's representative for free distribution.

5. The fellow must submit a quarterly report to the Syndicate as to the manner in which he has been discharging his duties.—

6. The mode of election shall be as follows :—

Persons who have made a special study of the subject shall be invited by notices and advertisements in the newspapers to send in their names together with a synopsis of the proposed lectures to the Syndicate who shall select at least three persons out of the applicants, and send their names to the Trustees, who shall within one week thereafter notify their choice, which will be accepted by the Syndicate.

TERMS OF SETTLEMENT AS DECREED BY THE HIGH COURT OF JUDICATURE AT FORT WILLIAM IN BENGAL ON THE 29TH OF JULY, 1920.

Scheme of 1906 stands as notified below :—

1. It is to be for a period of three years only from 1st July, 1920, to be renewed thereafter on such terms as may be mutually agreed upon. Six months before expiration of the period either party may move the other for such removal.

2. Trustees to pay minimum sum of Rs. 3,000 a year for three years. If balance exceeds that amount, such balance to be paid up to Rs. 5,000.

3. Durgacharan Sankhya-Vedanta-Tirtha to be appointed for three years from the 1st August, 1920, on a salary of Rs. 1,700 a year which is to cover the expenses of the publication of his lectures. He will be at liberty to publish his lectures in one or three volumes yearly or at the end of the period.

4. The University will use part of the money so paid as monthly stipends for 10 students at the rate of Rs. 10 a month and will also provide a gold medal for Rs. 100.

5. In the event of the University receiving more than Rs. 3,000 and up to Rs. 5,000, the excess to be applied for additional stipends to 5 more students at the same monthly rate, in the 1st instance, and then apply any further balance for publication of the lectures which is also to be paid to the Fellow, prizes and such other purposes, in connection with the Trusts as the Trustee and the University may agree upon.

6. In the event of the fellow vacating by death or resignation or otherwise before the 1st August, 1922, another Fellow is to be appointed for the unexpired period according to the original scheme for appointment.

7. If the vacancy occurs in the third year, the money for such Fellowship will be paid to the University but no appointment will be made until a new scheme be framed, which is to be done as expeditiously as possible.

8. The sum of Rs. 1,461 balance in the hands of the University, the Trustees agree to be treated as having been properly spent as payment to Pandit Durgacharan for his past services.

9. The University will account for unexpended balance at the termination of three years to the Trustees and such balance will be spent as agreed upon by the Trustees and the University for advancing the same objects and purpose during the next period of three years.

10. The selection of a Fellow as in the scheme of 1906.

11. Suit withdrawn on the above terms.

12. Each party to pay his own costs on scale No. 2, liberty to tax costs as between attorney and client on scale No. 2.

13. The Trustees would allow inspection of the books of account of the Trust properties to the authorised agent or agents of the University for the purpose of giving facilities to the University to ascertain the amount of the surplus income available to the University upon reasonable notice.

Mr. S. C. Mallik in his letter of the 15th March, 1925, addressed to the Registrar, recommended that the present scheme of the Sreegopal Basu mallik Fellowship should be revised so that from time to time a course of lectures should be delivered by some one who had especially studied both the oriental and occidental systems of thought. He suggested that a total honorarium of Rs. 5,000 (inclusive of the cost of publication of the lectures delivered) should be offered for the delivery of a course of public lectures and that if this did not prove sufficient to attract a suitable man the trust funds should be accumulated for two years and an honorarium of Rs. 10,000 offered.

The following revised scheme formulated on the lines of the above suggestions was adopted by the Syndicate in 1925 :

1. A sum of Rs. 1,000 shall be set aside for the cost of publication of the lectures referred to in paragraph (2) of the scheme.

2. An honorarium of Rs. 4,000 shall be offered for the delivery of a course of twelve lectures in December, 1925, on Vedanta Philosophy dealing especially with the place occupied by the Vedanta in the philosophical system of the civilised world and of its merits as compared with Western Schools of thought.

3. Notices shall be sent to the leading Universities in India inviting applications from candidates for the Fellowship who shall be required to submit their applications in writing to the Registrar on or before the 31st August next accompanied by a statement of their qualifications and courses of study and by two testimonials. Advertisements inviting applications shall also be inserted in suitable publications circulating in India.

4. Candidates shall be required to have pursued a course of study in both Oriental and Occidental systems of Philosophy.

5. Candidates shall be required to submit a synopsis of the lectures they propose to deliver together with their applications.

6. The selection of a Fellow shall be made by a Selection Board appointed by the Syndicate of which the Founder shall be a member.

7. In the event of no suitable person applying, the lectures shall be postponed to December, 1926, and an honorarium of Rs. 9,000 be offered in which case notices inviting applications shall be sent to the principal Universities in Europe and America as well as to the Universities of India, advertisements also being inserted in suitable publications circulating in Europe, America, and India.

Note.—(i) The cost of advertisement should be borne from University funds. The honorarium should be exclusive of the cost of publication.

- (ii) Lectures should be so arranged as not to clash with Christmas holidays.
- (iii) The Selection Board should select three names and forward them to the Trustee for final selection.
- (iv) 100 copies should be provided for the Founder's representatives and 400 copies for the University.
- (v) The Tutorial classes should be discontinued.

UNIVERSITY LAW COLLEGE.

The history of the foundation of the College is set out in the following minute by the Hon'ble Justice Sir Asutosh Mookerjee, Kt., C.S.I., M.A., D.L., D.Sc., Ph.D., F.R.A.S., F.R.S.E., F.A.S.B., Vice-Chancellor of the University :—“The branch of our educational system which stands in need of the most urgent and radical reform is that concerned with the teaching of Law for our Degree Examinations. It is a noteworthy fact that we have not got a single college devoted entirely to the Study of Law, as we have in the cases of Medicine and Engineering. When the University was founded in 1857, Law classes were attached to the Presidency College which was, in the main, an Arts College. The number of Law students was comparatively small, and the first Professors employed to teach Law were men of considerable distinction. In 1864 the Government decided to attach Law classes to its Colleges at Hughly, Dacca, Krishnagar, Berhampur and Patna. In each case, a distinguished graduate in Law was appointed on a fixed monthly salary, and the best men available from the ranks of the then new batches of Law graduates were engaged. The classes at all these Colleges were comparatively small, and the teaching imparted was more or less efficient from the point of view of the Law Regulations as they existed at the time. In 1869 similar Law classes were attached to the Colleges at Cuttack and Chittagong, and in 1880 Law classes were attached to the College at Rajshahi. Up to the point of time we have reached the Law classes were attached only to Government Colleges, and the fees charged were moderately high; in the case of the Presidency College the fee was five rupees a month in the First-year class and ten rupees a month in the Second and Third-year classes; in the case of other Colleges, it was nowhere less than five rupees a month. In 1882, the authorities of the Calcutta Metropolitan Institution applied for affiliation in Law. The application was granted, and as no conditions were imposed Law classes were opened with a monthly fee of three rupees in the First-year class, four in the Second, and five in the Third-year class. The immediate result was that the Presidency College lost the majority of its Law students. Shortly after the City College was affiliated in Law in 1883. Two years later, the Ripon College was affiliated in Law in 1885 and opened classes at a uniform rate of three rupees, with the result that the other private Colleges were obliged to come down to the same level. About this time, the Government closed the Law classes in the Presidency College. Since then, another College has been affiliated in Law in Calcutta, namely, the Bangabasi College in 1896, and six Colleges in Mofussil have also been affiliated in Law, namely, Cooch-Behar, Bhagalpur, Midnapur, Bankipur, Barisal and Rangoon. The University, therefore, has at present time nominally 19 Colleges to which Law classes are attached, but there are really 18 at work, as the Presidency College has had no classes during more than twenty years. The Calcutta Colleges have raised their fee from rupees three to rupees four. In the Mofussil Colleges, the fee ranges from rupees three to rupees six. The classes everywhere in the past were more or less full; but the College which had the largest number on its rolls is the Ripon College. As regards the efficiency of these Colleges judged from the point of view of the requirements of the New Regulations, only one opinion is possible; they are nowhere near the mark, and the arrangements made can, at the best, be regarded as nominal compliance with the Regulations. The system which has prevailed for many years past in most of the Government Colleges in the Mofussil, namely, to pay the Law Lecturer the

amount of fees paid by the students has been suicidal. To take one example in a Government College situated not very many miles from Calcutta there was during the last session only one student who paid five rupees a month, and for this sum a Government Pleader, who is the Law Lecturer, is supposed to have taken him through a complete course of Law studies. In Calcutta, where the number of students is very large, the state of things has been just the opposite, and the successful endeavour has been made to turn the Law Classes into as lucrative a business as possible. The object has been gained practically by an entire sacrifice of discipline. A class may have on its rolls 150 students; the lecturer begins at the appointed time, say 8 o'clock in the morning, with a dozen students; after he has lectured for half an hour, students begin to drop in till the class becomes pretty full when the rolls are called. Proper continuity of work is hardly possible under such circumstances. The majority of the students have no books; they do not intend to listen to the lectures; very many of them are employed as Teachers in Schools or Clerks in Offices and their only anxiety is to get credit for attendance at a certain number of lectures as required by the University Regulations; and it is by no means an unusual incident for a student to get himself marked "present" by a proxy. Not only are the majority of the students irregular and unpunctual in attendance, not only in attendance expressly for the purpose of colourable compliance with the University Regulations—the same laxity characterises, in many instances, the payment of college fees which are often allowed to fall into arrears and sometimes unrealised and lost to the college. All this laxity encourages our graduates to enter themselves largely as Law students, so that at some future time when occasion may arise or when they may find it convenient they may appear at the Examination on the strength of their attendance at these lectures. This is manifestly contrary to the spirit of the new Regulations. The new University Regulations in Law contemplate a thorough training in all the subjects of the Examination. The number of subjects has been increased by the introduction of important branches like Roman Law, Theory of Legislation, Equity and English Law of Real Property. The number of lectures to be delivered, to cover the course, is considerably in excess of what was required under the Old Regulations. Students are required to attend Moot Courts where legal problems are discussed by them under the presidency of their Professor as judge. This can be done with profit and instruction only if the students have been taken in small batches and taught by their teachers to study and analyse cases and to deduce legal principles from a first-hand study of important judicial decisions. Then again, in the Examination under the New Regulations 40 per cent. of the marks are to be allotted to the solution of questions framed with a view to test the ability of candidates to apply the more important legal principles to concrete cases. The Regulations provide not only that full credit is to be given for well-reasoned answers to such questions, even though the conclusions happen to differ from the view taken in decided cases but also that no credit shall be given for bare answers unsupported by arguments. All this implies a far more thorough training than can be obtained by mere attendance at lectures delivered to large classes of students. Indeed the Regulations assume a thorough grounding in legal principles, and a systematic study of illustrative cases such as can be pursued only in a good Law Library, and under the guidance of an efficient teacher placed in charge of a limited number of students. From the point of view of the New Regulations, not one of the Law classes can consequently pretend to make any approach to efficiency. No College has got a good Law Library or a sufficient number of efficient teachers. No attempt is made to enforce discipline among the students. The Bengal Education Department has realised this and I understand that the Law classes attached to all the Government Colleges in Bengal will be closed from the beginning of the current session. The Government of Eastern Bengal and Assam have also realised the situation, and the Law classes attached to the Government

Colleges in the Province will shortly be closed, and will be replaced by a Law School at Dacca, a proposal for the affiliation of which will be submitted to the University by the Director of Public Instruction. So far as the private Colleges out of Calcutta are concerned they cannot possibly satisfy the requirements of the Regulations. So far as the private Colleges in Calcutta are concerned, the authorities of the Bangabasi College have already intimated to the University that they have decided to discontinue the Law classes from the beginning of the ensuing session. So far as the Metropolitan Institution and the City College are concerned, neither of them makes a substantial profit upon the Law classes and if their Law classes are closed, the financial position of the Colleges would not be seriously affected. As regards the Ripon College with which I shall deal later on the case is different; this particular College effects a substantial saving upon the Law classes, a portion of which is apparently absorbed in the maintenance of the Arts Department. If the Law classes in the Ripon College are closed, it would mean a substantial loss to the Proprietor. As I have already stated however, none of the existing Law classes is efficient from the point of view of the New Regulations, and I am not prepared to concede that these Law classes should be allowed to exist either for the maintenance of the Arts classes or for the profit of the Proprietors. Under Section 7, Chapter XIX of the Regulations, the University is called upon to submit the case of each college to the Government of India and I feel no doubt that neither the Syndicate nor the Senate can, with any sense of self-respect recommend the continuance of the present system which has been a serious blot on our educational methods for many years past. I invite the University therefore, to face the situation, and refuse to countenance any longer what has hitherto prospered under the name of legal education. The only solution of the situation is to close all the Law classes and for the University, to found a Law College like the Law Colleges in Madras, Bombay and Allahabad. The Law Colleges in the other provinces are owned and maintained by Government; the Law College proposed by me will, however, be a University College, though we may thankfully accept any aid which the Government may give. I do not desire it to be understood, however, that I claim any monopoly for the University Law College as I have already stated there will be a similar Law School, though on a smaller scale, at Dacca and I trust that at no distant date there may be a well-equipped Law School for Behar at Bankipur. It is not inconceivable also that with liberal endowments a Law College may be established in some other part of the province. But whenever or wherever such an institution may be established, and whoever maintain it the essential condition for its affiliation to the University must be that it is a *bona fide* centre of legal education. I shall now give an outline of my scheme.

The University Law College shall be under the management of a Governing Body of twelve members, constituted as follows :—

1. The Vice-Chancellor, *Ex-Officio*, President.
- 2-4. Three Judges of the High Court (to be nominated by the Chief Justice of Bengal in consultation with the Vice-Chancellor).
5. The Advocate-General of Bengal, *Ex-Officio*.
- 6-7. One member of the Bar and one Vakil of the High Court. (Both to be nominated by the Faculty of Law.)
8. The Legal Remembrancer to the Government of Bengal.
9. The Director of Public Instruction, Bengal.
10. The Principal of the Law College.
- 11-12. Two Lecturers of the College to be elected by the Staff.

Members of the Governing Body shall be elected annually. Occasional vacancies shall be filled up by the Syndicate, upon the recommendation of the body entitled to elect.

The management of the College shall be vested in the Governing Body, but their proceedings shall be subject to confirmation by the Syndicate.

As the Governing Body described above cannot be completely constituted till the College has been actually established and the Principal and the staff appointed, a provisional Committee shall be appointed by the Syndicate.

The College shall have a whole-time Principal who shall not be allowed to practise in Courts. His salary shall be Rs. 800 a month rising to Rs. 1,000 by annual increment of Rs. 50. It may be added that each of the Law Colleges in the other Provinces has a whole-time Principal, and it does not require any argument to shew that some one must make it his business to look after the College and to maintain it in a state of efficiency.

If we assume that there will be 150 students in each class there must be in addition to the Principal one Professor on Rs. 200 a month, and 8 Assistant Professors on Rs. 150 a month. For a larger number of students the staff will have to be proportionately increased.

The Principal shall lecture two hours a day and the Professor one hour a day, during at least 30 weeks in the year (this would include systematic lectures as well as sittings of the Moot Court). The Assistant Professors will take the students in batches of twenty. Each Assistant Professor will, therefore, have under his charge 20 First-year and 20 Second-year students. He will on alternate days, take the two sets of students to the Library for tutorial work and discussion of cases, during, on an average, 2 hours a day; he will also give the students under his charge regular weekly exercises or subjects for essays which will be corrected and returned. The duty of each Assistant Professor, therefore, will be discussion with the students 2 hours every day and correction of forty exercises a week. Each student will thus have 9 hours' lectures a week and 6 hours' work a week in the Library. This, I think, is a very moderate demand to make, and I shall not be surprised if it is found necessary to increase the quantity of work later on. What I have suggested is extremely moderate in comparison with the work demanded from students in Law Colleges elsewhere which have reached a high degree of excellence, for instance, Columbia and Harvard in the United States and Tokyo in Japan. I do not doubt, however, that even the moderate beginning in earnest work which I propose, will reduce the existing number of nominal students who now swell the rolls. In the University College no one, I hope, will take his admission who does not seriously wish to undertake the study of Law, and for myself, I do not wish anybody else to come near the place. No one, I trust, deems it the duty of the University to encourage or countenance a system under which the very first art practised by young aspirants for entrance into a learned and honourable profession is defiance of discipline and evasion of the University Regulations.

The monthly recurring expenditure will be Rs. 2,200 in the first year. I have estimated the number of students at 300. The tuition fee must therefore, be fixed at Rupees eight a month, which is, by no means, too high, if we consider the quality of training we propose to give. In any event, a Law student, even under the conditions I propose, will have to spend less and will have much easier life than a medical or an engineering student. I am in a position to add, however, that the Government of Bengal is prepared to make an annual grant, to be devoted to reducing the fees of students by the grant of scholarships at the discretion of the Governing Body; the amount of the grant will be Rs. 3,500 a year for the first five years, and will be subject to reconsideration at the end of that period. With this sum at our disposal we may, for instance, institute about one hundred and forty-five studentships of Rs. 2 a month to be given to deserving students upon the results of work done in the College. The effect of this arrangement will be that deserving students will, practically, have to pay a fee of Rs. 6 only a month.

The College must have a good Law Library; Rs. 30,000 to start with is a moderate estimate. I suggest that this amount be provided from the University Reserve Fund. In addition to this, the Government of India and the Government of Bengal are prepared to help us and to place in the Law College Library, for the use of Law students, several sets of the Indian Law Reports and other Law Publications of the Government of India and of the different Local Governments.

The College must be suitably located. There will be no difficulty in providing proper theatres in the University Buildings which we propose to

erect at once on the land recently acquired by the University towards the west of the Senate House. I would also suggest that of the Reading Rooms in the Darbhanga Library Building, eight may be fitted up with small working Libraries where the students may read under the guidance of the Assistant Professors.

If the scheme is approved, I hope to be able to get everything ready so as to be in a position to open the Law College in July, 1909.

I have given, I hope, an intelligible outline of the proposed University Law College. The details, of course, will require careful consideration and must be left to the Provisional Committee. I wish it to be understood also that the details I have suggested may require modification in the light of experience.

There are two other questions which incidentally arise and deserve consideration; the first of these relates to what are known as Pledership students, and the second, to the Ripon College.

As regards the Pledership students, they are required under Rules, framed by the High Court (Chapter XI, Rule 6 of the High Court Rules, page 263), to attend lectures at one of the Colleges affiliated in Law to the Calcutta University, before they are allowed to appear at the Pledership Examination. The University is not directly concerned with these students, and if a strict view is taken of the scope of the University Law College, it may well be contended that these Pledership students ought not to find any place in our institution. It will be a matter for the authorities who controlled that Examination to decide whether the Rules ought to be so modified as to allow Pledership students to read in some one or all of the existing Law Classes. If such a course is adopted—as may well be on the ground that the Pledership course differs in some essential respect from our B.L. Course—we shall have nothing to do with the Pledership students. If, however, the High Court desires that the Pledership students in future should undergo the same kind of training as we propose to give to our B.L. students, and if the University consents to find accommodation for them, we may very well ask the Government to give us substantial aid. The question of the provision to be made for the education of Pledership students, however, obviously does not concern the University directly, and cannot deter or delay any action which the University may find essential in the true interests of the education of its Law students.

Next, as regards the Ripon College, I have already stated, that it makes a substantial profit out of the Law classes; the withdrawal of affiliation in Law will therefore mean loss to the Proprietor. I do not hesitate to say that this ought not to deter or delay that action on the part of the University which is essential in the interests of sound education and discipline. At the same time, I think the University may, if the Proprietor so desire, assist him to put the College finances on a sound basis. I have before me the Report of the University Auditor on the College Accounts, such as they are. One fact is patent. A large amount of money is annually lost in the B.L. classes, in the Pledership classes, as also in the Arts classes, by reason of great laxity in the realisation of fees from the students. The remedy for this lies in the hands of the Proprietor himself. In the next place it seems to me clear that if the Arts classes are to be made self-supporting, the college fees must be raised, and a rise of even one rupee a month in the fee paid by each student would bring in a considerable sum, nearly sufficient to make up for the loss likely to be caused by the abolition of the B.L. classes. If the Pledership classes are also abolished, there would, perhaps, be no margin left for the Proprietor; if, however, the High Court is satisfied that the Pledership classes can be remodelled, so as to meet the requirements of that description of students, and if the High Court recognises the Pledership classes, there would be a margin left for the Proprietor. The condition of this particular College and of some of the other Private Colleges in Calcutta suggests to my mind that it may be desirable for the University to arrange for University Lecturers to teach the B.A. and B.Sc. Honours Courses. If

this idea is carried out, as has already been recommended by the Syndicate, the pressure upon these Colleges in the Arts department would be considerably reduced. I may add that if one or more of these Colleges will seriously consider the question of a small rise in the fees levied from Arts students, the Syndicate may very well help them to come to a common understanding upon the point, so as to avoid the unfair competition referred to in Section 6, Clause (i) of Chapter XVIII of the Regulations. The University may reasonably be expected to assist the Colleges so as to facilitate their work, but I maintain, at the same time, that the University ought not to be expected to countenance a thoroughly unsound system which is misnamed legal education for the benefit of either Arts Classes of Colleges or of their Proprietors."

The above Minute was considered by the Syndicate at their meeting on the 4th July, 1908, when the following Resolution was adopted:—

"That the Syndicate recommend to the Senate that a University Law College be established and that the Syndicate be authorised to appoint a Provisional Committee to organise it."

The Minute was also considered by the Faculty of Law at a special meeting held on the 14th of July, 1908, when the following motion was carried:—

"That the Faculty do record its opinion that for the promotion of legal education of students for degrees in Law, it is desirable to establish a University Law College, to serve as a model College, but not so as to create a monopoly either general or local."

On the 21st July, 1908, upon the motion of the Hon'ble Vice-Chancellor the Senate unanimously accepted the recommendation of the Syndicate and the Faculty of Law that a University Law College be established. This resolution of the Senate subsequently received the sanction of the Governor-General in Council on the 25th August, 1908, and the College was formally affiliated to the University in Law with effect from July, 1909.

The College is under the management of a Governing Body, consisting of sixteen members, constituted as follows:—

- I. The Vice-Chancellor, *President, Ex-officio.*
- II-IV. Three Judges of the High Court (to be nominated by the Chief Justice of Bengal in consultation with the Vice-Chancellor).
- V. The Advocate-General of Bengal, *Ex-officio.*
- VI. The Senior Government Pleader of the High Court, *Ex-officio.*
- VII-IX. Three members nominated by the Faculty of Law, one of whom at least shall be a member of the Bar and one a Vakil of the High Court.
- X. One Representative of the Incorporated Law Society.
- XI. The Legal Remembrancer to the Government of Bengal, *Ex-officio.*
- XII. The Director of Public Instruction, Bengal, *Ex-officio.*
- XIII. The Principal of the Law College, *Ex-officio, Secretary.*
- XIV. The Vice-Principal of the Law College, *Ex-officio.*
- XV-XVI. Two Lecturers of the College to be elected by the staff.

The members of the Governing Body are appointed annually. They hold office during the academic year for which they are appointed, occasional vacancies being filled up by the Syndicate upon the recommendation of the Body entitled to appoint.

At meetings of the Governing Body, seven Members form a quorum.

The proceedings of the Governing Body are subject to confirmation by the Syndicate.

The staff of the College consists of a Principal, a Vice-Principal and as many Professors as are needed to meet the requirements of the students.

Each of the three years' course will comprise not less than 200 working days. There will be three terms in each year, the first of which will extend from the last week of June to the end of September; the second from the beginning of November to the end of the third week of December and the third from the beginning of January to the middle of April.

The Governing Body for the year 1927-28 has been constituted as follows :—

1. Jadunath Sarkar, Esq., C.I.E., M.A.—{

 Vice-Chancellor,
President,
Ex-officio.
2. The Hon'ble Mr. Justice P. E. Cammiade, I.C.S.
3. The Hon'ble Justice Dr. Dwarkanath Mitter, M.A., D.L.
4. The Hon'ble Mr. Justice Bepinbehari Ghosh, M.A., B.L.
5. The Advocate-General of Bengal.
6. Senior Government Pleader, High Court, Calcutta.
7. The Legal Remembrancer to the Government of Bengal.
8. The Director of Public Instruction, Bengal.
9. Manmathanath Ray, Esq., M.A., B.L., M.I.C.
10. S. Khuda Bukhsh, Esq., M.A., B.C.L.
11. Pramathanath Banerjee, Esq., M.A., B.L.
12. B. K. Basu, Esq., Attorney-at-Law.
13. Satischandra Bagchi, Esq., B.A., LL.B., LL.D., Barrister-at-Law.
14. Birajmohan Majumdar, Esq., M.A., B.L.
15. Syamaprasad Mookerjee, Esq., M.A., B.L., Barrister-at-Law.
16. Rupendrakumar Mitter, Esq., M.Sc., M.L.

Since the session 1918-19, the teaching arrangements in the College have been entirely re-organised in accordance with the scheme outlined in the following memorandum by the Hon'ble Justice Sir Asutosh Mookerjee, Kt., C.S.I. :—

“ The unsatisfactory system of training of Law students, which prevailed in our colleges before the University Law College was founded, is described in a memorandum drawn up by me on the 1st July, 1908, and printed in the University Calendar for 1917, Part I, pages 112-117. The system now in force marks a considerable advance upon the pre-existing condition of things but stands in urgent need of further improvement in essential particulars.

Under the present system, the students are taught in two types of classes. In one type of classes, the students are required to attend three lectures a day, two of them delivered to a class of 150 students each, the other to a class of 25 students commonly known as a tutorial class. Each of these lectures extends over a period of 45 minutes, so that the student attends lectures which occupy him for two hours and fifteen minutes. In the other type of classes, the students are required to attend two lectures a day each extending over one hour; each of these classes comprises on an average from 50 to 60 students. There is also some arrangement for written exercises, but it is of so inadequate a character that no further reference need be made to the subject. There are, in addition, moot courts. Cases are prescribed in advance to be studied by students; these are thereafter argued by them in the class with the Professor in the chair. It is obviously impossible for every student to take part in these discussions and as a matter of fact in each class there is a small group of students who systematically join in the debate, while the others somewhat listlessly watch the proceedings.

The vital defect of the present system is that it does not ensure independent work on the part of the student: he is supposed to listen patiently to long courses of lectures, and if he is specially diligent, to take down notes and analyses with a view to commit them to memory; in other words, he is supplied with pre-digested food which he is expected to assimilate. But if there is any branch of study which require independent thought on the part of the students it is unquestionably law, and he should be made to cultivate from the earliest period, that habit of clear and accurate thinking which is essential for the attainment of professional success. This point of view has pressed itself upon my mind for some time past, but I have not been able hitherto to suggest a complete re-organisation of the teaching

arrangements in the University Law College, by reason of financial considerations. At the time of the establishment of the College, in 1909, we found it necessary to draw from the general funds of the University a considerable sum of money for the equipment of the library, year by year; the sum advanced has been paid back in instalments and on the 30th June of the current year, the final balance due will be repaid. From the commencement of the ensuing academic session, we shall thus be in a position to spend the whole of our income for the benefit of the students. In these circumstances, I venture to ask the indulgence of my colleagues on the Governing Body, to place before them proposals for a more efficient scheme of legal studies for the benefit of our students than has hitherto been found practicable.

The two principles which underlie my proposals are as follows :

(1) The number of formal lectures which each student is required to attend should be reduced ;

(2) each student should be required periodically to compose a short essay on a prescribed subject, after he had an opportunity to study it under the guidance of his teacher, who would suggest a suitable course of reading therefor ;

(3) these exercises would be submitted to the teacher, who would correct them at home, and would subsequently meet the students in small groups, to discuss with them points which arose on the exercises and any cognate topics.

After careful consideration of the entire course, prescribed by the Regulations, I am inclined to adopt the view that no student need be required to attend more than one lecture a day, and that each student should be required to compose under tutorial guidance as indicated above one essay every two weeks. The college session covers from 25 to 30 weeks ; each student will consequently be expected to prepare from 12 to 15 essays during the whole year. This I do not consider to be too exacting, and I trust that if a student faithfully does his work, he will cultivate that habit of accuracy and conciseness which is absolutely essential for a successful career in the profession. In addition to this, the arrangements for moot courts will be continued as required by the Regulations.

The maximum number of students who can be accommodated in the College in the morning and the evening-classes, is 2,400 ; the highest number we had on our rolls was during the last session, *viz.*, 2,180. If we fix the number at the maximum, we have to arrange for approximately 800 students in each of the three classes, as we have under the Regulations a three years' course of Law study. I would divide each class into sections of 100 students at the most. Each section will be subdivided into two groups for delivery of the formal lectures and into four groups for purposes of tutorial work. Each section of 100 students will then be placed in charge of two teachers each lecturing on half the course and each taking the tutorials in his special subjects. The duty of each teacher whether appointed chairman or not, thus, will be as follows :

(1) to deliver, on six days in the week, one lecture a day to a class of 50 students at most, extending over one hour ;

(2) to correct 25 exercises a week ;

(3) to meet 25 students in groups of 8, on three days in the week (one hour each day). As the correction of exercises will be done at home, each teacher will have to attend in the University buildings 9 hours in the course of the week ;

(4) to attend, at a stated time, once a week in the University Buildings a meeting of teachers in the special subject including the Chairman with a view to fix the subjects for tutorial work, to consider and prepare the Syllabus, to discuss the progress of work, to compare notes of their experience, and

generally to transact all such business as may be necessary for the proper co-ordination of the work of instruction ;

(5) to hold Moot Courts on stated occasions.

The work of each student will be as follows :

(1) to attend one lecture a day, every day in the week ;

(2) to compose one essay in two weeks ;

(3) to attend a tutorial class for one hour, once in two weeks ;

(4) to attend Moot Courts as directed.

This scheme will require a staff of 48 teachers, namely, two for each of the 24 groups of 100 students. It is manifest, however, that some links must be provided for co-ordination of the work ; it would be disastrous, indeed, if each teacher were left free to follow his own way without consultation with such at any rate of his colleagues as might be engaged in dealing with the same subject as he himself was teaching. It would consequently be necessary to group together the teachers in each subject and to appoint a Chairman for that group. Each group, under the guidance of its Chairman, should meet at stated times in the University Buildings, fix the subjects for tutorial work, discuss how the work was progressing, and compare notes of their experience. Let me take a concrete illustration. In the Second-year Class, each student is required to attend lectures on four subjects, namely, (1) Muhammadan Law, etc., (2) Transfer of Property, (3) Real property and Succession, and (4) Contracts and Torts. We shall have 16 teachers for the 8 sections of 100 students each ; eight of these teachers will take up the first two subjects in the 8 sections, the remaining eight will take up the other two subjects in those sections. Each group of 8 teachers will have a Chairman, to be selected with due regard to seniority and academic distinction. As there will be 6 such groups in the three classes taken together, we shall require $48 + 6 = 54$ teachers. In addition, we have the Principal and the Vice-Principal, who in spite of their heavy administrative duties, may be able to participate, to a limited extent, in the work of instruction or supervision as Chairman. I would further suggest that the gentlemen appointed as Chairmen may not only secure that the work by the several groups of teachers with whom they will be respectively associated is properly organised but they themselves may very well be expected to deliver during the year, short courses of 4 to 6 public lectures on important topics selected at their choice. These lectures may be thrown open to all Law students in the University, and the Professors may also be encouraged to publish them if they are allowed to retain the copyright.

* * * * *

I am inclined to think that it would be an advantage to constitute a small Council, consisting of the Principal, the Vice-Principal and the 6 Chairmen, to exercise general supervision over the whole teaching work of the institution and if it is found necessary to associate myself with this body in effectively carrying out the scheme of re-organisation, I shall cheerfully find time for the work."

The above scheme was modified by the Governing Body on the 17th May, 1921, and the following modified scheme has been in operation since then :—

(i) The duty of each teacher whether appointed Chairman or not will be as follows :—

(a) To deliver on six days in the week one lecture a day to a class of fifty students ordinarily extending over one hour.

(b) To correct twenty-five exercises ordinarily every week.

(c) To meet twenty-five students ordinarily in groups of eight on three days in the week (one hour each day).

(d) To attend, at a stated time, once a week in the University Buildings, a meeting of teachers in the special subject including the Chairman, with a view to fix the subjects for tutorial work, to consider and prepare the syllabus, to discuss the progress of work, to compare notes of their experience, and

generally to transact all such business as may be necessary for the proper co-ordination of the work of instruction.

(e) To hold Moot Courts on stated occasions.

(ii) The work of each student will ordinarily be as follows :—

(a) To attend one lecture every day in the week.

(b) To compose one essay in two weeks.

(c) To attend a tutorial class for one hour once in two weeks.

(d) To attend Moot Courts as directed.

(iii) The duties of the Chairman in each subject, apart from his duties as Professor, shall be as follows :—

(a) The staff in each subject, that is, the Chairman in consultation with his colleagues, shall prepare a syllabus of the lectures to be delivered in the subject so as to cover the course prescribed by the University. To the syllabus for each lecture will be appended hints for reading for the guidance of the students. Each syllabus will be printed and copies furnished to the members of the staff and students.

(b) The staff in each subject that is, the Chairman in consultation with his colleagues, will draw up a detailed programme for tutorial work indicating hints for reading in the case of each topic. These may be printed and circulated as in the case of the syllabus.

(c) The staff in each subject, that is, the Chairman in consultation with his colleagues, shall draw up a detailed programme of topics and cases for discussion in the Moot Courts with hints for reading. These may be printed and circulated as in the case of the syllabus and programme for tutorial work.

(d) The staff in each subject, that is, the Chairman and his colleagues, should meet ordinarily once a week during term time.

As regards the lectures, they will consider how far the scheme as outlined in the syllabus was being practically carried out and determine from time to time the alterations, if any, required in the syllabus.

As regards the tutorial work, each Professor will send to the Chairman the Exercise books corrected by him. The Chairman will in his discretion examine at least two books from each group taken at random with a view to ascertain the nature of the work done by students. The Chairman will discuss with the Professor concerned what steps, if any, should be taken to set right defects he may notice in the work. All questions of importance thus brought to light shall be considered at the weekly meeting of all the teachers concerned and may, if necessary, be submitted to the Council for consideration and orders.

Asutosh Mookerjee, Esq., M.A., B.L.

The College fee is Rs. 7-8 per month. An admission fee of Rs. 7 is also charged in the case of first admission to the College.

Twelve scholarships of Rs. 10 a month each tenable for one year, have been established. Four of these are open to competition among students of the First-year Class, four among the students of the Second-year Class and four among the students of the Third-year Class. The scholarships in the First-year Class are awarded towards the end of September upon the results of the College test which is held at the time, those in the Second-year Class are awarded upon the results of the Preliminary Examination in Law and those in the Third-year Class upon the results of the Intermediate Examination in Law. All these scholarships take effect retrospectively from July.

Twenty-four scholarships of Rs. 6 a month, tenable for one year, are also awarded from the endowment established by the Maharaja of Cossimbazar. Eight of these are open to competition among students of the First-year Class, eight among the students of the Second-year Class and eight among the students of the Third-year Class. They are chiefly open to competition among students graduating from Krishnath College, Berhampur.

Provision has been made for the residence of students who do not reside with their parents or guardians. Such students must apply on or before the 1st July, and students are recommended in all cases to take their admission before the 1st of July.

To the College is attached an extensive Library containing numerous sets of Reports and Text-books. The Library is divided into two sections—(A) for reference, (B) for lending. Books in Section (A) may be consulted by students at any time from 9 A.M. to 6-30 P.M. Books in Section (B) may be borrowed by students; no deposit is required, if one volume is borrowed. Those who deposit Rs. 5 are allowed to borrow two volumes at a time.

The College is held in the spacious apartments of the Darbhanga Buildings; ample provision has been made for Reading Rooms.

Arrangements have been made to deliver a course of lectures in the M.L. Classes which have been opened on Jurisprudence, Roman Law, Private International Law and Hindu Law. The College fee for M.L. Classes is Rs. 24 for each course to be realised in four equal instalments within the first two weeks of each quarter. No student will be permitted to take up more than two courses simultaneously.

All applications for admission are to be addressed to the Principal, University Law College, Calcutta. Further information as also a detailed programme of the work and Library rules, etc., may be obtained on application to the Head Clerk and to the Librarian, University Law College, Senate House, Calcutta.

RULES OF THE HARDINGE HOSTEL OF THE UNIVERSITY LAW COLLEGE.

I.—ADMISSION.

1. The Hardinge Hostel is reserved for the use of Hindu students of the University Law College. It is a Collegiate Hostel as defined in Chapter XXIV (7) of the University Regulations.

2. Application for admission must be made in the prescribed form. Every admission shall be subject to the approval of the Principal or the Vice-Principal.

II.—FEES.

3. A fee of Rs. 6 shall be paid by every student on first admission to the Hardinge Hostel. If a student withdraws and seeks re-admission the fee must be again paid.

Every student will also be required to deposit a further sum of Rs. 20 on his admission to the Hostel to make good any breakage or damage to the electric fittings in the rooms, passages or halls for which he may be found responsible.

At the beginning of each session a Library fee of Re. 1 must be paid by each boarder.

4. The monthly Hostel charges for each student in the first, second third and fourth floors shall be Rs. 26, and for each student in the ground-floor Rs. 21.

[NOTE.—This is based upon an approximate estimate of the expenses under the following heads.]

	Rs. A.	
Seat rent 	6	0 (Rs. 4 for ground-floor).
Messing charges 	13	8
Electric light ...	}	... 6 8
Furniture and Utensils		
Establishment charges		
Municipal rates		
Medical aid		
Incidental expenses		

Each student occupying the first, second, third or fourth floor will have to pay Rs. 26, and each student occupying the ground-floor Rs. 24 during every month of the year; provided that if he does not reside during summer vacation he will be allowed a remission of Rs. 22 if he is a boarder of the first, second, third or fourth floor, and a remission Rs. 20 if he is a boarder of the ground-floor for the months of May and June; and provided that if he resides during summer vacation he will be allowed a remission of Rs. 13-8 only per month for May and June, during which he will reside and will have to make his own messing arrangement.

Boarders will be allowed a remission of their messing charges only for such period during the Puja vacation as may be fixed by the Principal or Vice-Principal. They will have to manage their own messing during such period.

The monthly fees are payable *in advance* in one sum to the University Cashier on or before the 15th of every month; for every day's delay beyond this limit a fine of two annas will be levied.

6. Admissions are understood to be for a complete term, and boarders are liable for all charges from the beginning of the term. Messing charges may, however, be remitted in *special cases*, in particular in cases of leave on medical certificate for periods of 15 days and over but not less than 15 provided the 15 days fall within one and the same month, and in cases of

late admission on transfer and on the occurrence of vacancies ; also in cases of withdrawal on transfer or medical certificate.

Remission of the messing charges cannot be claimed as a matter of right and no remission will be granted unless previously to absents themselves boarders obtain the written permission of the Principal or the Vice-Principal.

7. Withdrawal from the Hostel requires the sanction of the Principal or the Vice-Principal. Application for withdrawal must be made by the guardian and submitted at least ten days before the date from which the withdrawal is to take effect.

III.—FURNITURE.

8. Bedstead, table, chair, stool, book-shelf, cloth-peg, dirty linen chest, one of each, and also a set of bell-metal utensils (1 rice-plate, 1 tumbler and 2 cups) will be supplied to all boarders on admission. Boarders must provide their own bedding.

Furniture must not be removed from the Common rooms or from one to another without permission.

9. In case of wilful damage to furniture, fixtures, gymnasium goods, or utensils, the damage must be made good by the boarder or boarders causing it.

IV.—MEALS.

10. The arrangements for meals will be made by the Assistant Superintendent, assisted by a Mess Committee of boarders, elected, two from each flat, by the boarders of the flats severally.

Mess Committee will be elected fortnightly. Each boarders must act as a Member of the Mess Committee by turn as required by the Principal or the Vice-Principal. One of the Prefects shall be a member of this Committee by turn.

11. Boarders must take their meals in the dining hall unless they are ill. The recognised times for meals are from 10 to 12 in the morning and from 8-30 to 10-30 in the evening. The dining-halls will be closed at 12 noon and at 10-30 in the evening.

12. In cases of illness, boarders will be supplied with such invalid diet as may be prescribed by the medical officer to the Hostel, but, if extra expense is involved, it must be borne by the boarder himself.

V.—WARDS AND DISCIPLINE.

13. The Hostel is divided into five wards, each of which shall be in charge of a Prefect who will be responsible for good order and discipline under the authority of the Superintendent. The Prefects will be appointed by the Principal or the Vice-Principal on the recommendation of the Superintendent and subject to the approval of the President of the Governing Body.

14. In each ward the Prefect will call the roll morning and evening. He will be trusted to do his best to maintain good order in his ward in every respect. He will be expected to report breaches of the rules and any serious case of misconduct to the Superintendent. The ward servant will be under his orders.

15. The Prefect will enjoy the following privileges : (1) he will be entitled to an allowance of Rs. 15 per month ; (2) he will be entitled to a special certificate when he leaves the College.

Prefects will not be entitled to take leave from the Hostel for a period of more than 15 days and that only in case he falls ill. If any Prefect leaves the Hostel for more than that period or is unable to attend to his duties, separate arrangement will be made by the Principal or the Vice-Principal and no allowance will be paid to the Prefect for the period of his absence

16. Morning roll call will be at 6-30 A.M. and evening roll call at 9 P.M. throughout the year. At the hours of roll call, the Prefects will be present in the Hall or the corridor of the ward as the case may be with the Register for 15 minutes. Boarders must come there within that time and sign their names in the Register. Failing to do this, the boarders will be treated as absent and marked as such by the Prefect. Absence from roll call will be punishable by a fine of *four annas*.

17. Boarders will be expected to remain in their own rooms ordinarily and not disturb others by walking about in the verandahs, or talking.

18. All boarders are required to be in the Hostel by evening roll-call. Boarders returning to the Hostel after 9 P.M. unless they have the written permission of the Superintendent to remain out later, will pay fines automatically in accordance with the following scale :—

					Rs.	A.
Between 9 and 10	0	4
Between 10 and 11	0	8

At 11 P.M. the gate will be locked for the night. The Durwan shall not allow any boarder to enter the Hostel after 11 P.M. unless such boarder has the previous written permission of the Superintendent to stay out later than 11 P.M. Any boarder remaining out later than 11 P.M. whether with or without the permission of the Superintendent shall be reported to the Principal.

19. A Conduct Register will be kept by the Superintendent (in accordance with University Regulations) in which the names of boarders will be entered in all cases of serious misconduct. An entry once made cannot be altered or cancelled.

Complaints to the Superintendent against the menials and others should be made in writing. Boarders shall not take into their hands the task of chastising or punishing the menials. Such conduct will be regarded as misconduct.

20. Boarders are liable to be fined by the Principal or the Vice-Principal on the report of the Superintendent, for the infringement of rules, disobedience of orders and any other form of misconduct. More serious offences will be punished by the entry of the offender's name in the Conduct Register and in the extreme cases by removal from the Hostel. If the Hostel charges are not paid within the month for which they are due, the name of the defaulter will be automatically removed from the Rolls and will not be restored except upon the special order of the Principal or the Vice-Principal.

21. A form of report for each student will be filled in and signed by the Superintendent at the end of each year (or at the time of withdrawal from the Hostel). A good report will be a condition of continuance in the College, and of admission to the University Examinations.

VI.—WATER AND ELECTRIC INSTALLATION.

22. Students must not bathe anywhere in the 1st, 2nd, 3rd and 4th floors and in the lavatory block of the ground-floor.

23. Water will be available on these floors from 6 to 10 A.M. and from 3 to 6 P.M. The Prefects of each flat will be held responsible, should any tap be found running.

24. All lights except in corridors and passages in the rooms must be shut down at 11 P.M.

25. All lights must be turned off, when the occupant of a room leaves it.

26. If a room locked from the outside is found with lights on a fine of *one Rupee per day* will be imposed.

27. Bulbs must not be changed by the students. Violation of this rule by a student will make him liable to a fine of Rs. 4.

28. Any breakage or damage to the Electric fittings in the rooms, passages, halls, must be at once reported to the Superintendent, who will report to the Registrar. In the absence of a satisfactory explanation the occupant of the room or occupants of the rooms on the floor where the damage has been done will be required to make good the loss. To ensure this being done, each of the occupants of the Hostel will have to deposit Rs. 20 at the beginning of the session, an account being rendered at the end of the session.

29. All assistants and students are expected to co-operate and assist the University in reducing the bills by shutting down the fans and lights when not in use. The Darwans and Chaprasis in each flat and room will be ordered to shut down any fans and lights which are not in use.

VII.—SICKNESS.

30. Boarders, when ill, will be attended by the Medical Officer of the Hostel. If a boarder wishes to be attended by any other medical man, he must first obtain the permission of the Superintendent. In such cases, the Hostel Medical Officer has no responsibility for the patient. Any extra expenses involved for diet or nursing must in these cases, be borne by the patient.

31. Boarders when reported as seriously ill will be removed to the hospital.

32. In case of infectious illness, special precautions are necessary. In all such cases (measles, chicken-pox, cholera) there must be segregation, from the rest of the boarders ; cases of small-pox or plague must at once be removed from the Hostel..

33. Outsiders, whether friends or relatives of the students or any of the officers as a rule shall not be allowed to pass even a single night in the Hostel. In emergent cases such as illness of a boarder, relatives or friends may be admitted in order to nurse him, with the previous written permission of the Superintendent to be subsequently confirmed by the Principal or the Vice-Principal.

By special permission of the Superintendent, male relatives and friends of the boarders may take their meals in the Hostel for one or two days as guests but in no cases shall such permission be given for a longer period than two days. Guest's charge at the rate of *eight annas* per meal will have to be paid *in advance*.

In no case can this privilege be claimed as a right. Boarders must always obtain the consent of the Superintendent beforehand and permission can only be given when there is room in the Hostel without exceeding the recognised complement of boarders.

34. Traders and hawkers of no description should come inside the hostel without permission from the Superintendent.

35. At 9 P.M. all visitors and other persons from outside, except friends and relatives with special permission under Rule 33, must leave the Hostel.

VIII.—NEW ADMISSION.

36. Students will be formally admitted only on showing the University Cashier's receipts for fees deposited for the University Law College. This receipt will be evidence that the student has been admitted in the College.

37. Any student desiring to stay in the Hostel before he is formally admitted as a boarder can only be allowed to do so on depositing the admission fee of Rs. 6.

38. A student once formally admitted to the Hostel as a boarder, will not be permitted to have his admission cancelled. He may apply for withdrawal according to the rules, paying full charges for the whole term (*vide* Rule 6).

39. The allotment of the rooms will be entirely at the direction of the Superintendent. His decision in this matter will be final.

UNIVERSITY BASANTI-BIJAY SCHOOL OF MINING AT IKHRA.

Mr. Prankrista Chatterjee of 115A, Amherst Street, Calcutta, offered, in the following letter addressed to the Hon'ble the Vice-Chancellor, to make over to the Calcutta University his school at Ikhra with buildings and 100 bighas of land and rupees ten thousand in cash for the equipment of a laboratory suitable for mining students together with an annual grant of 1,800 rupees chargeable upon his estate for the purpose of starting a University Mining School :—

“115A, AMHERST STREET, CALCUTTA.

1st September, 1921.

To

THE HON'BLE SIR ASUTOSH MOOKERJEE,

Vice-Chancellor, Calcutta University.

SIR,

For some time past I have entertained a strong desire to open up facilities for instruction in Mining in this Presidency. I feel much attracted by your successful efforts to promote scientific and technical training by the establishment of University College of Science and Technology, and I venture to approach you in the hope that my humble offer of assistance in the direction indicated will receive favourable consideration at the hands of the University authorities.

I have maintained for many years at Ikhra (near Raneegunj) a school named Basanti-Bijay H. E. School, which has been recognised by the University as qualified to impart instruction up to the Matriculation standard. The school is very largely residential and has, I venture to think, a record of successful work to its credit. The school grounds occupy an area of nearly 30 bighas on which stand the school building and the hostel for students and teachers. Ikhra is situated in the very heart of the coal district and is an obviously suitable place for the establishment of a Mining School.

It is my desire that the University may establish a University School of Mines at Ikhra; the beginning may be modest, but doubtless there will be considerable development before many years elapse. With this object in view, I am prepared to make over to the University in perpetuity the following properties :—

- (1) One hundred bighas of land at Ikhra (Value—about Rs. 50,000).
- (2) The Basanti-Bijay H. E. School with its furniture and appurtenances to be managed and maintained by the University and to be developed into a University School of Mines.

(Value of buildings and furniture—about Rs. 75,000).

NOTE.—I shall complete the buildings now in course of erection and put in order the existing building. (Estimated cost—about Rs. 10,000).

- (3) Rupees Ten thousand in cash for the equipment of a Laboratory suitable for Mining students.

- (4) An annual grant of Rs. 1,800 charged upon the estate left by my late father Babu Bejay Gobinda Chatterjee, under the terms of his will.
(Capitalised value of Rs. 30,000).

The Institution should be placed by the University under the management of a Committee composed as follows :—

1. The Vice-Chancellor of the University, *President, Ex-officio.*
- 2-3. Two members of the Senate (elected annually).
4. One member of the Faculty of Science (elected annually).
5. One member of the Faculty of Engineering (elected annually).
- 6-7. One University teacher in Geology and one University teacher in Mining (elected annually by the Council of Post-Graduate Teaching in Science).
8. One member to represent the Department of Industries (annually nominated by the Minister-in-Charge).
9. Director-General of Geological Survey of India, *Ex-officio.*
10. The Head of the Institution, *Ex-officio.*
11. One representative of the staff in the General Department of the Institution (annually elected by them).
12. One representative of the staff in the Mining Department of the Institution (annually elected by them).

The Hon'ble Sir Asutosh Mookerjee shall always be a Member of the Committee, if he has not otherwise a seat thereon.

There shall in addition be an Advisory Board which shall also act as a Board of Visitors. The Board shall be constituted annually by the Senate and shall include one representative of the Department of Mines of the Government of India and one person possessing intimate knowledge of the working of mines.

As soon as this offer is accepted by the Senate, I shall take the necessary steps to execute the requisite deeds in favour of the University.

Yours sincerely,

FRANKRISHNA CHATTERJEE."

On the recommendation of the Syndicate, the Senate, at its meeting held on the 24th September, 1921, accepted the generous offer with thanks.

The following deed of gift has been executed by the Donor in favour of the University :—

THIS INDENTURE made this the fifteenth day of July in the year of Christ one thousand nine hundred and twenty-two BETWEEN *Prankrishna Chatterjee, Karaliprasad Chatterjee, Rishikesh Chatterjee, Gopeswar Chatterjee* sons of the late Babu Bijay Gobinda Chatterjee and *Durgadas Chatterjee* son of the late Babu Nikunja Lal Chatterjee and *Tinkari Chatterjee* son of the late Babu Sahadev Chatterjee by caste Brahmin, residing at 115A, Amherst Street in the town of Calcutta (hereinafter called the "Donors") of the first part and THE UNIVERSITY OF CALCUTTA incorporated by and under Act II of 1857 (hereinafter called the "University") of the second part WHEREAS the Donors have some years ago established a High English School at Ikhra in the District of Burdwan named "*Basanti-Bijoy H. E. School*" which has been affiliated to the said University as qualified to impart instructions up to the Matriculation standard and WHEREAS the Donors have maintained the said School from the income thereof and from their private funds from its establishment till this date AND WHEREAS the Donors with a view to establish the said School on a firm footing are desirous of making over to the said University the said School with all its furniture, books and other appurtenances belonging thereto or reputed or treated as belonging thereto on the terms and conditions hereinafter mentioned and WHEREAS the Donors have for sometime past entertained a strong desire to promote mining instructions in the Presidency of Bengal and are convinced from the successful efforts of the said University and especially of its Vice-Chancellor, the Hon'ble Sir Asutosh Mookerjee, C.S.I., in the cause of scientific and technical training by the establishment of the University College of Science and Technology that the said University

is capable if properly assisted of establishing and maintaining a School of mining instructions AND WHEREAS the Donors believe that the said "Basanti-Bejoy High English School" is capable of being developed by the said University if properly assisted in the manner hereinafter indicated into a University School of Mines AND WHEREAS the Donors have with that object in view approached the authorities of the said University and offered to make a gift of the properties mentioned and described in the First, Second and Third Schedules hereto to the said University and to promise that the Donors shall complete the buildings of and appurtenant to the said institution which are now in the course of construction and effect proper repairs and make additions to and improvements on the existing buildings on the terms and conditions and upon the Trusts following :—

I. That the Basanti-Bejoy High English School with its furniture and appurtenances shall be managed and maintained by the University and without abolishing the said High School it shall be developed into a University School of Mines.

II. That the said Institution should be placed by the University under the management of a Committee composed of as follows :—

1. The Vice-Chancellor of the University, *President, Ex-officio*.
- 2 & 3. Two members of the Senate (elected annually).
4. One member of the Faculty of Science (elected annually).
5. One member of the Faculty of Engineering (elected annually).
- 6 & 7. One University teacher in Geology and one University teacher in Mining (elected annually by the Council of Post-Graduate Teaching in Science).
8. One member to represent the Department of Industries (annually nominated by the Minister-in-Charge).
9. The Director-General of the Geological Survey of India, *Ex-officio*.
10. The Head of the Institution, *Ex-officio*.
11. One representative of the staff in the General Department of the Institution (annually elected by the staff).
12. One representative of the staff in the Mining Department of the Institution (annually elected by them).
- 13 & 14. Two representatives of the Donors' families.

The Hon'ble Sir Asutosh Mookerjee shall always be a Member of the Committee if he has not otherwise a seat thereon.

III. That there shall in addition be an Advisory Board which shall also act as a Board of Visitors. The Board shall be constituted annually by the Senate and shall include one representative of the Department of Mines of the Government of India and one person possessing intimate knowledge of the working of the Mines.

And whereas the said University has agreed to accept the Donor's promises hereinbefore mentioned and the Donor's offer of the properties mentioned in the First, Second and Third Schedules hereto on the terms and conditions and upon the Trusts hereinafter set forth now this Indenture Witnesseth that in pursuance of the said agreement and in consideration of the promises the Donors hereby grant convey and transfer to the said University and its assign.

XI

RESEARCH STUDENTSHIPS, SCHOLARSHIPS, PRIZES AND MEDALS

1

PREMCHAND ROYCHAND RESEARCH STUDENTSHIPS

Premchand Roychand, Esq., of Bombay, in a letter to the Government of India, offered to make a donation of two lakhs of rupees to the Calcutta University, and on the 9th February, 1866, paid over this amount to the Government of India, to be transferred to the University and held by it as a Body Corporate under Section 2 of Act II of 1857. Mr. Premchand Roychand further expressed a hope, "that the money should be devoted to some one large object or to a portion of some large object for which it might in itself be insufficient."

The Senate, at a meeting on the 21st July, 1866, accepted Mr. Premchand Roychand's munificent donation, and directed that it should be invested in 5 per cent. Government Securities.

The Senate, at its meeting held on the 2nd May, 1908, approved the following rules for appropriating the proceeds of the donation :—

1. Six Studentships of Rs. 1,400 a year, each to be called the "Premchand Roychand Research Scholarship," shall be maintained on the interest of the endowment.

2. Any graduate of the University of Calcutta, who has passed the Examination for the Degree of Master or Doctor in any Faculty, during twelve years from the time that he passed the Entrance or the Matriculation Examination, shall be eligible for only one of these studentships.

Explanation.—

Any person who passed the Entrance Examination in 1908 and subsequently passed the Examination for the Degree of Master or Doctor in any Faculty, may be a candidate for the Studentship in any year not later than 1920.

3. The Studentships shall be awarded for promotion of Research. Each Studentship shall be tenable for three years, during which the student will be required to carry on some special investigation or work in the subject in which the studentship was awarded.

4. Two Studentships shall, ordinarily, be awarded every year, one in a Literary Subject, the other in a Scientific Subject.

5. The Literary Subjects shall be as follows :—

English, Sanskrit, Pali, the Prakrits, and Indian Vernaculars, Arabic, Comparative Philology with special reference to the Oriental Languages, Indian Palæography and Epigraphy, Indian History, Philosophy, Economics.

The Scientific Subjects shall be as follows :—

Mathematics, Physics, Chemistry, Physiology, Botany, Geology, and Mineralogy, Zoology, including Proto-Zoology, and Comparative Anatomy, Experimental Psychology.

6. Candidates for the Studentship shall submit their applications to the Registrar not later than the 31st October in any year and shall at the same time pay a fee of Rs. 32. Each application shall state (a) the academic distinctions which the candidate has obtained; (b) the subject in which he has specialised; (c) any research or investigation which he has made in

the selected subject or in any allied branch of knowledge; (d) the subject in which he intends, if elected to a Studentship, to carry on special investigation or research. Every candidate shall produce a thesis dealing with some subject in which he has carried on or intends to carry on research. Every candidate shall also state whether the research or investigation which he intends to undertake will be carried on in any particular Library or Laboratory and if so, what facilities are available. Every candidate shall further produce along with his application testimonials to satisfy the Syndicate that he is in habits and character a fit and proper person to carry on the research which he proposes to undertake.

7. The Syndicate shall, as soon as possible after the applications have been submitted, appoint two special Boards, one to report on the applications in the Literary Subjects, the other to report on those in the Scientific Subjects.

The candidates shall not be required to submit themselves to any written, oral or practical examination: but either special Board may, at its discretion require a candidate to appear before it with a view to ascertain precisely the nature of the research or investigation in which he has been previously engaged or which he wished to undertake if elected to the Studentship. Each Board shall submit a report dealing with the name and qualifications of the candidate recommended for election to the Studentship, and the grounds for such recommendation.

8. Neither special Board shall be bound to recommend any candidate if, in their judgment, none of the candidates is qualified to carry on research or investigation, so as to be worthy of the Studentship.

9. The reports of the Special Boards shall be laid before the Syndicate not later than the 15th of December every year and if the Syndicate, upon the reports, are satisfied that the candidates recommended are worthy of the Studentships, they shall make the award accordingly.

10. If, in any year, a Studentship in Literary or Scientific subject is not awarded on the ground that there is no candidate in that particular group of subjects qualified to receive it, it shall be competent to the Syndicate to award that Studentship in the other group of subjects in the same year or in any subjects in any subsequent year.

11. Each Studentship shall be tenable from the month of January and each student shall receive Rs. 50 a month.

Not later than 31st of October in each year, every student shall submit to the Registrar a detailed statement of the research or investigation in which he has been engaged during the year. If the Syndicate are satisfied that the research or investigation has been duly carried on as undertaken by the candidate in his application, so that the object with which the studentship was awarded, has been realised, the student shall receive at the end of the year a sum of Rs. 800.

12. If it is proved to the satisfaction of the Syndicate that a student has undertaken no research or investigation or has abandoned it or has otherwise acted in contravention of the terms upon which the Studentship was granted they may, at any time, suspend the payment of the monthly stipend.

13. The Syndicate shall, whenever practicable, arrange for the publication of such of the researches of Premchand Roychand Students, as may appear to be of special value or excellence.

14. The names of the Premchand Roychand Students, past and present, shall be printed in the Calendar after the names of the Fellows.

15. The Examination for the Studentships under the old Regulations was held for the last time in 1909, and the first award under the new Regulations was made in December, 1910.

MOUAT MEDAL

The Commission of the Mouat Testimonial Fund made over to the University the sum of Rs. 1,740 to be invested in six per cent. Municipal Debentures with the request that the University would apply the annual interest to carry out the following purposes :—

1. That two annual Gold Medals be instituted to be named the Mouat Medals.

2. That a Medal be awarded to each Premchand Student at the end of the term of his studentship, provided he has carried on research or investigation in accordance with Regulations under which the Studentship is awarded.

3. That the Medals be presented publicly to the successful students at the Annual Convocation for conferring degrees.

4. That in the event of a deficiency in the Fund, the balance required be contributed from the University Fee Fund.

The Senate at the annual meeting in 1872 thankfully accepted this benefaction for carrying out the object of the Fund.

JUBILEE RESEARCH PRIZES

1. In commemoration of the Jubilee of the University, prizes shall be instituted for the promotion of research by its graduates.

2. Out of the University Reserve Fund, a sum of Rs. 30,000 (thirty thousand) shall be set apart and called the Jubilee Research Prize Fund.

3. Out of the income of the aforesaid Fund two prizes shall ordinarily be awarded every year. Each prize shall consist of a gold medal of the value of Rs. 150 and a sum of Rs. 350 in cash.

4. One prize shall be awarded for research in Arts subjects and another for research in Scientific subjects. The Arts subjects include Literature, Oriental languages, Philology, Archaeology, History, Economics, Philosophy and cognate branches of knowledge. The Scientific subjects include Pure and Applied Mathematics and the different branches of Natural and Physical Science.

5. Not later than the 1st March in every year the Syndicate shall invite the Members of the Senate to make suggestions with reference to definite problems which they consider to be suitable subject for investigation, such suggestions to reach the Registrar not later than the 31st of May. It shall be the duty of each Member who make suggestions to show that it is possible to carry out the suggested research with the means available in this country. Not later than the 30th of June in every year the Syndicate shall determine and announce two subjects, one in Arts and one Scientific, in which prize shall be awarded in the second year, following that in which the announcement is made. The announcement shall specify as accurately as practicable the particular problem or class of problems in which research is invited.

6. The prize shall be open to all persons who have at any time been admitted to a degree in this University.

7. Every thesis shall be sent privately to the Registrar not later than the 30th of June in the year next but one succeeding that in which the subjects are announced. Every thesis shall bear a motto but not the name of the candidate and shall be accompanied by a sealed envelope bearing the same motto outside and containing inside the name and address of the candidate.

8. Every candidate shall indicate generally in a preface to his thesis and specially in notes the sources from which his information is taken, the extent to which he has availed himself of the work of others and the portions of the thesis which he claims as original; he shall further state whether his research has been conducted independently, under advice, or in co-operation with others and in what respects his investigations appear to him to tend to the advancement of knowledge.

9. As soon as may be after all the theses have been received the Syndicate shall have them adjudged by Boards of Examiners; there shall be one Board for the theses on the Arts subjects and another for those on the Scientific subjects. It shall be an instruction to the Boards not to recommend any thesis for a prize unless it exhibits a sufficient standard of excellence.

10. Not later than the 30th September in every year, the Syndicate shall, upon the reports of the Boards (which shall be published in the Minutes), award the prizes.

11. If in any year it is reported that there is no thesis worthy of either of the prizes, the prize shall not be awarded, and a prize not so awarded may, at the discretion of the Syndicate, be awarded in the same or in any subsequent year to the author of a thesis upon any subject which may be declared worthy of the prize by the Board of Examiners.

12. Any Board of Examiners shall be at liberty, in recommending a particular thesis for a prize, to include in their reports the names of any other thesis which, in their opinion, deserve considerable praise or commendation.

13. Every candidate shall be at liberty to publish his thesis, and the thesis of every successful candidate shall be published by the University. The Syndicate may also, at its discretion, publish any thesis which has been specially commended.

14. The first announcement of the subjects for the prizes was made in June, 1908.

GRIFFITH MEMORIAL PRIZE

In August, 1901, the Registrar received from Messrs. Winter Bothamley & Co., Solicitors, London, a sum of Rs. 25,935-0-9 being the value deducting costs of the one-tenth share of the residuary Estate, bequeathed to the University by the late Mr. William Griffith. A Sub-Committee of the Syndicate consisting of the Hon'ble the Vice-Chancellor, the Rev. Fr. E. Lafont, S.J., C.I.E., M.I.E.E., Alex. Pedler, Esq., C.I.E., F.R.S., and the Hon'ble Dr. Asutosh Mukhopadhyay, M.A., D.L., F.R.A.S., F.R.S.E., was appointed to consider the question as to the disposal of the amount. In December, 1901, a further sum of Rs. 60 was received from Messrs. Winter Bothamley & Co. on account of assets sold since the division of the estate, thus making the total value of the bequest Rs. 25,995-0-9. The amount was invested in 3½ per cent. Government Securities of the nominal value of Rs. 26,800. Out of the interest of this fund, the Syndicate have decided to award an annual prize to be called the "Griffith Prize."

The following rules recommended by the Sub-Committee were adopted by the Syndicate at their meeting held on the 14th December, 1901 :—

An Annual Prize to be called the Griffith Prize will be awarded by the University for the encouragement of Advanced study in Science and Letters.

All persons who have taken the Degree of Bachelor in the Faculty of Arts or the corresponding Degree in any other Faculty in this University, will be allowed to compete. The Prize will be awarded to Science and Letters, in alternate years.

Candidates for the Prize will be required to submit an essay or a record of original work in some Department of Science or of Letters, as the case may be, and each candidate will be required to send his essay or record of work to the Registrar under a distinguishing motto. The name of the candidate must be forwarded at the same time in sealed envelope with the motto outside.

224 RESEARCH STUDENTSHIPS, SCHOLARSHIPS, PRIZES, Etc.

Honorary Examiners will be appointed by the Syndicate to adjudicate upon the merits of the work submitted by the candidates.

If in any year no prize is awarded by reason of no candidate having shown sufficient merit to entitle him to the Prize, the income of that year may be utilized in awarding a second prize in the next or in any subsequent year.

The Griffith Prize for 1926 will be awarded by the Syndicate in the course of 1927, and the subject for such Prize will be an essay or record of original work in some department of Science. The Prize for 1927 will be awarded in the course of 1928 and the subject for such Prize will be an essay or record of original work in some department of Arts. Candidates are to send in their essay or records of original work on or before the 31st December of the year for which the Prize is to be awarded.

The value of the Prize is Rs. 900.

JOGENDRACHANDRA GHOSE'S RESEARCH PRIZE IN COMPARATIVE INDIAN LAW.

In January, 1902, the late Babu Jogendrachandra Ghose, Member of the Senate, offered to place at the disposal of the Calcutta University, Government Securities of the nominal value of Rs 10,000 of the loan of 1885 for the encouragement of the study of Comparative Indian Law, by persons belonging to what is called the *Adhyapak* class in Bengal, and for the purpose of establishing, out of the annual income of the fund, a prize to be awarded to the writer of the best essay on the subject under the following conditions :—

(i) By Comparative Indian Law shall be meant the Hindu *Smriti* *Sastra* called "*Byabakarkhanda*" and a comparison of the standard Sanskrit-

authorities on the subject with British Indian Law as contained in Parliamentary Statutes, Regulations and Acts of the Indian Legislative Council, and the Law as laid down in Leading Cases. The study, which it shall be the object of the prize to encourage, is the History of the Hindu Smriti Sastra as it existed at and from the time when India came under British rule and how and to what extent it has been altered under British influence, regard being had not only to the existing Statutes, Regulations and Acts but also to those which, having been in operation for a time, have now been repealed or become obsolete and regard being also had not only to the existing Leading Cases but to cases which were considered Leading at one time, but have now been overruled, and how and to what extent such alteration has affected Hindu Society.

(ii) The Essay at the discretion of a Committee consisting of the Vice-Chancellor for the time being of the University, the President of the Faculty of Law and the Principal of the Government Sanskrit College in Calcutta, may deal with the whole of the Indian Comparative Law as before defined or with part or parts thereof ; but in no case shall an Essay be entitled to competition which in any way attacks the religious belief, usages or institutions of His Majesty's subjects. And it shall be in the province and discretion of the said Committee (a) to make a detailed programme of studies for the proposed prize ; (b) to name the subject of the essay for any one particular year ; and (c) to decide whether such prize shall be awarded every year or at longer intervals.

(iii) By *Adhyapak* shall be meant scholars of the Smriti Sastra, students of Smriti in the Government Sanskrit College in Calcutta, and in the *Tols* of indigenous Brahmanical Schools which send in candidates for the Title Examinations held in that College, and students in other similar institutions in India.

(iv) Every candidate for the prize shall be required to indicate generally in a preface to his thesis and specially in notes, the sources from which his information is taken, the extent to which he has availed himself of the work of others and the portion of the thesis which he claims as original. He shall further be required to state whether his research has been conducted independently, under advice, or in co-operation with others, and in what respects his investigations appear to him to tend to the advancement of knowledge.

(v) Successful candidates shall be required to publish their essays, and, if necessary, they shall receive help from the University for the purpose.

(vi) The essay or essays shall be written either in English or in Bengali, but if any competitor sends in an essay in vernacular language other than Bengali he shall be bound to furnish English translation thereof.

(vii) The adjudicators for the prize shall be the Vice-Chancellor of the University, the Chief Justice of Bengal, the President of the Faculty of Law, and the Principal of the Sanskrit College in Calcutta. They shall be entitled to consult experts on their own selection to assist them. (a) to decide whether the essay or essays in competition is or are of sufficient merit to deserve the prize, (b) to award such prize, (c) to decide about the number of manuscript copies of each essay to be sent in by the successful competitors, and (d) to consider the ways and means of the publication of any essay or essays.

(viii) The Prize shall be called the "Research Prize in Comparative Indian Law."

The offer was thankfully accepted by the Syndicate at its meeting held on the 8th February, 1902.

The award shall be made by the Syndicate on the recommendation of the Board of Adjudicators.

The prize shall consist of a gold medal of the value of Rs. 100 and Rs. 500 in cash.

The prize is to be called the "Nagarjuna" prize after the great Indian Chemist of that name, whose accurate observations and painstaking investigations have justly elicited the applause of succeeding generations, and who, as described in my History of Hindu Chemistry, is looked upon as the precursor of chemical activity in this our ancient land.

If in the opinion of the Adjudicators the work in any year is not up to the mark, the prize should be withheld for that particular year and would be awarded on any subsequent occasion.

Your sincerely,

P. C. Ray."

The Syndicate and the Senate thankfully accepted the offer.

ENDOWMENTS FOR SCHOLARSHIPS, PRIZES AND MEDALS ON THE RESULTS OF THE UNIVERSITY EXAMINATIONS.

1

JUBILEE POST-GRADUATE SCHOLARSHIPS.

The following scheme for the institution of scholarships for Post-Graduate study or research in Literary or Scientific subjects framed under Section 18, Chapter IV of the New Regulations, has been adopted by the Senate :—

1. For the encouragement of Post-Graduate study in accordance with the New Regulations in the Faculties of Arts and Science, twelve University Scholarships shall be established.

2. Each scholarship shall be of the value of Rs. 32 per month, and shall be tenable for a term of two years.

3. The scholarships shall be awarded annually upon the results of the B.A. and B.Sc. Examinations.

4. One scholarship shall ordinarily be awarded to each candidate whose name stands first in the Honours list in each of the subjects for the B.A. and B.Sc. Examinations, provided that—

(i) he has obtained first class Honours in that subject ;

(ii) he does not accept any other University Scholarships, or any Government or College Scholarship, and

(iii) he undertakes to prosecute a regular course of study for the degree of Master of Arts or Science either under one or more University Lecturers or in a College duly affiliated for the Examination in the subject which he takes up.

5. If a candidate in any subject is disqualified under provisos (ii) and (iii) of Rule 4, the scholarship in that subject shall be awarded to the next candidate in the first class who may be duly qualified, provided that all the other candidates who stands first in the first class in any subject and are qualified for a scholarship, have received the same.

6. If in any year the number of candidates qualified for a scholarship under the preceding rules exceeds the number of scholarships available, the Syndicate may with the sanction of the Senate award additional scholarships.

7. A candidate who obtains Honours at the B.Sc. Examination under the old Regulations will be deemed to have obtained first class Honours in a subject within the meaning of rule 4, provided he has obtained a first class in subject II or in any two subjects taken together from among subjects III to IX, Sections 6 and 7 of the B.Sc. Regulations (Calendar for 1906, p. 58).

8. As a condition of the continuance of the scholarship each scholar must produce at the end of every three months from the University Lecturer, whose classes he is attending or from the Principal of his College, certificates of good conduct, diligence and satisfactory progress in his studies.

9. The first award of the scholarships was made upon the results of the B.A. and B.Sc. Examinations, 1908.

RAJKRISHNA-KSHETRAMANI SCHOLARSHIPS.

In August, 1901, Babu Kisorimohan Roy, Vakil, High Court, Calcutta, made over to the University of Calcutta 3 per cent. Government Promissory Notes for Rs. 4,000 for the purpose of founding from the interest thereof two Scholarships, each of the value of Rs. 5 per month tenable for one year, subject to the following conditions :—

1. That the Scholarship be called "Rajkrishna-Kshetramani Scholarships" in memory of his revered parents, late Babu Rajkrishna Roy and Srimati Kshetramani Debye, and be published as an endowment in the Calendar of the University.

2. That each of the two Scholarships be awarded to the student who may be declared otherwise fit and eligible under the conditions hereinafter mentioned in consideration of his or her prosecuting or pursuing his or her studies in some well-organised institution, teaching in Arts or some profession or any technical subject.

3. That the Scholarship shall be open one to each of the six schools specified below, in rotation in the order in which they are named, that is one Scholarship to each of the first two schools in the first year, then to each of the next two schools in the second year, and so on.

- (1) Rajshahi Collegiate School.
- (2) Deoghur R. Mitra H. E. School.
- (3) Bogra Zila School.
- (4) Pabna Zila School.
- (5) South Suburban School, Bhowanipur.
- (6) Dumka Zila School.

4. That one of the Scholarships shall be awarded to the most deserving student who successfully passes the Matriculation Examination of the Calcutta University from one of the two schools as indicated above to which the Scholarships are open for any year, but fails to obtain any other Scholarship

of a value equal to or higher than this Scholarship, and the other Scholarship to such student from the other of the two schools.

5. That if any year no students be eligible, according to the conditions hereinbefore mentioned, from any school to which one of the Scholarships is open for the year, the same shall be open to the school next in rotation provided that both the Scholarships shall not be given to one and the same school in any year and that no Scholarship shall be given to one and the same school for two years consecutively.

6. That if in any year no student be eligible for any of the Scholarships according to the conditions hereinafter mentioned, from any one of the aforesaid six schools (a contingency not likely to happen) the same shall be awarded to such deserving student of any other school situated within the jurisdiction of the Commissioner of Rajshahi Division as the Syndicate of the Calcutta University shall select, having regard to the tenor and spirit of the conditions hereinbefore mentioned.

7. That the power of putting a fair construction of any doubtful point in or of deciding upon any point not covered by, the aforesaid conditions, shall rest with the University.

The Syndicate at its meeting held on the 5th September, 1919, resolved that the names of Deoghur R. Mitra H. E. School and Dumka Zila School be removed from the list, and that the Scholarships be awarded one year to Rajshahi Collegiate School and Bogra Zila School, and the next year to Pabna Zila School and South Suburban School, Bhowanipur.

KISHORYMOHUN-HARAKINKARI SCHOLARSHIPS.

In March, 1903, Babu Kishorymohun Ray, Vakil, High Court, Calcutta, offered to the University G. P. Notes for Rs. 4,000 of the 3 per cent. loan for the purpose of founding, from the interest thereof, two Scholarships of Rs. 5 each per month, tenable for one year, on the following conditions :—

1. That the aforesaid Scholarships shall be called "Kishorymohun-Harakinkari Scholarships."

2. That the aforesaid endowment and the names of scholars shall be published in the Calendar of the University and be placed next after the Rajkrishna-Kshetramani Scholarships founded by me in 1901.

3. That the aforesaid Scholarships shall be awarded to holders of Rajkrishna-Kshetramani Scholarships and shall be tenable for one year commencing next after the expiration of the terms of their original Scholarships on condition that they prosecute or pursue their studies in some well-organised institution, teaching in Arts, or some profession or any technical subject. Provided that no such scholarship shall be awarded to any one of them if in the opinion of the University, the student is deemed unfit and undeserving by reason of his or her not having made sufficient progress in study, during the term of his or her holding the said "Rajkrishna-Kshetramani Scholarships" or for any other reason.

4. That if, for any reason, in any year, any of the two Scholarships be not awarded to a holder of a "Rajkrishna-Kshetramani Scholarship" the same shall be awarded to a most deserving student who would have been eligible for one of the Rajkrishna-Kshetramani Scholarships according to the tenor and spirit of the conditions attached to the said Scholarships but to whom no such Scholarship was awarded by reason of there being, at that time, a more fit student to take.

5. That as far as practicable the aforesaid Scholarships shall be subject to the conditions attached to the said "Rajkrishna-Kshetramani Scholarships."

6. That the power of putting a fair construction on any doubtful point in or deciding upon any point not covered by the aforesaid conditions or the conditions attached to the said "Rajkrishna-Kshetramani Scholarships," shall rest with the University.

The offer was thankfully accepted by the Syndicate at its meeting held on the 21st March, 1903.

DUFF SCHOLARSHIPS.

The subscribers to a fund raised for the purpose of commemorating the services of the Rev. Dr. Duff, directed the investment of the amount collected (Rs. 20,000) in Government Securities, and offered to transfer the same to the University of Calcutta on the following conditions :—

1. The interest of the money shall be applied to establish—

I—A Scholarship of Rs. 15 a month, tenable for one year by the student who shall obtain in the Intermediate Examination in Arts the highest number of marks in Languages.

II—A Scholarship of Rs. 15 a month, tenable for one year by the student who shall obtain in the Intermediate Examination in Arts or Science, the highest number of marks in Mathematics.

III—A Scholarship of Rs. 15 a month, tenable for one year by the student who, having been educated for at least one year in the Scottish Churches College, shall obtain the highest number of marks in all the subjects taken together at the Intermediate Examination in Arts or Science in alternate years.

IV—A Scholarship of Rs. 15 a month, tenable for one year by the student who, being a Christian in religion, shall obtain the highest number of marks in all the subjects taken together at the Intermediate Examination in Arts or Science in alternate years.

2. The above Scholarships shall be called " Duff Scholarships " and shall be tenable with any other Scholarships.

3. The surplus of the funds, after paying any small incidental expenses, shall be suffered to accumulate and used for the purpose of giving rewards to any student of the University who shall pass with credit in the evidences of Revealed Religion, Natural Theology and Moral Philosophy in the Examination for Honours for the degree of M.A. Such rewards are to be called " Duff Prizes."

4. Should the accumulations appear to the Syndicate greater than is necessary to carry out Rule 3, they may add to the value of the Duff Scholarships or increase their number.

5. The Syndicate shall have the power of putting a fair interpretation on any doubtful point in the above rules.

The Senate at a meeting on the 21st July, 1866, accepted this benefaction from the subscribers of the Duff Memorial Fund.

In accordance with Rule 4, the Syndicate by Resolution at its meeting (held on the 23rd May, 1908) established two more Scholarships :—

(a) A fifth Scholarship of Rs. 12 a month, tenable for one year by the student who shall obtain in the Intermediate Examination in Arts or Science the highest number of marks in Physics.

SARADAPRASAD SCHOLARSHIP AND PRIZES.

The late Babu Saradaprasad Ray, Zemindar of Chakdighi, bequeathed by his Will to the University a sum of Rs. 5,000 which was left to the Syndicate to be utilised in the best way they thought fit. In February, 1885, the University received from Babu Lalit Mohan Ray, the heir of the deceased a Government Promissory Note for Rs. 5,000 and in April, 1888, the Commissioner of the Burdwan Division forwarded the interest on the same amounting to Rs. 3,500. The capital at the disposal of the University thus stood at Rs. 8,500. After consultation with Babu Lalit Mohan Roy, it was

determined to found a Scholarship of the value of Rs. 10 a month, to be called the "Saradaprasad Scholarship" to be awarded annually to that one of the successful candidates for the Intermediate Examination in Arts, who having passed the Matriculation Examination from the Chakdighi Higher Class English School, had prosecuted his studies in an affiliated College for a period of two years ; and in case no successful student appears from that school, to that one among the successful candidates for the Intermediate Examination in Arts who had passed the Matriculation Examination with the greatest credit from the Burdwan District.

It was also determined to apply the balance which remained every year to the establishment of eight prizes of Rs. 20 each in books, to be called the "Saradaprasad Prizes," to be awarded to the eight successful candidates who stand highest in the subjects of English, Sanskrit, History, Logic, Mathematics, Physics, Chemistry and Botany at the Intermediate Examination in Arts or Science respectively.

RAMTANU LAHIRI AND GANGAMANI DEVI GOLD MEDALS.

On the 27th August, 1908, Mr. S. K. Lahiri submitted for the acceptance of the Syndicate the copyright of his publication called "Lahiri's Select Poems" and requested that out of the sale proceeds of the book a Gold Medal might be awarded every year to the best scholar in Moral Philosophy at the B.A. Examination in memory of his father, the late Babu Ramtanu Lahiri.

The Syndicate at its meeting, held on the 29th August, 1908, thankfully accepted the offer of Mr. S. K. Lahiri.

At the meeting of the Syndicate, held on the 27th May, 1911, the Registrar reported that there was a balance of Rs. 3,335-8 out of the sale proceeds of "Lahiri's Select Poems" after meeting the printing charges, etc., and enquired how the amount was to be utilised. The Syndicate thereupon resolved that two Gold Medals be annually awarded to the best graduates (one male and one female) in Mental and Moral Philosophy at the B.A. Examination in memory of the late Babu Ramtanu Lahiri and Srimati Gangamani Devi, respectively, bearing the following inscriptions :—

"In memory of Ramtanu Lahiri, father of S. K. Lahiri, awarded to....." and "In memory of Gangamani Devi, mother of S. K. Lahiri, awarded to....." on one side of the medals, and the University Arms on the other.

PREONATH DUTTA LEGACY.

In August, 1904, the Solicitor to the Government of India forwarded a cheque on the Bank of Bengal for Rs. 13,017-10-1, being the one-fourth share of the residuary estate of the late Babu Preonath Dutta bequeathed by him to the University.

The Senate at their meeting held on the 17th February, 1906, adopted the following scheme submitted by the Committee appointed by them at their meeting on 15th April, 1905 :—

That there shall be two scholarships, one for a successful female candidate at the Intermediate Examination in Arts or Science and another at the Matriculation Examination, the amount being Rs. 10 for the former and Rs. 8 for the latter. The Scholarship shall be tenable for two years on condition that the scholars prosecute a course of study for the next higher Examination.

That the Scholarship shall be awarded to the best among the successful candidates who do not get a Government Scholarship, who are natives of Bengal and whose circumstances are such as render help desirable. The last fact shall be certified by two Members of the Senate.

The Syndicate shall have power to alter the amounts of the Scholarship according to the funds which are available.

AMBIKACHARAN CHAUDHURI MEDAL.

In 1879, Government accepted the offer of Babu Ambikacharan Chaudhuri, B.C.E., Assistant Engineer, Nagode, to invest Rs. 1,200 in 4 (reduced to 3½) per cent. Government Promissory Notes on condition that out of the interests of the investment a medal is awarded annually to that student of the Sibpur Civil Engineering College, who stands first in Mathematics at the B.E. Examination. The administration of the Fund was entrusted to the Principal, Civil Engineering College, Sibpur. The Director of Public Instruction, Bengal, having proposed that the medal should, in future, be publicly presented at the Convocation of the Calcutta University, the Government of Bengal, in its letter No. 409, dated the 19th July, 1890, appointed

the Registrar of the Calcutta University as administrator of the Fund in place of the Principal, Civil Engineering College, Shibpur. On 14th October, 1890, the latter officer made over to the University the sum of Rs. 182-11-1 being the amount of balance at credit of the above fund and forwarded a copy of the Report on the audit of the account of the fund countersigned by the Accountant-General, Bengal. The investments, at present, amount to Rs. 1,400 yielding an annual income of Rs. 49.

SIBLEY SCHOLARSHIP.

The late Mr. George Sibley, formerly a Fellow of the University, bequeathed all his shares in the Ghooesery Cotton Mills Limited to the Senate of the University "upon trust to found Scholarships of the value of Rs. 50 per mensem for graduates of the University in Civil Engineering with power to divert from time to time any portion of the income not exceeding an equal moiety in any other way, which may, in the opinion of the Senate, be better calculated to further the study of Engineering Science among the natives of India." At the time of his death Mr. Sibley owned 225 shares in the above-named Company, their nominal value being Rs. 200 each. Of these 25 shares had to be sold to meet the claim of the Indian Revenue authorities in England demanding a legacy duty of 10 per cent. of the value of the shares and of the amount of any dividends received or accrued since the testator's death and to pay the Attorney's bill of costs. The remaining 200 shares together with dividend warrants for Rs. 800 were made over to the Secretary and Treasurer, Bank of Bengal, with instructions to sell the shares at their market value, and to invest the sale proceeds and the amount of dividends in the 4 (reduced to $3\frac{1}{2}$) per cent. loan of 1865. The Faculty of Engineering at its meeting held on the 22nd March, 1893, recommended to the Syndicate that out of the interest of the above endowment one Scholarship, to be called the Sibley Scholarship, of Rs. 30 a month tenable for two years be awarded annually (1) to any B.E. at the end of his practical course who attends and works regularly in an Electrical Laboratory or in an Electrical Workshop, or (2) to any B.E. who is *bona-fide* working in a mine. The selection of the scholar to be according to their standing in the B.E. Examination, and each scholar to be required to submit to the Registrar a certificate of good conduct at the end of each month. The scholarship to be forfeited if the conditions on which it is granted ceased to be observed.

The recommendation of the Faculty of Engineering was adopted by the Syndicate at its meeting held on the 8th April, 1893.

"UNIVERSITY COLLEGE OF SCIENCE,
92, Upper Circular Road,
Calcutta, 24th March, 1922.

MY DEAR SIR ASUTOSH,

On your invitation, I joined the College of Science from its very inception and I have always tried my best to foster the spirit of research among those among whom I have been working. It is now my desire to place at the disposal of the University a sum of Rs. 10,000 representing the best part of my life's savings for founding an annual prize to be awarded for the best piece of research work in Chemistry, Pure or Applied, by any student working in the College of Science. The prize shall be open to competition among all graduates of this University. The Board of Adjudicators for the prize shall be constituted as follows :—

Palit Professor of Chemistry.
Ghose Professor of Chemistry.
Ghose Professor of Applied Chemistry
Sing Professor of Chemistry.

One other expert nominated annually by the other four members of the Board.

The award shall be made by the Syndicate on the recommendation of the Board of Adjudicators.

The prize shall consist of a gold medal of the value of Rs. 100 and Rs. 500 in cash.

The prize is to be called the "Nagarjuna" prize after the great Indian Chemist of that name, whose accurate observations and painstaking investigations have justly elicited the applause of succeeding generations, and who, as described in my History of Hindu Chemistry, is looked upon as the precursor of chemical activity in this our ancient land.

If in the opinion of the Adjudicators the work in any year is not up to the mark, the prize should be withheld for that particular year and would be awarded on any subsequent occasion.

Your sincerely,
P. C. RAY."

ENDOWMENTS FOR SCHOLARSHIPS, PRIZES AND MEDALS ON THE RESULTS OF THE UNIVERSITY EXAMINATIONS.

1

JUBILEE POST-GRADUATE SCHOLARSHIPS.

The following scheme for the institution of scholarships for Post-Graduate study or research in Literary or Scientific subjects framed under Section 18, Chapter IV of the New Regulations, has been adopted by the Senate :—

1. For the encouragement of Post-Graduate study in accordance with the New Regulations in the Faculties of Arts and Science, twelve University Scholarships shall be established.

2. Each scholarship shall be of the value of Rs. 32 per month, and shall be tenable for a term of two years.

3. The scholarships shall be awarded annually upon the results of the B.A. and B.Sc. Examinations.

4. One scholarship shall ordinarily be awarded to each candidate whose name stands first in the Honours list in each of the subjects for the B.A. and B.Sc. Examinations, provided that—

(i) he has obtained first class Honours in that subject ;

(ii) he does not accept any other University Scholarships, or any Government or College Scholarship, and

(iii) he undertakes to prosecute a regular course of study for the degree of Master of Arts or Science either under one or more University Lecturers or in a College duly affiliated for the Examination in the subject which he takes up.

5. If a candidate in any subject is disqualified under provisos (ii) and (iii) of Rule 4, the scholarship in that subject shall be awarded to the next candidate in the first class who may be duly qualified, provided that all the other candidates who stands first in the first class in any subject and are qualified for a scholarship, have received the same.

6. If in any year the number of candidates qualified for a scholarship under the preceding rules exceeds the number of scholarships available, the Syndicate may with the sanction of the Senate award additional scholarships.

7. A candidate who obtains Honours at the B.Sc. Examination under the old Regulations will be deemed to have obtained first class Honours in a subject within the meaning of rule 4, provided he has obtained a first class in subject II or in any two subjects taken together from among subjects III to IX, Sections 6 and 7 of the B.Sc. Regulations (Calendar for 1906, p. 58).

8. As a condition of the continuance of the scholarship each scholar must produce at the end of every three months from the University Lecturer, whose classes he is attending or from the Principal of his College, certificates of good conduct, diligence and satisfactory progress in his studies.

9. The first award of the scholarships was made upon the results of the B.A. and B.Sc. Examinations, 1908.

1. That the amount be applied in founding a Scholarship to be awarded subject to the following conditions :—
2. That the Scholarship shall be awarded to such successful candidate in the Matriculation Examination of the University of Calcutta for the year who being a student of the South Suburban School, obtains the highest number of marks amongst his fellow-students, but does not obtain any other Scholarship.
3. That should no student from the South Suburban School succeed in passing the Matriculation Examination aforesaid, or should such student pass but obtain any other Scholarship, the Scholarship shall be awarded to such successful candidate in the Matriculation Examination who, being a student of the Hughli Collegiate School obtains the highest number of marks amongst his fellow-students but does not obtain any other Scholarship.
4. That should no student mentioned in Resolution 2 or 3 be eligible for Scholarship, the Scholarship shall be awarded to such student as the Syndicate of the said University shall select.
5. That the Scholarship shall be tenable for two years in one of the Colleges affiliated to the University of Calcutta, upon the same terms regarding regularity of attendance and other matters on which Government Junior Scholarships are held.
6. That the holders of the Scholarships for the time being shall be called "Dwarkanath Scholars."
7. That the Scholarship shall be paid by a monthly sum of Rs. 8.
8. That the amount aforesaid be invested in Government of India Promissory Notes of the 4 (reduced to $3\frac{1}{2}$) per cent. loan for Rs. 5,500, and the notes handed over to the authorities of the said University with a request that the Syndicate may give effect to the above Resolutions.
9. That should the interest payable on the Government securities be reduced, the monthly amount to be paid to the Dwarkanath Scholars shall be proportionately reduced to allow of the amount of interest realised, meeting the amount payable to the scholars.

6. Candidates for the scholarships shall submit to the Registrar, along with their applications :—

(a) Certificates for their good conduct from persons of respectability and position with whom they may be acquainted.

(b) Certificates of their physical capacity to undergo the course of life and study which they will have to follow in the country to which they intend to proceed, signed or countersigned by a medical man holding a degree or diploma of a recognised British or Indian University or Licensing Body.

Candidates must also state whether they have the consent of their families to proceed to Europe, America or Japan.

7. The applications shall, in the first instance, be considered by a Committee of the Syndicate, consisting of the Vice-Chancellor and three other members, upon whose report the Syndicate shall, not later than the 1st September, in any year award the scholarship to that one among the candidates who is best qualified to promote the object of the Founder.

8. The Syndicate may contribute towards the expenses of the passage of the selected scholar such amount as the state of the funds may permit. The Syndicate may also, whenever practicable, contribute towards the return passage of any scholar who has specially distinguished himself in his studies.

9. Every scholar shall within four weeks of his arrival at the selected place of study, forward a report to the Registrar countersigned by the proper authorities, showing (a) the course of study he proposes to follow, (b) the arrangement made for his residence, supervision and control. Any departure from the conditions to study and residence thus reported shall be duly intimated by the scholar for the approval of the Syndicate.

10. Every scholar shall at the end of each term at the Institution where he prosecutes his studies, forward to the Registrar a certificate from the proper authorities, showing that his residence, conduct and the progress in study have been satisfactory during the term. The continuance of the scholarship shall depend upon the regular production of such certificates.

11. Every scholar will be liable to forfeit his scholarship, who not being disabled by illness or prevented by any other cause which the Syndicate may deem sufficient, fails to complete his studies for three years (in accordance with the terms and conditions set out in his application). If a scholarship be forfeited the scholar will be further liable to refund the amount, if any, contributed for his passage.

12. Subject to due compliance with the above conditions, the allowances will be forwarded quarterly in advance, by the Registrar, free of all charges to the chief controlling authority of the Institution where the scholar prosecutes his studies for payment to him.

13. The Senate may, at any time, upon the recommendation of the Syndicate, alter these rules consistently with the terms of the Will of the Founder, but not so as to prejudice the holder of any scholarship already awarded.

SIR TARAKNATH PALIT SCHOLARSHIP.

Out of the trust estate of Sir Taraknath Palit, Kt., a sum of Rs. 1,00,000, has been set apart for the purpose of creating an endowment for establishing and maintaining out of the interest thereof, scholarships for advanced students in Science to enable them to carry on research or investigation abroad, that is to say, out of India. The number and value of such scholarship shall be determined by the Governing Body. The scholarships will be awarded upon the following conditions :—

1. That the recipients of the said scholarships must be very distinguished graduates of the Calcutta University of either sex and must have taken the Degree of Master of Science or Doctor of Science or have been awarded Premchand Roychand Scholarship.

2. That such recipients must be unmarried and must continue so during the period they hold such scholarships and if they contravene this condition they shall forfeit their scholarships, as well as refund the whole of the amount of the pecuniary benefit they have received in respect of their scholarships, with interest at the rate of not more than 6 per cent. per annum.

3. Before proceeding abroad such recipients must insure their lives in favour of the Calcutta University for such amount and in such manner as the Governing Body may determine and the premium in respect of such insurance shall be payable by the recipients out of the amount of scholarships so awarded to them.

4. The said recipients shall not during the period they may hold the said scholarships, enrol themselves as members of any of the Inns of Court or attempt to qualify themselves for any of the branches of the legal profession

*The Syndicate (on the 1st August, 1919) cancelled the award of the scholarship as the scholar did not avail himself of the same.

and if such recipients contravene this condition they shall forfeit their scholarships as well as refund the whole of the pecuniary benefit thereunder, as aforesaid, with interest at the rate of six per cent. per annum.

5. No one shall be eligible for the above scholarships, whose knowledge of the language of the country in which his or her researches or investigations have to be prosecuted, is not such as to enable him or her to intelligently prosecute such researches or investigations in that country.

6. The period during which such scholarships shall be tenable shall be determined by the said Governing Body and it shall be competent to them to extend to such period if they deem such extension beneficial.

7. If the said Governing Body are satisfied that the recipient of any such scholarship is not diligently prosecuting his or her researches or investigations or is misbehaving himself or herself it shall be competent to the said Body to stop payment of his or her scholarship either temporarily or permanently as they may think fit.

8. The right of nomination for any of the aforesaid scholarships shall be with the said Governing Body.

9. The University shall require each of the recipients of such scholarships before proceeding abroad, to enter into a Bond with them to refund such sum as may be spent for him or her in respect of his or her scholarship together with interest on the total amount spent at a rate not exceeding six per cent. per annum from the date or dates of expenditure within such time and on such conditions as the said University may think fit, provided always that the said University may, in any case, forbear enforcing such Bond as to any part or the whole of the money secured thereby as the said University may in their discretion think fit.

10. Should the said Governing Body at any time be unable, for want of suitable candidates or for any other reason to apply the monies allotted to such scholarships, the University shall accumulate the same and apply the same for the purposes of such scholarships thereafter and all monies recovered under the Bonds aforesaid shall be applicable to the provision of such scholarships as hereinbefore mentioned.

UNIVERSITY BUILDINGS.

The University had no local habitation of its own, since its foundation in 1857 till 1872. During this period the University had to transact its business in rented houses. In 1864 the site to the west of the College Street, facing the tank to the south of the Hindu School and the Sanskrit College, was selected for the University Buildings. The Public Works Department, Bengal, who was entrusted with the work of constructing the Building on the land, submitted in 1866 an estimate amounting to Rs. 2,52,221 and instructions were issued by the Government of India to take up the work in hand at once. The Buildings known as the 'SENATE HOUSE' were completed by the end of the year 1872 at a cost of Rs. 4,34,697 and the University took possession of them early in 1873.

The Darbhanga Library Building has been built on the land to the west of the Senate House at a cost of over Rs. 8,00,000, of which two lakhs and a half have been contributed by the Hon'ble the Maharaja of Darbhanga and the remainder has been met out of Government grant of Rs. 2,00,000 and by a contribution of about double the amount from out of the Reserve Fund of the University. The building accommodates the University Library, the University Law College, the University Offices and also provides residential quarters for the Principal of the University Law College. The top floor which is utilised for holding the University Examinations accommodates about 700 candidates.

The building of the land, to the south of Darbhanga Library Building measuring about a bigha and a half purchased at a cost of Rs. 1,50,000 by the University out of its Reserve Fund, has cost the University over Rs. 4,00,000 of which three lakhs have been met out of Government grant of three lakhs and the remainder out of the Reserve Fund of the University. The building has been constructed for the purpose of providing Hostel accommodation to the Hindu students of the University Law College who do not live with their parents or guardians. It has been named "University Law College Hardinge Hindu Hostel" after the name of the then Chancellor of the University, and it provides accommodation for over 150 students. The Hostel is under the direct supervision of the Principal of the University Law College, subject to general control of the Governing Body of the College, whose proceedings are laid before the Syndicate for confirmation.

The University Press is located in the shed to the immediate west of the Senate House, originally erected to accommodate the Law Classes of the University Law College temporarily, pending the completion of the Darbhanga Library Building to which the College has been permanently removed.

The University College of Science and Technology which came into existence through the liberality of Sir Taraknath Palit and Sir Rashbehari Ghose is housed in buildings at 92, Upper Circular Road and 35, Ballygunge Circular Road.

The fish market known as Madhab Babu's Bazar and situated to the south of the Senate House has been acquired out of the Government grant of Rs. 8,00,000. The land measures over 3 bighas. A two-storeyed building at a cost of Rs. 3,17,615-7-0, has, for the present, been erected on the site in which have been accommodated some of the more important departments of Post-Graduate Teaching in Arts and the Post-Graduate (Lending) section of the University Library. The building has been named "Asutosh Building," in memory of the late Sir Asutosh Mookerjee, Kt., C.S.I. His Excellency, the Governor of Bengal, opened the Building on the 29th June, 1925.

In 1926 the Government of Bengal, paid a sum of Rs. 1,95,000 for the construction of the third and fourth storeys of the Asutosh Building.

XV

MAHARAJA SIR RAMESHWAR SINGH OF DARBHANGA UNIVERSITY LIBRARY.

Babu Joykissen Mookerjee of Uttarpara, made a donation of Rs. 5,000 to the University on the 20th July, 1869, for the purpose of forming a Library. The amount was invested in 4 per cent. securities till the completion of the University buildings.

In 1874 the sum of Rs. 3,500 was added to the Library Fund from the surplus income of the University of that year ; and the Syndicate having thus at their disposal more than Rs. 9 000, appointed a committee to report on the steps it was advisable to take to form a Library. The Committee reported (see Minutes, Vol. XVIII, page 22) that they thought "it desirable to begin with procuring such books as shall render the Calcutta University Library *Supplementary to the other Libraries now existing in Calcutta.* The general principles laid down by the Committee, and the mode of procedure they proposed for adoption, were approved by the Syndicate, and further transfers have, from year to year, been made to the Library Fund from the surplus income of the University. The Library now contains besides works in English Literature and works of the chief authorities on the Indian Antiquities, almost complete sets of the Sanskrit, Pali, Arabic, Persian, Latin, French and German classics and fairly good collections in Mathematics, Philosophy, Religion, History (including Biography, Geography and Travels), Philology, and Anthropology. It has an up-to-date collection of books (including Reports, Blue Books, etc.) in Economics, Politics and Sociology. The Library has also acquired most valuable sets of manuscripts in Bengali and Tibetan Languages.

In 1908 the Hon'ble Sir Rameswar Singh, K.C.I.E., Maharaja Bahadur of Darbhanga, made over to the University a sum of rupees two lakhs and a half for the construction of a building in which the Library might be located. This munificent gift was accepted by the Senate with thanks and it was decided to name the Library after the Maharaja, who was subsequently nominated an Honorary Fellow for life, as an eminent benefactor of the University.

The following Rules for the management of the University Library have been approved by the Syndicate :—

RULES FOR THE MANAGEMENT OF THE UNIVERSITY LIBRARY, UNDER SECTION 5, CHAPTER XXVIII OF THE NEW REGULATIONS.

1. (a) The Library is for the use of Resident Fellows, University Professors, Assistant Professors, Assistants to Professors, Readers, Lecturers, Assistant Lecturers. Teachers of the Under-graduate classes of the University, Demonstrators, Resident Registered Graduates, students of University Post-Graduate Classes, Under-Graduate students of this University and Research students working under University Professors, and they alone have the privilege to use it, subject to the present rules and to such further rules and orders as may be agreed to by the General Committee under Section 5 (1) of the Regulations of the University.

(b) The Under-Graduate students, who attend the University Classes only are permitted to read from 7 A.M. to 2 P.M. books connected with their respective subjects of study in the University Library.

2. (a) Persons who are neither Resident Fellows of the University nor University Professors, Assistant Professors, Assistants to Professors, Readers, Lecturers, Assistant Lecturers, Teachers of the Under-Graduate Classes of the University, Demonstrators, Resident Registered Graduates, students of University Post-Graduate Classes, Under-Graduate students of this University and Research students working under University Professors may receive special permission from the Syndicate to use the Library for the purpose of Literary or Scientific Research. Such permission will be granted on the recommendation of the Executive Committee.

(b) In recommending any person to the Syndicate under this rule, the Executive Committee shall specify in writing, for the information of the Syndicate, the grounds on which they base their recommendation.

3. Subject to the exceptions specified in Rule 5, Resident Fellows, University Professors, Assistant Professors, Assistants to Professors, Readers, Lecturers, Assistant Lecturers, Teachers of the Under-Graduate Classes, Demonstrators, Resident Registered Graduates and Research students working under University Professors and such other persons as are allowed to make use of the Library under Rule 2 and who reside in Calcutta, may borrow and temporarily remove from the Library such books as they may require on the following conditions :—

(a) In this rule the term 'volumes' shall include pamphlets and parts of works separately shewn.

(b) Resident Fellows will be entitled to take out up to ten volumes at a time.

(c) Under special circumstances Resident Fellows may, with the sanction of the Executive Committee, take out more than ten volumes.

(d) Resident Registered Graduates and Research Students working under University Professors will be entitled to take out not more than four volumes at a time and in order to be allowed this privilege, will have to make a deposit of Rs. 25. The Registrar may, in the case of specially valuable books and with the sanction of the Committee, ask for a special deposit.

(e) Persons who are allowed to make use of the Library under Rule 2 and who reside in Calcutta, may take out books on the same conditions as Resident Registered Graduates.

(f) University Professors, Assistant Professors, Readers, Lecturers, Assistant Lecturers, and Assistants to Professors will, during the time they hold office, be entitled to the same privileges as Resident Fellows. Teachers of the Under-Graduate Classes will, during the time they hold office, be entitled to take out up to five volumes at a time and Demonstrators working in the University are allowed to take out only one volume at a time.

(g) No books shall be issued and delivered except to the authorised borrower in person or to some one having written authority from him to receive it on behalf of the authorised borrower.

(h) Every volume borrowed shall be returned to the Library within two calendar months of the date on which it was removed from the Library. In case any borrower fails to return any book within this period, a notice shall be sent to him by the Librarian calling for the return of the book.

(i) If a book called for under the previous section be not returned within one week after the receipt of the Librarian's notice, the person who has borrowed the book from the Library shall be subject to a fine of one rupee for each volume so retained, and to a further fine of an equal amount for each additional week that he may retain it after the expiration of the second week.

(j) Subject to the provisions of rules 4, 5, 6 and 7, a book returned to the Library may be again borrowed by the same person, provided that no other Fellow or person entitled to use the Library has lodged with the Librarian an application for the same work. If such application has been made the book may not be taken out by the original borrower until returned by the second applicant.

4. The privilege of any Fellow or other person to use the Library shall be suspended so long as he retains any book which under these rules, he is not entitled to retain, or so long as he leaves unpaid any fine which may have been imposed on him under rules 3, 6 and 7.

5. (a) Books which are valuable on account of their rarity or which belong to a series and which, being out of print, it may be difficult or impossible to replace if lost, or books required for constant reference, shall not be removed from the Library.

(b) A list of the works excluded from removal under this rule shall be drawn up by the Executive Committee, and will be subject to revision and extension from time to time.

6. (a) The Librarian shall report to the Executive Committee all cases in which books have been mutilated, disfigured by writing, on the margin or otherwise injured while in the possession of readers.

(b) Any person guilty of such an offence shall be required to replace the injured by an uninjured copy of the book, and shall be liable to the cost of its proper binding and other charges. Further, he shall be fined and suspended from the privileges of the Library at the discretion of the General Committee.

7. (a) A general inspection of the Library and of the record of books issued and returned, shall be made annually in the first week of May by the Executive Committee, or by one or more members of the Committee deputed by them for that purpose.

(b) During this period of inspection the Library shall be closed and all books whatever and by whomsoever borrowed shall be returned to the Library by the 31st March, of each year.

(c) Any person who fails to return, in accordance with this rule, all books borrowed by him, shall be subject to a fine of not less than two rupees, for each volume retained : and if such volume is not returned before the expiration of one week after the last day of inspection, a further fine of an equal amount shall be imposed for each volume, for each additional week until that volume is returned or until a copy of the same edition and of equal value is placed in the Library in its stead, and all expenses connected therewith paid by the borrower.

8. The Library shall be closed on Sundays and all public holidays and on all days for holding public examinations. Subject to the exception under Rule 7, it shall remain open on other days between the hours of 7 A.M. and 7 P.M.

UNIVERSITY COLLEGE OF SCIENCE AND LABORATORIES.

The following scheme for the management of the University College of Science was sanctioned by the Senate at its meeting held on the 15th February, 1919 :—

1. That the Senate shall annually appoint a Governing Body for the administration of the University College of Science.

2. That the Governing Body shall consist of—

(a) Members of the Governing Body of the Palit Trusts.

(b) Members of the Board of Management of the Ghose Fund.

(c) University Professor attached to each department of the College.

(d) Representatives of the University Lecturers attached to each department of the College.

(e) Representative of investigators, if any, engaged in research in each department of the College.

The Senate shall, for this purpose, specify from time to time, the various departments of the College.

The number and mode of selection of representatives in the fourth and fifth categories mentioned above shall be determined by the Senate from time to time.

3. That the Vice-Chancellor shall be *ex-officio* President of the Governing Body. The Senate shall also appoint a Vice-President, a Secretary and fix the quorum for a meeting.

4. That the affairs of the College shall be administered by the Governing Body, subject to such rules as may be framed in that behalf by the Senate from time to time.

Provided that—

(1) All matters arising out of or in any way relating to the Sir Taraknath Palit Trusts shall, in the first instance, be considered and reported on by the Governing Body mentioned in the Trust Deed of the 15th June, 1912, before they are considered by the Syndicate or the Senate.

(2) All matters arising out of or in any way relating to the Sir Rashbehary Ghose Endowment shall, in the first instance, be considered and reported on by the Board of Management mentioned in the letter of the Founder dated the 8th August, 1923, before they are considered by the Syndicate or the Senate.

5. That Proceedings of the Governing Body shall be placed by the Syndicate before the Senate with such observations as the Syndicate may consider necessary and shall be subject to confirmation by the Senate.

6. That each department of the College shall, not less than six months before the commencement of the academic year, provisionally formulate its programme of work and shall, at the same time specify as accurately as practicable its requirements and the financial provision to be made therefor.

The programme shall be drawn up and the requirements formulated conjointly by all the University Professors and the University Lecturers attached to the College in that department. Any professor or lecturer may, if he so desires, submit a separate memorandum either by way of dissent from the decision of the majority or for elucidation of special points.

The schemes so drawn up together with the separate memoranda, if any, shall be placed before the Governing Body of the Palit Trusts and the Board of Management of the Ghose Fund for opinion. The papers shall then be placed before the Governing Body of the College which will make recommendations thereon for the consideration of the Syndicate. The Syndicate shall obtain a report from the Board of Accounts on the financial aspect of the proposals, and shall thereafter place the matter before the Senate with such recommendations as may be deemed desirable. The decision of the Senate shall be communicated through the Governing Body of the College to the Professors and Lecturers attached to each department. They shall thereupon draw up the final programme of work, modifying the provisional scheme, where necessary, in view of the decision of the Senate. The final scheme shall be transmitted to the Governing Body of the College after reference to the Governing Body of the Palit Trust and Board of Management of the Ghose Fund, and shall be subject to confirmation by the Governing Body of the College.

7. That the Governing Body of the College shall annually appoint a small Standing Committee in each department to supervise and regulate the actual expenditure of the sum allotted to that department by the Senate other than the sum provided for contingencies and like items the nature and amount whereof will be defined by rules.

Provided that—

When a special research grant is made by the Senate for a University Professor the sum shall be at his disposal and the Standing Committee shall have no concern whatsoever with the question of its expenditure.

The standing committee for each department shall consist of—

- (1) The University Professors attached to the department of the College.
- (2) Representatives of the University Lecturers attached to that department of the College.
- (3) One or more person not included in either of the previous categories.

The number and mode of selection of the persons mentioned in the second and third categories shall be determined by the Senate from time to time.

Each Standing Committee will have authority to sanction expenditure from the grants made by the Senate and will submit to the Governing Body of the College a monthly statement showing in detail the expenditure so sanctioned.

Each Standing Committee will elect its Chairman and also appoint one of its members to act as Secretary who will keep a record of the business transacted by the Committee.

The work of drawing contingent Bills, signing the pay bills and exercising executive authority over the clerical staff and the menials, in each department, should be assigned to the Chairman or Secretary as each Standing Committee might decide.

8. That the Governing Body of the College shall annually appoint a Standing Committee for the management of the workshop. The Workshop Committee shall consist of at least one representative of each department. One of the members shall be appointed to act as Secretary and to exercise executive authority. No person shall hold the office of Secretary consecutively for more than two years.

The Standing Committee shall, subject to the sanction of the Governing Body of the College, draw up, from time to time, general rules for the management of the workshop, including rules for the distribution of work, the allocation of workmen, to meet the requirements of the various departments or of individual Professors, Lecturers or investigators and for like purposes.

9. That the Governing Body of the College shall annually appoint a Standing Committee for the management of the special Library attached to the College. The Committee shall consist of at least one representative of each department and will act in accordance with such rules as may be framed for the purpose by the Governing Body.

In accordance with the Scheme for the management of the University College of Science adopted by the Senate, the Governing Body of the College of Science consists of the gentlemen mentioned below :

1927-28.

UNIVERSITY LABORATORIES.

The princely gift of the late Sir Taraknath Palit, Kt., D.L., and Sir Rashbehary Ghosh, Kt., C.S.I., C.I.E., M.A., D.L., Ph.D., have enabled the University to start the University College of Science, and the Laboratories of Physics, Applied Physics, Chemistry, Applied Chemistry, Applied Mathematics and Experimental Psychology have been equipped in the Science College Buildings at 92, Upper Circular Road.

With the expansion of the University College of Science and the opening of the Departments of Applied Chemistry and Applied Physics, the want of an up-to-date Technological Workshop was keenly felt. This deficiency has been to a great extent, made up by the recent construction of a Workshop on modern lines at the Science College Building at 92, Upper Circular Road.

The Biological Laboratories have been equipped in the Buildings and in the surrounding grounds of No. 35, Ballygunge Circular Road which was the residence of the late Sir Taraknath Palit. University Professors of Botany and Zoology are in charge of those Laboratories.

The munificent gift of the late Raja of Khairia, has enabled the University to establish a Chair of Agriculture and steps are being taken to provide for an Agricultural Laboratory with a small plot of land for experimental farming.

FOREIGN UNIVERSITIES AND THEIR EXAMINATIONS.

I. UNIVERSITY OF OXFORD.

A. The following Statutes relate to Indian students who wish to read for the B.A. degree.

1. Exemption from Responsions (H on page 21 of the Examination Statutes, 1927-28).

Any person who has obtained the degree of Bachelor of Arts or Bachelor of Science at an Indian University approved by the Hebdomadal Council, provided that his course at his Indian University included the study of English, and one of the languages—Latin, Greek, French, German, Sanskrit, Arabic, Persian, Pali, Classical Chinese.

Note.—For the purpose of this Statute, Calcutta University has been approved.

2. Status of Junior student and Senior student.

(Pages 372-5 of the Examination Statutes, 1927-28.)

III. ON INDIAN UNIVERSITIES.

[Stat. Tit. II. Sect. VIII.]

1. Any student of an Indian University who shall have pursued at that University a course of study prescribed by it and extending over two years at the least, and shall have obtained the Degree of Bachelor of Arts or Bachelor of Science at that University, may be admitted to the status and privileges of a Junior Student, provided that such Degree and such University shall have been approved by the Hebdomadal Council. No Degree shall be approved for the purposes of this clause the course for which does not include the study of English and in addition of two of the following languages, Latin, Greek, French, German, Sanskrit, Arabic, Persian, Pali, Classical Chinese, of which two, either Latin or Greek or French or German, must be one.

2. Any student of an Indian University who shall have pursued at that University or, should the Hebdomadal Council in his case so approve, at more than one University, a course of study prescribed by it and extending over three years at the least, and shall have obtained at that University a Degree with first or Second Class Honours, may be admitted to the status and privileges of a Senior Student, provided that such Degree and such University shall have been approved, for the purpose of this clause, by the Hebdomadal Council.

3. The status and privileges of a Junior Student shall be as follows :—

(a) The term in which he is matriculated shall be reckoned, for the purposes of any provisions respecting the standing of members of the University, as the fourth Term from his matriculation.

(b) A Junior Student shall not be required to Pass Responsions.

(c) A Junior Student admitted to this status in and after Michaelmas Term, 1922, shall be entitled to supplicate for the Degree of Bachelor of Arts if he shall have passed the First Public Examination and kept statutable residence for six Terms, and either

(1) shall have obtained a place, or his name shall have been placed as *aegrotat*, in the Class List of an Honour School of the Second Public Examination; or

(2) shall have satisfied the Examiners in the Second Public Examination in the Final Honour School of Natural Science in Chemistry, Part I; or

(3) shall have satisfied the Examiners in the Second Public Examination in the Final School of Agriculture or of Forestry; or

(4) having obtained Honours in the First Public Examination shall have passed the Second Public Examination; or

(5) shall have satisfied the provisions of *Statt. Tit. VI. Sect. I. D. § 3, cl. 15*.

No Junior Student shall be entitled to supplicate for the Degree of Bachelor of Arts unless he shall have satisfied the provisions of this sub-clause.

4. The status and privileges of a Senior Student shall be as follows:—

(a) The Term in which he is matriculated shall be reckoned, for the purposes of any provisions respecting the standing of members of the University, as the fourth Term from his matriculation.

(b) A Senior Student shall not be required to pass Responsions or any part of the First Public Examination as a condition for the Degree of Bachelor of Arts.

(c) A Senior Student shall be entitled to supplicate for the Degree of Bachelor of Arts if he shall have kept statutable residence for six Terms, and: either (i) shall have obtained a place, or his name shall have been placed as *aegrotat*, in the Class List of an Honour School of the Second Public Examination; or (ii) shall have satisfied the Examiners in the Second Public Examination in the Final Honour School of Natural Science in Chemistry, Part I; or (iii) shall have passed the Preliminary Examination in Agriculture or in Forestry and the Final Examination in the School of Agriculture or of Forestry; or (iv) shall in the Second Public Examination have satisfied the provisions of *Statt. Tit. VI. Sect. I. D. § 3, cl. 15*.

No Senior Student shall be entitled to supplicate for the Degree of Bachelor of Arts unless he shall have satisfied the provisions of this sub-clause.

5. Any person who desires to become a Senior or Junior Student under the provisions of this Statute shall send his application through an officer of a College or Hall or of the Delegacy of Non-Collegiate Students, or of the Society of Oxford Home-Students, to the Registrar of the University, and shall at the same time produce all necessary certificates and information in support of his application. If the application is granted, he shall pay to the University Chest, through the Registrar, an admission fee either of five pounds if he register as a Senior Student, or of two pounds ten shillings if he register as a Junior Student. If at the time when the application is granted he has not yet been matriculated, this fee shall be paid within fourteen days of matriculation; if he has been matriculated, it shall be paid within fourteen days from the date of the granting of the application. Any person who makes his application later than four weeks after his matriculation shall pay, if his application is granted, an additional fee of one pound.

6. Any person who has been granted permission to be admitted as a Senior or Junior Student, and who does not pay the required fee within the time prescribed in the preceding clause, shall on admission pay an additional fee of one pound. If he fails to pay the required fee before the Saturday in the eighth week of the Full Term next following that in which he was granted permission to be admitted as a Senior or Junior Student or was matriculated, whichever happened later, the grant shall lapse, and shall not be renewable without the consent of Convocation.

7. It shall be the duty of the Registrar to keep a sufficient record of the members of the University who have the status and privileges of a Junior or Senior Student respectively.

Note.—No list of approved Universities or degrees is published. Each case will be decided on receipt of application.

B. Further note by the Secretary to the Delegacy for Oriental Students. The Statutes relating to other degrees, *e.g.*, B.Litt., B.Sc., D.Phil., B.C.L., do not contain any provisions specially relating to Indian students, but applicants for admission should read the regulations carefully. Full details of the subjects of examination for the degrees conferred by Oxford University will be found in the Examination Statutes, which can be obtained from the Oxford University Press, 30-E, Chowringhee Road, Calcutta. With regard to the method of application for admission to Oxford University students are advised to read the Handbook for Indian students (to be obtained from the Government of India Central Publication Branch, 8 Hastings Street, Calcutta) or to consult the Secretary of the Indian Students' Advisory Committee (Prof. T. S. Sterling), the University, Calcutta. The Handbook also gives details of the exemption for which Indian students may prove eligible by passing examinations other than those conducted by the University of Calcutta.

(II) UNIVERSITY OF CAMBRIDGE,

The following new Regulations for Associated Institutions and Affiliated Students have been passed by the authorities of the University of Cambridge :—

1. Graduates of Universities or of other Institutions engaged in the education of adult students, which have on the recommendation of the Council of the Senate been approved by the University as Associated Institutions* shall be entitled to approval as Affiliated Students if they submit certificates showing that they have attended classes in an Associated Institution for not less than three years and, that they produce either

(a) evidence of graduation with First Class Honours, or a record which, in the opinion of the Council of the Senate, is equivalent to First Class Honours† or

(b) evidence of graduation with Second Class Honours (or a record which in the opinion of the Council of the Senate, is equivalent to Second Class Honours‡), provided that they have passed, in one or more of the Examinations by which they have qualified for their degree, either in English, two other languages, one of which is either Latin or Greek, and Mathematics; or, if the student is a native of Asia or Africa and not of European descent, in English, in one of the following languages, Arabic, Persian-with-Arabic,

* The University of Calcutta has been so approved,

† In the case of approved Universities in the United States of America the Council of the Senate will in general, accept, as such a record, evidence that a student can be regarded as having graduated in the first sixth of his class (that is, all the students of his year), and also that he shewed exceptional ability in some subject.

‡ In the case of approved Universities in the United States of America, the Council of the Senate will in general, accept, as such a record, evidence that a student can be regarded as having graduated in the first half of his class (that is, all the students of his year).

Chinese, Sanskrit or Pali, and in Mathematics. A pass in the corresponding part of the Previous Examination in any of these subjects will be accepted in lieu of the subject in the Examinations by which students have qualified for their Degree, provided that the necessary part of the Previous Examination has been passed before the student matriculates.

2. An Affiliated Student shall be entitled to any or all of the following privileges :

(a) to be exempted from the Previous Examination ;

(b) to reckon the first term kept by residence as the second, third, or fourth term of his residence, for the purposes of all provisions respecting the standing of candidates for Tripos Examinations or for Degree Examinations in Medicine, Surgery, or Music, and respecting the standing of candidates for Degrees, other than the Ordinary B.A. Degree or Degrees conferred under the Regulations for Research Students ;

(c) on producing evidence that he has passed such examinations as may be approved by a Faculty Board connected with a Tripos, to be allowed to proceed to a Part or Section of that Tripos, under the same conditions as though he had passed another Part or Section of a Tripos ; and if he shall obtain honours therein, to be admitted Bachelor of Arts on the completion of residence for the requisite number of terms : provided that

(i) if the examination or examinations as to which evidence is produced are in a subject or subjects other than that with which the Tripos is concerned, the consent of the General Board shall be obtained in each case,

(ii) if a student is allowed under this regulation to proceed to a Part or Section of a Tripos in respect of which the regulations make different provisions according to the Part or Section of a Tripos which a student has already passed the Faculty Board shall determine which of such provisions shall apply,

(iii) application for admission to this privilege is made to the Registry before the end of the student's first term of residence,

(iv) if this examination is taken before the last of the terms which the candidate is required to keep in order to qualify for the degree of Bachelor of Arts, the candidate shall produce a certificate of "diligent study" for the residue of such terms.

3. (a) If an Affiliated Student wishes to reckon for any purpose the first term kept by residence as the second, third, or fourth term of his residence, in accordance with the foregoing Regulation 2 (b), application should be made to the Registry for the registration of such allowance.

(b) If an Affiliated Student has, in accordance with the foregoing Regulation 2 (b), reckoned for any purpose the first term kept by residence as the second, third, or fourth term of his residence as the case may be, he shall be required so to reckon his first term for all purposes.

4. If a Student seeks approval as an Affiliated Student a certificate of having fulfilled the prescribed conditions signed by the Registrar, or other competent authority of the student's University, shall be presented for registration to the Registry in the student's first term of residence, and a fee of £2 shall be paid at the same time to the Registry for the Chest.

5. Any certificate of having fulfilled the prescribed conditions may be accepted for registration at a time later than that above specified, provided that in every such case an additional fee of £1 shall be paid to the Registry for the Chest.

6. Students seeking approval as Affiliated Students shall be required (a) to have fulfilled all the prescribed conditions before matriculation, (b) to matriculate and to pay the usual fee of £5, and (c) to pay the capitation tax in respect of each term allowed under Regulation 2 (b).

Conditions of exemption from the Previous Examination at the Cambridge University in virtue of University Examinations taken in India and of the Cambridge School Certificate Examination.

Indian University Examination.*—A candidate who has obtained a First Class in the Intermediate Examination in Arts or Science, or a First or Second Class in the Examination for the degree of Bachelor of Arts or Bachelor of Science in any Indian University approved for the purpose by the Council of the Senate,† is granted exemption from the whole of the Previous Examination, provided that in some examination leading up to the degree of Bachelor of Arts or Bachelor of Science in that University, he has passed in Arabic, Persian, Persian-with-Arabic, Sanskrit or Pali ; in Mathematics or Science, and in English.

A candidate who has obtained a First Class in the Intermediate Examination held by the Board of High School and Intermediate Education of the United Provinces of India, or in the Intermediate Examination of the Board of Intermediate or Secondary Education, Dacca, is granted exemption from the whole of the Previous Examination if either in the Intermediate Examination or in the High School Examination which leads up to it he has passed in a classical language in Mathematics, in English, and in History or Geography.

Cambridge School Certificate Examinations.—Exemption from the Previous Examination may be granted also to students who have obtained a School Certificate of the Cambridge Local Examinations Syndicate, on the following conditions :—

(1) Exemption from the whole of the Previous Examination is granted to those who pass with credit in five of the subjects of the Examination, one of the five being Latin or Greek, or in four of the subjects of the Examination, including one at least from each of the Groups I, II and III, one of the four being Latin or Greek. Candidates from India, not of European descent, may substitute Arabic, or Persian, or Sanskrit, or Sinhalese, or Tamil, for Latin or Greek, but students who avail themselves of this concession are not allowed to offer themselves as candidates for the Oriental Languages Tripos.

(2) Exemption from the whole Previous Examination, with the exemption of the papers in Latin, is granted to candidates who satisfy the above conditions, but who have not included Latin or Greek as one of the subjects.

(3) Exemption can be obtained—

(a) from Part I, in respect of a Pass with credit in Latin or Greek and one other Language or by candidates from India, not of European descent, in respect of a Pass with credit in (i) English Language and English Literature, and in (ii) Latin, or Arabic, or Persian, or Sanskrit, or Sinhalese, or Tamil, but a student who avails himself of this concession may not offer himself as a candidate for the Oriental Languages Tripos unless he has passed with credit in Latin.

(b) from Part II, in respect of a Pass with credit in one of the subjects 12 to 16, i.e., Mathematics, Chemistry, Physics, and Experimental Science ;

(c) from Part III, in respect of a Pass with credit in English and either Religious Knowledge or History.

N.B.—Exemption from the Previous is also one of the privileges of students entitled to the *status of affiliation*.

* It should be noted that only *complete* exemption from the Previous can be obtained under these Regulations.

† The Universities approved by the Council of the Senate are Calcutta, Lucknow, Patna, Rangoon, Aligarh, Benares, Nagpur, Madras, Punjab, Allahabad, Dacca and Bombay.

RESEARCH STUDENTS.

Memorandum from the Board of Research Studies to students of Indian Universities who propose to become Research students in the University of Cambridge with the intention of proceeding either to the Ph.D., M.Sc., or M.Litt. Degrees.

The following paragraphs should be considered as supplementary to the Regulations for Research Students which may be found in the University Ordinances and extracts from which are quoted in the Cambridge University Calendar and—at greater length—in the Student's Hand-book :—

(1) No application for admission as a Research Student for the Ph.D., M.Sc., or M.Litt. Degrees will be considered unless the applicant is the possessor of an Honours Degree from his University and has shewn indications of power of original thought and aptitude for original work during his University career. Any student fitted for post-graduate research should have shewn sufficient originality of mind during his under-graduate course to have been noted by his teachers who should be in a position to recommend him as especially fitted for research work.

(2) The student's application should be supported as laid down in paragraph 2 of the Regulations for Research Students. The testimonials should be original and should deal primarily with the originality of mind shewn by the applicant during his course. Any capacity for original research which he has shewn should be stressed.

(3) A statement of the course of research it is desired to carry out is essential. Admission cannot be granted if this course is not one that can be conducted satisfactorily at Cambridge.

(4) If exemption under paragraph 9 (i) of the regulations is asked for the application should be accompanied by

(a) A statement by the supervising authority of the time spent in research work under supervision and the quality of the work done.

(b) A copy of the paper, if published, or failing this a manuscript copy of a dissertation detailing the methods employed and the results obtained.

(In the absence of the above, consideration of claims for exemption at the time of admission is impossible. Even if such evidence is available, consideration of such a claim is quite likely to be deferred until some time has been spent working under supervision at Cambridge. The normal duration of the course is three years for the Ph.D. Degree and two years for the M.Sc., or M.Litt. Degree, exemption being granted solely at the discretion of the Board of Research Studies. A year's previous research does not automatically entitle the applicant to a year's exemption. It should be specially noted that in order to complete the residence requirements for any of the above degrees, a minimum of two years must be spent in residence in the University.)

(5) Applicants other than Graduates of Cambridge University should note that the Board of Research Studies are not in favour of permitting Research Students normally to spend a considerable portion of their time away from Cambridge. The permission to spend the last year of the course for the Ph.D. away from Cambridge is only granted under exceptional circumstances.

(6) Students desiring to carry out research in Oriental Languages at Cambridge University should note the following resolution of the Degree Committee of the Faculty Board for Oriental Languages which has been approved by the Board of Research Studies and is now in operation :

"All Asiatic candidates for courses of research in Oriental Languages, who have not received a European training, must spend the full nine terms at Cambridge (six terms for the M.Litt.) and at the discretion of the Degree Committee, may be required during their first year to attend a course of lectures leading to the examination for a Diploma in the Oriental Language which is especially required for the subject on which they propose to write their theses and to pass this examination at the end of their first year. During the subsequent year or years of their course they will be engaged upon whole-time research."

(7) It is important to note that it is necessary to obtain admission to one of the several colleges or as a non-collegiate student. Application for such admission *must* be made through the Adviser to Indian Students, 22 Fitzwilliam Street, Cambridge, England.

(III) UNIVERSITY OF DUBLIN.

ARTS STUDIES.

The University of Dublin is prepared to recognise the Arts Studies of the following Colonial and Indian Universities and such others as the Board and Council may, from time to time, direct to be added to the list—The Universities of Adelaide, Allahabad, Bombay, Calcutta, Cape of Good Hope, Madras, Melbourne, M'Gill (Montreal), Nagpur, New Brunswick, New Zealand, Punjab, Sydney, Tasmania, Toronto.

Any student producing the proper Certificates that he has passed two years in Arts studies at such Universities, or has passed the examinations belonging to that period, will be entitled to put his name on the College Books as a Senior Freshman, a student with one year's credit; with this reservation, that if the Course of Arts which he has pursued does not include all the subjects of the Junior Freshman year, the Senior Lecturer may require him to qualify by examination in the omitted subject or subjects within one month after his name has been entered on the Books.

Furthermore, the Senior Lecturer is authorised by the Board, upon due inquiry, to admit students who have passed the Matriculation Examination of the University of Cape Colony, without further examination.

MEDICAL STUDIES.

Courses of instruction taken at the Medical Schools of the following institutions are recognized by the University of Dublin College as qualifying for admission to the examinations in the School of Physic, if equivalent to the Courses given therein, provided that no student be permitted to take any of the Degrees in Medicine or Dental Science unless, in the case of a medical student, he has attended at least three of the necessary five years in the School of Physic, Trinity College, taken the courses of those three years, and passed the Intermediate Medical, Part I, and all subsequent Examinations, or, in the case of a dental student, unless he has attended at least two and a half of the necessary four and a half years in the School of Physic, Trinity College, taken the Courses of those two and a half years, and passed the Intermediate and Final Dental Examinations :—

- In India—Madras, Bombay, Lahore, Calcutta.
- In Australia—Melbourne, Sydney, Adelaide.
- In New Zealand—Otago.
- In Canada—Montreal (M'Gill), Toronto.
- In South Africa—Capetown.

(IV) UNIVERSITY OF EDINBURGH.

MEDICAL PRELIMINARY EXAMINATION.

The attention of candidates who may intend to proceed to the Degrees of M.B. and Ch.B. of the University of Edinburgh is specially directed to the following regulation regarding the Preliminary Examination which it is necessary to pass before entering upon the Course of Study for the Degrees :—

“ Before commencing medical studies each student must pass a Preliminary Examination.

Applicants must select four subjects from the subjoined list of subjects, and these shall include at least one from each of the three groups :—

Group I. English (including Literature and History) ;

Group II. Mathematics, Physical Science ;

Group III. Latin, Greek, French, German, Italian, Spanish, Gaelic, or such other language as may from time to time be approved by the Board.

The following languages have been approved : Arabic, Armenian, Assamese, Bengali, Burmese, Celtic, Chinese, Danish, Dutch, Gujarati, Hebrew, Hindi, Japanese, Kanarese, Malayalam, Marathi, Pali, Panjabi, Persian, Polish, Portuguese, Russian, Sanskrit, Serbian, Sinhalese, Swedish, Tamil, Telugu, Turkish, Urdu, Welsh, Yoruba.

Candidates whose native language is other than English will be required to pass an examination in English designed to test their ability to understand and use the language sufficiently for the purpose of study at a Scottish University.*

Candidates who have obtained a First Class in the Intermediate Examination in Arts or Science in any Indian University † approved for this purpose by the Entrance Board, will be granted the Board's Certificate, provided that in some examination leading up to the Degree of B.A. or B.Sc. in that University they have passed in Mathematics or Science, and in English.

(V) THE UNIVERSITY OF LIVERPOOL.

ADMISSION OF FOREIGN, EGYPTIAN, AND INDIAN STUDENTS.

Extract from prospectuses for session 1927-28.

The Senate, after report from the Faculty concerned, shall, before registration, determine whether the applications of Foreign, Egyptian, or Indian students shall be accepted. Applications for registration from such students shall be received before 1st October in each year, and shall be accompanied by detailed references certifying as to character and educational qualifications.

General Council of Medical Education and Registration of the United Kingdom.

RESOLUTION OF THE GENERAL MEDICAL COUNCIL IN REGARD TO PROFESSIONAL EDUCATION.

Adopted on May 25 and 26, 1922.

* A pass in the Special Examination in English for Foreign students is not recognised as a pass for the purposes of these regulations. Such candidates must hold passes in four subjects in addition to satisfying the examiners in that special Examination. Foreign students who elect to take the ordinary examination in English must undergo the Special Oral Examination.

† The following Indian Universities have been recognised by the Board :— Aligarh, Allahabad, Benares, Bombay, Calcutta, Dacca, Delhi, Lucknow, Madras, Mysore, Nagpur, Panjab, Patna, and Rangoon.

Every Medical Student at the commencement of his studies should be registered in the *Medical Student Register*, in the manner and under the conditions prescribed by the Council.

PRE-REGISTRATION EXAMINATIONS IN CHEMISTRY AND PHYSICS.

Before registration as a student or commencement of the regular Medical Curriculum every person shall be required to pass, in addition to an approved examination in general education an examination or examinations, conducted or approved by one of the Licensing Bodies, in the following subjects :—

(1) Physics—(theoretical and practical), including the elementary mechanics of solids and fluids, the elements of Heat, Light, Sound, Electricity and Magnetism. (This course should not include Bio-physics or the clinical applications of Physics, which are to be taken in the Medical Curriculum.)

(2) Chemistry (theoretical and practical). The elements of the science. (This course should not include, Bio-chemistry, Pharmacological Chemistry or the clinical applications of Chemistry, which are to be taken in the Medical Curriculum.)

MEDICAL CURRICULUM.

With regard to the Course of Study and Examinations which persons desirous of qualifying for the Medical Professions shall go through in order that they may become possessed of the knowledge and skill requisite for the efficient practice of Medicine, Surgery, and Midwifery, the Council recommends as follows, viz. :—

1. The period of Professional Study, between the date of registration as a Medical Student and the date of the Final Examination for any Diploma which entitled its holder to be registered under the *Medical Acts* should be a period of certified study during not less than five academic years, in the last three years of which clinical subjects shall be studied.

In every Course of Professional Study and Examinations the following subjects should be included :—

(i) **Elements of General Biology.**—A course of instruction, including practical work, in the fundamental facts of vegetable and animal structure, life-history, and function ; and an introduction to the study of Embryology (The course of instruction may be taken before registration.)

(ii) **Chemistry, Physics and Biology.**—Instruction in these subjects in their application to Medicine.

(iii) **Human Anatomy and Human Physiology.**—These Courses should include :—

- (a) Dissection of the entire body ;
- (b) Histology ;
- (c) Elements of Human Embryology ;
- (d) Bio-chemistry and Bio-physics.

(iv) **Elementary Bacteriology.**—A Course in this subject should be taken before the student undertakes his regular clinical appointments [(viii) 2 ; (ix) 2].

(v) **Pathology.**—Courses of instruction in (a) General and Special Pathology and Morbid Anatomy ; (b) Clinical Pathology. Each student should be required to have received practical instruction in the conduct of autopsies and to have acted as a post-mortem clerk in at least ten cases.

(vi) **Pharmacology and Materia Medica**, including Pharmacological Chemistry.—A course including practical work should be taken concurrently with courses of clinical instruction.

(vii) **Forensic Medicine, Hygiene and Public Health**.—Courses of instruction in these subjects should be taken concurrently with the later stages of clinical instruction.

(viii) **Medicine**, including **Applied Anatomy and Physiology, Clinical Pathology and Therapeutics**, comprising :—

1. A Course of systematic instruction in the principles and practice of Medicine ;

2. A medical Clinical Clerkship for a period of six months of which at least three months must have been spent in the Hospital wards ;

3. Lectures or Demonstrations in Clinical-Medicine and attendance on general In-patient and Out-patient Medical Practice during seven terms, which may be concurrent with the terms prescribed under (ix) 4 ;

4. Instruction in Applied Anatomy and Physiology, and in Clinical Pathology.

5. Instruction in Therapeutics and Prescribing, including Pharmacological and Physical Therapeutics and the Methods of Treatment by Vaccines and Sera :

6. Instruction in the following subjects, *viz.* :—

- (a) Children's Diseases ;
- (b) Acute Infectious Diseases (" Fevers ") ;
- (c) Tuberculosis ;
- (d) Mental Diseases ;
- (e) Diseases of the Skin ;
- (f) Theory and Practice of Vaccination.

(ix) **Surgery**, including **Applied Anatomy and Physiology, and Clinical Pathology**, comprising :

1. A course of Systematic instruction in the principles and practice of Surgery ;

2. A Surgical Dressership for a period of six months, of which at least three months must have been spent in the Hospital wards ;

3. Practical instruction in Surgical Methods, including Mechano-Therapeutics ;

4. Lectures or Demonstrations in Clinical Surgery, and attendance on general In-patient and Out-patient Surgical practice during seven terms, which may be concurrent with the terms prescribed under (viii) 3 ;

5. Instruction in the Administration of Anæsthetics the candidate being certified to have administered Anæsthetic on at least ten occasions ;

6. A course of instruction in Operative Surgery ;

7. Instruction in Applied Anatomy and Physiology, and Clinical Pathology ;

8. Instruction in the following Subjects, *viz.* :—

- (a) Diseases of the Eye : Refraction : use of Ophthalmoscope ;
- (b) Diseases of the Ear, Throat, and Nose ; use of Otoscope, Laryngoscope, and Rhinoscope ;
- (c) Radiology ;
- (d) Venereal Diseases ;
- (e) Orthopædics, if this is not included in the Course of Surgery, or of Surgical Methods.

(x) Midwifery and Diseases of Women.—Instruction during a period of at least two terms, comprising :

1. Courses of systematic instruction in the principles and practice of Obstetrics and Gynæcology.

2. Lectures or Demonstrations in Clinical Obstetrics and Gynæcology and attendance on In-patient and Out-patient Gynæcological Practice.

3. Instruction in the following subjects, *viz.* :—

(a) Ante-natal condition ;

(b) Infant Hygiene.

4. Every student should, after attending the Courses of systematic instruction in the principles and practice of Surgery and of Obstetrics, give continuous attendance on Obstetrical Hospital Practice, under the supervision of a competent officer, for a period of three months, during one month of which at least he should perform the duties of an intern student in a Lying-in Hospital or Ward. He should attend during the period twenty cases of Labour under adequate supervision. Extern or District Maternity work should not be taken until the student has personally delivered at least five cases in the Lying-in Hospital or Ward, to the satisfaction of his teacher.

A certificate of having attended twenty cases of Labour should state that the student has personally attended each case during the course of Labour, making the necessary abdominal and other Examination, under the supervision of the certifying officer, who should describe his official position and state how many of the twenty cases were conducted in Hospital.

ADDITIONAL RESOLUTIONS.

(a) That throughout the whole period of study the attention of the student should be directed by his teachers to the importance of the preventive aspects of Medicine ;

(b) That each Licensing Body should make adequate arrangements for the effective correlation of the several subjects of study throughout its curriculum ;

(c) That the teaching of Anatomy and Physiology should include as a regular part of courses the demonstration on the living human body of structure and function ;

(d) That the Curriculum should be so arranged that a minimum period of three years shall in every case be available for study after the completion by the student of the Professional Examinations in Anatomy and Physiology held at the close of the second year.

(e) That the Curriculum should be so framed as to afford sufficient opportunities for the study, during the last three years of the course, of Physics, Chemistry, Biology, Anatomy and Physiology, in their practical applications to Medicine, Surgery, and Midwifery, and that the student's knowledge of these applications should be subject to tests in the Final Examination ;

(f) That before the student is admitted to his clinical appointments he should have received practical instruction in clinical methods and in the recognition and interpretation of physical signs ;

(g) That instruction should be given in the course of Forensic Medicine and Public Health or otherwise, on the duties which devolve upon practitioners in their relation and the State and on the generally recognised rules of Medical Ethics. Attention should be called to all Notices on these subjects issued by the General Medical Council.

PROFESSIONAL EXAMINATION

RECOMMENDATIONS OF THE GENERAL MEDICAL COUNCIL.

Adopted on May 27th and 29th, 1922.

1. In order to secure due continuity and sequence in Medical study, two or more Professional Examinations in the earlier subjects should be held antecedently to the Final Examination in Medicine, Surgery, and Midwifery.

2. Three years at least should intervene between the date of passing the Professional Examination in Anatomy and Physiology and that of admission to the Final Examination in Medicine, Surgery and Midwifery.

3. A candidate remitted in any subject of a Professional Examination should, before he is re-admitted to examination therein, be required to produce satisfactory evidence that he has, during the interval of remission, pursued the study of the subject in which he was rejected. Candidates who obtain less than 30 per cent. of the marks in any subject be remitted for a longer period than three months.

4. In all the Professional Examinations sufficient time should be assigned to practical work, in order to test the thoroughness of the candidate's knowledge and to encourage practical methods of study.

5. Candidates in all their Examination work should be carefully supervised.

6. Two Examiners should always participate in the Oral Examination of a Candidate except in subordinate parts of practical examinations.

7. In all Written Examinations the questions in each subject should be submitted for the approval of all the Examiners in that subject.

8. In all Written Examinations an average of at least half an hour should be allowed for a Candidate to answer each question.

9. It is desirable that Examiners, and in particular those for the Final Examination in Medicine, Surgery, and Midwifery, should be appointed or re-elected for at least three consecutive years.

10. Whatever may be the system of marking, the percentage for a pass in each subject should be not less than 50.

11. In the Regulations for the several Examinations it should be provided that Examiners, in assessing marks, be empowered to take into account the duly attested records of the work done by the Candidate throughout his course of study in the subject of the Examination.

12. The Final Examination in Medicine, Surgery, and Midwifery with the exception of the Clinical and Practical Examinations in Midwifery and Gynæcology must not be passed before the close of the fifth academic year of medical study.

13. The three portions of the Final Examination in Medicine, Surgery, and Midwifery should not be further subdivided into sections which may be entered for or passed separately.

14. Compensation in respect of marks as between the three different portions of the Final or Qualifying Examination—*viz.*, Medicine, Surgery and Midwifery—is contrary to the intention of the Medical Act (1886).

15. The Final Examination should include Clinical and Practical Examinations in Midwifery and Gynæcology.

16. The Clinical Examination in Medicine, Surgery, and Midwifery should be held in properly equipped Hospitals or Examination Halls well provided with suitable patients.

17. In the Examination in Clinical Medicine at least one hour, and in Clinical Surgery at least half an hour, should be allowed to the candidate for the examination of and report on his principal case.

18. In Medicine, in Surgery, and in Midwifery, no candidate should be allowed to pass who fails to obtain fifty per cent. of the aggregate marks assigned to the whole Examination; or who fails to obtain fifty per cent. of the marks assigned to the Clinical Examination; or who fails to obtain forty per cent. of the aggregate of the marks assigned to the Written and Oral Examinations.

In Midwifery where a Clinical Examination is not held, the duly attested records of the work done by the candidate in Clinical Midwifery must be presented to the Examiners for assessment in the Final Examination; and no candidate should be allowed to pass who fails to obtain fifty per cent. of the aggregate marks assigned to Clinical and Practical Midwifery and Gyn-

19. The Final Examination should include the Examination of Secretions, the Testing of Urine, Clinical Microscopy, and Prescription-writing, and there should always be an Oral Examination in Medicine, Surgery, and Midwifery, which should include an examination on pathological specimens.

20. At the Final Examination each candidate should be submitted to a Practical and Oral Examination in Pathology (macroscopic and microscopic), unless this has been included in a Professional Examination preceding the Final Examination.

21. Whatever be the method of entry for the Final Examination all candidates should be required to complete the three portions of the Final Examination within a period of nineteen months.

Recognition of the Local Examinations of the Cambridge University by the Calcutta University.

On the recommendation of a Committee consisting of the Hon'ble Sir Nilratan Sircar, Kt., M.A., M.D., Mr. B. Heaton, the Hon'ble Mr. W. C. Wordsworth, M.A., and Mr. J. N. Das Gupta, B.A. (Oxon.), the Syndicate at their meeting held on the 6th November, 1918, adopted the following Resolution :—

I. (a) That a student who has passed the Cambridge Senior Local Examination in English Composition and Literature (Arithmetic, Geometry, Algebra), Mathematics, a Classical language and any two of the following—History, Geography, Trigonometry with Analytical Geometry or Calculus, Applied Mathematics, Chemistry, Physics, Experimental Science, Physical Geography, may for the purpose of admissions to the examinations and courses of this University be regarded as having passed the Matriculation Examination: (provided the requirements of the existing Regulation about age are satisfied).

(b) That in the case of women the Classical language be interpreted as any language other than English or an Indian Vernacular and Mathematics be as Arithmetic together with Botany or Physical Geography.

(c) That any non-European applying for exemption from the Matriculation Examination under the following Regulation may at the discretion of the Syndicate be required to give evidence or proof of proficiency in his vernacular.

II. (a) That a student who, having passed the Matriculation Examination of this University or any examination that may be recognised as equivalent to the Matriculation Examination of the University, and who after a further course of study recognised as satisfactory by the University has passed the Cambridge Higher School Certificate Examination in Group II offering (1) Latin or French or German or an oriental classical language, (2) English including (a) Shakespeare, (b) English Literature, (c) Prescribed Books, in the English Essay, compulsory on all candidates and in two of the following subsidiary subjects; (i) Logic, (ii) Mathematics (3 papers); (3) English History or English Colonial History and Modern European History or Greek History or Roman History (any two); if Roman History is taken as a part of the whole subject Latin in Group II, then only one other subsidiary subject in History need be taken, (4) Physics or Chemistry or Botany or Physical Geography, shall for the purpose of admission to the courses and examinations of this University be regarded as having passed the Intermediate Examination in Arts.

(b) That any non-European applying for exemption from the Intermediate Examination in Arts under the foregoing regulation may at the discretion of the Syndicate be required to give evidence or proof of proficiency in his vernacular.

III. (a) That a student who, having passed the Matriculation Examination of this University or any examination that may be recognised as equivalent to it, and who after a further course of study recognised as satisfactory by University, has passed the Cambridge Higher School Certificate Examination Group IV offering

(a) *Either* Physics and Chemistry or Experimental Science with Botany or Elementary Biology or Physical Geography and Geology, (b) subsidiary subject—English Literature (with compulsory English Essay), (c) two of the following subsidiary subjects; Mathematics (3 papers), Botany, Physical Geography, may for the purpose of admission to the courses and examinations of this University be regarded as having passed the Intermediate Examination in Science.

(b) That any non-European applying for exemption from the Intermediate Examination in Science under the foregoing regulation may at the discretion of the Syndicate be required to give evidence or proof of proficiency in his vernacular.

IV. That while the present rule as to age for admission to the Matriculation Examination of this University remains * in force exemption granted under these regulations shall not entitle any one to sit for the Intermediate Examination under the age of eighteen years, and the final under the age of twenty years, and that any modification of the present rule shall be followed by a suitable modification of this regulation.

V. That the existing regulations granting exemption under certain conditions from the Matriculation and Intermediate Examinations to students who have passed Cambridge Senior Local Examinations shall be applicable only to those who have passed this examination in or before 1918.

* The age-limit for Matriculation candidates has since been reduced to 15 years, in consequence whereof candidates for the Intermediate Final Examinations should not be under the age of 17 and 19 years, respectively.

Rules regarding recognition of the A. V. High School and the European High School and Scholarship Examinations of Burma by the Calcutta University.

(a) That students who have passed the A. V. High School Final Examination of Burma may, for the purpose of admission to the Examination of this University, be regarded as having passed an examination equivalent to the Matriculation Examination of this University provided that (1) they have taken, and passed in, not only the compulsory subjects (English, Arithmetic, Vernacular and Geography) but also in at least two of the optionals of which either Mathematics or a Classical language must be one and (2) the requirements of the University Regulations about age are satisfied.

(b) That students who have passed the High School and Scholarship Examination of Burma may, for the purpose of admission to the examination of this University, be considered to have passed an examination equivalent to the Matriculation Examination of this University, provided that the requirements of the University Regulations as to the minimum age have been satisfied.

(c) Female candidates who have passed the Burma High School and Scholarship Examination with a Second Language as one of their optional subjects may be regarded to have passed an examination equivalent to the Matriculation Examination of this University, provided that the requirements of the University Regulations as to the minimum age have been satisfied.

N.B.—Tamil, Telugu, French and German which are included in the list of Second Language which female candidates are allowed to take up in Burma, have been added to the list of vernaculars (Second Languages) in the case of female candidates for the purposes of Section 9 of Chapter XXX of the Regulations.

(d) Female candidates, who, after passing the Burma High School and Scholarship Examination without taking up one of the Vernaculars sanctioned by the Syndicate desire to qualify themselves for admission to the Intermediate Examination of this University, will be required to pass in one of these languages to the standard of the Matriculation Examination before admission to the Intermediate Examination, provided they satisfy the requirements of the University Regulations as to the minimum age.

PRESIDENCY COLLEGE, CALCUTTA.

His Excellency Lieutenant-Colonel the Right Hon'ble Sir Francis Stanley Jackson, P.C., G.C.I.E., Governor—Visitor.

AFFILIATED, 1857.

The Presidency College was formally established on the 15th June, 1855, under orders from the Honourable the Court of Directors of the East India Company though there is evidence that it had already started informally a year previously. The circumstances of its establishment connect it closely with the Hindu College or Mahavidyalay, founded by a number of Hindu gentlemen, aided by Sir Edward Hyde East, Chief Justice of the Supreme Court, and opened on January the 20th, 1817. This origin connects the Presidency College with the Hindu and Hare Schools, and more specially with the former which continues the Junior Department of the Hindu College, as Presidency College continues the Senior. The Graduate Scholarships attached to the Presidency College, of which particulars are given below are as a consequence of this connection, being derived from the Hindu College Fund.

Presidency College is thus in its beginnings carried back to the first efforts to promote liberal education in British India and is associated with David Hare and Raja Rammohan Ray who were the inspirers of the movement which led to the foundation of the Hindu College.

From 1855 to the present year the Presidency College has been administered by the Education Department under the Director of Public Instruction, Bengal. In 1909 a Governing Body was constituted in accordance with Chapter XIX of the University Regulations, and met for the first time on Tuesday March 8th, 1910.

In December, 1914, His Excellency Lord Carmichael, first Governor of Bengal, became the Official Visitor of the College, a title which H.E. Lord Lytton has also consented to accept.

Courses of Study.—Post-Graduate Teaching is now under the control of the University. The College is affiliated to the B.A. Honours stage in English, Philosophy, History, Political Economy and Political Philosophy, Sanskrit, Pali, Persian, Arabic, and in Vernacular Composition; and to the B.A. and B.Sc. Honours stage in Mathematics, Physics, Chemistry, Physiology, Geology and Botany.

Admission.—Presidency College since its foundation has been open to all classes of the community, the only condition of eligibility being compliance with the requirements of the University. Since 1907, owing to increase of numbers and in conformity with the letter and spirit of the new Regulations introduced in 1906, admissions have been strictly limited by consideration of space and efficiency of teaching as well as the candidate's place at previous University examinations.

The limit at present observed for the under-graduate classes is a total of 890 distributed as under :—

		Arts		Science
1st-year...	...	90	...	110
2nd „	...	100	...	110
3rd „	...	110	...	130
4th „	...	120	...	130

More particular information as to conditions of admission and choice of subject is obtainable on application to "The Principal, Presidency College."

Admission is in all cases understood as implying an undertaking to submit willingly to the rules and discipline of the College.

Fees.—The fees to be paid by ordinary students are—an admission fee of Rs. 16; monthly tuition fee in the following scale:—

1st and 2nd years	...	Arts	...	Rs. 14
" Do.	...	Science	...	" 15
3rd and 4th years	...	Pass B.A.	...	" 15

" Do.	...	Pass B.Sc.	...	" 16
" Do.	...	Hons. "	...	" 17
" Do.	...	M.A.	...	" 17
" Do.	...	M.Sc.	...	" 18

and an annual Athletic, Magazine and College Union subscription of Rs. 5-8.

Tuition fees are payable monthly in advance and are due for 12 months reckoning from June to May. Two months' fees are consequently due at the beginning of the session (July) and are payable before admission.

Muhammadan Students.—A definite proportion of seats is reserved for Muhammadan candidates desirous of admission to Presidency College and the minimum standard has been fixed at 25 for the present, provided the candidates conform to the standard of educational fitness prescribed for the purpose.

Further privileges in the shape of part-free studentships and Mohsin stipends, to the extent of 100 and 60 respectively, are enjoyed by Muhammadan students. They are granted to those eligible and are distributed in the manner indicated below:—

Class	Part-free Studentships		Mohsin Stipends	
1st-year	...	30	...	} 25 of Rs. 7 each per month
2nd "	...	30	...	
3rd "	...	20	...	
4th "	...	20	...	} 25 " " "
5th and 6th years	...	nil	...	
				10 of Rs. 8 " "

Muhammadan students pay the same Athletic and Magazine subscriptions as other students.

Hostel.—The Eden Hindu Hostel for the residence of Hindu students of the College accommodates 245 boarders. Information as to conditions of admission and terms of residence is obtainable on application to "The Superintendent, Eden Hindu Hostel."

This Hostel was originally founded by public subscription, the Raja of Mahishadal being the principal contributor. At first other students than Presidency College students were admitted though students of that College always formed the great majority of the boarders. Since 1905, it has been an attached hostel of the Presidency College in conformity with Chapter XXIV of the Regulations. The new wing was added at Government expense in 1895, and Government has always borne the cost of maintenance.

Tutorial Work.—There is individual tutorial work in English (generally essay-writing) in all classes and as far as practicable in other subjects.

College Examinations.—A college examination of the First and Third-year students is held each year at the end of March to determine fitness for promotion to the Second and Fourth-year Classes.

Class exercises are set from time to time in all subjects in the undergraduate classes to give practice in written work and as a test of progress.

Progress during the second-year of the Intermediate, B.A., and B.Sc. courses is judged entirely from tutorial work, practical work and class exercises; and students are only sent up for the University examinations if their progress is satisfactory.

Vacations.—The recognised vacations are: The Long Vacation, approximately 11 weeks between the middle of April and the beginning of July and the Durga Puja Vacation, approximately 4 weeks between the rains and the cold weather.

Free-studentships.—Three free-studentships are provided out of the endowment of the late Maharaja Durgacharan Law, C.I.E. These are at the disposal of the Founder's heirs, subject to the condition recognised as qualifying for admission to the College.

There are 75 part-free studentships, of which 60 of Rs. 7 each are awarded to under-graduate students and 15 of Rs. 8 each to Post-graduate students.

Scholarships and prizes.—A number of scholarships, paid out of the income of the Presidency College Graduate Scholarship Funds are attached to the College. The fund originated with the subscriptions contributed in 1816 for the Hindu College. In 1863 it was amalgamated with three hitherto separate funds which commemorated men eminent for their services to the cause of education. The scholarships are tenable by graduates of the Presidency College in Arts or Science for two years after taking the B.A. or B.Sc. Degree, and have since 1909 been divided into two groups of five and six scholarships respectively, awarded in alternate years.

FIRST GROUP.

	Rs. per month
1. Burdwan Scholarship of	50 "
2. Bird Scholarship of	40 "
3. Gopinimohan Tagore Scholarship of	30 "
4. Hindu College Foundation Scholarship of ..	40 "
5. Do. do. do.	25 "
6. Do. do. do.	25 "

SECOND GROUP.

	Rs. per month
1. Dwarkanath Tagore Scholarship of	50 "
2. Ryan Scholarship of	40 "
3. Hindu College Foundation Scholarship of ...	40 "
4. Do. do. do.	30 "
5. Do. do. do.	25 "

The Burdwan and Gopinimohan Tagore Scholarships commemorate two of the original subscribers to the Hindu College Fund. The Bird, Ryan and Dwarkanath Tagore Scholarships were founded later in honour of Mr. W. Bird and Dr. Ryan (1845-46) and Babu Dwarkanath Tagore (1849).

Two Gold Medals called the Scindhia Medals and a Prize called the Gwalior Prize are awarded annually on the results of the Intermediate Examinations in Arts and Science. They were the gift of H. H. the Maharaja Scindhia in 1870.

A Prize for Sanskrit called the Harischandra Kaviratna Prize is also awarded on the results of the Intermediate Examination in Arts. It was founded in 1908 by subscriptions from pupils in memory of Babu Harischandra Kaviratna, for many years Professor of Sanskrit at the Presidency College.

Two scholarships of the value of Rs. 12 a month each, tenable for two years, are awarded annually to Hindu candidates on the results of the Intermediate Examination in Science and the Bachelor of Science Examination. A prize of the approximate value of Rs. 54 is also awarded annually to the Hindu student of the Second-year Intermediate Science Class who shall produce the best laboratory notes on experimental work in Physics. They were founded in 1912 by the executors to the estate of Srimati Nistarini Dasi, deceased, widow of late Bolyechand Dutt of Calcutta.

A Gold Medal called the Chandranarain Gold Medal, founded in the year 1915 by Srimati Ramkumari Devi in memory of her husband, the late Rai Chandranarain Sinha, M.A., is annually awarded to the student of the College who stands first among the Presidency College candidates in History at the M.A. Examination.

A Silver Medal called the Kunjabehari Bysak Medal, founded by Babu Gangagobinda Bysak in memory of his father, is awarded to the student of the 3rd-year B.Sc. Class who shows the greatest proficiency in Chemistry in the practical part of the annual examination.

A prize of the approximate value of Rs. 35 called the Astronomical Society's stipend is awarded annually to a 6th-year student of Mathematics who has shewn special aptitude for Astronomy in the 5th-year Class.

Two prizes of the approximate value of Rs. 25 each, founded in memory of Sir Asutosh Mookerjee and Sir Asutosh Chaudhuri, both distinguished old students of the College, called the "Sir Asutosh Mookerjee Prize" and the "Sir Asutosh Chaudhuri Prize," will be awarded annually to 2nd-year Science and Arts students respectively, who obtain the highest aggregate marks in the annual examination of the 1st-year Classes.

Two prizes of books, called the Cunningham Memorial Prizes, founded in memory of the late John Arthur Cunningham, of the Indian Educational Service and Professor of Chemistry at Presidency College, will be awarded annually in the following manner :—

- (i) To the best student in Chemistry among the successful candidates of the year at the B.Sc. Examination from Presidency College.
- (ii) To the best student in Chemistry among the successful candidates of the year at the M.Sc. Examination from Presidency College.

HOOGHLY COLLEGE.

AFFILIATED, 1857.

The Institution was founded in 1836, and was originally supported from funds bequeathed by Muhammad Mohsin, a wealthy Mahomedan gentleman, who, dying without heirs in the year 1806, left his large property, yielding an annual income of Rs. 45,000 to Mahomedan Trustees "for the service of God." Owing to the misappropriation of the funds Government assumed the office of Trustees. The right of assumption was opposed by the original Trustees but upheld both by the Courts in India and by the Privy Council in England. The period of litigation extended over many years, during which the annual income accumulated, forming a surplus of Rs. 8,61,100. The surplus was devoted to the foundation and endowment of the Hughli College, and was further increased by a portion of the original zemindaree that became available on the death of one of the Mootawalees of the Hughli Imambarah, an Institution which also derives its support from Muhammad Mohsin's legacy. The College endowments were further increased by the accumulation of unexpended revenue until the income amounted to Rs. 51,000 per annum in 1873, when the Government of India resolved to transfer the whole of the Mohsin endowment to the purpose of Mahomedan education throughout Bengal, and accordingly increased the provincial assignment of education in Bengal by Rs. 50,000 a year, in order to meet the expenses of the Hughli College which has now become an Institution maintained by Government.

The College is under the control of the Director of Public Instruction, Bengal. It is open to all students who have passed the University Matriculation Examination, the fees being Rs. 6 for I.A., Rs. 7 for I.Sc., and B.A., and Rs. 8 for B.Sc. students.

There is a Governing Body for the College of which the Commissioner of the Burdwan Division is the *ex-officio* President, and the Principal, *ex-officio* Vice-President and Secretary.

The College has for the present arranged to teach English, Physics, Chemistry, Mathematics and Vernacular Composition for the Intermediate in Science, and for the Intermediate in Arts, English, History, Sanskrit, Persian, Logic, Mathematics and Vernacular Composition.

For the B.A. provision has been made for teaching English (Pass and Honours), Sanskrit (Pass and Honours), Persian, History (Pass and Honours), Mathematics (Pass and Honours), Vernacular Composition, Philosophy (Pass and Honours) and Economics.

For the B.Sc. provision has been made for teaching Mathematics (Pass and Honours), Physics (Pass and Honours) and Chemistry (Pass).

There are two Hostels attached to the College, one for the Hindu students and the other for the Mahomedan students.

SCHOLARSHIPS, STUDENTSHIPS, ETC.

1. One Laha Scholarship of Rs. 25 per mensem attached to this College tenable for two years either at the Presidency or the Sanskrit College or in connection with a University Course of lectures, is awarded each alternate year to a graduate of this College, who is preparing within five years of his passing the Matriculation Examination, to take the M.A. Degree.

2. One Rani Katyani Scholarship of Rs. 13 * per mensem tenable for two years in the Hughli College, is awarded annually to the most deserving student who has passed the I.A. or I.Sc. Examination from the College, and who has not gained a Government Scholarship, but the Principal who is the administrator of this scholarship fund is authorised to divide the scholarship into two of equal value whenever such a course may be advisable.

3. One Zemindaree Scholarship of Rs. 7 per mensem, tenable for two years is awarded annually to the most deserving student who has passed the Matriculation Examination from the Collegiate or Branch School, and who has not gained a Government Scholarship, preference being given to a student of the latter school.

4. Raja Hrishikesh Laha awards five studentships each of Rs. 5 per mensem, to students reading in the College.

5. Six Free studentships are granted by Government to really deserving students of this College.

6. Three College stipends of Rs. 5 each per mensem tenable for two years are awarded annually to the most deserving Mahomedan students of the First-year Class (I.A. or I.Sc.) of the College.

Two College stipends of Rs. 5 each per mensem tenable for two years awarded annually to the most deserving Mahomedan students of the Third-year Class (B.A. or B.Sc.) of this College.

No one who holds any Government or other scholarship or stipend is eligible for these stipends.

These 5 College stipends were created during the year 1917-18 out of the Mohsin grant for short-fee payments to Mahomedan students.

7. Six Free Boarderships are attached to the Mahomedan Hostel of the College, and are awarded to Mahomedan students who have not gained any Government or Mohsin scholarships.

8. A Thwaytes Gold Medal of the value of about Rs. 40 is awarded annually to the graduate from this College who gains the highest number of marks in Mathematics at the B.A. or B.Sc. Examination of each year.

9. Rai Gopibhushan Sen Babadur gold medal of the value of Rs. 40 will be awarded annually to a student who after passing the I.Sc. Examination from the Hughli College gets the B.Sc. Degree also from the College and secures the highest number of marks in the College in Chemistry at the B.Sc. Examination. In case the B.Sc. Classes at the Hughli College are abolished the gold medal will be transferred to the Presidency College, Calcutta.

10. A Scholarship of Rs. 5 per mensem, tenable for two years in the Hughli College, is awarded annually to the student of the Hughli Collegiate School who obtains the greatest number of marks in Mathematics in passing the Matriculation Examination of the Calcutta University. A Scholarship of Rs. 5 per mensem, tenable for two years in the Hughli College is awarded annually to the student of the Hughli College, who obtains the greatest number of marks in Mathematics in passing the I.A. or I.Sc. Examination of the Calcutta University. These Scholarships were founded by the late Babu Suryyamohan Banerjee of Telinipara.

* The value of the Scholarship was reduced to Rs. 14 (*vide* letter from the Principal, Hughli College, No. 515, dated 25th June, 1914).

The Government of Bengal in their letter No. 4746, dated the 9th December, 1914, to the Director of Public Instruction, Bengal, sanctioned reduction of the value of the Scholarship from Rs. 16 to Rs. 14 during 1914-15 and to Rs. 13 permanently from June, 1915.

KRISHNAGAR COLLEGE

AFFILIATED 1857.

This College was founded by Government in 1845, and is under the control of the Director of Public Instruction, Bengal. There is a Governing Body of which the District Judge of Nadia is the *ex-officio* President, the Principal of the College is the *ex-officio* Vice-President and Secretary, and one of the staff a member. Government added a fourth (non-official) member in 1915 and another in 1921.

Any person who has passed the University Matriculation Examination may be admitted. Students pay an admission fee amounting to the monthly tuition fees of the respective classes which are at present Rs. 6 in the I.A., Rs. 7 in the I.Sc. and B.A. and Rs. 8 in the B.Sc. Classes, Game and Common Room fees of Rs. 2 and Magazine fee of Re. 1, and Printing fee of Re. 1 annually.

The College stands upon an enclosed compound of upwards of 100 bighas. It occupies three buildings, one big and two small. The big one which is the Main College Building is a handsome structure standing upon three bighas of land. It was erected in 1856, at a cost of Rs. 66,876, Rs. 17,000 of which was collected by private subscriptions.

In one of the smaller buildings the Chemical Laboratory is located. Part of the ground occupied was purchased by the Government, for the remainder the College is indebted to the munificence of the Honourable Maharaja Bahadur of Nadia and the Maharani Swarnamayi, C.I., of Cossimbazar.

In 1871 the B.A. Classes were abolished by Sir George Campbell, the then Lieutenant-Governor of Bengal, and for some years the College only afforded instruction up to the First Examination in Arts. In 1875, however, Sir Richard Temple on the petition of the chief inhabitants of the District, consented to restore the College to its former status provided that a considerable share of the increased cost was subscribed by the community. A sum amounting to more than Rs. 40,000 was subscribed during the year and with this endowment B.A. Classes in the B Course were opened: Classes for the A Course for the B.A. were opened in June, 1888.

The College is now affiliated in I.A. standard in English, Bengali Composition, Sanskrit, Persian, History, Logic, Mathematics, Physics, and Chemistry and in I.Sc. standard in English, Bengali Composition, Mathematics, Physics and Chemistry.

The College is further affiliated to the B.A. standard in English (Pass and Honours), Bengali Composition, Sanskrit (Pass and Honours), History, Mathematics (Pass and Honours), Persian, Political Economy and Political

Philosophy, Philosophy, Physics and Chemistry, and to the B.Sc. standard in Mathematics (Pass and Honours), Physics and Chemistry.

A prize of Rs. 80 founded by Babu Mohinimohan Ray in 1883 and called the Mohinimohan Ray Prize, is awarded annually to the student who most successfully passes the B.A. Examination with Honours or to a graduate of the College who passes the M.A. Examination in any subject.

Two stipends of the value of Rs. 4 and Rs. 3 a month have been created out of the accumulated cash balance of the Fund.

Another Prize of Rs. 8 founded by Babu Syamacharan Maitra and called "The Smith and Macdonell Prize" is annually awarded to the student who most successfully passes the I.A. or I.Sc. Examination and prosecutes his studies for the B.A. or B.Sc. Examination in the Krishnagar College.

Another Prize of Rs. 8 called the "Livingstone Memorial Prize" is awarded in commemoration of the late Principal W. B. Livingstone to the student who passes in all the subjects and secures the highest marks in the Annual Examination of the 3rd-year Class.

The College Endowment Funds now amount to Rs. 75,100.

There is a Hindu Hostel attached to the College, which is under the direct control of the Principal and is managed by a Superintendent who is a member of the teaching staff and an Assistant Superintendent. There is also a Muhammadan Hostel attached to the College which is under the direct control of the Principal and managed by a Superintendent.

Twenty-two free studentships are attached to the College, of which six are Government and three are treated by Babu D. N. Sinha Ray, Zamindar of Nakashipara (Nadia), and thirteen foundation free studentships.

The Krishnagar College has been created a centre for Bachelor Degree (Theoretical) Examinations since 1912.

KRISHNATH COLLEGE, BERHAMPUR (LATE BERHAMPUR COLLEGE)

AFFILIATED 1857.

The Older Gazetteers are unanimous in recording that a "British" College was opened in Berhampur in 1826, but the College, as we know it, was opened in 1853. The foundation stone of the building, one moiety of the cost of which was paid by the community, was laid in 1863 and the building came into use in 1869, when the Institution became a first grade College in Arts. A Law Department was added in 1864. The status was however, reduced in 1872 to that of a second grade College and the Law Department was abolished in 1875. The Institution again became a first grade College with a Law Department attached in 1888. It is open to all classes of the community.

In pursuance of the policy recommended by the Education Commission and adopted by the Government of India, the Bengal Government decided in 1886 to transfer the Berhampur College to private management. The magnificent offer of the late Maharani Swarnamayi, C.I., of Cossimbazar to maintain the College for five years was accepted. Accordingly by a Bengal Government Resolution, dated the 14th May, 1887, the control of the College, administrative and financial, was vested in a Board of Trustees. Since the Maharani's death in 1898, the College has been financed by her nephew and successor, the Hon'ble Maharaja Sir Manindrachandra Nandi, K.C.I.E., of Cossimbazar. In 1905 the College was handed over by a deed

of transfer to the Hon'ble Maharaja Sir Manindrachandra Nandi, K.C.I.E., of Cossimbazar, with a Board of Management consisting of the Maharaja as President, the District Judge, the District Magistrate and the Inspector of Schools, Presidency Division, as *Ex-officio* Members, and Rai Baikunthnath Sen, Bahadur, C.I.E.

For the internal management of the College there is a Committee of Management consisting of all the members of the Board, the Principal and two members of the professorial staff.

Scholarships.—(1) Scholarships numbering two and three in alternate years called the Berhampur College Scholarships, of the monthly value of Rs. 8, each tenable for two years in the B.A. classes of the Institution, are awarded on the results of the Intermediate Examination, to students taking up Honours Course for the B.A. Examination. (2) The Kennedy Scholarship of Rs. 4 a month founded by public subscription in honour of J. Kennedy, Esq., formerly a Collector of the District, is awarded to the successful Intermediate candidate from the College who stands next to those obtaining Berhampur College or Government Scholarships. It is tenable for two years in the B.A. Classes of the Institution. (3) Five Rajib Scholarships of Rs. 4 a month each, founded in commemoration of the donor, the late Rai Rajiblochan Rai, Bahadur, the benevolent Dewan of the late Maharani Swarnamayi, are awarded to the first five successful Matriculation candidates from the Berhampur centre. They are tenable for two years of the Intermediate Classes of the Institution. (4) The "Kadambini Scholarship" of Rs. 3 a month, tenable for one year in the B.A. Classes was established by Srimati Kshirodkumari Dasi of Berhampur, in honour of her late mother Kadambini Dasi. (5) The "Harasankar Studentship" of Rs. 4 a month is awarded for one year only to a student securing highest marks in Sanskrit at the I.A. Examination from the College, and taking Sanskrit in the B.A. It was established in the year 1908 by Babu Nilmani Bhattacharyya of Berhampur in deference to the last wishes of his father, the late Babu Harasankar Bhattacharyya. (6) Four Scholarships named "Rani Dintarini Scholarships" founded by Raja Jogendranarain Ray of Lalgola in memory of his late wife, Ranee Dintarini, were established in the year 1908. Out of the four scholarships, two of the value of Rs. 6 per mensem are to be enjoyed by two First-year students who pass the Matriculation Examination from the Berhampur Krishnath Collegiate School, and secure the highest number of marks without obtaining a Government Scholarship, and two of the value of Rs. 8 per mensem, are to be enjoyed by two Third-year students who pass the Intermediate Examination from the Berhampur Krishnath College, and secure the highest number of marks without obtaining a Government Scholarship.

Medals.—Two Gold Medals, named after their donors, Rai Baikunthnath Sen, Bahadur, and Rai Srinath Pal, Bahadur, are awarded to the students of this College passing the Degree Examination with Honours in English and Science respectively. A silver medal, named the Mackenzie Medal founded by late Rai Mukundalal Barman, Bahadur, in commemoration of His Honour Sir Alexander Mackenzie's visit to this District in February, 1898, is awarded to the student who stands highest from this College in the B.A. Examination with Honours. A Silver Medal named the 'Harasankar Medal' founded by Babu Nilmani Bhattacharyya, is awarded to a student securing highest marks in Bengali at the Intermediate Examination from this College.

Free Studentships and Stipends.—All Government scholars and students holding "Berhampur College" and "Kennedy" Scholarships receive tuition free. A limited number of free and half-free studentships is also awarded to poor and deserving students by the Maharaja of Cossimbazar. Through the liberality of the late Raja Asutosh Nath Ray of Cossimbazar, a few stipends to the extent of Rs. 36 a month are also provided. Four free-studentships are awarded on the results of the annual examinations.

Collegiate School.—Connected with the College is a School Department teaching up to the Matriculation standard. The tuition fee in the school ranges from Rs. 1-8 to Rs. 3 a month.

Hostel.—There are Boarding Establishments attached to the College and the College School for the accommodation of Hindu, and Muhammadan students.

College Department.

In the B.A. Classes English, Philosophy, Mathematics, History, Political Economy and Political Philosophy, Sanskrit, Persian, Botany, Physics and Chemistry are the subjects taught. Honours Classes are held in English, Philosophy, Sanskrit, History, and Mathematics. In the B.Sc. Classes Mathematics, Physics, Chemistry and Botany are the subjects taught. Honours Classes are held in Mathematics, Physics, and Chemistry. In the Intermediate Classes the following subjects are taught. English, Bengali, Sanskrit, Persian, History, Logic, Mathematics, Chemistry, Physics, Botany, Commercial Arithmetic and Book-keeping, Commercial Geography and Civics.

A Commercial Department has been opened for the purpose of teaching a special two years' course leading up to a Degree in Commerce.

Tuition Fee.—In the Arts Department : Rs. 6 for Intermediate Classes and Rs. 7 for Degree Classes; in the Science and Commercial Departments : Rs. 7 for Intermediate Classes and Rs. 8. for Degree Classes per month,

THE SCOTTISH CHURCHES COLLEGE, CALCUTTA.

[IN WHICH ARE INCORPORATED THE GENERAL ASSEMBLY'S INSTITUTION AND
DUFF COLLEGE.]

In 1830 the Reverend Alexander Duff founded in Calcutta an Institution for the propagation of the Gospel through education, at once liberal and religious on Western principles and with English as the medium of instruction in the higher classes. This he named the General Assembly's Institution, because it was founded under the direction of the General Assembly of the Church of Scotland whose first missionary he was. Its success was immediate and great. Again, in 1843, when Dr. Duff and his colleagues cast in their lot with that party in the Church which separated itself and formed the Free Church of Scotland, they founded another College under the name of the Free Church of Scotland Institution, on the same principles and with similar success. To the name of this second Institution the title of Duff College was added after the death of that illustrious man.

During recent years the separated branches of the Church of Scotland have been desiring and aiming at co-operation and even re-union. Thus the demand for increased efficiency in Indian education and the evident wisdom of concentrating their efforts in one Institution found them ready to take the decisive step of incorporating their separate Colleges in Calcutta in one. Accordingly, from the first day of June, 1908, the General Assembly's Institution and the Duff College ceased to maintain separate existence, and are now united as "The Scottish Churches College" working under the Scottish Churches Mission, with a Mission Council in Calcutta and a Board of Trustees in Edinburgh.

Affiliation.—The Scottish Churches College is affiliated up to the B.A. Pass and Honours standards in English, Mathematics, Sanskrit, History, Philosophy, Political Economy and Political Philosophy. Of the vernaculars Bengali and Hindi are taught.

It is affiliated up to the B.Sc. Pass and Honours standards in Physics, Chemistry and Mathematics.

Dr. Urquhart is a Lecturer in the Post-Graduate Classes of the University in Philosophy.

Fees.—The annual fee of every class is Rs. 96 in Arts and Rs. 120 in Science payable in monthly sums of Rs. 8 and 10. The admission fee is Rs. 8 and the transfer fee Rs. 8.

SCHOLARSHIPS AND PRIZES.

All scholarships are held subject to the good conduct and satisfactory progress of the holders.

WOMEN STUDENTS.

All classes are open to women as well as to men.

Intermediate Arts and Science.

1. Two College Scholarships of value Rs. 10 and Rs. 8 respectively, tenable for two years in the College, will be awarded to the boys standing first and second in the Matriculation Class of the Scottish Churches Collegiate School. These Scholarships will be awarded on the results of the School Examinations for the year. The winners must have read at least two years in the School.

2. The Stephanos Nirmalendu Ghosh Scholarship of value Rs. 7, tenable for two years in the College, will be awarded to a boy in indigent circumstances who shows special ability in Bengali.

SANSKRIT COLLEGE, CALCUTTA

AFFILIATED, 1860.

This is a Government Institution.

It was founded in 1824 for the encouragement of the study of the Sanskrit language and literature, and at first Sanskrit was studied exclusively. At present English is taught here up to the B.A. standard and Sanskrit to the standard prescribed for the B.A. Hon. Examination and also for the Sanskrit Title Examination in several branches in the Oriental Department of the College. A class has been opened for teaching the Vedas at the request and expense of Madhavachandra Giri, the late Mohanta Mahara] of Tarakeswar.

The College is open to Hindus occupying a respectable position in Hindu Society irrespective of caste. The tuition fee is Rs. 6 per month in the College Department, and Rs. 3 and Rs. 2 in the School Department. The privilege of the lower fee for Rs. 2 is conceded to 60 students of the College Department, who must be descendants of *bona-fide* Pandits. The fee of one of the students is paid out of the endowment fund of Srimati Sati Devi of Chandernagore. In the Oriental Department of the College no tuition fees are charged from students. Six Government free studentships are available in the College classes for deserving poor students.

The privilege of the lower fee of Re. 1 is conceded to 155 students of the School Department. 100 descendants of Pandits are allowed by Government to read in the school at the reduced rate and the fee of Rs. 50 is paid by Babu Pramathanath Mallik of Pathuriaghata and his two other Co-Trustees, Babus Harendrakrishna Seal and Gopeswar Mallik out of the estate left by the late Rani Rajkumari Dasi. Three more concession fees of Re. 1 a month are paid, one out of Nemaicharan Free Studentship fund recently created by Babu Ramanath Mitra of Naihati in memory of his son, and the remaining two out of Hiralal Mukherjee Free Studentship fund. There is one graduate Scholarship of Rs. 30 a month tenable for two years and there are nine senior Scholarships, varying from Rs. 10 to 20 per month and one Scholarship of Rs. 4 called after its founder, Professor E. B. Cowell. There is also an annual medal or prize of Rs. 10 founded by His Highness the Maharaja of Scindhia, to be awarded to a student of the College, who on passing the Intermediate Examination from this College, stands next to those who obtain Scholarships or any other Prizes. There are also eight junior Scholarships of Rs. 8 each, competed for by pupils of the Second class of the School Department; and, there are besides two Scholarships of Rs. 5 each, two of Rs. 4 each, and eight of Rs. 3 each, called the Maheswari Dasi Scholarships, founded by late Rai Rajiblochan Ray, Bahadur, of Cossimbazar to commemorate the name of his mother. They are awarded annually to the pupils of the third, fourth and fifth classes of the School Department for proficiency in Sanskrit Literature and Grammar. There are two Scholarships of Rs. 5 and Rs. 3 a month called the "Abhaycharan Mallik Scholarships." The former is tenable in the College and the latter in the School Department. And there are also two Scholarships of Rs. 7 a month called "Karali-charan Sarkar's Scholarships" awarded to the students of the Oriental Department studying any one of the six systems of Hindu Philosophy.

A valuable library of printed works and manuscripts is attached to the College; and a Government grant of Rs 2,000 was sanctioned for the purchase of standard English and Sanskrit works and periodicals for 1927-28.

ST. XAVIER'S COLLEGE.

AFFILIATED, 1862.

St. Xavier's College which is under the direction of the Society of Jesus was established in 1860 at No. 10, Park Street, in the building which had been St. John's College in the time of Dr. Carew. In 1868, No. 11, Park Street, was acquired and after being enlarged and improved was made part of the College. Both these premises are now known as No. 30, Park Street. The object of this Institution is to give Catholic youth a full course of liberal education. Students of other religious persuasions are also admitted.

As learning without Education properly so-called would not answer the wishes of parents for the happiness of their children, special care is taken to form the character of the pupils ; to inspire them with a love of religion and morality ; to train them to gentlemanly manners, and to habits of methodical work : in short to fit them for their various duties in after life.

The College has an infant class, a Lower and Upper School Department averaging about 600 pupils and a College Department of about 800 students.

A solar spectroscopic observatory, a meteorological observatory, chemical and physical laboratories, and halls for practical science are attached to the College.

CHITTAGONG COLLEGE.

AFFILIATED, 1869.

This College is supported by Government, and is under the control of the Director of Public Instruction, Bengal.

It was originally opened as a Zilla School in 1836 by the General Committee of Public Instruction. In January, 1869, it was raised to a Second Grade College teaching up to the F.A. (now Intermediate) standard. A Law Department teaching up to the Pleaders Examination standard was also added afterwards. This Department does not exist now. The Collegiate School was separated from the College in April, 1910.

The monthly tuition fee in the College Department—I.A. Rs. 6, I.Sc. Rs. 7, B.A. Rs. 7, B.Sc. Rs. 8.

There is an endowment scholarship, called the “Ray Golakchandra Chaudhury Bahadur's Scholarship” of Rs. 6 a month, tenable at this College for two years and awardable every year to the successful candidate at the Matriculation Examination, who stands next below the Government Junior Scholars from the District of Chittagong.

There is another endowment scholarship, called the “Kishori Mohini Scholarship” of Rs. 5-8 per month, tenable at the College (except when the recipient is a female) for two years and awardable every alternate year to the most deserving of the poor students of the Chittagong District, who may pass the Matriculation Examination of the Calcutta University but fail to secure any other scholarship.

A silver Medal called the “Nityananda Medal” to the value of the interest of Rs. 400 given by Babu Rameschandra Das, Deputy Magistrate, in memory of his father, late Babu Nityananda Das of Alampur, District Chittagong, is awarded annually to the best among the successful candidates from the Chittagong College in the B.A. or B.Sc. Examination.

Attached to the College there are a Hindu Hostel and a Mahomedan Hostel. Buddhist boarders are temporarily accommodated in a private house, as are Mahomedans for whom there is not room in the Hostel.

The College has been affiliated up to the Intermediate standard in Arts and Science—in English, Vernacular Composition, Sanskrit, Pali, Persian, Arabic, History, Mathematics, Physics and Chemistry. From June, 1910, the College was raised to the first grade and was affiliated up to the B.A. standard—in English, Vernacular Composition, Sanskrit, Persian (Honours), Arabic (Honours), Mathematics (Honours), History, Chemistry, Physics and Pali (Honours). From June, 1913, the College has been affiliated up to the B.Sc. standard in Mathematics (Honours), Physics and Chemistry. From July, 1919, affiliation has been extended in English (Honours), Political Economy and Political Philosophy (Pass) up to the B.A. standard and Logic up to the Intermediate standard. From June 1925, affiliation in History was extended up to the B.A. (Honours) standard.

VIDYASAGAR COLLEGE, CALCUTTA

(Formerly the Metropolitan Institution)

Affiliated, 1872.

This College is affiliated under the new Regulations up to the standard of the Intermediate Examination in Arts, in English, Vernacular Composition, Sanskrit, Pali, History, Logic, Mathematics, Physics, Chemistry, Botany, Elements of Civics, Commercial Geography, Commercial Arithmetic and Elements of Book-keeping, up to the standard of the I.Sc. in English, Vernacular Composition, Mathematics, Physics, Chemistry and Botany, up to the standard of the B.A. Examination in English (Pass and Honours), Vernacular Composition, Sanskrit (Pass and Honours), Pali, History, Mental and Moral Philosophy (Pass and Honours), Political Economy and Political Philosophy (Pass and Honours), Mathematics (Pass and Honours), Physics (Pass and Honours), and Chemistry (Pass and Honours), and up to the standard of the B.Sc. Examination in Mathematics (Pass and Honours), Physics (Pass and Honours), and Chemistry (Pass and Honours).

The Institution in its present form, at any rate was the handiwork of Pandit Iswar Chandra Vidyasagar. It was the first attempt to impart high education through a purely indigenous agency and was conducted in a way that was characteristic. He gave it a costly local habitation and endowed it with a valuable Library and Laboratory. In recent years extensive improvements have been made in the Physical and Chemical Laboratories. The College had now large and well-equipped laboratories for practical work in Physics and Chemistry. There is also a good laboratory for practical work in Botany. Two large lecture-theatres, provided with gas and electric fittings, have been constructed, one for the teaching of Physics and the other for the teaching of Chemistry.

Hostel, and College Societies :—It has a large Hostel which provides accommodation for nearly 200 boarders, a Literary Debating Society and an Athletic Club. There are arrangements for Cricket, Football, Hockey, Tennis and Swimming. Physical exercise in some form is compulsory in the case of Boarders living in the College Hostel. There is also a Religious Association. Religious instruction is imparted to students in Hinduism every Sunday.

Prizes and Scholarships :—Six annual cricket prizes called the “Hardinge Prizes” have been instituted with the sanction of the Viceroy and Governor General of India, two in each department of the game, in commemoration of His Excellency's visit to one of the College messes. On the result of a Competitive Examination held in the month of September one Scholarship of Rs. 15 per mensem is awarded to the best Honours student in the Third-year B.A. class, another Scholarship of the same value is awarded to the best Honours student in the Third-year B.Sc. class; one Scholarship of Rs. 10 per mensem and another of the same value is awarded to the best I.A. and I.Sc. students respectively in the First-year class. These Scholarships are tenable for two years in the College. But no First-year student is considered eligible for any of these Scholarships unless he secures at least 70 per cent. of the total marks in the aggregate and no Third-year Honours student is regarded as eligible unless he secures at least 60 per cent. marks in the aggregate. Besides these, two Scholarships of the value of Rs. 5 each per month and five Scholarships of the value Rs. 3 each per month, tenable for two years, are awarded to poor and deserving students.

College Management :—Since the death of Pandit Iswar Chandra Vidyasagar in July, 1891, the management of the College has changed hands more than once. On the 1st September, 1896, it was under an agreement with the Vidyasagar Institute, vested in a Committee called the College Council composed mainly of the Professors of the College. This College Council was in charge of the College till the latter end of 1921 when a new Governing Body was constituted, consisting at present of Sir Provash Chandra Mitter, Kt., C.I.E., M.A., B.L., M.L.C., President, the Principal—Vice-President, *Ex-officio*, the Vice-Principal—Secretary, *Ex-officio*, Professor Kalikrishna Bhattacharyya, Babu Kshitiprasad Chattopadhyay, representative of the family of the late Pandit Iswar Chandra Vidyasagar, the Secretary of the Vidyasagar Institute *Ex-officio*, three members of the Vidyasagar Institute elected annually by the Institute and one representative of the teaching staff of the College elected annually by the Professors of the College.

Fees :—The annual tuition fee is Rs. 72 for the I.A. classes except when Physics or Chemistry or Botany is taken up when the fee is Rs. 84; that for the I.Sc. classes is Rs. 96; that for the B.A. is Rs. 84 and for the B.Sc. is Rs. 120. The fee for admission in the case of I.A. and I.Sc. students is Rs. 6 and in the case of B.A. and B.Sc. students, Rs. 7. Students have to pay also special annual fees (Punkha, Athletic, Magazine fees, etc.) amounting to Rs. 8-1-0.

Post-graduate Teaching :—Three members of the College staff take part in Post-graduate Teaching in the University. These are the Principal, Professor Satish Chandra Bose and Dr. B. C. Ghosh.

The Institution was started as a private School in the year 1834. In 1836, it was made over to Government with an accumulated fund of Rs. 2,000 and in 1840, it was raised to a Zilla School. In 1872, the Zilla School was raised to the status of a second grade College with an endowment of Rs. 60,000 subscribed by the people of the district of Midnapur. In the year 1887, the management of the College and the attached School was made over by Government to the local Municipality under a deed of agreement. The management under the Municipality continued till the 29th of March, 1923, when it was taken back by Government and placed in charge of the District Magistrate of Midnapur. The College and the attached School are now under the control of separate Governing Bodies. The members have already been appointed for the new Governing Body of the College with the District Magistrate of Midnapur as President.

The College is now affiliated to the University for the *Intermediate Examination in Arts* in—English, Vernacular, Logic, History, Physics, Chemistry, Mathematics, Sanskrit and Persian. For the *Intermediate in Science* in—English, Vernacular, Physics, Chemistry and Mathematics. For *Bachelor of Science Examination* in—Physics (Pass and Honours), Chemistry (Pass) and Mathematics (Pass and Honours).

Scholarships—There are two local Scholarships of Rs. 5 and Rs. 3-8 per month respectively, tenable for two years in this College, which are awarded annually to the two most successful Matriculation candidates from the Collegiate School who do not get Government Scholarships.

Medals—

2. One Ishanchandra Ghosh Silver Medal, founded by the pupils of Babu Ishanchandra Ghosh, Lecturer in English on his retirement, is awarded annually to the student of this College obtaining the highest number of marks in English in the I.A. or I.Sc. Examination.

The Maulana Training School—This building has been made over to the College by Government for overflow Hostel and Play-ground with attached land measuring 5'16 acres for further accommodation of Hostel boarders.

RAJSHAHI COLLEGE

AFFILIATED, 1878.

It is a Government Institution, originally recognised as a Zilla School in 1836. In 1873 it was raised to a second grade college owing to the gift to Government in perpetuity of an estate yielding an annual income of Rs. 5,000 by Raja Hara Nath Ray, Bahadur, of Dubalhati and in 1878 it was raised to a first grade College, the additional expenditure being met partly from the proceeds of an endowment of one and a half lacs of rupees created by the Rajshahi Association. Instruction was given up to the standard of the M.A. Examination of the Calcutta University up to 1908. Under the new Regulations of the Calcutta University, affiliation for M.A. was withdrawn. It teaches now up to the B.A. and B.Sc. standards. The students in the General Department pay a monthly fee of Rs. 6.

The College is affiliated as follows :—

I.A.—English, Bengali, History, Sanskrit, Arabic, Persian, Logic, Mathematics, Physics and Chemistry.

I.Sc.—English, Bengali, Physics, Mathematics and Chemistry.

B.A.—English (Pass and Honours), Mathematics (Pass and Honours), Philosophy (Pass and Honours), Sanskrit (Pass and Honours), Arabic (Pass and Honours), Persian (Pass), History (Pass and Honours), Economics (Pass), Physics (Pass and Honours) and Chemistry (Pass and Honours).

B.Sc.—Mathematics (Pass and Honours), Physics (Pass and Honours) and Chemistry (Pass and Honours).

The College is under the control of the Director of Public Instruction, Bengal.

One Scholarship of Rs. 15 a month called the K. C. Sircar Scholarship, tenable for two years in the B.A. and B.Sc. Classes of the College, is awarded annually to a student passing the I.A. or I.Sc. Examination from any College in Bengal and reading for his B.A. or B.Sc. Degree Examination in this College.

There is one Scholarship of Rs. 3 a month called the Mayo Memorial Scholarship, tenable for two years, open to students in the Third-year Class.

An annual prize of Rs. 80, called the Mohinimohan Ray Prize, is awarded to the student who most successfully passes the B.A. or B.Sc. Examination with Honours or to a graduate of the College who passed the M.A. Examination in any subject.

There is a Scholarship of Rs. 6 a month tenable for two years in the Intermediate Classes of this College, annually awarded to the best successful Matriculation candidate from the Bholanath Academy, Rajshahi.

There are two Scholarships, called the Banamali Jubilee Scholarships, named after their donor, Rai Banamali Rai, Bahadur, of Tarash, of the value of Rs. 8 a month, tenable for two years at the Rajshahi College. They are open to two best and poor students who pass the Matriculation Examination—one from the Pabna Zila School and the other from the Serajgunge B.L. H.E. School, and who fail to obtain a Government Scholarship. No student will be eligible for a Scholarship who fails to produce certificates of moral character from the Head Master, the Second Master and the Head Pandit of the School he reads in.

Two Scholarships named after the donor, Rani Manomohini Devi of Puthea, of Rs. 10 and Rs. 8 a month respectively, tenable for two years, are awarded to students who pass the Intermediate Examination of the Calcutta University from any College in Bengal, and who read in the Rajshahi College for the B.A. or B. Sc. Examination. One Scholarship of Rs. 7 tenable in the First-Year Class and another of Rs. 8 a month, tenable in the Second-Year Class of the College are awarded to the student passing the Matriculation Examination in the first division from the Puthea H. E. School but failing to obtain any other Scholarship. A Scholarship of Rs. 4 a month for two years is awarded to a student who after passing the Intermediate Examination from any College in Bengal, joins the College and reads therein for his B.A. Degree Examination.

A medal is awarded to the student of Rajshahi College who passes highest the Intermediate Examination among the successful candidates from it.

Attached to the College there is a Sanskrit Department called the Rani Hemanta Kumari Sanskrit College, founded and endowed by Rani Hemanta Kumari Devi of Puthea. Classes in Vedanta, Smriti, Kavya, Alankara, Grammar, etc., have been opened since July, 1904.

The College building was erected in 1884, at a cost of Rs. 60,000.

There are two Hindu Boarding Houses, called the Pramatha Nath and Hemanta Kumari Devi Hindu Boarding Houses, attached to the College, opened in 1884 and 1901, respectively, of which the former has been made over to the Rajshahi Collegiate School and also a Mahomedan Boarding house opened in 1909. There are also at present two Hostels attached to this College, one for Hindus having five blocks and the other for Mahomedans called the New Hindu and the New Mahomedan Hostels respectively.

CITY COLLEGE, CALCUTTA.

AFFILIATED, 1881.

Short History.

City School was founded on January 6, 1879. The F. A. Classes were opened in 1881, and the B.A. Classes in 1884. Thus within five years of the establishment of the school the institution developed into a first-grade college. A building was erected at 13, Mirzapur Street and was opened by Lord Ripon in December, 1884. Mr. A. M. Bose, Proprietor of the Institution, made over the building to a Body of Trustees in 1880. In January, 1905, the College was placed under the control of a society registered under Act XXI of 1860 and called "The City College Institution," which is now known as the "Brahmo Samaj Education Society." It is the object of the Society "to promote the cause of education in its highest and widest sense, to make that education—comprehending the mind, heart and body, and founded on a Theistic basis—conduce to the good of man and the glory of God."

BURDWAN RAJ COLLEGE.

AFFILIATED, 1882.

This Institution, since the first establishment in 1817, has been one of slow but steady growth. True to its mission of supplying the demands of the public of Burdwan for education in the modern acceptation of the term, it has always kept pace with the real wants of the place. Started as an Anglo-Vernacular School imparting rudimentary education which satisfied the intellectual cravings of the Burdwan people during the early days of the British rule in India, it passed through different stages of improvement, developed various phases of usefulness and attained a recognised position as a Second Grade College in 1881. This year it has been raised to the status of a first Grade College in Arts.

The educational establishments of the Maharajahdiraja Bahadur may be divided at present under the following heads :—

First, the College Department which now teaches up to the B.A. Standard. The monthly tuition fee is Rs. 5 for I.A. Classes and Rs. 6 for the B.A. Classes ; but there are numerous free-studentships and half-pay-studentships awarded to deserving pupils.

Second, the School Department, serving chiefly as a feeder to the above, preparing students for the Calcutta University Matriculation Examination.

Third, the Persian Department, teaching, amongst others, those boys of the first two departments, that take up Persian as their Second language.

Fourth, the Sanskrit College imparting instruction in the orthodox Hindu style to those whose religious scruples prevent them from availing themselves of the advantages of English education.

And fifth and last, the Maharani Adhirani Radharani Girls' School, the present provision in connection with which, is sufficient to meet the present requirements of female education at Burdwan. All these departments are under the control of the Principal.

The entire deficits in the different departments, aggregate annually about Rs. 35,000. They being entirely met by the munificent charity of the Maharajahdiraja Bahadur.

Several boys in consideration of their extreme indigence are found in money beside provided with free tuition.

Three scholarships, each Rs. 10 per mensem, and tenable for two years are annually awarded to some of the most successful I.A. candidates from the College, to assist them in the further prosecution of their University studies.

RIPON COLLEGE, CALCUTTA.

AFFILIATED, 1884.

The Institution was originally established as a school under the name of the " Presidency School " in January, 1880. It continued for two years under the management of a Committee, and in January, 1882, the management passed entirely into the hands of Sir Surendranath Banerjea, who thus became the sole proprietor of the Institution.

It was affiliated up to the F.A. Standard in January, 1884, when the name was changed into the "Presidency Institution" which was again changed into the present form in December, 1884. In 1885, it was affiliated up to the B.A. and B.L. standards of the Calcutta University. Under the new Regulations it has obtained further affiliation to the B.Sc. and I.Sc. standards.

Sir Surendranath Banerjee executed a trust deed, making the College a Public Institution in charge of a Board of Trustees, the present member of which are :—

Capt. J. N. Banerjee, Bar.-at-Law.—*President*.

Mr. B. C. Chatterjee.

The Rt. Hon'ble Lord Sinha, P.C., K.C.

Mr. Bhavasankar Banerjee.

Dr. U. N. Mukerjee.

Mr. J. Chaudhuri, Bar.-at-Law,

Principal Narendranath Raye, (*Ex-officio*), *Secretary*.

The administration of the College in respect of all its departments is vested in a Council consisting of members, some of whom serve *Ex-officio* and others are elected by the trustees or the teaching staff.

The Council at present consists of the following members :—

1. Capt. J. N. Banerjee, Bar.-at-Law.—*President*.

VICTORIA COLLEGE, NARAIL

AFFILIATED, 1886.

This College was originally founded as an H. E. School by the late Babu Ramtaran Ray, the local Zamindar. It was raised to the status of a second grade College in 1886 and to that of a first grade College in 1890. There are, however, at present no B.A. classes in the Institution. When the New Regulations came into force its affiliation was restricted to I.A. In 1924, Physics and Chemistry Classes were opened when affiliation was extended to I.Sc. in these subjects. The College building is a splendid *pucca* one, situated in the midst of a vast lawn, which affords good space for all sorts of manly exercise. The Boarding House attached to the College is also a *pucca* one which, from its position and facilities for athletic sports most prove an attractive residence to students. All the Professors, Teachers and students of the College and the Collegiate School receive free medical aid, provided by the descendants of the founder. The Vernacular School attached to the College has been incorporated with the Collegiate School, and the whole institution, in all the Departments, is under the control and supervision of the Principal.

The rate of fees in the Arts classes is Rs. 5 per month, in the Science Classes it is Rs. 6 per month.

The Library of the College is well-furnished with all the necessary or important works in English Literature. The Professors, including the Principal are not only always accessible to students but ever ready to help the boys in all sorts of ways.

UTTARPARA COLLEGE

AFFILIATED 1887.

The College is the final outcome of the long-continued efforts of the late Babu Jaykissen Mukerjee in furtherance of the cause of English education in Bengal. In 1846, he had a Government School opened at Uttarpara on the basis of an endowment by him and his brother, the late Babu Rajkissen Mukerjee, of Rs 1,200 a year, and Government assignment of equal value. The School prospered and won its way to the front rank among the Schools in Bengal.

Babu Jaykissen Mukerji's wish was that his School should ultimately expand into a College, and to this end so long ago as the year 1853, he asked Government to raise the School to a first class College, offering to contribute an equal sum with Government towards the maintenance of the College. In 1883, he submitted a proposal for the conversion of the School into a Second Grade College, offering to make an endowment for its support so that it might cost the Government nothing. The recently initiated educational policy of Government stood, however, in the way of his proposal being accepted, and it was accordingly not accepted.

He finally went up to Government in April, 1887, with a proposal for the establishment of an aided College in connection with the old Government School. Government accorded him permission to open such a College, but on the condition that he took the School off the hands of Government. He agreed to do so provided Government left the School the material advantage it derived from its connection with the Government. It took some time to settle the terms of the transfer, which was formally effected in March, 1889. The College and the Collegiate School were then under the management of a Board consisting of the Collector of Hughli as President, of Raja Pearymoban Mukerji, C.S.I., and of Babu Rashbihari Mukerji as representative

of the late Babu Jaykissen Mukerji and of Babu Manohar Mukerji, as representative of the late Babu Rajkissen Mukerji. But the Uttarpara School having been resumed by Government on 1st April, 1897, the College is now maintained by its proprietor, Kumar Bhupendranath Mukerji, son of the Late Raja Pearymohan Mukerji, C.S.I., M.A., B.L.

BANGABASI COLLEGE, CALCUTTA

AFFILIATED, 1887.

This Institution was founded under the name of Bangbasi School in May, 1886. The success of the School in the first year of its existence led the proprietor to add to it a College Department, which was affiliated to the F.A. standard in June, 1887, and to the B.A. and B.L. standards in March, 1896. The College also prepared students and sent them up for the M.A. Examination for which separate affiliation was not required under Act II of 1857. Under the Universities Act of 1904, affiliation in the Intermediate standard in Arts was restricted to the subjects of English, Bengali, Sanskrit, Mathematics, History, Logic, Physics, Chemistry and Botany; and in Science to the subjects of English, Bengali, Mathematics, Physics, Chemistry and Botany; in the B.A. standard restricted to the subjects of English, (Pass and Honours), Bengali, Sanskrit (Pass and Honours), History (Pass), Mathematics (Pass and Honours) and Political Economy and Political Philosophy (Pass), Physics, Chemistry and Botany; and in the B.Sc. standard to the subjects of Physics (Pass), Chemistry (Pass), Botany (Pass) and Mathematics (Pass and Honours).

The Arts Department of the College has, in addition to lecture works, provision for regular tutorial help and exercise work conducted by the Professors in charge of the respective subjects. The Science Department consists of two lecture-galleries fitted up with the modern requirements of Science-teaching, a Physics Laboratory, a Chemistry Laboratory and a Botanical Laboratory, for the Intermediate students; four Physics Laboratories, two Chemistry Laboratories, two balance rooms, one furnace room and two Botanical Laboratories for the B.A. and B.Sc. Students. Gas, water and electric connections have been so laid out that the students working in the Laboratories may have plentiful supply of these necessary adjuncts of practical work. The Laboratory rooms are lighted up with powerful electric lamps so that practical work when necessary is continued right into the early part of the night. The Laboratory work is conducted by the Professors and Demonstrators.

Periodical exercises are given in rotation in all subjects once a month, and the answer-books returned regularly after being corrected and the marks entered in a record-book kept for the purpose. Promotions and selections for the University Examinations are regulated mainly on the basis of the records of marks.

There is a printed catalogue of books contained in the Library and each student is supplied with a copy of it at a nominal price. Besides the books prescribed and recommended by the University, the Library possesses many other useful books of reference. To keep the Science students posted in facts of the latest developments of the subjects of their study, the Chemical Society's Journal, Journal of Indian Botany and Journal of Botany, British and Foreign, are subscribed. In the spacious Library, tables and seats have been arranged for the boys to consult books, Journals, and other periodicals during intervals of rest. Excepting the prescribed text-books and books of reference, all other books are lent out to students, one volume at a time to be returned after a week.

The College Hostel and one attached mess are close to the College.

The College has been publishing since January, 1903, a Magazine styled the *Bangabasi College Magazine*, which used to be issued once a month excepting during the vacation months but is now issued thrice a year. Educational matters and news mainly connected with the University, form the contents of the news column of the Magazine. The Magazine further affords an exercise ground for the students to try their powers of composition in English, Bengali and Sanskrit; above all it tends to promote an *esprit de corps* to which we attach great importance and which is one of the most potent factors in creating and upholding a genuine *College life* and *College atmosphere*. In pursuance of this object a *Sporting Club* has been organised under whose auspices the College enters for the Elliot Shield and other prizes open to College sporting clubs. It thus enables the boys to spend their afternoons in manly open air games wherein is developed that spirit of co-operation and healthy rivalry which is essential to the growth of a sturdy manhood. Further there are two Associations, *viz.*,—*Economics Association* and a *College Association* conducted by the students.

The administrative control of the institution is entirely in the hands of a Governing Body consisting of eleven Members with the Principal as Secretary. The financial control is also vested in the Governing Body, subject, however, to the approval of the Trustees of the College consisting of Lord Sinha, P.C., K.C., Mr. G. C. Bose, Principal, and three other members.

Free Studentships.—Government Junior and Senior scholars receive tuition free.

College Scholarships.—There are two Graduate Scholarships of Rs. 10 each.

BRAJAMOHAN COLLEGE, BARISAL

AFFILIATED, 1889.

Short history—This Institution was founded as a High English School on the 27th June, 1884, by late Babu Brajamohan Dutt, Small Causes Court Judge of Nadiya. Babu Brajamohan Dutt expressed a wish to raise the Institution to the status of a Second Grade College, but it could not be fulfilled on account of his sudden death. His sons Babus Aswinikumar Dutt, Kamini-kumar Dutt and Jaminikumar Dutt out of respect for the wishes of their deceased father opened the F.A. classes in June, 1889. The B.A. classes were opened later on in 1898.

Babu Aswinikumar Dutt gave up an extensive practice at the Bar to work as an Honorary Professor and served the College from its foundation to 1906.

In March, 1912, the Proprietors by a trust deed made over their rights and the management of the College to a Council in which the Government, the Proprietors and local interests have been represented. Rev. E. L. Strong, M.A. (Oxon.), was the first President of the Council. The Government by an indenture generously agreed to pay to the College three quarters of a lakh of rupees for the construction of a college building and a monthly grant for the maintenance of the College and to acquire and make over a plot of land for the purposes of the College. The Government is paying Rs. 1,200 a month towards the maintenance of the College. It was agreed that the School Department should continue as before.

Situation—The College is situated on an extensive ground measuring about 60 bighas of land. There are five blocks of buildings containing 10 lecture rooms with accommodation for about 1,500 students. There are two hostels in the College compound—one for the Hindus and the other for the Mahomedans—capable of accommodating about 220 students.

Governing Body—The College is managed by a Council of 11 members constituted as follows :—

Three nominated by the Proprietors,
 Three nominated by the Government,
 Three elected by the guardians,
 One elected by the Teaching Staff,
 and the Principal (*ex-officio*).

Mr. E. N. Blandy, I.C.S., District Magistrate, is the President, and Principal S. O. Chatterjee is the Secretary of the Council.

Aims of the College is to impart moral and religious instruction on non-sectarian lines along with intellectual and physical training and the following institutions founded by late Babu Aswinikumar Dutt may be mentioned among the special features of the College :—

(1) The Teachers' and Students' Friendly Union which presents to students by means of hymns, readings, sermons and discourses on the lives of great men, unsectarian cardinal principles of religion and morality.

(2) "The Little Brothers of the Poor" consisting of a band of students for attending on the sick and helpless.

(8) Excursion parties of Teachers and Students.

MURARICHAND COLLEGE, SYLHET.

AFFILIATED, 1891.

This institution was founded as a higher grade English School in 1886 by the late Raja Girischandra Ray, Zemindar of Sylhet, who after long continued efforts in the cause of higher education, raised it to the status of a Second Grade College in 1891. It was named Murarichand College after the name of the Proprietor's grandfather, the late Babu Murarichand Ray.

The College was provincialised from April 1st, 1912, during the Chief Commissionership of Sir Archdale Earle. Later in the same year it was raised to the status of a First Grade College. In accordance with one of the conditions under which the late proprietor agreed to the transfer of the College to Government management, the name "Murarichand" was retained.

When the new regulations came into force in 1906, affiliation was restricted to the Intermediate in Arts in the following subjects:—English, Vernacular Composition, Mathematics, Logic, Chemistry, Sanskrit, Arabic and Persian. In the year following the provincialisation of the College, affiliation was extended to the following courses and subjects:—History and Physics to the Intermediate Arts standard; English, Vernacular Composition, Mathematics, Physics and Chemistry to the Intermediate Science standard.

In 1916 the affiliation of the College was further extended to the B.A. Pass standard in the following subjects:—English, Vernacular Composition, Mathematics, Sanskrit, Persian, Arabic, History and Philosophy, and again extended to the B.A. Honours standard in Sanskrit in 1919 and in English, Mathematics, History, Philosophy, Persian and Arabic in 1922. Affiliation to B.Sc. Honours standard in Mathematics and to B.Sc. Pass standard in Physics and Chemistry was granted from July, 1926; from the same date affiliation was also granted in B.A. Economics Pass and Honours.

In 1927 affiliation was further raised to the Honours standard in Physics and in Chemistry.

The fees in the College classes are as follows:—

Intermediate classes	... Rs. 6 per mensem.
B.A. classes	... Rs. 6 per mensem.

There are four Hostels attached to the College, three for Hindu and one for Muhammadan students. Each Hostel has accommodation for 36 boarders and is in charge of a paid resident superintendent who is also a member of the staff.

Land to the extent of 26 acres was acquired for the permanent establishment of the College, situated in the heart of the town of Sylhet. This was however, subsequently abandoned in favour of a much better site at Thackeray Tila, $2\frac{1}{2}$ miles from the town, where 112 acres of land were acquired.

The foundation stone of the new college was laid by the His Excellency Sir William Marriis, Governor of Assam, on 19th August, 1921.

The new buildings, which cost $8\frac{1}{2}$ lakhs of rupees, were formally opened by Sir William Reid, acting Governor of Assam, on 27th July, 1925.

They comprise (1) Double-storied B.A. block with 4 lecture halls $50' \times 30'$, 3 lecture rooms and a fine students' common room.

(2) A library and examination hall measuring $90' \times 42'$ with 8 seminar rooms and one Common room for lady students.

(3) Chemistry Block.

(4) Physics Block.

(5) Workshop and Gas Factory.

(6) Administration block containing the College Office, Principal's room and Professors' Common Room.

(7) 4 sets of hostels with residential quarters for Superintendents, and a hospital and dispensary.

(8) Principal's residence.

The College has also its own water supply—and extensive playing fields are provided.

KRISHNACHANDRA COLLEGE, HETAMPUR.

AFFILIATED, 1897.

This institution founded in the name of her father-in-law by late Rani Padmasundari Devi, of Hetampur and opened on 27th June, 1897, is situated at Hetampur, a village in the district of Birbhum within $2\frac{1}{2}$ miles of the Railway Station, Dubrajpur (Ondal-Sainthia Chord), East Indian Railway. The place is reported to be very healthy and has a relatively dry climate and having none of the distractions of large towns it is specially suited for development of a sound and healthy collegiate life.

The College building is a handsome structure formerly used for the worship of the Goddess Saraswati. By a registered trust deed the late proprietress endowed the College with an annual income of Rs. 6,100 chargeable on certain of her estates in the districts of Birbhum and Santhal Parganas. The management of the College is in the hands of a Committee.

The College is affiliated to the University up to the B.A. Pass standard in English, Vernacular Composition, Sanskrit, Mathematics, History and Philosophy. In Intermediate Arts it is affiliated in English, Vernacular Composition, Sanskrit, Mathematics, History, Logic, Physics and Chemistry and in Intermediate Science it is affiliated in English, Vernacular Composition, Mathematics, Physics and Chemistry. Of the optional subjects taught all combinations are allowed.

The tuition fee is Rs. 6 per month in the B.A. Classes and Rs. 4 in the Intermediate classes. Five free studentships are granted according to the rules of the College to deserving students in each class. All Government Scholars are admitted free. The number of students in each class being limited they receive an exceptional amount of individual attention.

There are two Hostels attached to the College pleasantly situated outside the village and are under the charge of two Professors and a resident Medical Superintendent. The monthly charge for each boarder is about Rs. 12.

EDWARD COLLEGE, PABNA.

AFFILIATED, 1898.

THIS College was originally founded by Babu Gopalchandra Lahiri, who in 1898 added the F.A. Classes to his school teaching up to the Entrance standard and called the Pabna Institution. In 1906 the management of the College which obtained the new name of "Pabna College" was made over to a committee elected by the public. In August, 1911, with a view to perpetuate the loving memory of the King-Emperor Edward VII, the College was named after His late Imperial Majesty. New buildings for the College and its Hostels were erected in 1915-16 on a spacious site on the river Ichhamati at a cost of over a lakh of rupees, a substantial portion of which (Rs. 50,000) was contributed by the late Rai Banamali Ray, Bahadur, Zamindar of Tarash.

The constitution of the Governing Body of the College has since undergone a thorough change. New rules have been adopted with the approval of Government, under which the management of the College is vested in a Committee consisting of :—

- (i) The District Magistrate of Pabna, *President, ex-officio.*
- (ii) } Three nominees of Government.
- (iii) }
- (iv) }
- (v) One nominee of the eldest male descendant of the late Rai Banamali Ray, Bahadur.
- (vi) One member elected by the other donors and subscribers of the college.
- (vii) The Chairman of the Pabna Municipality, *ex-officio.*
- (viii) The Principal, Edward College, *Secretary, ex-officio.*
- (ix) } Two members elected by the retiring Governing Body.
- (x) }
- (xi) { Two members elected by the Professors of the College from among
- (xii) { themselves, one from the Arts and the other from the Science Department.

The College is affiliated in the following standards and subjects :—

I.A.—English, Bengali, Sanskrit, Persian, Mathematics, Logic, History, Chemistry and Physics.

I.Sc.—English, Bengali, Mathematics, Physics and Chemistry.

B.Sc.—Mathematics (Pass and Honours), Physics (Pass) and Chemistry (Pass).

The tuition fee is Rs. 5-8 a month for I.A., 6-8 for I.Sc. and Rs. 8 for B.Sc. classes. The boarding charges amount to about Rs. 12 per mensem.

Two per cent. of the students on the rolls are admitted free, besides Government scholars.

There are two scholarships, called the Banamali Jubilee Scholarships named after their donor, Rai Banamali Ray, Bahadur, of Tarash, Pabna, of the value of Rs. 8 a month and originally tenable for two years at the Rajshahi College, which have been tenable at the Edward College also from the year 1906-07. They are open to two best and poor students who pass the Matriculation Examination one from the Pabna Zila School and the other from the Serajunge H. E. School and who fail to obtain a Government scholarship.

A prize of the value of Rs. 60, named the Bulwer-Lytton Prize, is awarded annually on the results of the I.A. and I.Sc. Examinations to the student of the College securing the highest number of marks in the aggregate.

ST. PAUL'S CATHEDRAL MISSION COLLEGE.

(Formerly C. M. S. College.)

FOUNDED 1865; RE-FOUNDED, 1899.

The College was originally founded as the Cathedral Mission College in 1865 at 22, Mirzapore Street. It was re-founded in 1899 under the name of Churches Missionary Society's College. The College moved to its present premises at 33, Amherst Street in 1908. It was raised to the B.A. standard and the present name adopted in 1914.

It is affiliated to the University of Calcutta in the following subjects :—

(A)	(B)	(C)
I.A.	I.Sc.	B.A.
1. English.	1. English.	1. English (and English Hons.).
2. Logic.	2. Mathematics.	2. Philosophy (and Phil. Hons.).
3. Sanskrit.	3. Chemistry.	3. Economics (and Economics Hons.).
4. History.	4. Physics.	4. Sanskrit.
5. Mathematics.		5. History.
6. Chemistry.		6. Mathematics.
7. Civics.		

Affiliation to the I.A. standard in Civics from the session 1927-28 has been received.

(Candidates for the I.Sc. Class must have taken Additional Mathematics in the Matriculation Examination.)

All students take English as *one* subject.

I.A. students select *three* other subjects from list (A).

I.Sc. students select *all* subjects in list (B).

B.A. students select *two* other subjects from list (C).

B.A. Honours candidates take Honours lectures in one subject, in addition to the Pass subject.

All combinations are allowed, *except* History and Mathematics (I.A. and B.A.).

Co-operation with Presidency College.

A limited number of students (6 in each subject) are permitted to attend Honours lectures at the Presidency College in Sanskrit and History while attending Pass lectures in this College (time-tables permitting). Preference will be given to those who have passed their I.A. from this College.

Aim of the College.

The aim of the College is to be a residential College of moderate size. About 300 students are admitted, so that the classes are small enough to admit of close individual attention. A limited number of lady students may be admitted. There is Hostel accommodation for 150 students. Nearly all the rooms are single-seated. The Jani Ali Hostel is one of the most imposing Hostels in India. Non-residential students are placed as wards under the special charge of one or other of the Professors. Games or Physical drill are compulsory. Religious instruction is a part of the College Curriculum, and all students are expected to attend.

The College stands in spacious grounds. The buildings are large, airy and thoroughly up-to-date in equipment of every kind, and are lighted throughout by electricity. There is a spacious and well-equipped Library and common room. Though in the heart of the city, the College grounds provide a field for Foot-Ball, Cricket and Hockey, two Tennis Courts, one Basket-ball Court, one Volley-ball Court, three Fives Courts, a Gymnasium, and a Swimming Bath. The College awards sports colours to students proficient in games. Only such students are entitled to wear them.

The Principal and several Professors reside in the College with the students. In many of its characteristics—tuitional, residential, athletic, etc., the College is alone of its kind in Calcutta.

N.B.—Students, who having passed the I.Sc. Examination take up the B.A. Course, will require 75 or 65 per cent. marks to be entitled to Exhibition. Marks secured in the additional subject will not be counted.

Not more than 8 'Full' Exhibitions and 6 'Half' Exhibitions will be awarded in any one of the above three courses (I.A., I.Sc., and B.A.); except that the Governing Body of the College shall have power to extend the number of Scholarships to Bengali Christian students who have matriculated from St. Paul's School, Calcutta.

Scholarships and Exhibitions may be divided between two or more persons.

The College is unable to allow any reduction of fees, or to grant any 'free' or 'half-free' studentships, other than the scholarships and exhibitions above.

Terms.

The Session is divided into three terms:—Summer term (July-October), Winter term (November-December), Easter term (January-April).

Tuition.

Every student will attend a tutorial class in each subject about once a fortnight.

Promotion and permission to appear at University Examinations is dependent on satisfactory tutorial reports, regular attendance at lectures and successful passing of the weekly, annual and test examinations.

A 'Review' of the students is held in September, January, and April ; and all students concerned are required to present themselves.

Religious Life and Teaching.

There are services for Christian students at 8-15 A.M., and 8 P.M. in the College Chapel, daily except Sunday ; and on Sundays there is an Administration of Holy Communion in the Chapel at 7 A.M. On Sunday Evenings there are Bengali services at Holy Trinity Church. Non-Christian students are welcome at our services.

All College students receive Christian teaching thrice a week in College hours. Members of the Staff are glad to arrange times for private instruction with any student who may so desire.

Full liberty of conscience in the matter of personal devotions is given to all students ; but no acts of corporate worship which are contrary to Christian principles are allowed in the College, or in any of its attached Messes.

Library and Common Room.

The College Library is situated in the Nirmalendu Hall of Learning, presented to the College in 1919 by Rai G. C. Ghosh, Bahadur, C.I.E., in memory of his son Nirmalendu. The upper storey contains the library, while the lower floor is used as a Common Room for the students, and is furnished with newspapers, games, etc. The Library has been improved considerably, during the last year and is one of the best College libraries in Calcutta.

College Rules.

College Rules, in addition to those given in the Prospectus, are notified by the Principal on the College Notice-Board. Breach of Rules is punishable at the entire discretion of the Principal, by fine, suspension, or expulsion from College. The Principal is not required to state his reasons for this ; but serious cases will be reported to the University.

Results in 1926.

In the B.A. Examination out of 49 candidates 44 passed (90%), 6 with Honours and 5 with distinction.

In the I.Sc. Examination 67% passed.

In the I.A. Examination our top students secured 4th, 14th, 17th and 25th places in the University.

Admission forms, and Application forms for Scholarships may be had on application to the Head Clerk, St. Paul's College, 33-1, Amherst Street, Calcutta.

Hostels.

There are two Hostels attached to the College standing in spacious grounds. The Jani Ali Hostel is one of the most imposing Hostels in India. There is accommodation for about 150 students. Nearly all the rooms are single-seated, a very distinct feature of our Hostels.

Hostel Management.

The Hostels are under the direct supervision of members of the Staff.

Hostel Staff.

St. David's Hostel; Warden : K. C. Addy, M.A.

Sub-Warden : P. C. Addy, B.A.

Jani Ali Hostel; Warden : D. N. Mondal, M.A.

Sub-Warden : W. T. Gairdner, B.A.

Hostel Fees.

The College year begins in June and therefore the Hostel monthly fees are payable from June. The Hostel fee is payable for a calendar month during any part of which a student is in residence or reserves the room. Students leaving the Hostel before Christmas pay two months' fees in addition to those for the current month : those leaving after Christmas pay three months' fees in addition to those for the current month.

Rent.—Single rooms, upper floors, Rs. 10—lower floor—Rs. 9; Joint rooms—Rs. 8 per month.

Admission fee.—Rs. 5 (for students of this College).

Mess.—Rs. 12 per month (subject to revision).

Hostel Caution Money.—Rs. 5 repayable, less any sums due to the Hostel in July following the session in which the student completes his course.

Medical Attendance.—Re. 1 per annum (payable in advance).

Students residing in the Hostels, who are not members of the College, pay an entrance fee of Rs. 6 (after Christmas Rs. 5) and will only be admitted after the applications of members of the College have all been received.

Change of room in Hostel.—Re. 1.

The receipt for caution money should be carefully kept, as it must be produced before this money can be refunded. After the caution money has been drawn, the entrance fee must be paid with other fees before re-admission.

Waiting list.—If the Hostels are full, names may be entered, after the commencement of the term, on a Waiting List at a charge of Re. 1 each; but no guarantee can be given that accommodation will be available within any specified time.

Fees once paid cannot be refunded.

Total fees payable by students taking admission in July are—from Rs. 39 to Rs. 43 according to room.

Allotment of Seats.

The Principal has entire discretion as to the refusal and acceptance of applications, and the allotment of seats. Priority of claim will generally be given to (1) Christian Students, (2) those who have no home in Calcutta, (3) those who reside in the districts of Bengal, Assam, and Chota Nagpur, which are primarily intended to be served by the Calcutta University.

Hostel Rules.

Particulars of Rules for Hostel Students are given on a separate paper which should be obtained from the Principal by all Hostel Students.

COTTON COLLEGE, GAUHATI.

AFFILIATED, 1901.

The College was established in 1901 as a purely Government Institution during the administration of Sir Henry Cotton, after whom it has been named and is under the control of the Director of Public Instruction, Assam.

Originally started as a second grade institution teaching up to the F.A. standard it was housed in a building erected by Government, at a cost of over half a lakh of rupees. The short history of the College is one of steady growth since its establishment, due chiefly to the keen interest taken by Sir Lancelot Hare and Sir Archdale Earle, in extending its sphere of usefulness. In 1909, when Assam formed part of Eastern Bengal, B.A. and B.Sc. classes were first opened and a new Science block was added to the main building. Since 1912, when Assam was reconstituted into a separate administration, the College has undergone further expansion. Honours classes in different branches of studies were opened in 1914 and numerous additions have been made to meet increasing demands, a new block having been added for the exclusive accommodation of the Arts Section. The College has large Science Theatres with well-equipped Chemical and Physical Laboratories, a good Library and a Common Room for students provided with leading periodicals and newspapers. At a distance of half a mile from the College there is a spacious play-ground entirely belonging to the College and the Collegiate School.

The Rai Bahadur Rajani Kanta Barat Memorial Medal founded by the widow is awarded annually by the University to the student taking the highest place in Mathematics in the University Degree Examinations. The College Memorial Fund raised to the memory of the same Professor awards an annual prize of books to the student taking the highest place in the Intermediate Examination.

College Diplomas are awarded to students taking high marks in College Examinations.

COURSES OF STUDY.

The College is affiliated to the University up to the M.A. standard in English (Group A), to the B.A. and B.Sc. Honours stage in English, Economics, Mathematics, Philosophy, History, Sanskrit, Persian, Physics and Chemistry, and to the B.A. Pass standard in Arabic. In Intermediate Arts and Science it is affiliated in English, Mathematics, History, Sanskrit, Persian, Arabic, Logic, Physics, Chemistry, Botany and Vernacular Composition.

Connected with the College under the Control of the Principal, there are two separate Hostels for the Hindus and the Mahomedans under the supervision and management of four Resident Superintendents. The College Hostels have now accommodation for 308 boarders. The cost of living in the Hostels ranges from Rs. 10 to 11 according to market fluctuations. A visiting Medical College Officer is in charge of the Hostels and looks after the health of the boarders.

The fees levied in the College are—Rs. 6 monthly tuition fee and Rs. 6 admission fee. There is a limited number of free studentships which are awarded to deserving students. Junior Scholarships are awarded to the residents of the Assam Valley, upon the results of the Matriculation Examination. Senior Scholarships of the value of Rs. 25, 20, 15 and 10 are also awarded on the results of the Intermediate Examinations.

AFFILIATED, 1907.

This College was established by the Wesleyan Methodist Mission in June, 1903, partly because of the success of the Mission High School, now known as the Collegiate School, but chiefly because of the great demand for higher education in this part of Bengal. There is no College within 60 miles, and the climate is dry and healthy. The foundation of the College has been amply justified by the number of students who have entered it and the degree of success obtained. The College is affiliated in English (Pass and Honours), Sanskrit (Pass and Honours), Mathematics (Pass and Honours), History, Economics and Philosophy for the B.A., in Mathematics (Pass and Honours), Chemistry (Pass and Honours) and Physics for the B.Sc., and in the usual subjects for the I.A. and I.Sc.

The College which is a handsome and convenient structure stands in a compound of 115 bighas. Gas and electricity are manufactured on the premises. The College has an up-to-date workshop and an Astronomical observatory. The first College Hostel, a fine two-storied building, holds 88

students and the second, the Ronaldshay Hostel, contains 64 single rooms. There is at present room for 130 students in attached Messes outside the compound.

The aim of the College is to give a sound healthy education based on high moral and Christian principles. The closest possible intercourse between Professors and students is attained. Cramming is discouraged. Scripture is taught systematically. The playing fields are very extensive. Cricket, football, hockey, tennis and badminton are popular.

SCHOLARSHIPS.

(1) *John Mitchell Scholarship*.—To commemorate the services of the Rev. John Mitchell, M.A., as Principal of the College from 1903-1917. Rs. 10 monthly for one year, tenable in the Third-year Class.

(2) *W. Owston Smith Scholarship*.—Founded by the late Sir William Smith and Mr. R. O. Smith to commemorate the honorary services of Mr. Owston Smith, M.A., in the College from 1909-1914. Rs. 15 monthly, tenable for one year in the Fourth-year Class.

(3) *Moulton Scholarships*.—Founded by friends in Manchester, in memory of the late Rev. J. H. Moulton, D.Lit., D.D., D.C.L., D.Theol., Professor in the Manchester University, and in Wesleyan Theological College, Didsbury. About Rs. 9 monthly each to two Christian students.

College Fees.

HINDU ACADEMY, DAULATPUR (KHULNA).

Founded 1902.

Affiliated, 1907.

1. This institution is mainly residential and was founded in 1902 amidst beautiful rural surroundings on a magnificent bend of the river, Bhairab, principally with the object of giving Hindu boys a training in their religion and reviving ancient Hindu learning; it has in view also the furtherance of the cause of general education. It constitutes a religious trust under the management of a Board of Trustees which exercises the power of general supervision and financial control. The internal administration of the College, however, is carried on by a College Council composed of 5 members of the Teaching Staff of whom the Acharyya and the Principal are *ex-officio*. Besides these there is a "Professors' Board" composed of all the members of the Teaching Staff for considering matters relating to studies and examinations and for helping the College Council with its deliberations.

2. It has two departments, the College and the Chatuspathi. The Chatuspathi was started in 1903 for teaching various branches of ancient Sanskrit learning and for training up boys, as far as practicable, according to the directions embodied in the Hindu religious Code. For the first five years the students of the College department were allowed to sit for the F.A. Examination as private students. In 1907 the College was affiliated up to the Intermediate Course in English, Bengali, Sanskrit, History, Logic and Mathematics. The affiliation was extended up to the Intermediate Course in Physics and Chemistry in 1909 and Botany was added in 1911. In 1914 the affiliation was extended to the B.A. Pass standard in English, Bengali, Mathematics, Sanskrit, History and Philosophy. Further extensions of affiliation were secured in 1923 in Physics (Pass), Chemistry (Pass) and Mathematics (Pass and Honours) up to the B.Sc. standard, in Physics (Pass), Chemistry (Pass), Sanskrit (Honours) and Mathematics (Honours) up to the B.A. standard and in 1924 in English and Philosophy up to the B.A. Honours standard. Further extension of affiliation has been received in Economics (Pass) up to the B.A. standard with effect from session 1927-28.

METHODS OF INSTRUCTION.

3. Apart from lectures and practical and tutorial classes, students of the College have, at all times, free access to their teachers who all reside within the College compound in quarters provided by the College for the purpose. The tutorial assistance thus received is one of the most valuable features of the Institution.

LIBRARY.

4. The College has an excellent Library, containing more than 9,000 volumes which is constantly receiving additions. It is accommodated in a spacious hall and provides special facilities for study and reference.

LABORATORY.

5. The Chemical, Physical and Botanical departments with their airy, commodious and well ventilated laboratory and lecture theatres, have been provided with necessary and up-to-date apparatus. The supply of water and gas is regular. A workshop is attached to the Laboratory, where many delicate instruments have been turned out by skilled workmen under the direction of Professors and Demonstrators.

RELIGIOUS AND MORAL TRAINING.

6. The College being a religious foundation, special attention is directed to the religious instruction of students, for which there are regular classes and teachers. Students and Teachers are also encouraged to assemble in the spacious courtyard of the temple in times of worship. Kirtans, Kathakathas and religious lectures are also arranged from time to time with the same object.

STIPENDS.

7. Besides the usual free studentships, the College awards several stipends and in various other ways renders valuable help to poor and meritorious students.

OTHER INSTITUTIONS.

8. The College has a Literary Society, a quarterly Magazine, a Nursing Brotherhood and a Poor Fund, which are all managed by teachers with the assistance of selected students and help the development of a healthy corporate life.

STUDENTS' RESIDENCE.

9. The Hindu and the Mahomedan Hostels accommodate more than half the students of the College. The Mahomedan Hostel has a pucca building and a corrugated iron shed. The Hindu Hostel comprises one big two-storied building (built out of Government Grant), two one-storied buildings (one of which is set apart for the residence of poor and meritorious students who live free of charge according to the desire of the Maharaja of Cossimbazar who bore its cost), six blocks with tiled roofs, each containing 8 single-seated rooms, and a large number of thatched cottages and four corrugated iron sheds where students live at a nominal cost in conditions of rural simplicity. The Hostel is divided into a number of convenient groups, each under the charge of a Professor-Superintendent who acts as the mentor and guide of the students and all under the co-ordinating influence of a General Superintendent.

MEDICAL INSPECTION AND COLLEGE HYGIENE.

10. The College provides its students with free medical advice for which purpose there is a resident medical officer who is a graduate of the Medical College, Calcutta, and is available at all times. A small dispensary, which is gradually expanding, is also maintained, the profit of which goes to supplement the income of the Poor Fund. The District Board of Khulna has provided the College with a large tank which is reserved for drinking purposes. There are two other tanks for bathing and other needs. Regular conservancy arrangements exist under proper supervision.

PHYSICAL CULTURE.

11. There is an extensive well laid-out play ground measuring 500' x 500' which accommodates one foot-ball ground, one Hockey ground and a large number of Tennis and Badminton courts with a Cricket field in winter. Swimming and rowing are encouraged. For indoor exercise the different sections of the College Hostel are provided with Indian clubs, dumb-bells, bar-bells and parallel-bars which are always in demand.

CONCLUDING REMARKS.

12. The Hindu Academy is differentiated from other Institutions of its kind by a distinctive ideal, which may be briefly explained as aiming at the harmonious combination of the Religion and Philosophy of the East with the Arts and Science of the West,—“of secular education with moral

and religious training based on the highest ideal of life as expounded by the Hindu Acharyyas of old." Though much remains to be done, that a successful beginning has been made will be clear from the following lines from the pen of Lord Ronaldshay, late Chancellor, Calcutta University, setting forth his impressions of the College, derived from a personal inspection and embodied in his work on *The Heart of Aryyavarta* :—" As one passed from its class-rooms to its simple hostels one became aware of a distinctive atmosphere and standing in converse with the earnest band of workers in the shadow of the Temple portico, the hush of the tropic noon scarcely broken by the soft murmur of the Bhairab river pursuing its eternal journey, from the mountain to the sea, with the restful features of the Acharyya and his fellow-pandits outlined against the gloom which brooded like a softly draped figure of night behind the open door of the inner shrine, it was easy to believe that the hope of the founders had been realised—that the College had, indeed, 'grown under the shade of the Temple,' and that the teachers and the students had found 'in their pursuit of knowledge the worship of God.' "

ANANDAMOHAN COLLEGE, MYMENSINGH.

AFFILIATED, 1908.

The City College Mymensingh Branch, established in July, 1901, was being maintained by the Council of the City College Institution, Calcutta. They directed it to be closed from the end of May, 1908, and applied to the University for its disaffiliation. Hearing this state of things some representative gentlemen of Mymensingh formed themselves in May, 1908, into a Provisional College Committee for the purpose of carrying on the College under the Provisional title of "The Mymensingh College" so as to meet the requirements of the district of Mymensingh for higher education. Accordingly an application for the re-affiliation of the College under the aforesaid title was submitted by the Provisional College Committee to the University by the middle of June, 1908. The Syndicate considered this application for re-affiliation on the 23rd June, 1908, and their recommendation was subsequently confirmed by the Senate. The Registrar submitted the application and proceedings of the Syndicate and the Senate through the Hon'ble Rector of the University to Government for orders, the City College, Mymensingh Branch, having been disaffiliated in the meantime.

The Registrar informed the Principal, that the new College should, in all future official correspondence, be designated by its correct name since the Government of India have accorded their sanction to the application for affiliation of the Mymensingh College under the name of Anandamohan College, Mymensingh.

The College has undertaken for the present, the following courses of Instruction : (i) English, (ii) Vernacular Composition in Bengali and Urdu, (iii) Second Language—(a) Sanskrit, (b) Persian, (c) Arabic, (iv) History, (v) Logic, (vi) Mathematics, (vii) Chemistry, (viii) Physics and (ix) Botany up to the Intermediate standard ; and (i) English, (ii) Vernacular Composition in Bengali, (iii) Second Language—(a) Sanskrit, (b) Persian, (c) Arabic, (iv) History, (v) Philosophy, (vi) Economics, and (vii) Mathematics up to B.A. Pass standard and Honours in English, Philosophy, Mathematics, Sanskrit and Arabic.

The tuition fee is charged at the following rates :—

					Rs.
I.A.—Pure Arts	5-8
I.A. with Science subject	6-8
I.Sc.	7-0

SERAMPORE COLLEGE.

AFFILIATED, 1910.

Serampore College was founded in 1818, under the patronage of the Marquis of Hastings, the Governor-General of India by the Revs. Dr. Carey, Dr. Marshman and William Ward, who together with Colonel Kretting, the Danish Governor of Serampore and J. C. Marshman, Esq., formed the first College Council.

The object of the College was the instruction of Indian youths, both Christian and non-Christian, in Literature and Science, and the training of selected Indian and Anglo-Indian young men for the work of the Christian Ministry.

In 1821 the College received a donation from King Frederick VI of Denmark of certain premises to the north-west of the College building and this act of liberality was followed in 1827 by the grant of a Royal Charter, giving perpetuity to the Institution and its endowments and empowering it to grant Degrees. At the cession of Serampore to the East India Company in 1845, this Charter was confirmed at the special request of the Danish Sovereign and a special clause was inserted in the treaty providing that "the rights and immunities granted to Serampore College, shall not be interfered with, but continue in force in the same manner as if they had been obtained by a Charter from the British Government."

The ground on which the College stands was purchased chiefly by subscription; the entire expense of the original buildings, amounting to about £15,000, was met out of the private funds of the Serampore Missionaries, who were the first promoters of the undertaking. The Institution was crippled at the outset by the loss of the greater part of its invested funds through a series of bank failures only a few years after the granting of the Charter. It was enabled to continue its work through the liberality of J. C. Marshman, Esq., but not on the scale originally contemplated. The right of conferring degrees was, therefore, not exercised.

On Mr. Marshman's departure from India in 1856, the College, though still legally under the control of its own council, was placed under the general direction of the Baptist Missionary Society, which contributed the greater amount of the funds needed for its support. In the following year, 1857, Serampore was one of the first eight Colleges to be affiliated to the newly formed Calcutta University. This connection continued till 1882, when it was decided to close the Arts Department converting the College into a purely Theological Institution.

Twenty years later, the decision of the Universities Commission that it was neither practical nor expedient to make provision for a Faculty of Theology in connection with any of the existing State Universities, led the Decennial Missionary Conference, representing all Protestant Missions in India, to ask the Serampore College Council whether it would not be possible to make the Serampore Charter available for the granting of degrees in Divinity. The Council advised by Dr. Howells, the present Principal, resolved to accede to this request and also to re-organise the College on the lines planned by its founders making it capable of imparting instruction in Theology of a standard equal to that obtainable in Europe and America. With a view to providing a preliminary training in Arts for students intending to proceed to the B.D. degree and for the benefit of the Christian community and of Hindu and Musalman youths generally it was also resolved to re-open the Arts classes.

Through the generosity of the Arthington trustees the Council has been enabled to renovate the College and to build a new Hostel, including extra quarters for the professorial staff, at a cost of about two and a half lakhs of rupees. They have also made some progress towards the raising of a new endowment fund.

The College is affiliated up to the Bachelor of Arts in English (Pass and Honours), Bengali, Philosophy (Pass and Honours), Sanskrit (Pass and Honours), Hebrew (Pass), Syriac (Pass), History (Pass), Political Economy and Political Philosophy (Pass), Mathematics (Pass and Honours); in the Intermediate Arts, or Science the College is affiliated in English, Bengali, History, Logic, Sanskrit, Hebrew, Syriac, Mathematics, Chemistry, Physics; in the B.Sc. in Mathematics (Pass and Hons.), Physics and Chemistry.

Tuition Fee.—Rs. 6 for Intermediate Arts (with an additional Re. 1 for a science subject), Rs. 7-8 for Intermediate Science, Rs. 7-8 for B.A. and Rs. 9 for B.Sc. Classes. A few scholarships are granted to poor and deserving students. An annual charge of Rs. 6 is payable to the Union Society, this including the subscription to the Athletic Clubs.

Attached to the College is a well-equipped Hostel. The Hostel establishment fee is from Rs. 5-8 to Rs. 8 according to the character of the accommodation. The charge covers seat rent, use of furniture, and cost of servants, light and medical attendance. Almost all the rooms are single-seated but there are a few double rooms, for which the fee is Rs. 5-8 (ground-floor), or Rs. 7 (first floor).

There are two additional Hostels healthily situated on the river side under the direct supervision of the College. The establishment fee in these Hostels is Rs. 5-8. There are no single-seated rooms in these Hostels.

The admission fees for the Hostels are Rs. 5 and Rs. 3.

The normal cost of food in the Hostels is Rs. 10-8 apart from tiffin.

The ordinary fee payable on entrance (*viz.*, the admission charges, Union subscription and one month's fee) must be remitted with every formal application.

There is a large and valuable Library and considerable additions are being made to bring it up to date.

The Union Society provides opportunities for the discussion of topics of general interest and serves to promote a corporate feeling among the students of the College.

The College is under the control of a Council, of which the members who hold office for life, are appointed in accordance with the Charter and Statutes. This Council which sits in London, is at present composed of the following members :—

Mr. J. H. Oldham, M.A. (*Master*).
 Rev. Herbert Anderson.
 Rev. W. T. A. Barber, M.A., D.D.
 Rev. S. Pearce Carey, M.A.
 Rev. R. C. Gillie, M.A., D.C.L.

LORETO HOUSE, CALCUTTA.

AFFILIATED, 1913.

This Institution was established under the Direction of the Sisters of Loreto in 1842.

It includes four departments, *viz.*, a College Department, a Teachers' Training Department, a School Department and a Kindergarten Department conducted according to the principles laid down by the National Froebel Union for Kindergarten Teachers.

The practical teaching required in the Teachers' Training Department is carried on in the School of Loreto House. Each student-in-training gives sets of lessons in the ordinary school subject under the supervision of the staff.

The Institution has been connected with the Calcutta University since 1889 and is now affiliated up to the I.A., L.T. and B.A. standards. The following are the subjects in which affiliation has been granted—English, Latin, French, History, Mathematics and Botany.

The college is under the direction of a Governing Body consisting of—

ASUTOSH COLLEGE, BHOWANIPUR.

AFFILIATED, 1916.

This College was started in 1916 at the instance of the authorities of the South Suburban School, a flourishing Institution of Bhowanipur, which had been founded in 1874 by the local public with the object of promoting the growth and spread of higher education in the south suburban areas of Calcutta. The immediate occasion which led to the development of the school into a college was the abolition of the University Departments, both on the Arts and Science sides, by the two existing Colleges-in and near Bhowanipur, namely, the L.M.S. Institution and the Bishop's College. That there was room for a first grade college here was abundantly clear from the very beginning, but partly from financial and partly from other considerations, the authorities of the South Suburban School were anxious to move cautiously and they, therefore, applied in the first instance for affiliation up to the Intermediate standard only. They had great difficulty, however, in persuading the Government of India that second grade colleges did fulfil a definite function in the educational machinery of the country, and that it was a mistake to suppose that the view of the Indian Universities Commission of 1904 condemning the affiliation of such colleges had been endorsed in its entirety by the Government of India at the time. The result of the protracted correspondence on the subject was to delay the affiliation of the College which was obtained with effect from the commencement of the session 1916-17 although application for it had been made early in 1915. Affiliation was granted up to the Intermediate standard in Arts and Science in the following subjects, as asked for—English, Vernacular Composition, Sanskrit, Logic, History, Mathematics, and Botany. The College was started with the name South Suburban College in a fine two-storied building at 26, Lansdowne Road in one of the best quarters of Bhowanipur with over 250 students on the rolls, but the very next year it became necessary to remove it to more spacious and more conveniently situated premises at No. 147, Russa Road where it is at present located and where there was accommodation for nearly 700 students. In October, 1917, the College authorities applied for extension of the affiliation up to the B.A. Pass standard in a few selected subjects namely, in English, Vernacular Composition, Sanskrit, Mental and Moral Philosophy, History, Political Economy and Political Philosophy, and Mathematics, and this was granted with effect from the commencement of the session 1918-19. During session 1919-20 accommodation was enlarged to suit the requirements of about 825 students. During session 1920-21 the authorities applied for and obtained extension of affiliation up to B.A. Honours standard in English and Philosophy and in Geography up to the Intermediate standard. During session 1922-23 the College applied for and obtained affiliation in Chemistry and Physics up to the Intermediate standard and I.Sc. classes were opened from the beginning of that session. The College applied for and obtained affiliation up to B.A. Honours standard in Mathematics with effect from the beginning of the session 1923-24. The College also applied for and obtained affiliation up to B.Sc. Pass standard in Botany and Chemistry and B.Sc. Honours standard in Mathematics with effect from the commencement of session 1925-26. It was re-named Asutosh College from July, 1924, as a humble tribute to the memory of its Founder President Sir Asutosh Mookerjee.

Both the School and the College are under a General Committee, composed of 50 representatives of the local public, who constitute the ultimate controlling authority over the whole institution in financial matters. The actual management of the College is vested in a Governing Body which is

quite distinct from the Managing Committee of the school, and consists of 11 members who are annually elected by the General Committee except that the Principal and another representative of the teaching staff are members *ex-officio*.

A special feature of the College is that in no section is the number of students allowed to exceed 75, in several subjects the number is in fact much smaller, the object aimed at being to ensure individual attention to every student as far as practicable. Copious provision is also made for tutorial work in every subject in small batches, as well as for frequent exercises and examinations.

There is a Debating Club called Asutosh College Students' Assembly and an Athletic Club, each under the personal supervision of one or more Professors which are very popular among the students.

A large percentage of the students reading in the College live in the locality with their fathers or natural guardians. For those that do not do so, provision is made in Attached Messes or Hostels under the supervision of members of the staff. The seat rents are charged according to the scale fixed by the University under the Calcutta Messing Scheme.

The College fees are as follows :—

Admission fees Rupees six; Tuition fees Rupees six per month for I.A., Rupees seven per month for I.Sc. and B.A. and Rupees nine and annas eight per month for B.Sc. Classes; Laboratory fee Re. 1 per month for one Science subject and annas 8 for each additional Science subject is charged in the Intermediate classes; Punkha fee Rupees two and Athletic fee Rupee one for the session. Liberal provision is made for free and half-free studentships for deserving candidates. Twelve College scholarships of Rs. 6 a month are also awarded every year on the results of a College examination. There are also Special Stipends for specially meritorious boys.

The College possesses a fairly good Library (worth about Rs. 20,000) of which free use is made by the students. Constant additions are being made to the stock of books.

There is a Government Telegraph Training Class attached to the College in which 15 students are annually admitted ordinarily from amongst the students of the 1st-year I.Sc. Class.

The College was started in July, 1917, and is the result of the earnest efforts of the residents of this district to remove a long-felt want. A scheme for the establishment of a College had originated as early as 1913, but it was not till 1914 that active steps were taken to carry it out. A Committee of the local representative gentlemen met under the Presidency of Mr. J. N. Gupta, M.A., I.C.S., the then District Magistrate, and the scheme took definite shape. By March, 1917, donations to the extent of about 7½ lacs had been raised. An application to the University was then made for affiliation of the proposed College up to the B.A. standard, which was subsequently obtained.

The College occupied the new building in July, 1918. It is situated on a plot of ground measuring over 900 bighas of land, on the outskirts of the town and away from all contaminating influences. There are three boarding houses for Hindu and two for Mahomedan students accommodating 300 boarders, and the Principal and staff of the College have been provided with quarters in the College compound, the idea being to develop it eventually into an entirely residential institution.

The College buildings are amongst the finest in Bengal. From the funds subscribed over two lacs were invested in War Loan. Among the principal single donors may be mentioned the names of Raja Bahadur Gopal Lal Ray of Tajhat (Rs. 1,00,000), Rai Annadamohan Raychaudhuri, Bahadur, of Teps (Rs. 1,00,000), and the Hon'ble Maharaja Sir Manindrachandra Nandi, Bahadur, K.C.I.E. (Rs. 50,000).

In February, 1918, His Excellency the Earl of Ronaldshay, Governor of Bengal, declared the new buildings open, spoke of the College scheme with the warmest approval, and announced a Government grant of 50,000 rupees towards land acquisition and capital expenditure on buildings to which another 40,000 rupees was afterwards added. H. E. Lord Lytton in his recent visit expressing 'his very great pleasure in visiting the institution hoped that it might obtain its B.Sc. Classes during his tenure of office.' This kind wish of His Excellency has since been fulfilled and the college has opened B.Sc. Classes this session.

The College is under the management of a Governing Body with the District Magistrate, Mr. S. N. Gupta, I.C.S., as the elected President. Mr. J. N. Gupta, the late Collector—to whose strenuous efforts the College owes its existence—as well as Raja Bahadur Gopal Lal Ray of Tajhat in consideration of his generous contribution are life members of the Governing Body.

The College is affiliated to the University up to the B.A. Pass standard in English (Pass and Honours), Vernacular Composition (Bengali and Urdu), Sanskrit (Pass and Honours), Arabic, Persian, Mathematics (Pass and Honours), History, Political Economy and Political Philosophy, and Mental and Moral Philosophy (Pass and Honours). In Intermediate Arts it is affiliated in English, Vernacular Composition (Bengali and Urdu), Sanskrit, Arabic, Persian, Mathematics, History, Logic and Chemistry. I.Sc. Classes were added in 1922 in Physics and Chemistry besides the usual Arts subjects. The B.Sc. Classes were opened in 1925 with Mathematics (Pass and Honours), Physics and Chemistry.

The tuition fee is Rs. 5-8 per mensem for Arts and Rs. 6-8 for Science students: the seat rent charged from the hostel students is Rs. 3 for the upper storey and Rs. 2 for the lower storey. The tuition fee for the B.Sc. students is Rs. 8 per month, and that for the B.A. is Rs. 6-8 per month only.

BAGERHAT COLLEGE (KHULNA)

AFFILIATED, 1918.

This College owes its origin to the energetic efforts of the promoters of the *Haveli Pargana Social Reunion*, an organisation for the advancement of education, sanitation, and social reforms in the Pargana which includes the town of Bagerhat and its neighbourhood. It is backed by the entire Sub-Division of Bagerhat and supported by a Board of Trustees numbering ninety, all influential and representative men of the Sub-Division.

It is situated on a healthy rural site consisting of a big maidan (over 50 Bighas in extent) facing the Khulna-Bagerhat Railway line with a streamlet flowing close by. The *Bagerhat College Railway Station* is close to the College compound.

It is affiliated in the following standards and subjects :—

B.A. Honours—English, Sanskrit, Mathematics, History.

B.A. Pass—English, Vernacular Composition, Sanskrit, Persian, Arabic, Mental and Moral Science, Political Economy and Political Philosophy, History and Mathematics.

I.A. —English, Vernacular Composition, Sanskrit, Persian, Arabic, Logic, History, Mathematics, Physics, and Chemistry.

I.Sc. —English, Vernacular Composition, Mathematics, Chemistry, and Physics.

It has got *pucca* Hostel accommodation for both Hindu and Mahomedan students with a block specially meant for Namasudra boarders.

The College fee is Rs. 5-8 *as.* a month for the I.A. students not studying Physics or Chemistry, and Rs. 6-8 *as.* for the B.A. and I.Sc. students and I.A. students studying Physics or Chemistry.

There is in the College a Scholarship of Rs. 4 a month named "Chandrakanta Das Scholarship," available for two years to the best student of the College who after passing the I.A. Examination from it joins its B.A. Class.

There are in the College a running Shield and Runners-up Cup known as the "Chandranath-Sasinath Memorial Shield and Runners-up Cup," for which a football tournament is held on the College ground at the commencement of the College Session.

The Governing Body of the College consists of the following members :—

RAJENDRA COLLEGE, FARIDPUR

AFFILIATED, 1918.

The College which is under the management of a regularly constituted Governing Body was established in July, 1918, by the late Babu Amvicharan Mazumdar and named after the late Babu Rajendrachandra Raychaudhuri, the Zemindar of Baishrashi, whose public-spirited and enlightened son and heir, Babu Rameschandra Raychaudhuri by his munificent donation of Rs. 50,000 made the institution an accomplished fact. Rs. 30,000 more were raised by subscriptions and donations. Among the chief minor donors the following names may be mentioned.

	Rs.
The Hon'ble Maharaja Sir Manindrachandra Nandi, Bahadur	... 2,000
Babu Prafullanath Tagore	... 2,500
The Hon'ble Kumar Arunchandra Sinha	... 2,000
Babu Prafullanath Tagore has contributed to the Library about	700 books.

The total area of the College ground is 9'24 acres or about 35 bighas approximately, conveyed by the Government in permanent lease at a rent of Rs. 6-9 per annum for which the Faridpur public is particularly grateful to His Excellency Lord Ronaldshay and the Rt. Hon'ble Lord Sinha as also to Mr. J. G. Dunlop, I.C.S., the then Collector of the District, who was kind enough to move in the matter. A plot of land has been set apart for games and sports.

The College is affiliated to the University up to the I.A. standard in English, Vernacular Composition, Sanskrit, Mathematics, History, Logic, Persian, Arabic, Physics, and Chemistry, up to the I.Sc. standard in English, Vernacular Composition, Mathematics, Physics and Chemistry and up to the B.A. standard in English (Pass and Honours), Vernacular Composition,

Sanskrit (Pass and Honours), Mathematics (Pass and Honours), Philosophy (Pass and Honours), History (Pass), Political Economy and Political Philosophy (Pass), Persian (Pass) and Arabic (Pass).

The tuition fee is Rs. 5-8 *as.* per mensem for the I.A. Classes, Rs. 5-8 per mensem for the I.Sc. and B.A. Pass Classes and Rs. 7 for the B.A. Honours Classes. There is provision for two scholarships of the value of Rs. 6 a month.

The sum of Rs. 800 has been deposited by Babu Surendrakumar Dasgupta, B.L., Pleader of Faridpur, and another sum of Rs. 800 by Babu Mahendranarayan Chaudhuri, Zemindar of Baishrashi, District Faridpur, for the establishment of two free-studentships known as "Swarnamoyee" and "Mahendranarayan" free-studentships, respectively.

There is a Hindu Hostel and also a Moslem Hostel attached to the College.

FENI COLLEGE

ESTABLISHED IN 1922.

The Feni College was started in 1922 with affiliation up to the I.A. standard. For some years past the people of Noakhali and practically of this Sub-Division had been trying to start a college with a view to removing their heart-felt grievances regarding higher education. Their efforts were crowned with success even at a time when the non co-operation movement was in its fullest swing. They raised subscriptions locally to the extent of about Rs. 20,000 and the District Board of Noakhali came forward with a liberal donation of Rs. 50,000 for construction of two magnificent Hostels—one for the Hindu students and another equally big for the Mahomedan students. Each one of them is a fine structure and accommodates 48 boarders. Besides, there is a big corrugated iron-roofed house where the now defunct Moslem High English school was located, which accommodates about 30 Mahomedan

boarders. The Rajapur family belonging to the rich *Saha* community of this District has let on lease a fine one-storied building for residence of about 20 boarders.

The College from its very inception has shown remarkably steady progress so much so that after two years of its beginning, i.e., 1924, the Government and the University thought its outlook was most hopeful and thus raised its status to that of a first grade college with affiliations in all the Arts subjects including Mathematics and Honours in History. The classes are now held in a spacious two-storied building with ten rooms, big and small, constructed at an approximate cost of Rs. 75,000. His Excellency Sir Hugh Lansdown Stephenson, K.C.I.E., C.S.I., I.C.S., the acting Governor of Bengal, visited the College on the 10th of August, 1926, and was very much impressed by the progress that the College had made in an incredibly short time and formally opened the upper storey of the main College building which was nearing completion. His Excellency signalled his visit to the College by a capital grant of Rs. 20,000 towards the cost of extension and Rs. 5,000 out of his "discretionary fund" just to enable the College to wipe off its old debts. The special feature of this Institution is a large percentage of Mahomedan students as compared with other neighbouring colleges. Concessions and stipends are awarded to deserving but poor boys according to the grant-in-aid rules. The authorities of this College are particularly grateful to his Highness the Maharaja of Tripura for the recurring grant of Rs. 50 per mensem, to Babu Chandi Charan Law of Calcutta and Kumar Arun Chandra Sinha Bahadur, two of the premier landlords of this District for their donations of Rs. 4,000 and Rs. 2,000 respectively. Babu Baroda Prasanna Das, a respectable gentleman of this locality, awards two "Mahesh" scholarships of Rs. 10 and Rs. 5 per mensem in memory of his late lamented father to a general scholar and a Divisional scholarship-holder in the Matriculation Examination reading in this College.

ST. JOSEPH'S COLLEGE, CALCUTTA

AFFILIATED, 1924.

This College is one of the oldest educational institutions in the city. It was established about 82 years ago and was then known as St. Xavier's Day School. In 1871 the name of the establishment was changed to St. Joseph's Boarding and Day School. An Entrance Class for the Calcutta University was taught for a short time, but it was closed in 1882. Thereafter the curriculum followed was that of the Seven Standards of the European Code. With the advent of the Irish Christian Brothers, the building of the new St. Joseph's School was commenced. A magnificent three-storied building, with electric installations for lights and fans and all other necessary internal arrangements, was completed in 1895.

In 1890 the Irish Christian Brothers reopened the Entrance Class and was affiliated to the Calcutta University. For the six years that they continued presenting boys for this examination. they achieved remarkable results.

In 1894 they opened a High School Class under the European Code, which eventually superseded the Entrance Examination ; and in this they were equally successful.

The past successes of the College in the public examinations combined with the flattering testimonials accorded by Inspectors of Schools and Directors of Public Instruction, prove conclusively that the institution is in the forefront of European educational establishments in the country.

Within the last few years several important additions have been made. These are (1) a well-furnished Art Hall, (2) an up-to-date Laboratory, (3) a well-equipped Geographical Hall and (4) an efficient Workshop (Manual Hall) for Wood and Metal work.

The Irish Christian Brothers are a body of teachers entirely devoted to education. They have flourishing institutions not only in Ireland and India, but also in England, Australia, New Zealand, Gibraltar, South Africa, North America and Rome. Their name, their history and their achievements in the field of education are widely known.

St. Joseph's has once more been affiliated to this University and in the following subjects :—

I.A.—English, Bengali Composition, Urdu Composition, Alternative Paper in English, Latin, French, History, Logic, Mathematics, Elements in Civics, Commercial Geography, Commercial Arithmetic and Elements of Book-keeping, Physics, Chemistry, Geography, Physiology and Botany.

I.Sc.—English, Bengali Composition, Urdu Composition, Alternative Paper in English, Chemistry, Physics, Mathematics, Botany, Geography, Physiology and French.

NARASINHA DUTT COLLEGE, HOWRAH

AFFILIATED, 1923.

The want of a College at Howrah was for a long time keenly felt both by the people of the town and the district. With the growing educational demands of the people, the difficulty which the students of the district had to experience in securing admission for prosecuting their studies in Calcutta Colleges, had been increasing from year to year. To remove their long-felt want the late Rai Narasinha Dutt, Bahadur, resolved, so far back as 1908 to establish a Second Grade College at Howrah. But before any definite step could be taken in that direction the Rai Bahadur fell ill and breathed his last.

Babu Suranjan Dutt, the son of the late Rai Bahadur, was the sole trustee for premises No. 129, Belilios Road, Howrah, which consisted of about 100

bighas of land and a palatial building, formerly the residence of the late Mr. I. R. Belilios with several out-houses. With a view to a Park being laid out in the said premises he transferred the management of the same to the Municipal Commissioners of Howrah.

In 1922 Babu Suranjan Dutt, in order to give effect to the pious wishes of his father, the late Rai Narasinha Dutt, Bahadur, and to perpetuate his memory formed a Provisional Committee of which he agreed to act as Secretary and applied to, and got sanction of, the University in 1923, to locate a Second Grade College called the "Narasinha Dutt College" in the afore-said mansion for teaching English, Vernacular Composition, Mathematics, History, Logic and Sanskrit giving a guarantee to maintain the College out of his own money if there be any deficit. He personally supplied the whole of the money for the purchase of furniture and books for the Library.

It was found that there was a general tendency towards learning Science and Babu Suranjan Dutt, the founder of the College, lost no time in getting the College affiliated, in addition, in Physics, Chemistry and Botany to the Intermediate Science standard, in 1924, and supplied the entire fund for the equipment of the different laboratories and for lecture apparatus from his own pocket.

The members of the Park Committee, of which he is one, have been pleased to let out the said mansion with out-houses and a portion of the garden to the College on a nominal rent.

He is also the sole Trustee with regard to 233, Belilios Road, Howrah. He set apart a portion of the income of the said premises towards the maintenance of the College. The Commissioners of the Howrah Municipality very kindly granted Rs. 300 a month towards the maintenance last year. It is expected that they will continue the help.

The special features of the College are that the Chemical Laboratory has been, and the Physical Laboratory will be, located in separate buildings in the Park. It has a foot-ball ground of its own, it is expected to start a rowing club and to make arrangements for teaching swimming to students within a short time. The gymnasium which has been lately started is well stocked with appliances for physical exercise and the College athletic club has made provisions for various outdoor games. It has started an association for the advancement of Science called the "Scientific Association, Narasinha Dutt College." It has in addition a Common Room well provided with magazines and newspapers, both English and Indian.

The College has well-equipped laboratories fitted with up-to-date gas and electric appliances. The Library is available to the students without any deposit or fee. Scholarship-holders and deserving students up to 5 p. c. are

granted free studentships. Two scholarships of the value of Rs. 7 and 6 per month respectively have been provided out of College funds. A hostel has recently been located in a fine two-storied building within a minute's walk from the College and is under the supervision of a member of the teaching staff, residing therein. The residents of the hostel get free medical help.

Tuition Fee.

Tuition fee is Rs. 5 per mensem.

Hostels.

Hostel accommodation exists for Hindu and Muslim students.

Two members of the Teaching Staff are in charge of the Hostels.

No seat rent is charged from the residents.

House Examinations.

Three Terminal Examinations are held for the First-year Class students—September, January and April, and two such Examinations for the Second-year Class students—September and December.

Frequent Tutorial Classes are held in all subjects except Vernacular Composition, and marks are assigned to Tutorial Exercises and entered in the Result Book. Individual attention is paid to students.

No importance is attached to the results of the Terminal Examinations superior to those of Tutorial Exercises.

Promotion from the First-year Class to the Second-year and sending up from the Second-year Class to the University Examination will depend on regularity in general attendance, attention paid in Tutorial Classes, results shown in Tutorial Exercises and marks obtained in Terminal Examinations.

Concessions.

(i) The founder has sanctioned a tiffin allowance of Re. 1 per student per mensem for the sessions 1926-27 and 1927-28.

(ii) The founder has sanctioned free cooks and servants to the attached Hostels of the College for the sessions 1926-27 and 1927-28.

(iii) Tuition fee is not charged from Scholarship-holders.

(iv) Eight per cent. of the students on the rolls are allowed free-studentship.

(v) Further concessions are granted to poor deserving students from the College Duty Fund.

Corporate Life.

The following Institutions have been started for fostering the healthy growth of a corporate life in the College side by side with the physical, mental and moral training of the students :—

- (i) The Athletic Club.
- (ii) The Literary Club.
- (iii) Modern Topics.
- (iv) The Common Room.
- (v) College Magazine.
- (vi) Duty Fund.

A close association between the staff and the students is always encouraged.

The place is healthy, the site open and extensive and the scenery beautiful. Articles of food are fresh, pure and cheap. Thus situated, the College aims at imparting, so far as practicable, a sound, intellectual, physical and moral education to the students at a reasonably cheap cost and in the midst of a quiet rural atmosphere undisturbed by the troubles and turmoils of town and uninfected by the growing luxuries and laxities of urban life.

ISLAMIA COLLEGE, CALCUTTA

AFFILIATED, 1926.

Short History.

In 1881 the Government of Bengal had under consideration the establishment of a Second Grade College to provide the Moslem community with facilities for obtaining a liberal education. In 1881 F.A. classes were started in the Madrasah, but from July, 1888, the department was amalgamated with Presidency College for teaching purposes, the students attending the lectures there. Renewed efforts to open Arts classes were made, but until 1923 plans did not materialise chiefly owing to lack of funds. In that year the proposal was placed before the Legislative Council and money sanctioned for the erection of an Arts College. The foundation stone of the building was laid by His Excellency Lord Lytton, the Governor of Bengal, on 9th December, 1921, and the construction of the building completed in June, 1923. It was formally opened for the admission of students on the 2nd July, 1926. The institution is under the direct control of the Director of Public Instruction, Bengal.

PRABHATKUMAR COLLEGE, CONTAI (MIDNAPUR)

AFFILIATED, 1926.

The College is an outcome of the earnest efforts of the residents of the sub-division of Contai in the district of Midnapur. It has removed a long-felt obstacle which the people of the locality experienced in imparting higher education to their young Matriculates in their own place which is at once healthy and cheap. A scheme for the establishment of a College here originated in the minds of the people of the subdivision as early as 1919 and subscriptions were promised for the purpose and partially raised too. But the idea had to be dropped owing to political troubles in the country at that time. It was however made an accomplished fact only in July, 1926, by the munificent gift of Rs. 10,000 by Mr. Gangadhar Nanda and Rs. 25,000 by Mr. Biswambar Dinda and strenuous efforts of Mr. Bishnupada Chatterjee, the Assistant Secretary of the College. Mr. Dinda has also promised to pay a similar donation of Rs. 25,000 by March, 1927, and the College has by a Resolution of the Provisional Governing Body, been named after his late lamented only son Master Prabhatkumar Dinda who died a student while studying for the B.A. degree. Besides donations of Rs. 1,000 from the Manager, Basudevpur Court of Wards, Rs. 700 from Choudhury Jadavendra Nandan Das Mahapatra, Esq., B.A., and Rs. 700 from Debendranath Nanda, Esq., the organisers of the College have got promises of subscriptions to the extent of Rs. 17,000 from other substantial gentlemen of the sub-division.

The College classes are for the present located in the Western portion of the Boarding House of the Contai High School and in the old High School bungalow. But the College authorities have secured a little over an acre of land outside the town as gift from Mohanta Badrinarayan Das and subsequently acquired three acres more adjoining the old plot. The College buildings and the Collegiate Hostels will as early as possible be erected on these plots. When erected the College will indeed possess a beautiful site situated in the midst of sandy hills characteristic of this sub-division. The sea is only 5 miles off from the College and beneficial sea breeze which is always available there will do immense good to the health of the students and the staff.

A big play-ground has been made on the proposed College site to give facilities to students for outdoor games.

The College is affiliated to the University up to I.A. standard in English, Vernacular Composition (Bengali), Sanskrit, Logic, History and Mathematics.

The tuition fee is Rs. 5-8 per mensem in the I.A. Classes.

A Stipend Fund has been started in the College to which the local Pratt Bar Association and the Mukteer Library regularly pay monthly subscriptions and stipends are awarded to poor and deserving students.

The College is for the present under the management of a permanent Governing Body consisting of the following members and office-bearers :—

1. Mr. S. C. Ghose, B.A. S.D.O. of Contai—*President*.
2. „ Gangadhar Nanda, Zamindar—*Vice-President*.

DAVID HARE TRAINING COLLEGE, CALCUTTA

AFFILIATED, 1908.

The David Hare Training College was opened on the 1st July, 1908, by the Government of Bengal to train teachers for the secondary schools of the Province.

It is affiliated to the University of Calcutta up to the Bachelor of Teaching standard, and prepares students for the B. T. Examination.

Students who have passed the B.A. or B.Sc. Examination are eligible for admission to the College.

At the present time, the number of students in training is sixty. They come from Government, aided and private institutions; and include inspecting officers, head and assistant masters of high schools, and intending teachers.

There are no admission or tuition fees. Teachers from Government institutions continue to receive their salaries during their period of deputation; twenty-five aided high school teachers each receive an allowance not exceeding Rs. 50 a month; and thirty private candidates each receive a stipend of Rs. 20 a month.

The course is of one year's duration. It includes both the theory and the practice of teaching.

Since the year 1925, the College with the attached hostel and demonstration school has been located in its own premises at 25-3, Ballygunge Circular Road. The practical teaching work is carried on in the demonstration high school and in other neighbouring schools.

There is a hostel attached to the College with sixty rent-free seats, and it is under the direct control of the Principal. One of the College professors holds the post of superintendent and resides in the buildings.

ST. JAMES' COLLEGE

AFFILIATED, 1927.

This school, which was formerly known as the Calcutta Boys School, was opened as a boarding and day school for boys in 1870. It was closed in 1908 because it was thought that it would be better to devote the funds of the school to strengthen St. Paul's, Darjeeling. This action was contested and it was discovered that the funds could not be used outside Calcutta. It was reopened in 1918 and in 1923 the St. James' Parochial School was amalgamated with it.

The amalgamated School which is very strong in numbers having at present 120 boys in its boarding department and 380 day scholars was recognised by the University in 1926. In 1927 affiliation as an Intermediate Science College was sought and obtained. The Rector has nineteen qualified teachers to assist him. The buildings are modern and well equipped. A new Primary Department has just been added at a cost of Rs. 60,000,

MEDICAL COLLEGE OF BENGAL

Rules for the Guidance of Students seeking Admission in the Civil Pupils' Department for the Session 1927-28.

1. Only those who intend to study for the M.B. Degree of the Calcutta University are admitted to this department and the admission is restricted to students (male and female) who are natives of, or whose parents are domiciled in Bengal, Assam, Central Provinces and the Manipur State.

2. All students from Bengal, except those coming from the Dacca University and the Dacca Board of Intermediate and Secondary Education, must apply for admission to the Principal, Medical College, Calcutta, in the prescribed form available in his office on or before the 25th May together with a fee of Rs. 4 which will not be refunded on any account.

Students of the Dacca University and the Dacca Board of Intermediate and Secondary Education should apply to the Secretary of the said Board and the University. The Assamese students should apply to the Inspector-General of Civil Hospitals of that province. The candidates from Central Provinces and the Manipur State should apply, respectively, to the Director of Public Instruction, Central Provinces and the Manipur State.

3. The minimum Preliminary qualification for admission is the 1st Class Pass Certificate of the I.Sc. Examination of the Calcutta University with Physics, Chemistry and Mathematics or any examination equivalent to it. But this rule may be relaxed in favour of the Muhammadan students and candidates having passed the said examination in the second division may be admitted provided they are otherwise considered suitable to make up the number allotted for the Muhammadan students. In assessing the claims of those eligible for admission special curriculum will be given the fullest consideration *viz.*, English, Mathematics, Physics, Chemistry and Botany.

4. The number of admission of new students will be limited to 100 including female students and those nominated by the authorities mentioned in Rule 2.

One fourth of the total number to be admitted, if a suitable number of candidates be obtained, shall be Muhammadan. One candidate will be nominated by the Director of Public Instruction of Central Provinces; seven candidates including one female by the Inspector-General of Civil Hospitals, Assam, three candidates of the Dacca University and three candidates of the Dacca Board of Intermediate and Secondary Education by the respective authority and one candidate will be nominated by the Manipur State. These candidates must possess the qualifications mentioned in Rule 3. These nominations must reach the Principal, Medical College, Calcutta, before the 10th June in each year, failing which the Principal will fill up the vacancies with local candidates. The authorities concerned will have no right to fill up any vacancy caused by the resignation of the candidates nominated by them or otherwise in the middle of the session.

Five seats shall be reserved annually for nomination by the Surgeon General with the Government of Bengal, provided the candidates fulfil the requisite educational and physical qualifications. These nominations shall ordinarily be made after the Selection Committee have made their choice.

5. Female students will be admitted provided they possess the requisite preliminary qualifications and provided there is a vacancy in the Surnomoyee Hostel in which all female students must reside.

6. Selected candidates must pay the following fees within the time prescribed by the Principal failing which their names will be struck off the list of selected candidates.

				Rs.
Admission fee	25
Fee for the summer term	100
Athletic Club	4
Total ...				129

7. The summer term commences on the 15th June and closes on the 19th September. The winter term opens on the 5th October and closes on 31st March.

8. Forms of application for admission will be issued from the 15th April and received up to the 25th May every year.

9. Female students already studying in this College but belonging to provinces other than Bengal will have to pay rents for their seats in the Surnomoyee Hostel.

10. Failed students must apply for admission and pay the fee within the date prescribed by the Principal, otherwise their claims will lapse.

11. All regular students must pay an annual fee of Rs. 200 in two instalments, viz., Rs. 100 for the Summer term and Rs. 100 for the Winter term. They must also pay the annual Athletic Club fee of Rs. 4 along with the fees for their Summer term. Fees once paid cannot be refunded except to those whose claim for the refund is tenable under Rule 19.

12. The fees for each term are to be paid in one instalment. Except in the case of new students, the fees for the Summer term are due on the 15th June and those for the Winter term on the 1st November, and must be paid on those dates or on such subsequent dates as the Principal directs, after which a daily fine of annas 4 will be levied along with the fee in each case of default.

13. Female students are not liable to pay the Athletic Club fee.

14. Students relegated to a further course of study after failure to pass the Preliminary Scientific M.B. and the First M.B. Examinations shall pay Rs. 100 for the whole session in one instalment within the time prescribed.

15. Students who fail at the Final M.B. Examination shall pay fees for the whole session at the following rates in one instalment :—

	Rs.
For one subject	25
For two subjects	50
For three or more subjects	75

16. Students taking up subjects outside the curriculum of the year in which they are studying shall pay Rs. 30 for each such subject including lectures and practical classes.

17. The fee for certificates issued to regular students leaving the College before completing their study, or for those issued to Military students, shall be Rs. 40 per each course of lectures and practical classes and Rs. 30 for every three months of Hospital practice.

18. In calculating the sum to be paid under rule 14 by a regular student, the amount of College fees paid by him (or in the case of a student enjoying a stipendiary scholarship and free tuition, the amount which would have been paid by him had he been a paying student) shall be deducted.

19. The fees payable by Muhammadan students requiring certificates in the same way will be calculated on the same principle, i.e., he will be allowed a deduction for the full annual fee, half of which has been paid by himself and half by the Mohsin Fund.

20. Students of the Military class requiring certificates in the same way will be required to pay the rate of fees laid down in paragraph 14 for the full curriculum or for such portion as they have attended. No deduction will be made in this case as they are not free students in the sense in which that term is defined in Bengal Government Resolution (Education) No. 601 of the 7th December, 1880.

21. The fee for Post-Graduate students undergoing a course of training in the Pathological, Bacteriological, Physiological or Chemical Laboratory is Rs. 90 for a period not exceeding six months.

22. Holders of scholarships awarded by the Government of Bengal are not required to pay the annual fees of Rs. 200 for the year in which they hold such scholarships. All holders of other scholarships, whether granted by other Local Governments, local bodies, or Dufferin Fund, shall pay the same fees as regular students.

23. The following is the curriculum of the College :—

REGULAR STUDENTS.

First-year (one Summer term and one Winter term).

Physics, Chemistry, Botany, Zoology, and Practical classes in all these subjects; Test examination in all the subjects will be held during the course of the First-year classes, and the students who fail in these examinations will not be sent up for the Preliminary Scientific M.B. Examination. Those students who are sent up for the Preliminary Scientific M.B. Examination but fail twice in one year in the said examination will be transferred to the Membership course of the State Medical Faculty of Bengal after the second chance.

N. B.—The First-year's course also includes Anatomy in which there will be a class test examination during the course, upon which will depend the promotion of a student to the Second-year class.

Second-year (one Summer term and one Winter term).

Anatomy, Physiology, Materia Medica, Practical Pharmacy and Dissections to be followed by examinations for award of College scholarships with class examination during the course. Students failing to pass the class examination in Anatomy will not be eligible for any scholarship and will not be promoted to the Third-year class.

Third-year (one Summer term and one Winter term).

Anatomy, Physiology, Materia Medica, Organic Chemistry, Dissections and Practical classes in Physiology and Organic Chemistry with the usual class examination in the above subjects for scholarships, medals and certificates of honour of the College. Students who fail four times in two years at the First M.B. Examination will not be allowed to go on with the M.B. course, but they may take up the Membership course of the State Medical Faculty of Bengal.

N. B.—Both in Preliminary Scientific M.B. and First M.B. Examinations "failure" means and includes "failure to pass" and "failure to appear."

Fourth-year (one Summer term and one Winter term).

Medicine, Surgery, Midwifery, Pathology, Medical Jurisprudence, Hygiene, Dental Surgery, Hospital Practice (12 months), Clinical Methods and 20 Demonstrations, Practical Surgery and Bandaging and 30 Demonstrations, with class examinations at intervals in all the subjects.

Fifth-year (one Summer term and one Winter term).

Medicine, Surgery, Midwifery, Hygiene, Ophthalmic Surgery, Operative Surgery, Mental Disease, Practical Pathology and Bacteriology, Practical Midwifery and 20 Demonstrations, Hospital Practice (12 months) with class examinations at intervals in all the subjects.

Sixth-year (one Summer term and one Winter term).

Medicine, Special Classes and Hospital Practice (12 months), to be followed by the Final M.B. Examination.

24. The following are the scholarships and rewards obtainable by students :—

(a) Ten College scholarships of Rs. 12 each, tenable for one year, together with free tuition, are awarded to ten students on the result of the Test and Scholarship examinations at the end of the First-year Class, provided such students also pass the Preliminary Scientific M.B. Examination of the Calcutta University at the first attempt.

(b) Ten College scholarships of Rs. 12 each, tenable for one year, together with free tuition, are awarded to ten students on the results of the second year's Scholarship and Test examinations.

(c) Ten scholarships of Rs. 12 each, tenable for three years, together with free tuition, are awarded to ten students on the results of the Scholarship and Test examinations of the Third-year Class, provided such students also pass the First M.B. Examination of the Calcutta University.

NOTE.—Only students of Bengal are allowed to compete for these scholarships. Forty per cent. is the pass mark of the class examination, but 60 per cent. in aggregate must be obtained by a candidate to be eligible for a scholarship. All scholarships are granted subject to good conduct and satisfactory progress.

(d) Six Government scholarships (one for each year) of the value of Rs. 25 will be awarded to the female students of the regular class who do not get the Dufferin or other scholarship.

(e) Mohsin scholarships—

Six stipends of the value of Rs. 15 each, tenable in the Medical College Calcutta, are annually awarded by the Director of Public Instruction from the Mohsin Endowment Fund to deserving poor Bengali Muhammadan students in the following manner :—

Two scholarships on admission, tenable for one year only, on the result of the I.Sc. Examination.

Two scholarships, tenable for two years, on the result of the Preliminary Scientific M.B. Examination.

Two scholarships, tenable for three years, on the result of the First M.B. Examination.

(f) A limited number of stipends will be granted to Muhammadan students of straitened circumstances who must prove to the satisfaction of the Principal that they are poor deserving Bengali Muhammadan students.

25. If on account of the death, resignation or dismissal of any College scholar, a scholarship falls vacant, such scholarship will be awarded to the next best student in the list of the last Scholarship examination, or to such other student as the Principal may consider fit.

26. Holders of the College scholarships, any other Government scholarship or Trust Fund Scholarships administered by Government are not eligible for the Durgacharan Laha Scholarship. Similarly, a student already holding a scholarship either on the result of the University examination or granted by Government, is not eligible to compete for the College scholarships.

27. Regular students, who at any time are referred for a second year of study in all the subjects of one curriculum, are thereby rendered ineligible for any of the stipendiary scholarships awarded by the Government of Bengal. They are however eligible for the special scholarships and class prizes and medals and certificates of honour of the College.

28. Certificates of honour, to the number of three in each subject, may be awarded by the Professor, subject to the sanction of the Principal, to such students who have not obtained the medal but are deemed worthy of it.

CARMICHAEL MEDICAL COLLEGE

AFFILIATED, 1916.

This College, the first non-official recognised Medical College in India, came into existence in 1916. The affiliation to the University of Calcutta in the Preliminary Scientific M.B. standard was obtained in April, 1916. The Institution that developed into this College was at the time of affiliation known as the Calcutta Medical School and College of Physicians and Surgeons of Bengal. It had its origin in the year 1886 when some independent medical practitioners met and thought that there was a great demand for medical education and that the Government medical schools were unable either to cope with it or to supply a sufficient number of trained medical men for the people. It was decided to start the first private medical school under the name of the Calcutta School of Medicine to supplement the efforts of the Government. The school continued in rented houses for seventeen years. The bulk of the present site was bought in 1896 and the school was removed to Belgachia in 1903. The curriculum was modified in 1887 and framed according to that of the Government medical schools. The name was also changed to "Calcutta Medical School." For Clinical instruction the students used to attend the Mayo Hospital from the year 1888. The Albert Victor Hospital (one-storeyed building) was formally opened with 40 beds in 1902. The upper storey was built and the new wards were opened in 1909, the total number of beds being thus increased to 100. The institution flourished, numerous students wanted admission every year and many trained men of the Hospital Assistants standard were passed out. The College of Physicians and Surgeons of Bengal, another private institution started in 1895 aiming at medical education of the collegiate standard, was amalgamated with it in 1903. The combined institution was now called the Calcutta Medical School and College of Physicians and Surgeons of Bengal, and continued to do useful work till session 1917-18. During thirty years hundreds of trained medical men passed out who are doing useful work under Government, Municipalities, in the various industries (jute, tea, shipping, etc.) or as country practitioners.

This was rendered possible, mainly by the voluntary, ungrudging, and unpaid work done both in the school and in the Hospital by the independent medical profession.

In 1911, before the introduction of the Medical Registration Bill the Government asked the private medical institutions in Calcutta to unite and form one good and efficient teaching institution with a view to help its recognition by the University or the Bengal Council of Medical Registration. Attempts at this union continued for nearly two years but failed. The Government of India then decided to render financial help to the parent institution at Belgachia with a view to its ultimate affiliation to the University of Calcutta. Negotiations were opened between the Government and the representatives of the institution in May, 1913. Ultimately a scheme was framed, the main conditions of which were that the Government offered to give a capital grant of 5 lacs, provided the Committee raised 2½ lacs from the public and a recurring grant of Rs. 50,000 provided they got Rs. 30,000 a year from the Calcutta Corporation and Rs. 10,000 annually from the University. The authorities had great difficulties in fulfilling the conditions of the Secretary of State and in obtaining affiliation of the University. However, at last these struggles were over and the difficulties overcome and the first affiliation to the University of Calcutta was obtained in April, 1916. The College was formally opened as Belgachia Medical College by Lord Carmichael, Governor of Bengal, on the 5th July, 1916.

In July, 1917, the College was affiliated up to the standard of the First M.B. Examination. The affiliation of the College was extended to the Final M.B. Examination in July, 1919. Students of this College appeared for the Final M.B. Examination for the first time in April, 1922.

The College curricula are in accordance with the M.B. Examination rules in the Regulations of the Calcutta University.

The College was named after Lord Carmichael on 7th April, 1919, in appreciation of his services in connection with its affiliation. In May, 1918, the name of the Society was altered to "Medical Education Society of Bengal." New Rules and Bye-laws were framed and the government of the College is now vested in a Council consisting of 11 members of whom 3 are nominated by Government and 1 by the Corporation of Calcutta. The Principal is a member *ex-officio*. Of the remaining six, 3 are elected by the College and the Hospital staff, and 3 by the members of the Society. The tenure of membership is one year or till the next Annual General Meeting of the Society.

THE STUDENTS.

1. Students ordinarily enter for a complete course of study but few go in for selected courses in one or more subjects.
2. The maximum number of students admitted every year is determined by the Syndicate of the University.
3. Application for admission should be made to the Principal of the College. Forms of application are to be obtained from the Principal's office.

LIBRARY.

The Library contains about 5,062 volumes and includes many works of reference and valuable complete sets of Journals, and is of great use to the teaching staff, students and research workers.

MUSEUM.

A very large number of specimens, models, instruments, etc., has been collected for the Museum and grouped under the following heads of subjects, viz., Pathology (Medicine, Surgery, Obstetrics and Gynaecology), Hygiene, Anatomy, Materia Medica, Botany and Zoology. The Pathological collection is fairly complete and a Catalogue has been prepared.

RULES FOR THE GUIDANCE OF STUDENTS.

Session 1927-28.

1. The College will re-open on the 16th June, 1927.
2. A candidate for admission must have passed the Intermediate Examination or any higher examination of the Calcutta University with Physics, Chemistry and Mathematics or an examination which is considered by the Syndicate of the Calcutta University to be equivalent to the examinations mentioned above.
3. A candidate for admission must send an application in the prescribed form which may be obtained from the Principal's Office on payment of four annas. The application with a fee of Rs. 5 must be sent to the Principal in registered cover so as to reach him on or before the 2nd June, 1927.
University marks sheets *are not wanted*.
(Postage stamps will not be accepted.)
Note.—The Principal will acknowledge the receipt of applications. Candidates will be interviewed, for which notice will be put up in the College Office only. The names of selected candidates will be put up on the College notice board.
4. A selected candidate must pay the following fees within three days of the date of notice of selection, failing which his name may be struck off the selection list and a fresh candidate may be selected who may receive shorter notice for payment of fees :—

			Rs.	A.	P.
Admission Fee	25	0	0
College Fee for Summer Term	100	0	0
Sports Fee	1	0	0
Practical Class Fee	10	0	0
Caution Money (Deposit)	20	0	0

5. A student who fails in any University Examination must apply to the Principal for enrolment of his name within a week from the date of publication of the result and shall pay fees according to the above scale. (No admission fee is payable.)

A student who has completed his course of study for, but has not appeared at, a University Examination and wishes to retain his name on the rolls of the College shall have to pay fees as a regular student.

6. The above rule will also apply to the existing students of the College. Existing students who fail at Part II of the Final M.B. Examination but are promoted to the next higher class shall pay an additional fee of Rs. 15 for attendance in each subject in which he fails.

7. The fees payable for each session will be as follows :—

			Rs.	A.	P.	
College Fee	200	0	0	in two equal instalments.
Practical Class Fee	20	0	0	..
Sports Fee	2	0	0	..
Dissection fee for each session	10	0	0	..

The College session consists of two terms Summer and Winter, commencing with the 1st of June and 1st of December respectively. The fees for the Summer term are due on the 5th July and those for the Winter term on the 3rd January and must be paid on those dates or on any subsequent dates as the Principal may direct. Defaulters must pay a daily fine of annas two.

The names of students who fail to deposit their fees within 30 days of the due date (i.e., 5th July and 3rd January) will be struck off. Such students seeking re-admission must pay the usual admission fee.

7. (a) Any student other than a regular student taking up a course of lectures including practical classes, if any, or Hospital practice for three months, shall pay Rs. 50 as fee for the same.

8. The fee for post-graduate students undergoing a course of special training in any one of the laboratories is Rs. 90 for a period not exceeding six months.

9. The fees for granting certificates of attendance at any course of studies to students leaving the College shall be Rs. 80 for each course of lectures and practical classes and Rs. 50 for every three months of Hospital practice.

Note.—In calculating the sum to be paid under this rule by a student the amount of College and Practical class fees paid by him shall be deducted.

10. The fee for a Transfer Certificate will be Rs. 10.

11. Fees once paid cannot be refunded.

12. Every student shall have to deposit Rs. 20 as Caution money, which will be refunded to him when he finally leaves the College, after deducting any amount that may be charged against him for damage or loss caused by him. If the Caution money so deposited by any student is at any time fully used up for this purpose, he will be called upon to make a fresh deposit of Rs. 20 as often as may be necessary.

13. Students not residing with parents or approved guardians shall be required to reside in the College Hostel. Residence with guardians must be with the approval of the Principal and any change of residence must immediately be intimated to the Principal in writing.

14. Students living in the College Hostels will have to pay seat rents at the following rates for the ensuing session :—

Seats in the ground-floor rooms Rs. 24 quarterly.

Do. Upper-floor rooms Rs. 27 quarterly.

Payable within the first week of each quarter.

15. Test Examinations are compulsory for all students and will be held at the end of each session. Class Examinations will be held from time to time. Promotion to the next higher class or sending up for the University Examinations will depend on the results of these examinations.

16. Scholarships will be ordinarily awarded on the result of the Test Examination.

17. A medal will be awarded to the best student in each subject on the result of the Honours Examination provided he obtains not less than 75% marks.

18. Certificates of Honours not exceeding two in number in each subject in each year will be awarded to the students in order of merit provided they obtain not less than 66% marks at the Honours Examination.

19. The College Council find that for the present not more than 50 students can be given the Practical training in Midwifery as required by the University Regulations. They have therefore decided to admit 84 students in the 1st-year Class of the College on the distinct understanding that only 50 in order of merit of the successful candidates in the 1st M.B. Examination will be allowed to take up the Final M.B. Course. All students who will be unable to pass the First M.B. Examination in three years from their admission will be debarred from appearing at the 2nd M.B. Examination (New Regulations) from this College. They will however have the option of pursuing the Membership Course of the State Medical Faculty, Bengal.

20. All students shall be required to conform to College Rules which may be revised from time to time.

THE BENGAL ENGINEERING COLLEGE.

Botanic Garden P. O., Howrah.

AFFILIATED, 1880.

This is the only College affiliated in Engineering to the Calcutta University. It was opened at Shibpur on 5th April, 1880, and is under the control of a Governing Body appointed by the Bengal Government.

It is a residential College to which all classes of the community are admitted.

There are two Departments.

I. The Civil Engineer Department, affiliated to the standard of the Degree of Bachelor of Engineering in the Civil Engineering Branch and offering the full College Diploma of "Civil Engineer."

II. Mechanical Engineering Department, offering course for the Diploma and Associateship in Mechanical and Electrical Engineering.

I. CIVIL ENGINEER DEPARTMENT.

Admissions are made yearly up to a maximum of 40 of whom 20 per cent. may be Occasional students.

Of the Regular students 2 vacancies are reserved for Assam.

Candidates from Assam must apply for nominations to the Director of Public Instruction of that Province.

Occasional students are defined as being the sons of professional men, owners of landed or mineral property and others who wish to receive training in connection with private business, for the development of the country and its resources. They are admitted at the discretion of the Principal.

For admission to the Civil Engineer Department of the College the candidate must have passed (a) the Intermediate Examination in Science with English, Mathematics Physics and Chemistry and in addition (b) a special test in Drawing.

B.Sc. students are admitted to the 2nd-year Class. They must qualify (in addition to the special test in Drawing) at a further special Examination in Advanced Drawing.

Candidates for admission as Regular students must be under 21 years of age on the first of January of the year in which they seek admission.

Applications for registration for the Drawing Examination and for admission must reach the Principal no later than such dates as may be fixed and they must be accompanied by an Examination and Registration Fee of Rs. 4.

The course for the full College Certificate extends over five years—four years at the College followed by one year of practical training on works in progress. The first two years of the College course prepare students for the Intermediate Examination in Engineering and the last two for the Bachelor of Engineering Examination,—at present this is offered only in the Civil Engineering Branch. Regular students are allowed three years to complete the Intermediate course, if they take longer they are not re-admitted to the College as Regular students. Three years also are allowed for the Graduate course.

The College Fees are payable in 8 equal monthly instalments during the session as follows :—

	Tuition—Regular students.		Consolidated Barrack charges.	Boarding.
	Intermedi- ate Course.	Graduate Course.		
	Rs.	Rs.	Rs.	Rs.
Europeans and Anglo-Indians ...	20	25	5-8	5
Hindus ...	10	25	5-8	15
Mahomedans ...	20	25	5-8	a private mess*

Occasional students pay 50 per cent. extra in each class throughout the course for tuition and are not eligible for College stipends or for posts guaranteed by Government.

Scholarships.

Payable in 8 equal monthly instalments during the session as follows :—

Seven of Rs. 300 yearly, tenable for 2 years, are awarded to Regular students entering the First-year Class, provided that they do not hold any other Government or University Scholarships.

Mohsin Stipends—Two of Rs. 120 yearly awarded on admission. Two of Rs. 120 yearly awarded in the 3rd and 4th-years.

One of Rs. 300 yearly is reserved for qualified Europeans or Anglo-Indians but if no such are applicants, they are open to any one else.

Three Senior Scholarships of Rs. 360 yearly and two of Rs. 300 each yearly tenable for two years, are awarded to Regular students on the results of the Intermediate Examination in Engineering and the workshop tests combined.

A Forbes Memorial Scholarship of Rs. 120 yearly tenable for two years accompanied by a Medal is awarded by the Principal on the result of the Intermediate Examination and workshop tests. This scholarship may be held concurrently with a Senior Scholarship of Rs. 300.

After obtaining the University Degree in Engineering every Regular student is as far as possible given the opportunity of undergoing one year's course of practical training and of thus earning the full College Diploma. During this period 13 Scholarships are available of which 3 are specially reserved for training under the Sanitary Engineer.

These scholarships are of the value of Rs. 100 for Europeans, Rs. 50 for Indians, but Rs. 10 is retained and handed over to the student on the satisfactory completion of his training.

* A cook and a servant are engaged by Government for the Mahomedan Mess and special stipends are awarded to Mahomedan students of a value from Rs. 6 to Rs. 2 depending on the number in the Mess. The object of their provisions is to reduce the cost of living in the College of Mahomedan students to the same level as in the case of other Indian students.

II. MECHANICAL & ELECTRICAL ENGINEERING DEPARTMENT.

Admissions are made yearly up to a maximum of 30 of whom one vacancy is reserved for candidate from Assam.

Candidates, who have completed 4 years of Apprenticeship in the workshops recognised by the Board of Control for Apprentice Training and have passed a competitive examination held at the end of the 4th-year of Apprenticeship, or candidates who have passed the I.Sc. or equivalent Examination and are under 20 years of age on the 1st of January of the year of admission, are admitted to this department.

Two courses are offered—(a) Diploma Course, and (b) An Associateship Course—the full course of each of which extends for a period of six years, viz., three or four years at the College followed by three or two years on practical training in workshops, according to the class to which one is admitted.

Fees.

Tuition fee payable in eight equal monthly instalments. No instalments are payable during the vacation and the month in which examinations are held. For Regular and Special students Rs. 100 and for Occasional students Rs. 200 per session.

SCHOLARSHIPS.

Ten scholarships of Rs. 300 per session, tenable for two years are awarded on the results of the College Examination for students previously trained in workshops.

Five scholarships of Rs. 400 for one session are awarded on the result of the Diploma Examination at the end of the Third-year course to students who are admitted to the Associate Course in either Mechanical or Electrical Engineering.

Two special scholarships of Rs. 300 for Muhammadans tenable for three years are awarded yearly by the Director of Public Instruction, Bengal.

Electrical Power Plant.

Students studying Electrical Engineering are trained upon the College Electrical Power Installations, which comprise :

1. An Electric Lighting Plant 110 volt. direct current with a large accumulator Battery.
2. An Electric Power Plant for the workshops 220 volt. 3 phase alternating current.

Workshop.

The students of the Engineer Department undergo workshop training for about 9 hours weekly, during the 1st two years, attending the Carpenter's shop and the Blacksmith's in the 1st-year and Fitting and Machine shop in the 2nd-year. Passing in the Practical tests of these shops is obligatory. The marks obtained are taken into account in the award of the guaranteed Assistant Engineer's post.

The students of the Mechanical and Electrical and Mining Departments spend 3 hours daily in the workshops.

There are the following workshops :—

- (1) Carpenter's, (2) Blacksmith's, (3) Iron and Brass Foundry, (4) Fitting and Machine shop.

Industrial Classes.

Boys, preferably the sons of workmen, are admitted to Industrial Classes in connection with the workshops.

Kaliprasanna Bandyopadhyay	Bharatbarsher Itihas (History of India in Bengali).
Nrsinghachandra Mukhopadhyay	Matriculation History of India in Bengali.
Rajanikanta Gupta	Bharatbarsher Itihas (History of India in Bengali, revised and brought up to date by Rai Bahadur Dineschandra Sen).
Adharchandra Mookerjee	Bharatbarsher Sankshipta Itihas (in Bengali).
R. C. Majumdar	Ditto.
Manmathanath Ray	Bharatbarsak Itihas (in Hindi).

Administration and Progress in India under British Rule.

Books recommended :—

N. N. Ghosh ... England's Work in India, latest revised edition.

GEOGRAPHY.

(Books recommended to be used by students in studying the subject in accordance with the syllabus.)

C. Morrison ... Our World of Human Geography.
 The World, with fuller treatment of India (Longman's Geographical Series for India, Book II).
 F. D. Unstead ... The Practical Geography, Parts I and II.
 B. C. Wallis .. Macmillan's Geography Exercise Book (India).
 A. Bose ... Outlines of Geography.

Ideal Advanced Regional Geography published by the Grant Educational Company, Limited.

The following books are recommended for the use of teachers :—

Blandford ... The Rudiments of Physical Geography for the use of Indian Schools.
 Frew ... A Regional Geography of the Indian Empire (Blackie and Son).
 Wallis ... The Teaching of Geography (Cambridge University Press).
 O'Malley ... Bengal, Behar and Orissa, Sikkim (Macmillan and Co.).

The following book is recommended for the use of teachers in connection with the teaching of " Sand Modelling " in the lower class of schools :—

A. F. Frye ... The Child and Nature.

[N.B.—Every school that intends to undertake instruction in Geography for the Matriculation examination is required to possess the apparatus mentioned in the following list :—

- (1) A measuring tape and metre scale and foot-ruler.
- (2) A magnetic compass.
- (3) Squared paper and tracing paper.
- (4) Clay, dry sand, paper pulp for modelling.
- (5) A globe not less than 14 inches in diameter, with writing surface, and with line of latitude and longitude and outlines only of the land masses marked upon it.
- (6) A map of the school locality on a scale of 4" or 6"=1 mile.
- (7) A map of the district in which the school is situated 1"=1 mile.
- (8) A coloured map of the province.
- (9) A coloured political map of India.
- (10) A physical map of India.
- (11) A relief map of India.
- (12) A map of the world on Mollweide's equal area projection and a map of Asia.

It is essential that the students should be provided with atlases, or with the necessary hand map, and with a drawing instrument box. Maps for school work should not contain too much detail or be crowded with names.

II. The following additional equipment is recommended when it can be provided, but the lack of it is not to be considered as a bar to the recognition of the school in Geography :—

- (1) A thermometer.
- (2) A mercury barometer.
- (3) A rain-gauge.
- (4) A small collection of typical rocks, in particular, those of the province and India.
- (5) A small museum of typical products.
- (6) A good standard atlas.
- (7) Geographical pictures.
- (8) Magic lantern and slides.

(1) The attention of teachers is invited to the raised maps of Bengal and Eastern Bengal and Assam made of paper pulp, prepared by Babu Kailaschandra Dutt, Head Pandit, Habiganj Government Girls' School, Sylhet, and sold for Rs. 7 and Rs. 5, respectively.

(2) Globes of all kinds are made by George Phillip and Son, London, W. and A. K. Johnston, London, and Messrs Ruddiman, London. Small hand globes of German make can be obtained through the Indian School Supply Depot for about a rupee each.

(3) The "Comparative" series of large wall maps of the continents published by George Phillip and Son is good and up to date; so also are the Geographical wall maps published by Edward Stanford. Messrs. Ruddiman Johnston publish a series of smaller wall maps which include maps of India illustrating various distributions.

Messrs. Nelson's wall atlases are good. Mr. S. B. Chatterjee publishes District Maps; also ordinary and relief maps of the province.

Babu L. M. Basu, the Drawing Master of the Dacca Collegiate School, has published good relief maps of Eastern Bengal and Assam and of India.

The Vidal-Lablache French wall maps on strong card-board, named on one side, and the same map without names on the reverse, published by Armond Collin, Paris, are good and cheap. They measure 46 inches by 39 inches and can be delivered in Calcutta for Rs. 4-14 each.

(4) The hand-maps, coloured to indicate relief, published by the Diagram Company, West Barnes Lane, New Malden, Surrey, at one penny each, are the best of their kind.

The uncoloured half-penny maps, showing river systems and a few towns, published by the same Company, are excellent for class use.

The autograph hand-maps, with hill shading in brown, published by Messrs. Edward Stanford, London, at one penny each, are very good, and are larger than the Diagram Company's hand maps. The 15 inches map of the world on Mollweide's equal area projection is especially to be commended.

(5) Wall pictures of considerable artistic merit are published by Messrs. Edward Arnold of Leeds, Horns Hachette of Paris, Messrs. Holzels of Vienna, and Messrs. Longmans, Green and Company. They cost, delivered in India, from two or three rupees each.

Map lantern slides and view slides specially prepared for Geography teaching are sold by the Diagram Company for two or three shillings each. Mr. Burlington Smith of Darjeeling also sells good picture slides of the Himalayas at Rs. 15 per dozen.

ELEMENTARY MECHANICS.

The following books are recommended :—

A. N. Sen	...	Elementary Mechanics.
Briggs and Bryan	...	Matriculation Mechanics.

The following list of apparatus is prescribed as indicating the approximate requirements of a recognised High School seeking to teach Elementary Mechanics for the Matriculation Examination :—

Plumb-line and level.
 Simple lever (including brass slotted weight).
 Roman steel-yard.
 Lecture apparatus for experiment on movements.
 George's New Atwood's Machine.
 Stop watch.
 Glazebrooke's apparatus (to demonstrate movement of a body).
 Hick's Ballistic Balance.
 Compound Wheel and Axle.
 4 Single Brass Pulleys.
 2 Triple Brass Pulleys.
 Weston Differential Pulleys Blocks ($\frac{1}{2}$ ton).
 16 feet of Chain at 6d. per foot.
 Inclined Plane.
 Parallelogram of Forces apparatus.
 Wall Crane.
 Becker's New Physical Balance.
 Set of gramme weights (200 grams to 1 mgr.)-
 2 Composition-ivory Balls.

NOTE.—The above list is not exhaustive, and much of it might be replaced by similar forms that could probably be made far more cheaply by any clever mistry under proper supervision. In most cases, however, it will probably be found advantageous to buy such a set as indicated in the list, specially for demonstration purposes and subsequently to develop simplified duplicates illustrating the same principles, which the boys should be given opportunity actually to experiment with on their own individual account or working in pairs.

ELEMENTARY HYGIENE.

No text-books are prescribed or recommended. The subject is to be studied in accordance with the syllabus prescribed in the Regulations.

HISTORY.

Books recommended to indicate the standard of knowledge required :—

HISTORY OF INDIA.

- | | |
|---------------------|---|
| R. C. Majumdar | ... A Brief History of India. |
| V. A. Smith | ... The Student's History of India (Oxford University Press). |
| Manmathanath Ray | ... Bharatbarshaka Itihas. (In Hindi.) |
| R. C. Majumdar | ... Bharatbarsher Sankshipta Itihas. (In Bengali.) |
| Khagendranath Mitra | ... Bharatbarsher Itihas. (In Bengali.) |

(N.B.—Candidates are required to have a knowledge of map-drawing.)

Administration and Progress in India under British Rule.

- | | |
|-------------|--|
| N. N. Ghose | ... England's Work in India, latest revised edition. |
|-------------|--|

GEOGRAPHY.

(Books recommended to be used by students in studying the subject in accordance with the syllabus.)

- | | |
|-------------|-----------------------------------|
| C. Morrison | ... Our World of Human Geography. |
|-------------|-----------------------------------|

The World, with fuller treatment of India (Longmans' Geographical series for India, Book II).

- | | |
|---------------|---|
| F. D. Unstead | ... The Practical Geography, Parts I and II. |
| B. C. Wallis | .. Macmillan's Geography Exercise Book (India). |
| A. Bose | ... Outlines of Geography. |

Ideal Advanced Regional Geography published by the Grant Educational Company, Limited.

The following books are recommended for the use of teachers :—

- | | |
|-----------|--|
| Blandford | ... The Rudiments of Physical Geography for the use of Indian Schools. |
| Frew | ... A Regional Geography of the Indian Empire (Blackie and Son). |

* Open only to a candidate, if it is not his vernacular.

- | | |
|----------|--|
| Wallis | .. The Teaching of Geography (Cambridge University Press). |
| O'Malley | ... Bengal, Behar and Orissa, Sikkim (Macmillan and Co.). |

The following book is recommended for the use of teachers in connection with the teaching of ' Sand Modelling ' in the lower class of schools :—

- | | |
|------------|---------------------------|
| A. F. Frye | ... The Child and Nature. |
|------------|---------------------------|

[N. B.—Every school that intends to undertake instruction in Geography for the Matriculation Examination is required to possess the apparatus mentioned in the following list :—

- I. (1) A measuring tape and metre scale and foot-ruler.
- (2) A magnetic compass.
- (3) Squared paper and tracing paper.
- (4) Clay, dry sand, paper pulp for modelling.
- (5) A globe not less than 14 inches in diameter, with writing surface, and with line of latitude and longitude and outlines only of the land masses marked upon it.
- (6) A map of the school locality on a scale of 4" or 6" = 1 mile.
- (7) A map of the district in which the school is situated, 1" = 1 mile.
- (8) A coloured map of the province.
- (9) A coloured political map of India.
- (10) A physical map of India.
- (11) A relief map of India.
- (12) A map of the world on Mollweide's equal area projection and a map of Asia.

It is essential that the students should be provided with atlases, or with the necessary hand map, and with a drawing instrument box. Maps for school work should not contain too much detail or be crowded with names.

II. The following additional equipment is recommended when it can be provided, but the lack of it is not to be considered as a bar to the recognition of the school in Geography :—

- (1) A thermometer.
- (2) A mercury barometer.
- (3) A rain-gauge.
- (4) A small collection of typical rocks, in particular, those of the province and India.
- (5) A small museum of typical products.
- (6) A good standard atlas.
- (7) Geographical pictures
- (8) Magic lantern and slides.

1. The attention of teachers is invited to the raised maps of Bengal and Eastern Bengal and Assam made of paper pulp, prepared by Babu Kailaschandra Dutt, Head Pandit, Habiganj Government Girls' School, Sylhet, and sold for Rs. 7 and Rs. 5, respectively.

2. Globes of all kinds are made by George Phillip and Son, London, W. and A. K. Johnston, London, and Messrs. Ruddiman, London. Small hand globes of German make can be obtained through the Indian School Supply Depot for about a rupee each.

3. The "Comparative" series of large wall maps of the continents published by George Phillip and Son is good and up to date; so also are the Geographical wall maps published by Edward Stanford. Messrs. Ruddiman Johnston publish a series of smaller wall maps which include maps of India illustrating various distributions.

Messrs. Nelson's wall atlases are good. Mr. S. B. Chatterjee publishes District Maps; also ordinary and relief maps of the province.

Babu L. M. Basu, the Drawing Master of the Dacca Collegiate School, has published good relief maps of Eastern Bengal and Assam and of India.

The Vidal-Lablache French wall maps on strong card-board, named on one side, and, the same map without names on the reverse, published by Armond Collin, Paris, are good and cheap. They measure 46 inches by 39 inches and can be delivered in Calcutta for Rs. 4-14 each.

(4) The hand-maps, coloured to indicate relief, published by the Diagram Company, West Barnes Lane, New Malden, Surrey, at one penny each, are the best of their kind.

The uncoloured half-penny maps, showing river systems and a few towns, published by the same Company, are excellent for class use.

The autograph hand-maps, with hill shading in brown, published by Messrs. Edward Stanford, London, at one penny each, are very good, and are larger than the Diagram Company's hand maps. The 15 inches map of the world on Mollweid's equal area projection is especially to be commended.

(5) Wall pictures of considerable artistic merit are published by Messrs. Edward Arnold of Leeds, Horns Hachette of Paris, Messrs. Holzner of Vienna, and Messrs. Longmans Green and Company. They cost, delivered in India, from two or three rupees each.

Map lantern slides and view slides specially prepared for Geography teaching are sold by the Diagram Company for two or three shillings each. Mr. Burlington Smith of Darjeeling also sells good picture slides of the Himalayas at Rs. 15 per dozen.

ELEMENTARY MECHANICS.

The following books are recommended :—

A. N. Sen	... Elementary Mechanics.
Briggs and Bryan	... Matriculation Mechanics.

The following list of apparatus is prescribed as indicating the approximate requirements of a recognised High School seeking to teach Elementary Mechanics for the Matriculation Examination :—

- Plumb-line and level.
- Simple lever (including brass slotted weight).
- Roman steel-yard.
- Lecture apparatus for experiment on movements.
- George's New Atwood's Machine.
- Stop watch.
- Glazebrooke's apparatus (to demonstrate movement of a body).
- Hick's Ballistic Balance.
- Compound Wheel and Axle.
- 4 Single Brass Pulleys.
- 2 Triple Brass Pulleys.
- Weston Differential Pulleys Blocks ($\frac{1}{2}$ ton).
- 16 feet of Chain at 6d. per foot.
- Inclined Plane.
- Parallelogram of Forces apparatus.
- Wall Crane.
- Becker's New Physical Balance.
- Set of gramme weights (200 grams to 1 mgr.)
- 2 Composition Ivory Balls.

Note.—The above list is not exhaustive, and much of it might be replaced by similar forms that could probably be made far more cheaply by any clever

mistry under proper supervision. In most cases, however, it will probably be found advantageous to buy such a set as indicated in the list, specially for demonstration purposes, and subsequently to develop simplified duplicates illustrating the same principles, which the boys should be given opportunity actually to experiment with on their own individual account, or working in pairs.

MENTAL AND MORAL PHILOSOPHY.

Books recommended to be used in studying the subject of Mental and Moral Philosophy, as defined by the Syllabus.

PSYCHOLOGY.

(*Pass and Honours.*)

- | | | |
|--------------|-----|--|
| Hoffding | ... | Outlines of Psychology. |
| Wundt | ... | Human and Animal Psychology. |
| Stout | ... | Manual of Psychology. |
| James | ... | Text-book of Psychology. |
| Stephen | ... | Elements of Analytical Psychology
(latest edition). |
| Mitra, A. C. | ... | Elements of Psychology (two volumes). |
| Angel | ... | Psychology. |

Preparatory Reading.—Students are advised to read the following books before joining the regular class :—

- | | | |
|--|-----|---------------------------------------|
| Titchener | ... | Primer of Psychology. |
| Saratchandra Brahmanachari's Vyavaharik Manobijnan (Practical Psychology). | | |
| McDougall | ... | Psychology (Home University Library). |
| Nalinakshya Bhattacharyya | ... | Manovijnan. |
| S. C. Sen | ... | Text-book of Psychology. |
| S. C. Datta | ... | Psychology for Beginners. |

ETHICS.

(*Pass and Honours.*)

- | | | |
|----------------------|-----|-------------------------------|
| Seth | ... | Study of Ethical Principles. |
| Martineau | ... | Types of Ethical Theory. |
| Mackenzie | ... | Manual of Ethics. |
| Mitra, A. C. | ... | Elements of Morals. |
| Mazumdar, Abhaykumar | ... | Outlines of Moral Philosophy. |
| Muirhead | ... | Elements of Ethics. |

Preparatory Reading.—Students are advised to read the following books before joining the regular class :—

- | | | |
|------------------|-----|-------------------------------|
| Mohitchandra Sen | ... | Elements of Moral Philosophy. |
| P. B. Chatterjee | ... | Principles of Ethics. |

GENERAL PHILOSOPHY.

(*Pass and Honours.*)

- | | | |
|---------|-----|-----------------------------|
| Marvin | ... | Introduction to Philosophy. |
| Paulsen | ... | Ditto. |

Watson	... An Outline of Philosophy.
Stephen	... Problems of Metaphysics.

Preparatory Reading.—Students are advised to read the following books before joining the regular class :—

Croom Robertson	... Elements of General Philosophy.
P. B. Chatterjee	... Outlines of General Philosophy.
G. Watts Cunningham	... Problems of Philosophy.

NATURAL THEOLOGY.

(Honours.)

Martineau	... Study of Religion.
Flint	... Antitheistic Theories.
Fraser	... Philosophy of Theism.
Pringle Pattison	... Idea of God.
John Caird	... Introduction to the Philosophy of Religion.

Preparatory Reading.—Students are advised to read the following books before joining the regular class :—

Rogers	... Religious Conception of the World.
Armstrong	... God and the Soul.
A. C. Mitra	... Moral Drama of the World.
Edwards	... Philosophy of Religion.

HISTORY OF PHILOSOPHY.

(Honours.)

The following books are recommended :—

Weber	... History of Philosophy.
Falckenberg	... History of Modern Philosophy.
Thilly	... History of Philosophy (Bell & Sons).

Books recommended for preparatory reading :—

Schwegler	... History of Philosophy.
Rogers	... Ditto.

SPECIAL TEXTS PRESCRIBED.

(Honours.)

Rand	... Modern Classical Philosophers (Selections from Bacon, Descartes, Spinoza, Leibnitz, Locke, Berkeley, Hume and Kant).
Green	... Prolegomena to Ethics, Book I.

MATHEMATICS.

(Same as for the B.Sc. Examination.)

LINGUISTICS.

B.Sc. EXAMINATION, 1929.

MATHEMATICS.

(Pass Course.)

The following books are recommended :—

1. Higher Plane Trigonometry—
 Todhunter ... Plane Trigonometry, edited by Hogg.
 Loney .. Plane Trigonometry.
2. Plane Analytical Geometry—
 C. Smith ... Elementary Treatise on Conic Sections.
 Loney ... Elements of Co-ordinate Geometry.
3. Differential Calculus—
 Edwards . Differential Calculus for Beginners.
 Ganesh Prasad ... Differential Calculus.
4. Integral Calculus and Differential Equations—
 Edwards ... Integral Calculus for Beginners.
 Ganesh Prasad ... Integral Calculus.
5. Hydrostatics—
 Besant ... Elementary Hydrostatics.
 Loney .. Elements of Hydrostatics.
6. Astronomy—
 D. N. Mallick ... Elements of Astronomy.
 Parker ... Astronomy.

(Students are recommended to read Tancock's Descriptive Astronomy as an introduction to the subject, and to use "Stars in the Northern Tropics" by T. Bhattacharyya.)

(Honours Course.)

1. Higher Algebra—

Hall and Knight	...	Higher Algebra.
C. Smith	...	A Treatise on Algebra.
2. Elementary Theory of Equations—

Cajori	...	Introduction to Theory of Equations, Chapters I-VII.
Burnside and Panton	...	Theory of Equations, Vol. I.
3. Higher Plane Trigonometry—

Todhunter	...	Plane Trigonometry, edited by Hogg.
-----------	-----	-------------------------------------
4. Plane Analytical Geometry—

C. Smith	...	Elementary Treatise on Conic Sections.
Salmon	...	Conic Sections.
Askwith	...	Plane Co-ordinate Geometry.
5. Elementary Solid Geometry—

C. Smith	...	Elementary Treatise on Solid Geometry.
Bell	...	Analytical Geometry of Three Dimensions.
6. Elementary Principles of Vector and Vector Analysis—

Kelland and Tait	...	Introduction to Quaternions, Third Edition, edited by Knott.
A. S. Hardy	...	Elements of Quaternions.
7. Differential Calculus—

Edwards	...	Differential Calculus.
Williamson	..	Ditto.
Carey	..	Infinitesimal Calculus, Sections I and II.
8. Integral Calculus and Differential Equations—

Williamson	...	Integral Calculus.
Murray	..	Introductory Course in Differential Equations.
Bateman	...	Differential Equations.
9. Statics—

Minchin	...	Statics, Vol. I.
Lamp	...	Statics.
Loney	...	Statics.
10. Dynamics of a Particle—

Loney	...	Dynamics of Particle.
-------	-----	-----------------------
11. Hydrostatics—

Besant	...	Elementary Hydrostatics.
Minchin	...	Hydrostatics, Part I.
Greaves	...	Hydrostatics.

12. Astronomy—

Young	... Manual of Astronomy.
Barlow and Bryan	... Astronomy.

Students are recommended to read Tancock's Descriptive Astronomy as an introduction to the subject, and to use " Stars in the Northern Tropics " by T. Bhattacharyya.

N. B.—Candidates who take up Mathematics at the B. A. or B. Sc. Examination are recommended to refer to the following books :—

Leathem	... Mathematical Theory of Limits.
Benny	... Plane Geometry.

PHYSICS.

Books recommended to be used by the students in studying the subject in accordance with the syllabus :—

(Pass Course.)

Hadley	... Magnetism and Electricity for Students.
Watson	... Text-book of Physics.

(Pass Practical.)

Schuster and Lees	... Advanced Exercises in Practical Physics.
Allen and Moore	... A Text-book of Practical Physics (Macmillan & Co.).
Watson	... Practical Physics.

The following books may also be consulted :—

Duncan and Starling	... Text-book of Physics.
Draper	... Heat and Thermodynamics.

(Honours Course.)

In addition to the books recommended for the Pass Course :—

A. C. Datta	.. Text-book of Sound.
Draper	... Heat and Thermodynamics.
S. C. Starling	... Electricity and Magnetism.
Houston	... Light.
Edser	... General Physics.

The following books may also be consulted :—

Barton	... Sound.
Poynting and Thomson	... Sound.
Poynting and Thomson	... Heat.

(Honours Practical.)

Watson	... Practical Physics.
Glazebrook and Shaw	... Ditto.

CHEMISTRY.

Books recommended to be used by the students in studying the subject in accordance with the syllabus prescribed in the Regulations :—

(Pass Course.)

Holleman	... Inorganic Chemistry.
Melor	... Ditto
Holleman	... Organic Chemistry.
F. Mollwo Perkin	... Qualitative Chemical Analysis, Organic and Inorganic.
J. B. Cohen	... Theoretical Organic Chemistry.
Sauter	... Physical Chemistry.
Caven	... Quantitative Chemical Analysis, Part I.

(Honours Course.)

(In addition to the books recommended for the Pass Course.)

H. C. Jones	... Elements of Physical Chemistry.
Clowes and Coleman	... Quantitative Analysis.
J. Walker	... Introduction to Physical Chemistry.
Thorpe	... Essays on Historical Chemistry.
Mollwo Perkin	... Practical Method of Inorganic Chemistry.
Bernthsen's Organic Chemistry	... (Revised by Sudborough.)
Caven and Lander	... Systematic Inorganic Chemistry.
Cotman	... Text-book of Physical Chemistry.
Caven	... Quantitative Chemical Analysis, Part II.

N. B.—Candidates who take up Chemistry at the B. A. or B. Sc. Examination are recommended to refer to (a) Sir P. C. Ray's "Makers of Modern Chemistry" and (b) Saxelby's "Practical Mathematics" and (c) Dunncliff's "Laboratory Glassware Economics."

BOTANY.

Books recommended to be used by the students in studying the subject in accordance with the syllabus.

(Pass Course.)

MacDougall	... Practical Plant Physiology. (Smaller Book).
Bose, G. C.	... A Manual of Indian Botany.
Strasburger and Hillhouse	... Practical Botany, latest edition.
Coulter, Barnes and Cowles	Text-book of Botany, 2 Vols.
Small	... Text-book of Botany.

(Honours Course.)

(In addition to the books recommended for the Pass Course.)

Reynolds, Green J.	... Vegetable Physiology.
Stopes	... Fossil Botany.
Palladin	... Plant Physiology.

Students are recommended to consult :—

Schimper, A. F. W. ... Geography of Plants.

GEOLOGY.

No text-books are prescribed or recommended. The subject is to be studied with the help of the syllabus prescribed in the Regulations.

ZOOLOGY.

Books recommended to be used by students in studying the subject in accordance with the syllabus :—

(Pass Course.)

Shipley and MacBride	... Zoology.
Parker and Haswell	... Text-book of Zoology.
Hertwig	... Manual of Zoology, translated by Kingsley.
Parker and Bhatia	... Text-book of Zoology for the Indian Students.
Foster and Balfour	... The Elements of Embryology.
Punnett	... Mendelism.

Books recommended for consultation—

Darwin	... The Origin of Species.
Kellog	... Darwinism to-day.
L. Doncaster	... An introduction to the Study of Cytology.
Bateson	... Mendel's Principles of Heredity.
Dendy	... Outlines of Evolutionary Biology.

(Honours Course.)

(In addition to the books recommended for the Pass Course.)

Schafer	... Essential of Histology.
Bateson	... Problems of Genetics.
Lillie	... Problems of Fertilisation.
Miall and Hammond	... The Structure and Life History of Harlequin Fly.
Miall and Donny	... The Cockroach.
Innes	... Entomology.
Lull	... Organic Evolution.

The following works are recommended for reference :—

The Cambridge Natural History.	
Ray Lankaster	... A Treatise of Zoology.

PHYSIOLOGY.

Books recommended to be used in studying the subject in accordance with the syllabus :—

(Pass Course.)

Black and Hill	... Text-book of Physiology.
Halliburton	... Handbook of Physiology.

(Practical.)

Schafer	... Essentials of Histology.
Halliburton	... Essentials of Chemical Physiology.
Schafer	... Experimental Physiology.
Moor	... Bio-Chemistry.

(Honours Course.)

(In addition to the books recommended for the Pass Course.)

Starling	... Principles of Human Physiology. (latest edition).
Hill	... Recent Advances in Physiology.
Hill	... Further Advances in Physiology.
Howell	... Text-book of Physiology.

Books recommended for consultation—

Baylers	... Principles of General Physiology.
McLeod	... Physiology and Bio-Chemistry in Indian Medicine.

SYLLABUS IN EXPERIMENTAL PHYSIOLOGY.

(Pass Course.)

The induction coil; single shocks, short circuiting key; effects of single shocks on the tongue; break-shock is stronger than the make-shock; Helmholtz's modification; Meef's hammer.

Pithing a frog; nerve-muscle preparation. Mechanical, chemical, thermal and electrical stimulation of muscle and nerve.

The graphic method; simple lever; crank lever (myograph); moist chamber, minimal and maximal excitation with single induction shocks (make and break). Stimulation by constant current; contraction of muscle only at make and break.

The muscle curve.—Single contraction of a frog's muscle; the latent period, the period of contraction and the period of relaxation. Time-tracing by tuning-fork, method of afterloading. The influence of temperature and of load on muscular contraction.

The work performed by a muscle during a twitch.

Elasticity and extensibility of muscle.

Summation of muscular contraction; tetanus.

Fatigue of muscle.

Thickening of a muscle on contraction.

Barnard's curare experiment.

Stimulation of a motor nerve; unequal excitability (greater nearer the centre of a motor nerve), excitability of flexor and extensor nerves.

Velocity of nerve, impulse (myographic method),

Electro-physiology.—Galvani's experiment of contraction with metals: Galvani's experiment of contraction without metals.

The frog's heart:—Beating of the heart; effect of heat and cold (heart *in situ*); section of the heart; effect of heat and cold on excised heart.

Stannius' experiment.

Graphic record of the heat of the heart (suspension method and also direct registration with heart-lever).

Pulse-Sphygmographic tracing.

Blood-pressure in man. Sphygmometer and Sphygmomanometer.

Reflex action (simple experiments on a pithed frog).

Vision.—Accommodation, Scheiner's experiment, near and far point.

Purkinje-Sanson's images, Phakoscope; Blind Spot; Yellow Spot; Colour vision; Complementary Colours.

*(Honours Course.)***Additional Experiments—**

- The induction coil—Break extra-current of Faraday.
- The Rhoonome, Effect of sudden variation of current.
- Isotonic and isometric contraction.
- Influence of veratrine on muscular contraction.
- Indefatigability of nerve.
- Excitation of muscle by constant current, Polar excitation of a muscle.
- Electrotonus. Electrotonic changes in excitability of a nerve.
- Kuhne's experiment of contraction without metals.
- Examination of currents in muscle, nerve and heart by means of the reflecting galvanometer.
- Frog's heart—Minimal stimulus causes maximal contraction.
- "Staircase effect." Single contraction of a ventricle.
- Tetanisation. Refractory period. Stimulation of the vagus.
- Action of drugs (Muscarine digitalin, Pilocarpin and Atropin) on the heart.
- Voice and Speech, Laryngoscope.
- Vision, Ophthalmoscope, perimeter.

EXPERIMENTAL PSYCHOLOGY.

The subject is to be studied as defined by the syllabus. Students are recommended to use one or more of the following books :—

*(Pass Course.)***1. General Psychology—**

- | | | |
|-----------|-----|--------------------------------------|
| Yerkes | ... | Introduction to Psychology. |
| Wundt | ... | Human and Animal Psychology. |
| Titchener | ... | Text-book of Psychology. |
| Lickley | ... | The Nervous System (Longmans & Co.). |
| Angell | ... | Psychology. |

Preparatory Reading.—Students are advised to read Titchener's *Primer of Psychology* before joining the regular class.

2. Experimental Psychology—

- | | | |
|---------|-----|--|
| Sanford | ... | Course in Experimental Psychology. |
| Myer | ... | Text-books of Experimental Psychology, Part I—Text-book. |

Preparatory Reading.—Students are advised to read Myer's *Primer of Experimental Psychology* before joining the regular class.

(Laboratory Course.)

Titchener's *Experimental Psychology*, Vol. I, Part I, and Vol. II, Part I (Student's Manual, Qualitative and Quantitative).

Myer's *Text-book of Experimental Psychology*, Part II (Laboratory Course).

*(Honours Course.)***I. General Psychology—**

(Same as in Pass Course with the addition of Kulpe's *Outlines of Psychology*.)

II. Physiological and Comparative Psychology—

Wundt	...	Principles of Physiological Psychology, Vol. I. Part I. (The Bodily Substrate of Mental Life.)
Ladd	...	Elements of Physiological Psychology.
Lloyd Morgan	...	Comparative Psychology.
M. Greenwood (Jr.)	...	Physiology of Senses.
McDougall	...	Physiological Psychology (Home University Library).
Holmes	...	Evolution of Animal Intelligence.

III. Experimental Psychology—In addition to the books recommended for the Pass Course the following :—

Scripture	...	New Psychology.
Titchener	...	Lectures on the Psychology of the Thought Processes.
Titchener	...	Instructor's Manual— Quantitative (Introduction).

ANTHROPOLOGY.

Sparling	... Introduction to Business Organisation.
Haney	... Business Organisation and Combination.

ANTHROPOLOGY.

*Paper I—PHYSICAL ANTHROPOLOGY.**(Zoological and Palaeontological.)*

The structure and functions of organism—the cell theory—the evolution of the sex—the evolution of the organs of locomotion—the development of the cranium—the evolution of the brain—the development of the vascular system—the growth of the urino-genital system—the formation of the digestive system—the evolution of the teeth. Classification and general anatomy of the Primates. Fossil Simians. Fossil Men—*Pithecanthropus*—the Weimar fossils—the Mauer jaw—Piltdown man—the Neanderthals—men of the Reindeer age—the Azilian races. Osteological remains from Asia, Australia, Africa and America.

Books recommended :—

W. H. L. Duckworth	... Morphology and Anthropology, Vol. I. (2nd edition).
Boule	... Fossil Men.
Elliot Smith	... Essays on the Evolution of Man.

Paper II—ETHNOLOGY.

General considerations—definition of Race—basis of classification of human races—the question of the time and place of man's origin. Physical criteria of Race—Anatomical and Physiological. The influence of Environment on the Physical Structure of Man. The History and Distribution of man in Asia, Europe, Africa, Oceania and the New World. Considerations of Topography and its bearings on the movement of peoples—evidences of the antiquity of man—the main linguistic and cultural divisions—the correlation of the three. The importance of Asia in the racial history of man. Inter-racial problems—contact of races and miscegenation—its influence on nationality and race-domination. Ethnic considerations of the modern world.

Books recommended :—

Haddon	... Keane's Man : Past and Present, 1920.
Dixon	... The Racial History of Man.
Dudley Buxton	... The Peoples of Asia.
W. Macdougall	... Is America Safe for Democracy?

Paper III—CULTURAL ANTHROPOLOGY

(Archæological and Technological.)

Definition and scope. History of Anthropology. Geological considerations—Tertiary period and the Siwalik fossils—evolution of Proboscidae, Rhinocerotidae, Equidae and Bovidae. Quaternary fossils—the Great Ice Age. The Eolithic problem. Palæolithic age—lower, middle and upper. Mesolithic age—Neolithic age—Prehistoric metallurgy—Copper, Bronze and Early Iron age. Primitive survivals. Prehistoric India, Early civilizations, Principles of culture origins and distribution.

Technology—subdivisions—relations to climate and race. Arms and implements. Domestic objects. Arts of life. Travel and transport. Personal adornment. Socio-religious objects.

Books recommended :—

J. de Morgan	Prehistoric Man.
Reports of the Torres Strait Expeditions,			Vol. IV.
P. Mitra	Prehistoric India.

Paper IV—CULTURAL ANTHROPOLOGY.

(Sociological.)

Introduction—nature of human society. Marriage—social organisation—family, clan, tribe and caste—kinship usages—father-right and mother-right—position of women—property—associations—rank and caste—law, government and justice. Primitive religion—pre-animistic stage—animism—fetishism—polytheism—magic—totemism—collectivism—religious rites and ceremonies—religion and art—mythology. Culture—its scope and definition—history of culture sequence—culture-contact.

Books recommended :—

Lowie	Primitive Society.
Lowie	Primitive Religion.
Goldenweiser	Early Civilisation.
Sapir	Language.

Paper V—EVOLUTIONARY BIOLOGY AND RACIAL SOMATOLOGY.

Definition—forms of variations—General observations on heredity—theories of Darwin, and Weismann. Mnemonic theory of heredity—Mendelian experiments—Galton's theory.

Organic evolution and adaptation—the conception of species—convergent evolution—ontogeny—adaptation to environment in animals—factors of organic evolution.

Racial somatology—a comparative study of the differences exhibited in the human skeleton among the various races—causes of these differences—race-mixture—trend of human evolution—race-degeneration—Eugenics.

Racial psychology and psychological tests.

Books recommended :—

Bartlett	Psychology and Primitive Culture.
Dendy	Evolutionary Biology.

Hrdlicka Anthropometry.
 Conklin Heredity and Environment.
 Torres Straits Expedition, Vol. II, Parts I and II.

Paper VI—(Group A).

(Physical Anthropology.)

Introduction—ancestral tree of man—monogenism and polygenism—varieties of the genus 'man.' Physical differences in man. Racial variation in the human skeleton—exhumation and preservation of skeletal materials and their proper treatment in the laboratory. Deformities of the human skeleton. Physiological differences in the races—Statistical treatment of anthropometric data. Race-mixture and hybridisation—racial degeneration—racial pathogeny—congenitally feeble-minded in society—their treatment and reclamation—the question of the so-called criminal type—scientific attitude towards the criminals. General considerations of the improvement of race.

Books recommended :—

Keith	Antiquity of Man.
Hrdlicka	Anthropometry.
Goring	The English Convict.
Mercier	Text Book of Insanity.
Ruggles Gates	Heredity and Eugenics (Constable, London).
Walston	Eugenics, Civics and Ethics (Cambridge).

Paper VI—(Group B).

An intensive study of any one of the following primitive culture-zones of India with special reference to one or more tribes of the zone as prescribed from time to time :—

- (1) Assam.
- (2) Chittagong Hills and Chindwin Basin.
- (3) Chota Nagpur, Orissa and Central Provinces regions.
- (4) Sub-Himalayan Regions.
- (5) North-West Frontier Tracts.
- (6) South Indian Tracts.

Physical Environment. Geography of the tract—Geological features—Flora and fauna—Climate and rainfall.

Ethnic relations.

Short History of the tract with special reference to the selected tribe or tribes.

Material culture.

Society.

Life-history of an individual of the society.

Religious life and superstitions.

Language.

Problems of life connected with the tribe or tribes.

Prescribed for 1928—The Chota Nagpur, Orissa and Central Provinces Regions with special reference to Munda Culture.

Books recommended :—

Wissler Man and Culture.
Dendy Biological Foundations of Society.
Rivers Social Organisation.
Dalton Ethnology of Bengal.
Saratchandra Roy Oraons.
Bodding The Santals and Disease.

Gazetteers of the districts of Chota Nagpur, Orissa and Santal Pargana.

Paper VI—(GROUP C).

Social and Religious Institutions of the Non-primitive peoples of India.

Foundations of society—modern theories and ancient Indian ideals—social divisions—caste—caste-regulations. History of the development of caste. Caste-organisation—social divisions among the Muhammadans—family organisation—marriage—ancient Indian forms—position of women—hetaira—family and social rites—social customs—political and economic organisations—property and inheritance. The main religious systems and minor sects of India—popular Hinduism—influence of Buddhism, Islam and Christianity on Hinduism—the Hindu pantheon—the methods of worship—evolution of religious ideas in India.

Books recommended :—

Muir's Sanskrit Texts (passages from the Vedas and the Brahmanas with translations).

A. B. Keith—Religion and Philosophy of the Vedas and the Upanisads. Smṛiti texts, especially the Manu Samhitā.

Barth—Religions of India.

Chapters from Kern's Manual of Buddhism.

Fick—Social Life in the Jatakas (trans. Cal. Univ.), also Intro. to I Ind. Volume of the Jatakas in Bengali, by I. C. Ghosh.

H. H. Wilson's Religious Sects of Modern India.

Carpentier—Medieval Indian Theism.

Risley—The People of India.

Chanda—Indo-Aryan Races, Chapters on Caste.

Census Report of India, 1911 and 1921.

M.A. & M.Sc. EXAMINATIONS, 1923.

APPLIED MATHEMATICS.

Notes.—It is to be understood that in the following list of text-books, wherever a book is recommended for a subject, students are expected to read those parts of the book only which deal with that particular subject :—

- I. Advanced Statics including Theory of Potential—

Minchin	... Statics.
Routh	... Do.
Pierce	... Newtonian Potential.
- II. Dynamics—

Besant	... Dynamics.
Routh	... Dynamics of a Particle.
Tait and Steele	... Do.
Webster	... Dynamics.
- III. Rigid Dynamics—

Routh	... Elementary Rigid Dynamics.
-------	--------------------------------
- IV. Hydrostatics, including Capillarity—

Besant and Ramsay	... Hydromechanics, Part I (Hydrostatics).
-------------------	--
- V. Hydrodynamics—

Besant and Ramsay	... Hydromechanics, Part II.
Lamb	... Hydrodynamics.
- VI. Spherical Astronomy—

Ball	... Spherical Astronomy.
------	--------------------------
- VII. (a) Theory of Elasticity—

Love	... Theory of Elasticity.
Candidates are recommended to refer to—	
Todhunter and Pearson	... History of Theory of Elasticity.

 (b) Advanced Dynamics—

Whittaker	... Analytical Dynamics.
Routh	... Advanced Rigid Dynamics.
Hertz	... Principles of Mechanics.
E. Mach	... Principles of Mechanics (Translated by McCormack).
Gray	... Gyrostatics.
Horace Lamb	... Higher Mechanics.

 (c) Higher Parts of Spherical Astronomy—

Chauvenet	... Spherical Astronomy.
Newcomb	... Do.

 (d) Lunar and Planetary Theories—

Adams	... Lectures on Lunar Theory.
Darwin	... Lectures on Lunar Theory (Scientific Papers, Vol. V).
Brown	... Lunar Theory.
Cheyne	... Planetary Theory.
Moulton	... Celestial Mechanics.

- (e) Figure of the Planets—
 Todhunter ... History of Attraction and Figure of the Earth.
 Clarke ... Geodesy.
 Hosmer ... Geodesy.
 Clarke and Helmert ... Geodesy, in the Encyclopaedia Britannica, 11th edition.
 Airy ... Figure of the Earth (Enc. Metropolitana).
 Indian Trigonometrical Survey "Professional Papers."
- (f) Theory of the Tides—
 Lamb ... Hydrodynamics.
 Love ... Geodynamics.
 Darwin ... Tides (Enc. Brit.).
 Do. ... Scientific Papers.
1. The Tides (Vol. I, pp. 185-263).
 2. The Dynamical Theory of the Tides (Vol. I, pp. 347-365).
 3. The Dynamical Theory of the Tides of Long Period (Vol. I, pp. 365-371).
 4. On the Correction of the Equilibrium Theory of Tides for the Continents (Vol. I, pp. 328-339).
 5. The Harmonic Analysis of Tidal Observations (Vol. I, pp. 1-69).
 6. The Harmonic Analysis of Tidal Observations of High and Low Water (Vol. I, pp. 157-181).
 7. On Tidal Prediction (Vol. I, pp. 258-291).
 8. On the Disturbance of the Vertical near the Coasts of Continents due to the Rise and Fall of the Tide (Vol. I, pp. 450-458).
 9. Evaluation of the Rigidity of the Earth from the Tides of Long Period (Vol. I, pp. 340-346).
 10. On the Bodily Tides of Viscous and Semi-Elastic Spheroids and on the Ocean Tides upon a Yielding Nucleus (Vol. II, pp. 1-33).
 11. Problems connected with the Tides of a Viscous Spheroid (Vol. II, pp. 140-194).

CHEMISTRY.

(A) Physical Chemistry.

Spencer	Practical Physical Chemistry (Two Volumes).
Taylor	Physical Chemistry.
MacDougall	Thermodynamics.
Findlay	Practical Physical Chemistry.
Nernst	Theoretical Chemistry (Latest edition).
Lewis	System of Physical Chemistry.
Findlay	Osmotic Pressure.
Mellor	Chemical Dynamics and Reactions.
Findlay	The Phase Rule.
Leblanc or Arrhenius	Electro-Chemistry.
Vant' Hoff	Lectures on Theoretical and Physical Chemistry.
Travers	Study of Gases.

Russell	... Elements of Radio-Chemistry.

Paper II.—Ethnology.

General considerations—definition of Race—basis of classification of human races—the question of the time and place of man's origin. Physical criteria of Race—Anatomical and Physiological. The influence of Environment on the Physical Structure of Man. The History and Distribution of man in Asia, Europe, Africa, Oceania, and the New World. Considerations of Topography and its bearings on the movement of peoples—evidences of the antiquity of man—the main linguistic and cultural divisions—the correlation of the three. The importance of Asia in the racial history of man. Inter-racial problems—contact of races and miscegenation—its influence on nationality and race-domination. Ethnic considerations of the modern world

Books recommended :—

Haddon	Keane's Man : Past and Present, 1920.
Dixon	The Racial History of Man.
Dudley Buxton	The Peoples of Asia.
W. MacDougall	Is America Safe for Democracy ?

Paper III.—Cultural Anthropology.

(Archæological and Technological.)

Definition and scope. History of anthropology. Geological considerations—Tertiary period and the Siwalik fossils—evolution of Proboscidae, Rhinocerotidae, Equidae and Bovidae. Quaternary fossils—the Great Ice Age. The Eolithic problem. Palæolithic Age—lower, middle and upper. Mesolithic Age—Neolithic Age—Pre-historic metallurgy—Copper, Bronze and Early Iron Age. Primitive survivals. Pre-historic India. Early Civilizations, principles of culture, origins and distribution.

Technology—subdivisions—relations to climate and race. Arms and implements. Domestic objects. Arts of life. Travel and transport. Personal adornment. Socio-religious objects.

Books recommended :—

J. de Morgan	Pre-Historic Man.
Reports of the Torres Strait Expeditions,	Vol. IV.
P. Mitra	Pre-Historic India.

Paper IV.—Cultural Anthropology.

(Sociological.)

Introduction—nature of human society. Marriage—social organisation—family, clan, tribe and caste—kinship usages—father right and mother right—position of women—property—associations—rank and caste—law, government and justice. Primitive religion—pre-animistic stage—animism—fetishism—polytheism—magic—totemism—collectivism—religious rites and ceremonies—religion and art—mythology. Culture—its scope and definition—history of culture sequence—culture-contact.

Books recommended :—

Rivers	...	Social Organisation.
Lowie	...	Primitive Religion.
Goldenweiser	...	Early Civilisation.
Vendreyes	...	Linguistic Introduction to History.

Paper V.—Evolutionary Biology and Racial Somatology.

Definition—forms of variations—general observations on heredity—theories of Darwin and Weismann. Mnemonic theory of heredity—Mendelian experiments—Galton's theory.

Organic evolution and adaptation—the conception of species—convergent evolution—ontogeny—adaptation to environment in animals—Factors of organic evolution.

Racial somatology—a comparative study of the differences exhibited in the human skeleton among the various races—causes of these differences—race-mixture—trend of human evolution—race-degeneration—Eugenics.

Racial psychology and psychological tests.

Books recommended :—

Bartlett	...	Psychology and Primitive Culture.
Dendy	...	Evolutionary Biology.
Hrdlicka	...	Anthropometry.
Conklin	...	Heredity and Environment.
Torres Straits Expedition, Vol. II, Parts I and II.		

Paper VI.—GROUP A.

Physical Anthropology.

Introduction—ancestral tree of man—monogenism and polygenism—varieties of the genus 'man.' Physical differences in man. Racial variation in the human skeleton—exhumation and preservation of skeletal material and their proper treatment in the laboratory. Deformities of the human skeleton. Physiological differences in the races—Statistical treatment of anthropometric data. Race-mixture and hybridisation—racial degeneration—racial pathogeny—congenitally feeble-minded in society—their treatment and reclamation—the question of the so-called criminal type—scientific attitude towards the criminals. General considerations of the improvement of race.

Books recommended :—

Keith	...	Antiquity of Man.
Hrdlicka	...	Anthropometry.
Goring	...	The English Convict.
Mercier	...	Textbook of Insanity.
Ruggles Gates	...	Heredity and Eugenics (Constable, London).
Walstou	...	Eugenics, Civics and Ethics (Cambridge).

Paper VI.—GROUP B.

An intensive study of any one of the following primitive culture-zones of India with special reference to one or more tribes of the zone as prescribed from time to time :—

- (1) Assam.
- (2) Chittagong Hills and Chindwin Basin.
- (3) Chota Nagpur, Orissa and Central Provinces Regions.
- (4) Sub-Himalayan Regions.

(5) North-West Frontier Tracts.

(6) South Indian Tracts.

Physical Environment—Geography of the tract—Geological features—Flora and fauna—Climate and rainfall.

Ethnic relations.

Short history of the tract with special reference to the selected tribe or tribes.

Material culture.

Society.

Life history of an individual of the society.

Religious life and superstitions.

Language.

Problems of life connected with the tribe or tribes.

Prescribed for 1928.—The Chota Nagpur, Orissa and Central Provinces Regions with special reference to Munda Culture.

Books recommended :—

Wissler	... Man and Culture.
Dendy	... Biological Foundations of Society.
Rivers	... Social Organisation.
Dalton	... Ethnology of Bengal.
Saratchandra Roy	... Oraons.
Ditto	... The Mundas.
Ditto	... The Birhors.
Bodding	... The Santals and Disease.

MIXED MATHEMATICS.

Note.—It is to be understood that, in the following list of text books, wherever a book is recommended for a subject, students are expected to read those parts of the book only which deal with that particular subject :—

I. Advanced Statics including Theory of Potential—

Minchin	Statics.
Routh	Do.
Pierce	Newtonian Potential.

II. Dynamics—

Besant	Dynamics.
Routh	Dynamics of a Particle.
Tait and Steele	Do.
Webster	Dynamics.

III. Rigid Dynamics—

Routh	Elementary Rigid Dynamics.
-------	-----	-----	----------------------------

IV. Hydrostatics, including Capillarity—

Besant and Ramsay	Hydromechanics, Part I (Hydrostatics).
-------------------	-----	-----	--

V. Hydrodynamics—

Besant and Ramsay	Hydromechanics, Part II.
Lamb	Hydrodynamics.

VI. Spherical Astronomy—

Ball	Spherical Astronomy.
------	-----	-----	----------------------

VII. (a) Theory of Elasticity—

Love	Theory of Elasticity.
------	-----	-----	-----------------------

Candidates are recommended to refer to—

Todhunter and Pearson	History of Theory of Elasticity.
-----------------------	-----	-----	----------------------------------

(b) Advanced Dynamics—

Whittaker	Analytical Dynamics.
Routh	Advanced Rigid Dynamics.
Hertz	Principles of Mechanics.
E. Mach	Principles of Mechanics, (Translated by McCormack).
Gray	Gyrostatics.
Horace Lamb	Higher Mechanics.

(c) Higher Parts of Spherical Astronomy—

Chauvenet	Spherical Astronomy.
Newcomb	Spherical Astronomy.

(d) Lunar and Planetary Theories—

Adams	Lectures on Lunar Theory.
-------	-----	-----	---------------------------

Darwin	Lectures on Lunar Theory (Scientific Papers, Vol. V).
Brown	Lunar Theory.
Cheyne	Planetary Theory.
Moulton	Celestial Mechanics.

(e) Figure of the Planets—

Todhunter	History of Attraction and Figure of the Earth.
Clarke	Geodesy.
Hosmer	Geodesy.
Clarke and Helmert	'Geodesy' in the Encyclopædia Britannica, 11th edition.
Airy	Figure of the Earth (Enc. Metropolitana).

Indian Trigonometrical Survey "Professional Papers."

(f) Theory of the Tides—

Lamb	Hydrodynamics.
Love	Geodynamics.
Darwin	Tides (Enc. Brit.).
Darwin	Scientific Papers :—

1. The Tides (Vol. IV, pp. 185-263).
2. The Dynamical Theory of the Tides (Vol. I, pp. 347-365).
3. The Dynamical Theory of the Tides of long period (Vol. I, pp. 365-371).
4. On the correction to the Equilibrium Theory of Tides of the Continents (Vol. I, pp. 328-339).
5. The Harmonic Analysis of Tidal Observations (Vol. I, pp. 1-69).
6. The Harmonic Analysis of Tidal Observations of High and Low Water (Vol. I, 157-181).
7. On Tidal Prediction (Vol. I, pp. 258-291).
8. On the Disturbance of the Vertical near the Coasts of Continents due to the Rise and Fall of the Tide (Vol. I, pp. 450-458).
9. Evaluation of the Rigidity of the Earth from the Tides of Long Period (Vol. I, pp. 340-346).
10. On the Bodily Tides of Viscous and Semi-Elastic Spheroids and on the Ocean Tides upon a Yielding Nucleus (Vol. III, pp. 1-33).
11. Problems connected with the Tides of a Viscous Spheroid (Vol. III, pp. 140-194).

PHYSICS.

No text-books are prescribed or recommended. The students are required to consult their Professors as to a suitable course of reading which should include the study of original papers.

INORGANIC CHEMISTRY.

Rooscoe & Schorlemmer	...	A Treatise on Chemistry, Vols. I & II.
Ephraim (English Edition by Thorne)	...	A Text-book of Inorganic Chemistry.
Evans	...	Metals and Metallic Compounds, Vols. I to IV.

Werner	... New Ideas on Inorganic Chemistry.
Cranston	... The Structure of Matter.
Main Smith	... Chemistry and Atomic Structure.
Hevesey & Paneth	... Radio-activity.
Bassett	... The Theory of Quantitative Analysis.
Hopkins	... Chemistry of the Rarer Elements.
Stewart	... Recent Advances in Inorganic, and Physical Chemistry (latest edition).
Martin	... Industrial Chemistry (Inorganic), Vols. I & II.
Treadwell & Hall	... Analytical Chemistry, Vols. I & II.
Mellor	... A Treatise on Quantitative Inorganic Analysis.
Biltz	... Laboratory Methods in Inorganic Chemistry.
Schoeller & Powell	... The Analysis of Minerals and Ores of the Rarer Elements.
Moore	... History of Chemistry.
Thomas	... Complex Salts.
Friend	... Inorganic Chemistry, Vols. I-XII.

PHYSICAL CHEMISTRY.

Spencer *	... Practical Physical Chemistry, 2 vols.
Taylor *	... Physical Chemistry, 2 vols.
Planck	... Thermodynamics.
Findlay	... Practical Physical Chemistry.
Nernst	... Theoretical Chemistry (latest edition).
Lewis *	... System of Physical Chemistry, 3 vols.
Findlay *	... Osmotic Pressure.
Mellor *	... Chemical Dynamics and Reactions.
Findlay *	... The Phase Rule.
Leblanc *	... Electro-Chemistry.
Vant' Hoff	... Lectures on Theoretical and Physical Chemistry.
Ostwald	... Practical Colloid Chemistry.
Clarke	... Determination of Hydrogen Ion Concentration.
Freundlich *	... Capillary Chemistry.
Travers *	... Study of Gases.
Russel	... Elements of Radio-Chemistry.
Crowther	... Ions, Electrons and Ionising Radiations.
Fajans	... Radio-activity.
E. C. Baly *	... Spectroscopy.
Hatschek	... The Physics and Chemistry of Colloids.
Burton	... Physical Properties of Colloidal Solutions.
Rideal and Taylor	... Catalysis, its Theory and Applications.
Andrade *	... Structure of the Atom.
Rideal *	... Surface Chemistry.

ORGANIC CHEMISTRY.

Emil Fischer	... Organic Preparations.
Richter	... Organic Chemistry.
Gattermann	... Practical Organic Chemistry.
J. Cohen	... Advanced Organic Chemistry.
Sudborough	... Practical Organic Chemistry.
Clarke	... Identification of Organic Compounds.
Hepworth	... Chemical Synthesis.

* Books marked with an asterisk are recommended for those students who take up Physical Chemistry as their special branch.

Candidates for the M. A. & M.Sc. Examinations are required to consult original papers in the Chemical Society's Journals and other scientific periodicals, and also to consult the Annual Reports issued by the Chemical Society on the "Progress of Chemistry" in connection with the special subjects taken up by them.

APPLIED CHEMISTRY.

The subject is to be read in accordance with the prescribed Syllabus, but the following books are recommended for consultation :—

Martin	... Industrial Chemistry (Organic and Inorganic).
Molinari	... General and Industrial Chemistry (Organic and Inorganic).
Sadtler	... Industrial Organic Chemistry.
Lunge	... Technical Method of Chemical Analysis.
Allen	... Commercial Organic Analysis.
Lewkowitsch	... Chemical Technology and Analysis of Oils, Fats and Waxes.
Butler	... Oil Fuel, its Supply, Composition and Application.
Beringer	... Text-book of Assaying.
White	... Gas and Fuel Analysis.
S. Rideal	... Industrial Chemistry.
Jamieson	... Power Generation, Steam and Steam Engine.
Perry	... Gas and Oil Engines.
Meldola	... Photography, Ilford Manual of Photography; Chemistry of Photography.
Jones	... Drawing (Mechanical) :— (i) Machine details, (ii) Engine and Pump Details, (iii) Electrical Machinery.
Barber	... The Engineer's Sketch Book of Mechanical Movements.
Marks	... Gas Engines and Producers.
Low and Bevis	... A Manual of Machine Drawing and Design.

BOTANY.

No text-books are prescribed. The subject is to be read in accordance with the prescribed Syllabus.

PHYSIOLOGY.

No text-books are prescribed.

GEOLOGY.

No text-books are prescribed or recommended. The subject is to be studied in accordance with the Syllabus prescribed in the Regulations.

ZOOLOGY.

General.

1. Kellogg ... Darwinism to-day.
2. Jordon & Kellogg ... Evolution and Animal Life.
3. Lull ... Organic Evolution.
4. Darwin ... Origin of Species.
5. Wiesmann ... The Germ-Plasm Theory.
6. Wiesmann ... The Evolution Theory.
7. Thomson ... Heredity.

- | | |
|--------------------|---|
| 8. Doncaster | ... Heredity. |
| 9. Morgan | ... The Physical Basis of Heredity. |
| 10. Morgan | ... Heredity and Sex. |
| 11. Doncaster | ... Determination of Sex. |
| 12. Davenport | ... Heredity in relation to Eugenics. |
| 13. Punnett | ... Mendelism. |
| 14. Geoffrey Smith | ... Primitive Animals. |
| 15. Looy | ... Biology and its Makers. |
| 16. Wallace | ... Geographical Distribution of Animals. |
| 17. Lankester | ... Extinct Animals. |
| 18. Schafer | ... Essentials of Histology, |

Special.

- | | |
|-----------------------|--|
| 1. Parker & Haswell | ... Text-book of Zoology, Vols. I & II. |
| 2. Lankester | ... Treatise on Zoology. (Cambridge Natural History Series.) |
| 3. Sedgwick | ... Students' Text-Book of Zoology. |
| 4. Balfour | ... Comparative Embryology. |
| 5. Macbride | ... Invertebrate Embryology. |
| 6. Lillie | ... The Development of Chick. |
| 7. Marshall and Hurst | ... Practical Zoology. |
| 8. Minchin | ... Protozoa. |
| 9. Kingsley | ... Comparative Anatomy of Vertebrates. |
| 10. Reynolds | ... Vertebrate Skeleton. |
| 11. Jenkinson | ... Vertebrate Embryology. |

N.B.—The teacher of a particular subject will choose and suggest the book for reading.

L. T. EXAMINATION, 1929.

1. The Theory and Practice of Teaching in relation to Mental and Moral Science.
2. Methods of Teaching Specific Subjects and School Management.

(Books recommended.)

RULES FOR EXAMINATIONS

(i) Arts and Science

I—GENERAL.

(a) APPOINTMENT OF EXAMINERS.

1. Head Examiners shall be appointed to superintend the work of the Matriculation Examiners in the following subjects :—

- | | | |
|-----------------|-------------------------|-------------|
| (1) English | (4) Bengali Composition | (7) Pali |
| (2) Mathematics | (5) History | (8) Persian |
| (3) Sanskrit | (6) Geography | |

The Syndicate may also, if necessary, appoint a Head Examiner in any other subject.

2. Head Examiners shall be appointed to superintend the work of the Examiners in the Intermediate Examinations in Arts and Science, one in each of the following subjects :—

- | | | |
|-------------------------|-----------------|---------------|
| (1) English | (4) History | (7) Chemistry |
| (2) Bengali Composition | (5) Mathematics | (8) Logic |
| (3) Sanskrit | (6) Physics | (9) Botany |

The Syndicate may also, if necessary, appoint a Head Examiner in any other subject.

3. There shall be one Chairman of the B. A. Board of Examiners in English Pass Course, and a Head Examiner in Bengali Composition.

(b) SETTING OF PAPERS.

4. (a) The question papers set for the Intermediate Examination in Arts and the Intermediate Examination in Science, shall be identical in all subjects which are common to the two examinations.

In the Intermediate Examinations, candidates are expected to possess only a knowledge and understanding of the prescribed pieces (both prose and poetry); questions will not be set to test their knowledge of the lives, works and styles of the authors, beyond what is involved in the set pieces themselves.

(b) The question papers set for the B. A. and B. Sc. Examinations shall be identical in all subjects common to the two examinations.

(c) The question papers for the M.A. and M.Sc. Examinations shall be identical in all subjects common to the two examinations.

(d) The paper-setters for the Alternative Paper in English for the Matriculation Examination should keep in view, when framing the questions, the fact that many candidates whose vernacular is not English are compelled to take up the Alternative Paper in English in as much as their vernacular is not recognised by the University.

(e) At the head of the composition paper in English at the Matriculation and Intermediate Examinations the following direction should be given :—

Special attention should be paid to punctuation, and to the planning of paragraphs and of the whole composition.

5. The gentlemen appointed to set the examination papers are requested to write in the margin opposite to each question, the maximum number of marks they intend to assign to it.

6. The examination papers *in duplicate*, written very legibly on one side only of foolscap paper, are to be sent by post in a sealed and registered double cover to the Controller at his office. No copy of any examination paper is to be retained by the gentlemen setting it.

7. The papers set shall be submitted to the Controller with a certification over the joint signatures of the persons appointed that the papers conform to the prescribed conditions and not involve a material variation from the average standard.

(c) EXAMINATION OF PAPERS.

8. Examiners will be expected to be present in Calcutta during the examination in the subjects for which they have been specially appointed.

9. When the answers to a paper or *half-paper* are divided between two Examiners, they shall determine, at a meeting, the standard to be adopted and compare their marks at a meeting, before submitting them.

10. Each Examiner shall be furnished with a roll containing the names and numbers of all the candidates to be examined by him in which he shall enter the total number of marks, assigned to each candidate in each paper.

The total number of marks must in every case be a whole number : if the roll submitted by an Examiner contains fractional marks it will be returned to him for correction.

11. The Examiners shall mark on each answer paper the marks assigned to each question, as well as the total marks.

12. The Examiners are required to examine the papers of the candidates in the order in which their names appear on the roll and at the end of each week send to the Controller or to the Head Examiner, as the case may be, the pages of the roll containing the marks assigned to the papers examined. The number of papers examined each week is expected to be fairly proportionate to the total number of papers to be examined within the time prescribed. The attention of the Examiners is especially directed to this rule, and the Registrar is required to report to the Syndicate, after the examinations are over, any case of infraction of this or any other rule.

13. To facilitate the work of re-examination, the Examiners or the Head Examiners, as the case may be, shall keep the answer papers of the candidates arranged in the order in which their names appear in the roll.

In cases in which there is a Head Examiner, the re-examination may be done by the Head Examiner himself or by one or more of the Assistant Examiners at his discretion.

14. The answer papers shall be returned to the Controller as soon as the work of re-examination is over.

15. Six weeks before the Matriculation, Intermediate, B.A. and B.Sc. Examinations take place the Syndicate shall fix the latest date for sending in marks. The time allowed for the re-examination of answer papers shall be four days for 100 papers and under, and one day additional for every 25 papers or portion thereof, over 100, Sundays being excluded.

Where an examiner has over 100 papers to re-examine, he shall send in the marks of these papers by instalments of 100 or less, as the re-examination of them is completed.

If an examiner fails to send in his marks within the limits of time prescribed for examination and re-examination, the amount of his remuneration shall be reduced by Rs. 16 for each day by which he exceeds that period.

(a) The special attention of the Examiners and Head Examiners shall be drawn to the fact that in all University Examinations marks sent to the University shall be forwarded to the Controller in prescribed covers, duly sealed, which shall have the following details clearly noted on them :

- (a) Name of Examination and Part number of the Roll ;
- (b) Subject and Paper ;
- (c) Roll numbers of marks sent ;
- (d) Full name of Examiner.

(b) Such sealed covers shall be transmitted to the Head Examiner or Tabulator, as the case may be, by the Office without their seals being opened.

(c) Special attention of Examiners, Head Examiners and Tabulators shall be drawn to the facts that the University results should be treated as strictly confidential, any disclosure of the results will be seriously regarded. Marks should be submitted by examiners within the last date fixed by the Syndicate, the Controller to report to the Syndicate the names of defaulters at the earliest opportunity for such action as the Syndicate may deem necessary to take.

16. Each Examiner shall write his name and the subject of the examination at the foot of every page of his roll.

17. No entry shall be made in the roll against the name of any candidate from whom no paper is received.

18. Before the Results of any Examination are submitted to the Syndicate, the two Tabulators for the same roll should sign a declaration to the effect that they have carefully compared the results, page by page.

19. The Head Examiners in different subjects at the Matriculation and Intermediate (Arts and Science) Examinations should be requested to send confidential report to the Controller of Examinations, for submission to the Syndicate, on the work done by the Examiners under each.

II—SPECIAL.

MATRICULATION EXAMINATION.

1. The examination shall be held early in March in the order to be notified annually in accordance with the direction of the Vice-Chancellor and the Syndicate.

2. The questions shall be framed chiefly with a view to test a general but intelligent knowledge of the subjects, and questions, that are very minute or very difficult, shall, as a rule, be avoided.

3. As soon as possible after an examination has been held, the persons who have set any question paper in the examination and those who are to examine the answers to that paper or any portion of it, and the Head Examiner if there is one, shall meet to determine the kind of standard of answers to be expected from the candidates and to decide upon a system of marking. Their conclusions shall be embodied in a memorandum to be jointly signed by them and forwarded to the Controller. If, owing to unavoidable circumstances, any examiner who has set a paper is unable to attend the meeting, the remaining Examiners, contemplated by this Regulation, shall meet and transact the aforesaid business.

For this purpose a meeting of the Examiners in each subject shall be held as soon as possible after the close of the examination, at which provisional rules shall be drawn up. After this meeting each Examiner shall look over a certain number of papers (the number to be determined at the meeting) and shall submit them to the Head Examiner for re-examination. After he has re-examined those papers, the Head Examiner shall call another meeting for the final determination of the rules. A copy of these rules shall be sent to each Matriculation Examiner and to the Controller.

4. Each Head Examiner shall re-examine at least 5 per cent. of the answer papers looked over by each of the Matriculation Examiners in the subject, with a view to see whether they are working uniformly according to the method indicated and shall direct, if necessary, any examiner to conform to that method.

The re-examination of the answer papers shall be conducted in the following manner :—

Every Matriculation Examiner shall as soon as he finishes the examination of about 100 papers, send them with the corresponding pages of his roll to his Head Examiner, who shall examine at least five papers taken at random out of them, and shall give the Examiner any further instructions which may be necessary or shall return the remaining papers for re-examination, if he is of opinion that the rules have not been complied with. The same course shall be followed with every subsequent batch of 100 papers.

5. The functions of Head Examiners are :—

(1) to distribute, in consultation with the Examiners, the marks allotted to a question consisting of several parts over those parts ;

(2) to give general directions, in consultation with the Examiners, as to what should be included within the scope of each answer and as to how far any particular answer should be dealt with leniently or strictly by reason of the difficulty or simplicity of the question ;

(3) to look over a few of the papers examined by each Examiner immediately after the meeting of Examiners, to ascertain how far the standard agreed upon is being followed ; and in cases of deviation from such standard to give general directions to be more or less strict as may be required ;

(4) to re-examine 5 per cent. of the answer papers examined by each Examiner with the object of seeing whether the standard adopted has been generally and fairly adhered to but not to insist upon mechanical uniformity.

6. In no case shall the Head Examiner increase or diminish the marks assigned to any paper by a Matriculation Examiner without himself examining that paper.

7. In case of difference arising between the Head Examiner and a Matriculation Examiner an appeal shall lie to the Moderators.

8. Every Matriculation Examiner must remain in Calcutta as long as his services are required by his Head Examiner.

9. The Head Examiner shall forward to the Controller by instalments the totalised marks in his subject with observations on those cases which he may deem worthy of special consideration.

In order to avoid delay in the submission of the totalised marks, Head Examiners are required to see that the Matriculation Examiners look over the papers of candidates in the order in which their names appear in the rolls (General Rule II).

(b) Intermediate Examination in Arts.

1. The Examination shall be held in March in the order to be notified annually in accordance with the direction of the Vice-Chancellor and Syndicate.

2. As soon as possible after an examination has been held, the persons who have set any question paper in the examination, and those who are to examine the answers to that paper or any portion of it, and the Head Examiner, if there is one, shall meet to determine the kind or standard of answers to be expected from candidates and to decide upon a system of marking. Their conclusions shall be embodied in a memorandum to be jointly signed by them and forwarded to the Controller. If owing to unavoidable circumstances, any Examiner who has set a paper, is unable to attend the meeting, the remaining Examiners contemplated by this Regulation, shall meet and transact the aforesaid business.

For this purpose a meeting of the Examiners in each subject shall be held as soon as possible after the close of the examination, at which provisional rules shall be drawn up. After the meeting each Examiner shall look over a certain number of papers (the number to be determined at the meeting), and shall submit them to the Head Examiner for re-examination. After he has re-examined these papers the Head Examiner shall call another meeting for the final determination of the rules. A copy of the rules shall be sent to each Intermediate Examiner and to the Controller.

3. Each Head Examiner shall re-examine 5 per cent. of the answer papers looked over by each of the Intermediate Examiners in his subject, with a view to see whether they are working uniformly according to the method indicated and shall, if necessary, direct any Examiner to conform to that method.

The re-examination of the answer papers shall be conducted in the following manner :—

Every Intermediate Examiner, shall as soon as he finishes the examination of about 100 papers, send them with the corresponding pages of his roll to his Head Examiner, who shall examine at least five papers taken at random out of them, and shall give the examiner any further instructions he may deem fit or shall return the remaining papers for re-examination, if he is of opinion that the rules have not been complied with. The same course shall be followed with every subsequent batch of 100 papers.

4. The functions of Head Examiners are—

(1) to distribute, in consultation with the Examiners, the marks allotted to a question consisting of several parts over those parts ;

(2) to give general directions, in consultation with the Examiners, as to what should be included within the scope of each answer, and as to how far any particular answer should be dealt with leniently or strictly by reason of the difficulty or simplicity of the question ;

(3) to look over a few of the papers examined by each Examiner immediately after the meeting of Examiners to ascertain how far the standard agreed upon is being followed ; and in cases of deviation from such standard to give general directions to be more or less strict as may be required ;

(4) to re-examine 5 per cent. of the answer papers examined by each Examiner with the object of seeing whether the standard adopted has been generally and fairly adhered to, but not to insist upon mechanical uniformity.

5. In no case shall the Head Examiner increase or diminish the marks assigned to any paper by an Intermediate Examiner without himself examining that paper.

6. In case of a difference arising between a Head Examiner and an Intermediate Examiner, an appeal shall lie to the Moderators.

7. Every Intermediate Examiner must remain in Calcutta as long as his services are required by his Head Examiner.

8. The Head Examiner shall forward to the Controller by instalments the marks or totalised marks, as the case may be, in his subject, with observations on those cases which he may deem worthy of special consideration.

In order to avoid delay in the submission of the totalised marks, Head Examiners are requested to see that the Intermediate Examiners look over the papers of candidates in the order in which their names appear in the rolls (General Rule II).

(c) Intermediate Examination in Science.

1. The Examination shall be held in March in the order to be notified annually in accordance with the direction of the Vice-Chancellor and Syndicate.

2. As soon as possible after an examination has been held, the persons who have set any question paper in the examination, and those who are to examine the answers to that paper or any portion of it and the Head Examiner, if there is one, shall meet to determine the kind of standard of answers to be expected from candidates, and to decide upon a system of marking. Their conclusion shall be embodied in a memorandum to be jointly signed by them and forwarded to the Controller. If, owing to unavoidable circumstances, any Examiner who has set a paper is unable to attend the meeting the remaining Examiners, contemplated by this Regulation, shall meet and transact the aforesaid business.

For this purpose a meeting of the Examiners in each subject shall be held as soon as possible after the close of the examination, at which provisional rules shall be drawn up. After this meeting, each Examiner shall look over a certain number of papers (the number to be determined at the meeting) and shall submit them to the Head Examiner for re-examination. After he has re-examined these papers, the Head Examiner shall call another meeting for the final determination of the rules. A copy of these rules shall be sent to each intermediate Examiner and to the Controller.

3. Each Head Examiner shall re-examine 5 per cent. of the answer papers looked over by each of the Intermediate Examiners in the subject with a view to see whether they are working uniformly according to the method indicated and shall direct, if necessary, any Examiner to conform to that method.

The re-examination of the answer papers shall be conducted in the following manner :—

Every Intermediate Examiner shall, as soon as he finishes the examination of about 100 papers, send them with the corresponding pages of his roll

to his Head Examiner, who shall examine at least five papers taken at random out of them, and shall give the Examiner any further instructions he may deem fit or shall return the remaining papers for re-examination, if he is of opinion that the rules have not been complied with. The same course shall be followed with every subsequent batch of 100 papers.

4. The functions of Head Examiners are—

- (1) to distribute in consultation with the Examiners, the marks allotted to a question consisting of several parts over those parts;
- (2) to give general directions in consultation with the Examiners, as to what should be included within the scope of each answer, and as to how far any particular answer should be dealt with leniently or strictly by reason of the difficulty or simplicity of the question;
- (3) to look over a few of the papers examined by each Examiner immediately after the meeting of Examiners to ascertain how far the standard agreed upon is being followed, and in cases of deviation from such standard, to give general directions to be more or less strict as may be required;
- (4) to re-examine 5 per cent. of the answer papers examined by each Examiner with the object of seeing whether the standard adopted has been generally and fairly adhered to, but not to insist upon mechanical uniformity.

5. In no case shall the Head Examiner increase or diminish the marks assigned to any paper by an Intermediate Examiner without himself examining that paper.

6. In case of a difference arising between a Head Examiner and an Intermediate Examiner, an appeal shall lie to the Moderators.

7. Every Intermediate Examiner must remain in Calcutta as long as his services are required by his Head Examiner.

8. The Head Examiner shall forward to the Controller by instalments the marks or totalised marks as the case may be, in his subject with observations on those cases which he may deem worthy of special consideration.

In order to avoid delay in the submission of the totalised marks Head Examiners are requested to see that the Intermediate Examiners look over the papers of candidates in the order in which their names appear in the rolls (General Rule II).

(d) B.A. Examination.

1. The examination shall be held in March in the order to be notified annually in accordance with the direction of the Vice-Chancellor and Syndicate.

2. Different papers shall be prepared for the Pass and Honours candidates who will not be examined at the same time. The questions set in the papers for Pass candidates shall be taken only from the Pass Course and the questions set to the candidates for Honours shall be taken from both the Pass and Honours Courses. In the papers set to the Honours candidates the questions taken from the Pass course shall be more difficult than those in the papers set to the candidates for a Pass only. PRELIMINARY SCIENTIFIC, FIRST AND FINAL M. B.
EXAMINATIONS.

GENERAL RULES.

The examinations shall be conducted in accordance with the following General Rules (Chapter XXV of the Regulations).

1. No questions shall be asked which would require an expression of religious belief on the part of the candidates and any answer or translation given by any candidate shall not be objected to on the ground of its expressing peculiarities of religious belief.

2. Candidates shall give their answers in their own words as far as practicable in all subjects. This rule shall be inserted as a head-note in every question paper.

3. Examiners in setting papers shall be guided as to the scope of the subject of examination by the syllabus prescribed in the Regulations and as to the standard and extent of knowledge required by the books, if any, recommended from time to time for such purpose.

4. No copy of any examination paper is to be retained by the person setting it.

5. The papers set should be such as candidates can reasonably be expected to answer within the time allotted. The questions in each subject should be fairly distributed over the whole course in that subject, and should conform to the Regulations laid down for the particular examination; there should not be any marked change of standard from year to year but it is not required that the same type of questions should be set every year. Examiners shall always allow some choice of questions.

6. Questions should be so framed as to encourage good methods of work and teaching, and to discourage unintelligent memorizing.

7. The two Examiners appointed to set a paper in any subject shall be jointly responsible for the paper. The paper shall be divided into two halves, distinguished as the "First Half," and the "Second Half." The answers to the First Half shall be looked over by one of the Examiners, and those to the Second Half by the other. The Oral and Practical Examinations shall be conducted by the two Examiners jointly. The remuneration sanctioned by the Syndicate shall be divided equally between the two Examiners.

In every subject where there are three Examiners, the paper shall be set jointly by all the three Examiners. In every subject where there are four Examiners, each written paper is to be divided into two halves, the answer to each half to be examined by two Examiners.

8. The Controller shall, as soon as the results have been tabulated, prepare a list of the candidates who have failed in one subject only, in order to guard against any possible inaccuracy, their papers in the subject in which they have failed, shall be re-examined *on the method of marking already adopted and without any alteration of the standard.*

9. Examiners, in giving marks, shall take the correctness of the language of the answers into account.

10. Examiners, in giving marks, shall consider whether the answers indicate an intelligent appreciation of the subject or are merely the result of unintelligent memory work.

11. Candidates must produce note-books of their laboratory work which must be duly certified by the Professor, and shall be taken into account in estimating their qualifications.

12. Examiners are requested to place opposite each question in their paper the full number of marks assigned to it and in subjects wherein the examination is written, oral, practical and clinical, candidates should be informed what is the maximum of marks obtainable under each head.

13. The paper should be delivered by the Examiners in person to the Controller or sent to him at the Senate House in a *sealed* double cover on or before a prescribed date.

14. Rolls, in which the marks awarded are to be entered in the Examiner's hand-writing, will be supplied by the Controller on the day of Examination, and the answer-papers duly marked should be returned to the Controller along with the completed rolls.

The total number of marks must, in every case, be a whole number. If the roll submitted by an Examiner contains fractional marks, it will be returned to him for correction.

15. The rolls containing the results of the examination must be submitted on or before a date to be fixed by the Syndicate.

16. Examiners will be good enough to retain a duplicate of the roll and bring it with them at the final meeting of Examiners for the purpose of checking the marks.

17. As soon as possible after the tabulation of the results, the entire body of Examiners shall meet and draw up a report on the examination as a whole for the consideration of the Syndicate. If the Exminers are of opinion that in the case of any candidate who has not attained the standard laid down in the Regulations for a Pass or for Honours, consideration ought to be allowed by reason of his high marks in a particular subject or in the aggregate, they shall make a recommendation to the Syndicate under Section 18, Chapter XXV of the Regulations.

18. As soon as possible after the publication of the results of the Examination, the Examiners in each subject shall meet together and draw up a report upon the examination in that subject for the consideration of the Syndicate. The report so submitted shall ordinarily embody such remarks and recommendations suggested by the work done by the candidates which it is thought desirable in the interests of education to communicate to the Heads of Colleges.

19. Examiners are required to keep the results of the examinations and the marks assigned to candidates *strictly secret.*

20. Examiners will be expected to be present at the Senate House, Calcutta, during the Examination in the subject for which they have been specially appointed.

21. The answer paper shall be returned to the controller as soon as the work of re-examination is over.

SPECIAL RULES.

(i) *Preliminary Scientific M.B. Examination.*

1. The written part of the Examination will be held in the order to be notified annually before the Examination.

The Controller will intimate in consultation with Examiners on or soon after the day of written examination, when and where the Oral and Practical Examinations in their respective subjects are to be held.

The question as to what is Oral and what is Practical should be definitely decided by the Examiners in meeting on the subject before the commencement of the Examination.

The Practical Examination in Botany includes identification of specimens or parts of the selected types of plants.

The Practical Examination in Zoology includes identification of specimens or parts of the selected types of animals.

2. The full marks in each subject and the minimum marks required for passing shall be as follows :—

Pharmacology, etc.	600	200	200	1,000	500	100
Organic Chemistry.	200	50	50	300	120	20

In order to obtain Honours in any branch, candidates must obtain one-half of the marks allotted to each portion of the examination, written, oral and practical, and two-thirds in the aggregate. No candidate, however, will be admitted to the examination for Honours unless (1) he has been successful at the Pass Examination and (2) he has obtained at the Pass Examination, in the special subject in which he desires to take Honours, one-half of the marks allotted to each portion of the Examination, written, oral, and practical and two-thirds in the aggregate.

(iii) *Final M.B. Examination.*

-- The Final M.B. Examination shall be divided into two parts :—Part I and Part II. The examination in each part shall take place twice a year. The Examination in the two parts shall begin in two different dates.

2. The written portion of the Examination in Parts I and II shall be held in the order to be notified annually before the Examination.

4. The Controller will intimate, in consultation with the Examiners, on or soon after the day of written examination, when and where the oral and practical examinations in their respective subjects are to be held for *Pass* as well as for *Honours* candidates.

The question as to what is oral and what is practical should be definitely decided by the Examiners in meeting on that subject, before the commencement of the Examination.

The Pass Practical Examination shall be conducted in accordance with the syllabuses prescribed in the Regulations.

Candidates for Honours in any subject will be required, in addition to the written, oral and practical examinations for a *Pass* to undergo a further and more searching written, oral and practical examination, the scope of which will not be limited to the syllabus, if any, prescribed in that subject.

5. The full marks for each subject and the minimum marks required for passing in Part I shall be as follows :—

Subject.	Written.	Oral.	Practical.	Total marks.	Passing marks.	Passing marks in Practical.
Medicine ...	600	200	200	1,000	500	100
Surgery ...	600	200	200	1,000	500	100
Midwifery ...	500	100	200	800	400	100
Pathology ...	400	100	100	600	300	50

6. The full marks of each subject and the minimum marks required for passing in Part II shall be as follows:—

Subject.	Written.	Oral.	Practical.	Total marks.	Passing marks.	Passing marks in Practical.
Medical Jurisprudence.	400	100	100	600	200	34
Hygiene ...	200	100	...	300	150	...

The full marks for each subject and the minimum marks required for passing in Part II shall be as follows with effect from 1925 :—

Subject.	Written.	Oral.	Practical.	Total marks.	Passing marks.	Passing marks in Practical.
Medical Jurisprudence.	400	100	100	600	240	40
Hygiene ...	500	100	...	300	150	...

The Examination for Honours will be held one week after the results of the Pass Examination will have been declared by the Examiners. No candidate will be admitted to the Examination for Honours unless (1) he has been successful at the Pass Examination, and (2) he has also obtained at the Pass Examination in the special subject in which he desires to take Honours, one-half of the marks allotted to each portion of the Examination, written, oral and practical, and two-thirds in the aggregate.

In order to obtain Honours in any branch, a candidate must obtain half the marks allotted to each portion of the Examination, written, oral and practical, and two-thirds in the aggregate.

The following instructions have also been framed by the Syndicate (Minutes, 1928, Part I, pp. 310-11) :—

1. With a view to minimise the risk of diversity of standard or method of Examination in respect of different candidates or groups of candidates, the Examiners in each subject should draw up before the Examination a joint statement setting out in detail the standard to be adopted and the method of Examination to be followed, such statement signed by the Examiners and countersigned by the Dean of the Faculty to be communicated to the Syndicate.

2. The practical and oral Examinations of each candidate shall be so arranged, that it may be conducted by all the four Examiners concerned.

M.D., M.S., M.O. AND D.P.H. EXAMINATIONS.

1. These Examinations shall be conducted by Boards of Examiners, consisting of three persons for each examination.

The Dean of the Faculty of Medicine shall be the *Ex-officio* President of each of the Boards.

2. Examiners are required to be present in Calcutta during the oral and practical examinations.

3. The Controller shall forward the thesis to the Dean of the Faculty of Medicine and copies to each of the three Examiners, immediately on receipt of the same, with a request to report on it, at least a month before the commencement of the Examination, calling their attention to Section 6 of the Regulations for the M.D. Examination, or the corresponding Section of the Regulations for the M.S. and M.O. Examinations as the case may be. The thesis will be looked over by each of the Examiners and will be reported on after consultation, as "not commended," "commended" or "highly commended."

4. The papers will be set by the Examiners by mutual arrangement in consultation with the Dean.

The Oral, Practical and Clinical Examinations will be similarly conducted.

5. The papers shall be delivered by the Examiners in person to the Controller or sent in a *sealed* double cover on or before a prescribed date.

No copy of any examination paper is to be retained by the Examiners.

6. No marks will be assigned either in the papers or in the Oral or Practical Examination but the Examiners will report whether the candidate has failed, passed or passed with Distinction.

7. Examiners are required to keep the results of the Examination *strictly secret*.

8. Examiners will be good enough to intimate to the Controller at least a week before the day of the written Examination, when and where the Oral, Practical and Clinical Examinations are to be held. The Time-Table of the Examinations, showing both the time and place of the Written, Oral and Practical Examinations will be furnished by the Controller to each Examiner, each candidate and each School of the University.

9. Each Board of Examiners will meet as soon as possible after the conclusion of the Examination and submit its report to the Syndicate.

10. The Time-Table for the M.D., M.S., M.O. and the D.P.H. Examinations (written, oral and practical), to be notified annually before the Examinations.

(iv) Engineering.

INTERMEDIATE EXAMINATION IN ENGINEERING AND B.E. EXAMINATION.

GENERAL RULES.

The Examinations shall be conducted in accordance with the following General Rules :—

1. No question shall be asked which would require an expression of religious belief on the part of the candidates; and any answer or translation given by any candidate shall not be objected to on the ground of its expressing peculiarities of religious belief.

2. Candidates shall give their answers in their own words as far as practicable in all subjects. *This rule shall be inserted as a head note in every question paper.*

3. Examiners in setting papers shall be guided, as to the scope of the subjects of examination, by the syllabuses prescribed in the Regulations

and as to the standard and extent of knowledge required, by the books, if any, recommended from time to time for such purpose.

4. No copy of any examination paper is to be retained by the person setting it.

5. The papers set should be such as candidates can reasonably be expected to answer within the time allotted. The questions in each subject should be fairly distributed over the whole course in that subject, and should conform to the Regulations laid down for the particular examination; there should not be any marked change of standard from year to year, but it is not required that the same type of questions should be set every year. Examiners shall always allow some choice of questions.

6. Questions should be so framed as to encourage good methods of work and teaching and to discourage unintelligent memorizing.

7. The two Examiners appointed to set a paper in any subject, shall be jointly responsible for the paper. The paper shall be divided into two halves distinguished as the "First Half" and "Second Half." The answers to the First Half shall be looked over by one of the Examiners and those to the Second Half by the other. The Practical Examination shall be conducted by the two Examiners jointly.

8. The Controller shall, as soon as the results have been tabulated, prepare a list of the candidates who have failed in one group of subjects only in order to guard against any possible inaccuracy, their papers in the subjects of the group in which they have failed shall be re-examined *on the method of marking already adopted, and without any alteration of the standard.*

9. Examiners, in giving marks, shall take the correctness of the language of the answers into account.

10. Examiners, in giving marks, shall consider whether the answers indicate an intelligent appreciation of the subject or are merely the result of unintelligent memory works.

11. In connection with all practical tests at the Intermediate and Bachelor of Engineering Examinations, candidates shall submit to the Examiners note-books duly certified by the Professor of the practical work, done by them during the College session. The Examiners may, if they think proper, take these note-books into account when awarding marks for such practical tests.

In answering any paper, a candidate may use a slide rule, unless this has in any case been expressly forbidden by the Examiners setting the paper. Candidates who wish to take advantage of this permission shall bring their own slide rule. Mathematical tables will be provided when required.

12. Examiners are required to place opposite each question in their paper full number of marks assigned to it.

13. The papers should be delivered by the Examiners in person to the Controller or sent to him at the Senate House in a *sealed* double cover on or before a date to be fixed by the Syndicate.

14. Rolls in which the marks awarded are to be entered in the Examiners' hand-writing will be supplied by the Controller on the day of Examination, and the answer papers duly marked should be returned to the Controller along with the completed rolls.

The total number of marks must, in every case, be a whole number; if the roll submitted by an Examiner contains fractional marks it will be returned to him for correction.

15. The rolls containing the results of the examination must be submitted on or before a date to be fixed by the Syndicate.

16. Examiners will be good enough to retain a duplicate of the roll and bring it with them at the final meeting of Examiners for the purpose of checking the marks.

17. As soon as possible after the tabulation of the results, the entire body of Examiners shall meet and draw up a report on the examination as a whole for the consideration of the Syndicate. If the Examiners are of opinion that in the case of any candidate who has not attained the standard laid down in Regulations for a pass, consideration ought to be made by reason of his high marks in a particular subject or in the aggregate, they shall make a recommendation to the Syndicate under Section 18, Chapter XXV of the Regulations.

18. As soon as possible after the publication of the results of the examinations the Examiners in each subject shall meet together and draw up a report upon the examination in that subject for the consideration of the Syndicate. The report so submitted shall ordinarily embody such remarks and recommendations, suggested by the work of the candidates, as it is thought desirable in the interests of education to communicate to the Heads of Colleges.

19. Examiners are required to keep the results of the examination and the marks assigned to candidates *strictly secret*.

20. Examiners will be expected to be present at the Senate House, Calcutta, during the examination in the subject for which they have been specially appointed.

21. The answer papers shall be returned to the Controller as soon as the work of re-examination is over.

INTERMEDIATE EXAMINATION IN ENGINEERING.

SPECIAL RULES.

The written part of the examination will be held in the order to be notified annually before the Examination.

N.B.—The Practical Examination in Chemistry and Physics will be held at the B. E. College on dates which will be notified by the Principal of that College.

The Practical Examinations in Chemistry, Physics, Surveying and Drawing will be held at the Bengal Engineering College, Sibpur, on dates which will be duly notified. The following are the maximum marks in the different subjects of the examination :—

B.E. EXAMINATION.

SPECIAL RULES.

The written part of the examination will be held in the order to be notified annually before the Examination.

The Practical Examination in Applied Physics and Metallurgy will be held at the Bengal Engineering College on dates which will be announced by the Principal of that College.

Attested Drawings and Designs must be submitted previous to the examination.

The Examination in Practical Engineering Physics will be held at the Bengal Engineering College, Sibpur, on a date which will be duly notified.

A candidate may present himself for examination in any one of the three following branches :—

- I. Civil Engineering.
- II. Mechanical and Electrical Engineering.
- III. Mining Engineering.

The maximum marks in the different subjects are given below :—

A

TRAVELLING ALLOWANCE RULES FOR FELLOWS.*

1. All Fellows shall be entitled to travelling allowance in attending meetings of the Senate, Syndicate, Faculties, Boards of Studies and Accounts and Committees in Calcutta. This rule does not include meetings of Examiners for Examinations.

2. The travelling allowance admissible shall be the cost of the single journey each way in coming and returning; and the cost shall be calculated thus :—Where the journey is by Rail or Steamer, a single first class fare, and where by road, mileage at annas eight per mile.

3. No travelling allowance shall be admissible for any journey of less than five miles from the Senate House.

4. Distances shall be reckoned according to the table of distances used by Government except that in and near Calcutta they shall be reckoned from the Senate House.

5. No halting allowance shall be admissible unless a Fellow is necessarily detained over one day to attend consecutive meetings of the Senate, Faculties or other bodies mentioned in the first rule; in which event, he shall be entitled to a halting allowance of Rs. 7 per day for each extra day over one.

6. No allowance shall be admissible on account of servants.

7. In all other respects, the Government Travelling Allowance Rules shall apply generally to Fellows in attending meetings in Calcutta, and in applying those rules all Fellows shall rank in the first class.

8. Non-Fellows, whose attendance may be desired by the Faculties for the aid of their special knowledge in the subjects for which the Faculties are appointed, shall have the benefit of these rules as if they are Fellows for the time of their attendance.

9. Bills for travelling allowance shall be countersigned by the Registrar and then paid. They shall be subject, afterwards, to check and retrenchment by such authority as the Senate shall appoint for this purpose.

10. All cases of doubt or disagreement shall be decided by the Syndicate and its decision shall be final.

* The rules are being revised.

B

TRAVELLING ALLOWANCE RULES FOR INSPECTORS AND JOINT-INSPECTORS.

The mileage allowance admissible to an officer of the First or Second Class is one and three-quarter fares of the class in which he is entitled to accommodation, except in the case of

journeys under 75 miles and an absence from head quarters of more than 24 hours, both conditions to be fulfilled,

in which case double fare will be allowed.

The mileage admissible to a peon is the fare of the lowest class.

Daily allowances are to be drawn on the following scale :—

- (i) An officer of the First Class—Rs. 6,
- (ii) An officer of the Second Class—As. 5 for every Rs. 25 or fraction of Rs. 25 of his pay, subject to a maximum of Rs. 4.
- (iii) A peon—As. 4 if he travels outside the province, and As. 3 if he travels within the province.

An officer of the First or Second Class may exchange his daily allowance for mileage allowance on any day on which

- (i) he travels by railway or steamer or both or,
- (ii) he travels more than 20 miles by road.

When a journey by road is combined with a journey by railway or steamer mileage allowance may be drawn on account of such combined journey, but mileage in respect of the road journey will be limited to the amount of daily allowance unless the journey by road exceeds 20 miles, in which case an amount equivalent to daily allowance and mileage allowance for the excess over 20 miles may be drawn.

For journeys by road, mileage allowance is to be calculated at the following rates :—

An officer of the First Class—8 annas.

An officer of the Second Class—4 annas.

A peon—1 anna.

In calculating travelling allowance at mileage rates fractions of a mile should be omitted, but only in the total of a bill for any one journey, and not in the various items which make up the bill.

Officers travelling by railway are entitled to class accommodation according to the following scale :

- (i) Officers of the First Class—highest class accommodation provided on the line by which the officer is required to travel.
- (ii) Officers of the Second Class—Second or, where on the line by which the officer is required to travel second class accommodation is not provided on any of the trains, first class.
- (iii) Peons—lowest class.

No travelling allowance is admissible for any day on which an officer does not reach a distance exceeding five miles from head quarters, or return thereto from a distance exceeding five miles.

N.B.—These rules are to be applied to Inspectors and Joint-Inspectors who are to be treated as First Class Officers and to the Assistant to the Inspector, who is to be treated as a Second Class Officer.

APPENDIX.

ASUTOSH PROFESSORSHIPS.

To perpetuate the memory of the late Sir Asutosh Mookerjee, Kt., C.S.I., the Senate, on the 26th June, 1926, founded two Professorships to be called (1) the Asutosh Professorship of Sanskrit and (2) the Asutosh Professorship of Islamic Culture, on the conditions named below :—

“ The salary attached to each Chair should be Rs. 600 rising, by biennial increments of Rs. 50, to 1,000, but in making appointments to the Chairs it shall be open to the Senate to appoint in a special case at a higher initial salary than Rs. 600.

The salaries for the two Chairs shall be met from the income accruing from the rentals of the shops on the ground floor of the Asutosh Building and, in the event of these proving insufficient, in any year, to pay the salaries of the holders of the Chairs, the deficiency shall be made up from the General Funds of the University.

Appointments to the Chair shall ordinarily be made in the first instance for a period of five years, but the appointments may be renewed at the expiration of this period.

The holders of the Chairs shall be required to lecture to Post-Graduate students in Sanskrit, and Islamic Culture respectively, and to take part in the work of the Post-Graduate Department in their respective subjects as required by the Executive Committee of the Post-Graduate Department in Arts. They shall also be required to carry on research work in their respective subjects and they shall report to the Syndicate in the month of July, in each year, research work carried on by them during the past year and the research work which they contemplate carrying on during the ensuing year.

Any balance remaining from the rentals of the shops at the end of each financial year after paying the salaries of the Professors shall be invested to form an endowment fund for the said Chairs and the sum in the hands of the University which now represents the accumulated rentals of the shops shall likewise be invested to form the nucleus of the endowment fund.”

In September, 1926, the Government of Bengal sanctioned the establishment of the above two Chairs in the University.

In reply to a representation from this University asking for financial help for the re-organisation of the teaching arrangements in Arabic, Persian and Sanskrit in the Post-Graduate Department, the Government of Bengal in their letter No. 173 T. Edn., of April, 1927, communicated their decision to make an annual grant of Rs. 12,000 to the University for the appointment of a Professor of Islamic Study and Culture and enquired whether, in those circumstances, the University contemplated submission of revised proposals for the utilization of the funds accruing from the rentals of the Asutosh Building.

The University have, thereupon, requested the Government of Bengal to sanction the establishment of a third Chair to be called the “Asutosh Chair of Mediæval and Modern Indian History” out of the funds released by Government undertaking to maintain the Chair of Islamic Culture.

The question of the establishment of the third Chair is now pending before the Government for sanction.

The following Rules Governing the Asutosh Professorship of (1) Sanskrit, (2) Islamic Studies, and (3) Mediæval and Modern Indian History, were sanctioned by the Senate on the 19th November, 1927:—

Rules for the Asutosh Chair of Sanskrit.

(i) The salary attached to the Chair should be Rs. 600, rising by biennial increments of Rs. 50, to Rs. 1,000, but in making appointments to the Chair it shall be open to the Senate to appoint in a special case at a higher initial salary than Rs. 600.

(ii) Ordinarily appointment to the Chair shall be made for five years. On the expiry of the first period such appointment may be renewed for another term or it may be made permanent by the Senate on the recommendation of the Syndicate.

(iii) The holder of the Chair shall be required to lecture to Post-Graduate and Honours students in Sanskrit and to take part in the work of the Post-Graduate Department in the subject as required by the Executive Committee of the Post-Graduate Department in Arts, after consulting the Professor. The Syndicate after consulting the Executive Committee and the holder of the Chair may further require him to deliver a course of lectures in some affiliated College. He shall also be required to carry on and organise and guide research work in the subject. The Professor shall report to the Syndicate in the month of July in each year the research work carried on by him during the past year and the research work which he contemplates carrying on during the ensuing year.

(iv) The Professor shall be eligible for the privilege of regular academic vacations and holidays of the University and shall be subject to such leave rules as the Senate may pass from time to time.

(v) The Senate may, on the recommendation of the Post-Graduate Council in Arts and on such terms as the Senate may decide, require the Professor-elect to receive special training abroad, before entering upon the duties of his office. With a view to enabling the Professor to be in touch with the current progress abroad in his subject, the Professor shall be eligible, on the recommendation of the Council of Post-Graduate Teaching in Arts, to study-leave with such emoluments and on such conditions as the Senate may decide for a period generally not exceeding one year, provided that he has not taken such leave during the previous six years. In each such case the Professor shall be required to submit a report of his work during his leave.

(vi) The Professor shall ordinarily have a working knowledge of German and French.

(vii) The Professor shall be appointed by the Senate on the recommendation of a Committee consisting of—

- (1) The Vice-Chancellor, President, *Ex-officio*.
- (2) An expert nominated by the Senate.
- (3) The President of the Calcutta Sanskrit Association, or a person nominated by him.
- (4) The Dean of the Faculty of Arts.
- (5) The President of the Post-Graduate Council in Arts.
- (6) An expert in the subject nominated by the Syndicate.

(vii) An expert in the subject nominated by another University on the invitation of the Syndicate of the Calcutta University.

(viii) The Professor shall be a whole-time officer of the University and shall not, without the special sanction of the Senate previously obtained, hold any other office to which any salary, emolument or honorarium is attached.

(ix) A Professor may voluntarily resign his appointment at any time upon not less than six months' notice given by him in writing to the University. A Professor shall be liable to removal by the Senate on the ground of misconduct, inefficiency or gross neglect of duty, if a recommendation to that effect is made by the Syndicate after a full enquiry into specific charges brought against him, provided that at such enquiry the Professor shall be allowed adequate opportunity to defend himself.

A Professor shall vacate his offices upon completion of the sixtieth year of his age, unless upon the recommendation of the P. G. Council the Senate is satisfied that his services should, in the interest of research or teaching, be still retained by the University and in such an event the Senate may sanction his retention for such period as may be determined.

(x) The Professor shall be entitled to the benefit of the University Provident Fund so long as he is in service.

(xi) The post should be advertised every time a vacancy occurs.

Rules for the Asutosh Chair of Islamic Studies.

(i) The salary attached to the Chair should be Rs. 600, rising by biennial increments of Rs. 50, to Rs. 1,000, but in making appointments to the Chair it shall be open to the Senate to appoint in a special case at a higher initial salary than Rs. 600.

(ii) Ordinarily appointment to the Chair shall be made for five years. On the expiry of the first period such appointment may be renewed for another term or it may be made permanent by the Senate on the recommendation of the Syndicate.

(iii) The holder of the Chair shall be required to lecture to Post-Graduate and Honours students in Persian, Arabic and Islamic studies in general, including Islamic History, Philosophy and Theology, and to take part in the work of the Post-Graduate Department in the subject, as required by the Executive Committee of the Post-Graduate Department in Arts after consulting the Professor. The Syndicate after consulting the Executive Committee and the holder of the Chair may further require him to deliver a course of lectures in some affiliated College. He shall also be required to carry on and organise and guide research work in the subject. The Professor shall report to the Syndicate in the month of July in each year the research work carried on by him during the past year and the research work which he contemplates carrying on during the ensuing year.

(iv) The Professor shall be eligible for the privilege of regular academic vacations and holidays of the University and shall be subject to such leave rules as the Senate may pass from time to time.

(v) The Senate may, on the recommendation of the Post-Graduate Council in Arts, and on such terms as the Senate may decide, require the Professor-elect to receive special training abroad, before entering upon the duties of his office. With a view to enabling the Professor to be in touch with the current progress abroad in his subject, the Professor shall be eligible, on the recommendation of the Council of Post-Graduate Teaching in Arts,

to study-leave with such emoluments and on such conditions as the Senate may decide for a period generally not exceeding one year, provided that he has not taken such leave during the previous six years. In each such case the Professor shall be required to submit a report of his work during his leave.

(vi) The Professor shall ordinarily have a working knowledge of German and French.

(vii) The Professor shall be appointed by the Senate on the recommendation of a Committee consisting of—

- (1) The Vice-Chancellor, President, *Ex-officio*.
- (2) An expert nominated by the Senate.
- (3) The Director of Public Instruction, Bengal.
- (4) The Dean of the Faculty of Arts.
- (5) The President of the Post-Graduate Council in Arts.
- (6) An expert in the subject nominated by the Syndicate.

(7) An expert in the subject nominated by another University on the invitation of the Syndicate of the Calcutta University.

(viii) The Professor shall be a whole-time officer of the University and shall not, without the special sanction of the Senate previously obtained, hold any other office to which any salary, emolument or honorarium is attached.

(ix) A Professor may voluntarily resign his appointment at any time upon not less than six months' notice given by him in writing to the University. A Professor shall be liable to removal by the Senate on the ground of misconduct, inefficiency or gross neglect of duty, if a recommendation to that effect is made by the Syndicate after a full enquiry into specific charges brought against him, provided that at such enquiry the Professor shall be allowed adequate opportunity to defend himself.

A Professor shall vacate his offices upon completion of the sixtieth year of his age, unless upon the recommendation of the Post-Graduate Council the Senate is satisfied that his services should, in the interest of research or teaching, be still retained by the University and in such an event the Senate may sanction his retention for such period as may be determined.

(x) The Professor shall be entitled to the benefit of the University Provident Fund so long as he is in service.

(xi) The post should be advertised every time a vacancy occurs.

Rules for the Asutosh Chair of Medieval and Modern Indian History.

(i) The salary attached to the Chair should be Rs. 600, rising by biennial increments of Rs. 50, to Rs. 1,000, but in making appointments to the Chair it shall be open to the Senate to appoint in a special case at a higher initial salary than Rs. 600.

(ii) Ordinarily appointment to the Chair shall be made for five years. On the expiry of the first period such appointment may be renewed for another term or it may be made permanent by the Senate on the recommendation of the Syndicate.

(iii) The holder of the Chair shall be required to lecture to Post-Graduate and Honours students in Mediæval and Modern Indian History and to take part in the work of the Post-Graduate Department as required by the Executive Committee of the Post-Graduate Department in Arts after consulting

the Professor. The Syndicate after consulting the Executive Committee and the holder of the Chair may further require him to deliver a course of lectures in some affiliated College. He shall also be required to carry on and organise and guide research work in the subject. The Professor shall report to the Syndicate in the month of July in each year the research work carried on by him during the past year and the research work which he contemplates carrying on during the ensuing year.

(iv) The Professor shall be eligible for the privilege of regular academic vacations and holidays of the University and shall be subject to such leave rules as the Senate may pass from time to time.

(v) The Senate may, on the recommendation of the Post-Graduate Council in Arts, and on such terms as the Senate may decide, require the Professor-elect to receive special training abroad, before entering upon the duties of his office. With a view to enabling the Professor to be in touch with the current progress abroad in his subject, the Professor shall be eligible, on the recommendation of the Council of Post-Graduate Teaching in Arts, to study-leave with such emoluments and on such conditions as the Senate may decide for a period generally not exceeding one year, provided that he has not taken such leave during the previous six years. In each such case the Professor shall be required to submit a report of his work during his leave.

(vi) The holder of the Chair must possess a working knowledge of such languages as may be required to enable him to carry on his original investigations.

(vii) The Professor shall be appointed by the Senate on the recommendation of a Committee consisting of—

1. The Vice-Chancellor, President, *Ex-Officio*.
2. An expert nominated by the Senate.
3. The Dean of the Faculty of Arts.
4. The President of the Post-Graduate Council in Arts.
5. An expert in the subject nominated by the Syndicate.
6. An expert in the subject nominated by another University on the invitation of the Syndicate of the Calcutta University.

(viii) Each Professor shall be a whole-time officer of the University and shall not, without the special sanction of the Senate previously obtained, hold any other office to which any salary, emolument or honorarium is attached.

(ix) A Professor may voluntarily resign his appointment at any time upon not less than six months' notice given by him in writing to the University. A Professor shall be liable to removal by the Senate on the ground of misconduct, inefficiency or gross neglect of duty, if a recommendation to that effect is made by the Syndicate after a full enquiry into specific charges brought against him, provided that at such enquiry the Professor shall be allowed adequate opportunity to defend himself.

A Professor shall vacate his offices upon completion of the sixtieth year of his age, unless upon the recommendation of the Post-Graduate Council the Senate is satisfied that his services should, in the interest of research or teaching, be still retained by the University and in such an event the Senate may sanction his retention for such period as may be determined.

(x) A Professor shall be entitled to the benefit of the University Provident Fund so long as he is in service.

(xi) The post should be advertised every time a vacancy occurs.

(xii) In the event of no person being found competent to enter on the full duties of the Chair immediately, the University may, in its discretion, select a proper person and require him to receive a special training either in India

or abroad, before he enters upon the discharge of the duties of his office, and may give him during such period of training such allowance as may in such case be determined by the University out of the funds reserved for the Chair,

RULES FOR THE UNIVERSITY PROFESSOR OF ENGLISH.

(Passed by the Senate on the 19th December, 1927.)

I. It shall be the duty of the Professor—

(1) To hold classes in his subject, as directed by the Post-Graduate Council in Arts, not less than twice a week, during at least 25 weeks every year for the benefit of Post-Graduate students of the subject.

(2) To organise and guide research in his subject by advanced students.

(3) To deliver a course of lectures in some affiliated College, as required by the Syndicate after consulting the Executive Committee of the Post-Graduate Council in Arts and the Professor.

II. The Professor shall be appointed subject to the following conditions :—

(1) He shall be a whole-time officer of the University, and shall not without the sanction of the Senate previously obtained, hold any other office to which any salary, or emolument or honorarium is attached.

(2) He shall be entitled to join the University Provident Fund.

(3) He shall be entitled to avail himself of the regular academic vacations and holidays of the University and shall be subject to such leave rules as the Senate may pass from time to time.

(4) Ordinarily the appointment shall be made for five years, after which it may be renewed or made permanent.

(5) The Professor shall ordinarily vacate his office upon the completion of the sixtieth year of his age, unless the Senate should decide that his services should be still retained by the University for a further period or periods. If a person is appointed at such an age that the term for which he has been appointed will expire beyond the 60th year of his age he need not vacate his post at the age of 60 by the operation of the above rule. This rule will not preclude the Senate from appointing a gentleman above 60 years of age.

(6) The Professor may voluntarily resign his appointment, at any time, upon not less than six months' notice in writing to the University.

(7) The Professor shall be liable to removal by the Senate on the ground of misconduct or gross neglect of duty, after a full enquiry into the specific charges brought against him, provided that, at such enquiry, he shall be allowed adequate opportunity to defend himself.

STEPHANOS NIRMALENDU GHOSH LECTURESHIP.

The following letters in connection with the Lectureship in Comparative Religion instituted in this University have been received from Rai G. C. Ghosh, Bahadur, the Founder :—

" 2, SIMLA STREET.

The 4th January, 1927.

FROM

RAI BAHADUR G. C. GHOSH, C.I.E.,

TO

THE VICE-CHANCELLOR,

CALCUTTA UNIVERSITY.

The Senate House.

SIR,

In connection with the Lectureship in Comparative Religion instituted by me in your University, in view of assuring the fulfilment of the object aimed at by me, I request the favour of your kindly noting that in appointing the Lecturer care should be taken to avoid a Clergyman in India or a Christian Missionary being appointed, whose religious views and teachings are well known in India, lest by such appointment my countrymen would be led to think that the Lectures are another propaganda of Christianity, on the sly, to the detriment of the high object of the foundation, which is clearly described in my letter to your University and published in its Calendar.

Yours faithfully,

G. C. GHOSH.

P.S.—For future guidance I request that this letter should be printed in your Calendar."

" ' PRAISE ' "

Jasidih, 28th October, 1927.

TO

J. C. GHOSH, Esq., M.A.,

REGISTRAR, CALCUTTA UNIVERSITY,

Darbhanga Building, Calcutta.

SIR,

In continuation of my previous letter relative to the appointment of Stephanos Nirmalendu Ghosh Lecturers in future, lest there be any misapprehension anywhere as to my object in writing that letter requesting your University not to appoint any missionary as a lecturer who has worked in India, I beg to aver that I bear the highest respect towards them for their labours in trying to improve the social condition of the people and also the old civilisation found in this country. But as my experience is that their activities have not been fruitful in building the life and character of the young men on the model of Christ, aiming at which I was led by the spirit of God to establish the Lectureship, I am of opinion that the missionaries whose addresses and writings have already been heard and read, will be able to make little impression upon those who will be the hearers in the University owing to their prepossessed state of mind, and they may consider the object of the establishment of the chair to be another fresh propaganda to smuggle in Christianity, whereas my sole aim is only to hold up before their eyes the life and teaching of Christ which they may try to follow.

So I hope that my previous letter referred to above will be considered quite consistent with the object of the Foundation and published in the Calendar for future reference.

I request you will be so good as to put up this matter before the Syndicate for its decision early in November next.

I have the honour to be,
SIR,
Your most obedient servant,
G. C. GHOSH."
